

UNIVERSITY OF NEBRASKA AT OMAHA CATALOG 2025-2026

2025-2026 Catalog

**2025-2026 University of
Nebraska at Omaha Catalog**

2025-2026 Catalog

TABLE OF CONTENTS

About UNO	14	Tuition and Fees	47
Metropolitan University Mission	14	Residency for Tuition Purposes	48
Accreditation	14	General Education Curriculum	50
Community Engagement	14	Community Engagement Opportunities	51
University Structure	14	Academic Learning Communities	53
University Leadership	14	Military Science	54
Regulations and Policies	16	Student Services A-Z	56
Academic Integrity Policy	16	Accessibility Services	56
Discrimination and Sexual Misconduct Policies	16	Alumni Engagement/NU Foundation	57
Family Education Rights and Privacy Act (FERPA)	17	Bookstore	57
Freedom of Expression	17	Campus Recreation and Wellness	57
State Authorization/Governance Financial Reporting	17	Career Services	57
Statement of Student Rights and Responsibilities	18	Computer Science Learning Center	57
Student Code of Conduct	20	Division of Innovative & Learning-Centric Initiatives (ILCI)	58
Student Right to Know/Consumer Information	21	Durango's Advancement & Support Hub (DASH)	58
Catalog Introduction	22	Environmental Health and Safety	58
Catalog Purpose	22	Facilities	58
Catalog Disclaimers	22	Fingerprints	58
Undergraduate Admissions	23	Housing & Residence Life	58
Application Deadline Dates	23	Information Technology Services	59
Application Process	23	Institutional Effectiveness & Student Success	59
Admission Requirements	23	International Programs (INPR)	59
Enrollment Deposit Fee	25	Lost and Found	59
International Applicants	26	Math-Science Learning Center	59
Admission Decisions	27	MatheMaverick Zone	59
Frequently Asked Questions	28	Maverick Advising Center (the MAC)	59
Graduate Admissions	29	NAVIGATION Station	60
Registration to Graduation	30	Milo Bail Student Center	60
Enrollment	30	Multicultural Affairs	60
Undergraduate Registration Requirements	33	New Student and Family Programs (NSFP)	60
Undergraduate Transfer Credit	33	Office of Civil Rights Compliance	60
Graduate Registration Requirements	35	Ombuds Services	61
Graduate Academic Program Requirements	35	Operations I.D.	61
Course Information	35	Parking	61
Academic Calendar	37	Personal Safety	61
Grades	37	Public Safety	61
Undergraduate Graduation	40	Research	61
Graduate Graduation	42	Scholarships	61
Financing Your Education	43	Speech Center	61
Office of Financial Support and Scholarships	43	Student Conduct and Community Standards	62
Federal Financial Aid Policies	43	Student Involvement	62
Tuition and Fees	47	Student Legal Services	62
		Student Life & Wellbeing	62
		Testing Center	63

Title IX	64	English	112
TRIO Project Achieve	64	English, Bachelor of Arts	112
University Building Access	64	Creative Nonfiction Concentration	113
UNO Care Team	65	Language Studies Concentration	115
UNO Graduate Studies	65	Literatures in English Concentration	118
UNO Libraries	65	Secondary English Teaching Concentration	121
Wellness	65	Teaching English to Speakers of Other Languages (TESOL) Certificate	121
Writing Center	66	English Minor	122
Undergraduate	68	Environmental Studies	122
Undergraduate	68	Environmental Science, Bachelor of Science with a Concentration in Analytical Sciences	124
Undergraduate Programs A-Z	68	Environmental Science, Bachelor of Science with a Concentration in Earth Sciences	127
Undergraduate Admissions	70	Environmental Science, Bachelor of Science with a Concentration in Geography and Planning	129
Enrollment	70	Environmental Science, Bachelor of Science with a Concentration in Life Science	132
Undergraduate Transfer Credit	70	Environmental Science Minor	135
Grades	70	General Science	136
Undergraduate Graduation	70	General Science, Bachelor of Science	136
Financing Your Education	70	Medical Laboratory Science Concentration	139
Tuition and Fees	71	Geography	141
General Education Curriculum	71	Geography, Bachelor of Arts	142
College of Arts and Sciences	71	Geographic Information Science and Technology Concentration	145
Arts and Sciences Minors	76	Travel and Tourism Concentration	146
Ancient Mediterranean Studies Minor	76	Geography, Bachelor of Science	148
Film Studies Minor	77	Geographic Information Science and Technology Concentration	150
Sustainability Minor	78	Physical Geography Concentration	152
Biology	79	Travel and Tourism Concentration	153
Biology, Bachelor of Arts	80	Geography Minor	155
Biology, Bachelor of Science	82	Geology	155
Biology, Bachelor of Science with a Concentration in Education	86	Geology, Bachelor of Arts	156
Biology Minor	89	Geology, Bachelor of Science	160
Black Studies	89	Geology Minor	165
Black Studies, Bachelor of Science	90	History	165
Black Studies Minor	92	History, Bachelor of Arts	167
Chemistry	92	History, Bachelor of Science	169
Chemistry, Bachelor of Arts	93	History Minor	171
Chemistry, Bachelor of Science	96	Holocaust and Genocide Studies Minor	171
Chemistry, Bachelor of Science with a Concentration in Chemistry Education	98	Human Rights Studies Minor	171
Chemistry, Bachelor of Science with a Concentration in Medicinal Chemistry	101	Interdisciplinary Studies	173
Chemistry Minor	105	Interdisciplinary Studies, Bachelor of Arts	174
Economics	105	Exploratory Studies Concentration	174
Economics, Bachelor of Arts	106	Individualized Studies Concentration	174
Economics, Bachelor of Science	109		
Economics Minor	111		

Integrative Studies Concentration	176	Neuroscience	253
Interdisciplinary Studies, Bachelor of Science	178	Neuroscience, Bachelor of Science	255
Exploratory Studies Concentration	179	Computing & Neurotechnology Concentration	259
Individualized Studies Concentration	179	Medical, Health Sciences, and Research Concentration in Neuroscience	261
Integrative Studies Concentration	181	Neuroscience Minor	263
International Studies	183	Pharmaceutical Sciences	264
International Studies, Bachelor of Arts	184	Pharmaceutical Sciences Bachelor of Science	264
Area Studies Concentration	187	Philosophy	267
Global Strategic Studies Concentration	189	Philosophy, Bachelor of Arts	267
International Management and Business Leadership Concentration	192	Philosophy, Bachelor of Arts Concentration in Philosophy of Brains, Minds and Machines	270
International Studies Minor	194	Philosophy, Bachelor of Arts Concentration in Ethics, Law and Social-Political Philosophy	272
Islamic Studies Minor	195	Philosophy Minor	275
Latino/Latin American Studies (LLS)	195	Ethics Minor	275
Latino/Latin American Studies, Bachelor of Arts	197	Physics	276
Chicano/Latino Studies Minor	200	Physics, Bachelor of Arts	276
Mathematics	201	Physics, Bachelor of Science	279
Mathematics, Bachelor of Arts	202	Physics, Bachelor of Science with a Concentration in Biomedical Physics	281
Applied and Computational Mathematics Concentration	203	Physics, Bachelor of Science with a Concentration in Physics Education	283
Data Science Concentration	205	Physics Minor	285
Mathematics Education Concentration	207	Political Science	286
Operations Research Concentration	210	Political Science, Bachelor of Arts	287
Pre-Actuarial Mathematics Concentration	212	Foreign and National Security Affairs	289
Pure Mathematics Concentration	214	Government Affairs and Civic Engagement	290
Statistics Concentration	217	Law and the Courts	291
Mathematics, Bachelor of Science	219	Political Thought	292
Applied and Computational Mathematics Concentration	220	Race, Ethnicity and Gender Politics	293
Data Science Concentration	222	Political Science, Bachelor of Science	294
Mathematics Education Concentration	224	Foreign and National Security Affairs	296
Operations Research Concentration	227	Government Affairs and Civic Engagement	297
Pre-Actuarial Mathematics Concentration	229	Law and the Courts	298
Pure Mathematics Concentration	231	Political Thought	299
Statistics Concentration	234	Race, Ethnicity and Gender Politics	299
Mathematics Minor	236	Political Science Minor	300
Medical Humanities	236	Leadership and Public Policy Minor	300
Medical Humanities, Bachelor of Arts	237	Psychology	301
Medical Humanities, Bachelor of Science	240	Psychology, Bachelor of Arts	302
Medical Humanities Minor	243	Applied Behavior Analysis	305
Medieval/Renaissance Studies Minor	246	Cognitive Science	306
Molecular and Biomedical Biology	247	Developmental Psychology	308
Molecular and Biomedical Biology, Bachelor of Science	248	Forensic Psychology	309
Molecular and Biomedical Biology, Minor	253	Industrial/Organizational Psychology	311
Native American Studies Minor	253		

Mental Health	312
Neuroscience and Behavior	314
School Psychology	316
Psychology, Bachelor of Science	317
Applied Behavior Analysis	321
Cognitive Science	324
Developmental Psychology	327
Forensic Psychology	330
Industrial/Organizational Psychology	333
Mental Health	336
Neuroscience and Behavior	339
School Psychology	342
Psychology Minor	345
Religious Studies	345
Religion, Bachelor of Arts	346
Religion Minor	348
Sociology & Anthropology	348
Sociology, Bachelor of Arts	349
Anthropology	351
Families and Inequality	352
Health and Society	353
Inequality and Social Justice	353
Work and Organizations	354
Sociology, Bachelor of Science	355
Anthropology	357
Families and Inequality	358
Health and Society	359
Inequality and Social Justice	360
Work and Organizations	361
Sociology Minor	362
Anthropology Minor	362
Women's and Gender Studies	362
Women's and Gender Studies, Bachelor of Arts	363
Women's and Gender Studies Minor	366
LGBTQ/Sexuality Studies Minor	366
World Languages and Literature	367
World Language and Literature, Bachelor of Arts	368
French Concentration	369
German Concentration	371
Spanish Concentration	373
Spanish for Health Sciences Concentration	376
French Minor	378
German Minor	378
Japanese Minor	378

Spanish Minor	379
Spanish for Health Sciences Minor	379
College of Business Administration (CBA)	379
Bachelor of Science in Business Administration (BSBA) Degree	383
Minors for Non-Business Majors	386
Business Analytics Minor for Non-Business Majors	386
Business for Non-Business Majors Minor	386
Entrepreneurship for Non-Business Majors Minor	386
Management & Leadership Minor for Non-Business Majors	387
Marketing for Non-Business Majors Minor	387
Real Estate and Land Use Economics, Minor	387
Sales Minor for Non-Business Majors	388
Logistics & Supply Chain Management for Non-Business Majors Minor	388
BSBA as a Second Bachelor's Degree	389
Accounting	389
Accounting Concentration	391
Internal Audit, Fraud, and Control Certificate	393
Economics	393
Economics Concentration	394
Finance, Banking and Real Estate	397
Banking and Financial Markets Concentration	397
Business Analytics Concentration	400
Business Finance Concentration	402
Certified Financial Planning Concentration	404
Investment Science and Portfolio Management Concentration	406
Real Estate and Land Use Economics Concentration	409
UNO Real Estate Certificate	411
Management	411
Management & Leadership Concentration	412
Human Resource Management Concentration	414
Logistics & Supply Chain Management Concentration	416
Marketing	419
Entrepreneurship Concentration	419
International Business Concentration	421
Marketing Concentration	424
Sales Concentration	426
College of Communication, Fine Arts and Media	429
School of Communication	432
Communication Studies, Bachelor of Arts	433
Communication Studies, Bachelor of Science	435
Communication Studies Minor	436

Journalism and Media Communication, Bachelor of Arts	436	Design Concentration	496
Emerging Media Concentration	437	Musical Theatre Concentration	498
Public Relations and Advertising Concentration	439	Stage Management Concentration	499
Journalism and Media Communication, Bachelor of Science	441	Technical Theatre Concentration	501
Emerging Media Concentration	441	Arts Entrepreneurship Minor	502
Public Relations and Advertising Concentration	443	Theatre Minor	503
Journalism and Media Communication Minor	445	Musical Theatre Minor	503
Public Relations and Advertising (PR/Ad) Minor	445	Writer's Workshop: Creative Writing	503
School of Music	445	Creative Writing, Bachelor of Fine Arts	504
Music, Bachelor of Arts	446	Creative Nonfiction Concentration	506
Music Industry Concentration	447	Fiction or Poetry Concentration	508
Music Studies Instrumental Concentration	448	Screenwriting Concentration	509
Jazz Studies Concentration	450	Creative Writing Minor	510
Music Studies Keyboard Concentration	452	Editing & Publishing Minor	511
Music Technology Concentration	453	Screenwriting Minor	511
Music Studies Voice Concentration	455	College of Education Health and Human Sciences	512
Music Performance, Bachelor of Music	457	Biomechanics	516
Music Performance Brass Concentration	457	Biomechanics, Bachelor of Science	517
Music Performance Jazz Concentration	459	Biomechanics Minor	519
Music Performance Keyboard Concentration	461	Sports Biomechanics Minor	519
Music Performance Percussion Concentration	462	Health and Kinesiology	520
Music Performance String Concentration	464	Public Health, Bachelor of Science	521
Music Performance Voice Concentration	466	Kinesiology, Bachelor of Science	523
Music Performance Woodwind Concentration	468	Human Performance Minor	525
Music Education, Bachelor of Music, K-12 Certification	470	Public Health Minor	525
School of the Arts	471	Sports Medicine Minor	526
Art and Art History	471	Worksite Wellness Minor	526
Art History, Bachelor of Arts	472	Teacher Education	526
Academic Art History Concentration	475	Education - Early Childhood Inclusive, Bachelor of Science	530
Arts Management Concentration	476	Education - Elementary Education, Bachelor of Science	532
Art History Minor	477	Child, Youth, and Community Science (non-certification education option)	533
Studio Art, Bachelor of Arts	477	Inclusive Educator Concentration	536
Graphic Design Concentration	478	English as a Second Language Endorsement	538
Illustration Concentration	480	Special Education Endorsement	540
Media Arts Concentration	481	Education - Library Science, Bachelor of Science	542
Three Dimensional Arts Concentration	484	Education - Secondary Education, Bachelor of Science	544
Two Dimensional Arts Concentration	485	Inclusive Practices Concentration	545
Studio Art, Bachelor of Fine Arts	487	Middle Level 5-9	545
Studio Art Minor	490	Biology (7-12) Endorsement	549
Art Education Concentration, Bachelor of Arts	490	Business, Marketing, Information Technology (BMIT) (6-12) Endorsement	551
Theatre	492	Chemistry (7-12) Endorsement	553
Theatre, Bachelor of Arts	493	Language Arts/English (7-12) Endorsement	555
Acting/Directing Concentration	495		

Secondary English (7-12) with ESL Supplemental Endorsement	557	Construction Engineering, Bachelor of Science	636
Secondary English (7-12) with Additional Subject Endorsement	560	Construction Management, Bachelor of Science	638
Secondary English (7-12) with Inclusive Practices Endorsement	561	Construction Management Minor	640
World Language - French (7-12) Endorsement	561	Achievement-Centered Education Electives	640
World Language - German (7-12) Endorsement	564	College of Information Science & Technology	643
Mathematics (6-12) Endorsement	566	Computer Science	646
Middle Level (5-9) Endorsement	568	Artificial Intelligence, Bachelor of Science in Artificial Intelligence	647
Music (P-12) Endorsement	576	Computer Science, Bachelor of Science	649
Physics (7-12) Endorsement	576	Artificial Intelligence Concentration	653
Physical Education (P-6, 7-12) Endorsement	578	Game Programming Concentration	654
Physical Education (7-12) and Health (7-12) Endorsement	581	Software Engineering Concentration	656
Science (7-12) Endorsement	583	Internet Technologies (iT) Concentration for Computer Science Majors	657
Social Science (7-12) Endorsement	585	Information Assurance Concentration	658
World Language - Spanish (7-12) Endorsement	588	Computer Science Minor	660
Special Education (7-12) Endorsement	590	Information Systems and Quantitative Analysis	660
English as a Second Language (7-12) Endorsement	591	Management Information Systems, Bachelor of Science	660
Coaching (7-12) Endorsement	592	i-Business Application Development and Management Concentration	664
Information Technology (PK-12) Endorsement	593	Information Assurance Concentration for MIS Majors	665
Health Science Education Endorsement	593	Data Science Concentration	666
Worked-Based Learning (9-12) Endorsement	593	Internet Technologies Concentration for MIS Majors	667
Education Minor	593	IT Audit and Control Concentration	668
Special Education and Communication Disorders	594	Management Information Systems Minor	669
Education - Special Education, Bachelor of Science	595	Data Management Certificate	669
Sign Language Interpreter Concentration	599	Systems Development Certificate	669
Communication Disorders	602	Information Technology Administration Certificate	670
American Sign Language (ASL) Minor	605	Interdisciplinary Informatics (Si2)	670
College of Engineering	605	Biomedical Informatics Concentration	672
Architectural Engineering, Bachelor of Science	612	Design and Innovation Concentration	673
Civil Engineering, Bachelor of Science	614	Bioinformatics Minor	673
Electrical & Computer Engineering	618	Cybersecurity, Bachelor of Science	674
Computer Engineering, Bachelor of Science	618	Cyber Defense Concentration	676
Electrical Engineering, Bachelor of Science	621	Cyber Operations Concentration	677
Environmental Engineering, Bachelor of Science	625	Cybersecurity Minor	678
Engineering Leadership Minor	628	Applied Computing and Informatics, Bachelor of Science	678
Environmental Engineering Minor	630	Applied Computing and Informatics Minor	681
International Engineering Minor	630	College of Public Affairs and Community Service	681
Pre-Engineering	632	Aviation	684
Pre-Agricultural Engineering	632	Aviation, Bachelor of Science	687
Pre-Biological Systems Engineering	633	Air Transportation Administration Concentration	688
Pre-Mechanical Engineering	634	Professional Flight Concentration	690
Robotics Engineering Minor	634	Unmanned Aircraft Systems Concentration	691
Construction	636	Minor in Aviation	693

Unmanned Aircraft System (UAS) Drone Technology Minor	693
Criminology and Criminal Justice	694
Criminology & Criminal Justice, Bachelor of Science	696
Policing Concentration	698
Youth Justice Concentration	699
Victimology and Victim Services Concentration	700
Criminology & Criminal Justice Minor	701
Policing Minor	701
Victimology and Victim Services Minor	701
Division of Continuing Studies	701
Bachelor of Science in Applied Leadership Studies	706
Bachelor of Multidisciplinary Studies	708
Bachelor of Multidisciplinary Studies - Concentration Not Required	712
Bachelor of Multidisciplinary Studies - Concentration Required	712
Applied Aging Studies Concentration	713
Applied Leadership Concentration	714
Aviation Studies Concentration	715
Behavioral Health Concentration	715
Biology Concentration	716
Communication Studies Concentration	716
Computer Science Concentration	717
Criminology and Criminal Justice Concentration	718
Cross Sector Leadership Concentration	718
Cybersecurity Concentration	719
Emergency Management Concentration	719
English Concentration	720
Environmental Sciences Concentration	721
Fine Arts Concentration	721
General Administration Concentration	722
General Science Concentration	722
Geography Concentration	723
Health Care Administration Concentration	724
History Concentration	725
Industrial Distribution & Logistics Concentration	725
Information Technology Concentration	726
Library Science Concentration	726
Media Communication Concentration	727
Management Information Systems Concentration	728
Nonprofit Administration Concentration	728
Organizational Development Concentration	729
Philosophy Concentration	730
Political Science Concentration	730

Psychology Concentration	731
Sociology Concentration	732
Emergency Management and Disaster Science	732
Emergency Management (BSEM), Bachelor of Science	734
Criminology and Criminal Justice Concentration	736
Fire Service Management Concentration	737
Geospatial Science Concentration	738
Information Technology and Communication Concentration	739
Intelligence and Security Concentration	740
Logistics Management Concentration	741
Natural Disasters Concentration	742
Planning and Preparing for Urban Hazards Concentration	743
Private Sector Management Concentration	744
Public Administration and Management Concentration	745
Tribal Management and Emergency Services Concentration	746
Emergency Management Minor	746
Fire Service Management Minor	747
Tribal Management and Emergency Services Minor	747
Tribal Management and Emergency Services Certificate	747
Gerontology	748
Gerontology, Bachelor of Science	749
Administration Concentration	751
Healthy Aging Concentration	752
Pre-Health Concentration	753
Gerontology Certificate	753
Gerontology Minor	753
BSSW Program	754
Social Work, Bachelor of Science	754
Cross-Sector Collaborative Leadership Minor	756
Nonprofit Management Minor	757
Public Administration Minor	757
Goodrich Scholarship Program	758
Courses A-Z	759
Accounting (ACCT)	760
Aerospace Studies (AERO)	761
Anthropology (ANTH)	762
Applied Computing and Informatics (ACMP)	763
Applied Learning (APLD)	766
Architectural Engineering (AREN)	767
Art (ART)	769
Aviation (AVN)	776
Artificial Intelligence and Machine Learning (AIML)	779

ABOUT UNO

UNO

Located in one of America's best cities to live, work and learn, the University of Nebraska at Omaha (UNO) is Nebraska's premier metropolitan university. With more than 15,000 students enrolled in 200-plus programs of study, UNO is recognized nationally for its online education, graduate education, military friendliness, and community engagement efforts. Founded in 1908, UNO has served learners of all backgrounds for more than 100 years and is dedicated to another century of excellence both in the classroom and in the community.

Metropolitan University Mission

Mission Statement

As a metropolitan university of distinction, Carnegie Doctoral Research Institution, and one of the first universities to earn the Carnegie Community Engagement Classification, the University of Nebraska at Omaha (UNO) transforms and improves the quality of life locally, nationally and globally.

The "metropolitan university," defined in its simplest terms, is an institution that accepts all of higher education's traditional values in teaching, research, and service, but takes upon itself the additional responsibility of providing engaged leadership within the metropolitan region by using its human and financial resources as partners to improve the region's quality of life. Adapted from Paige E. Mulhollan's "Aligning Missions with Public Expectations: The Case of the Metropolitan Universities," Metropolitan Universities, 1995.

Learn more about the UNO metropolitan mission (<https://www.unomaha.edu/about-uno/mission.php>).

Accreditation

The University of Nebraska at Omaha (UNO) is accredited by the Higher Learning Commission (HLC), which is an independent agency founded in 1895 that accredits degree-granting colleges and universities in the United States. HLC accreditation applies to the entire university, all its programs, and all its locations*.

In addition, where applicable, a number of programs have been awarded program/discipline-specific accreditation (<https://www.unomaha.edu/accreditation/programs/>). Some program/discipline-specific accreditations are related to licensure or certification to practice in a specified field. To determine if and how this applies to their program of study, prospective and enrolled students are encouraged to check with department/school advisors for additional information.

*HLC can be contacted at 230 South LaSalle Street, Suite 7-500, Chicago, IL 60604-1413; email: info@hlcommission.org.

Community Engagement

Community Engagement

UNO is Nebraska's metropolitan university – a university with strong academic values and significant relationships with our community that transforms and improves life. Community engagement and service are fundamental components of UNO's identity. This commitment to engagement is reflected in UNO's academics, student body, partnerships, and institutional framework.

Learn more about the commitment to engagement (<https://www.unomaha.edu/campus-commitment-to-community-engagement/>).

Learn more about Community Engagement Opportunities. (p. 51)

University Structure

University Structure

UNO is part of the Nebraska University system. The system has four university campuses: UNK, UNL, UNMC, and UNO. The campuses are led by the University President and the president reports to the Board of Regents which is an elected body. Each campus is led by a chancellor who manages an administrative team of vice chancellors who, in turn, oversee different aspects of campus, including academic affairs and student success.

Within UNO, there are six different colleges, each containing different departments or schools. The deans are the top administrators of the colleges. Department chairs or school directors oversee the faculty, staff, and academic processes of the department/school. If you are unsure of your college affiliation, your advisor can assist you in determining the college in which your degree resides.

- College of Arts and Sciences
- College of Business Administration
- College of Communication, Fine Arts, and Media
- College of Education, Health, and Human Sciences
- College of Information Science & Technology
- College of Public Affairs and Community Service

All UNO graduate programs are administered by the UNO Office of Graduate Studies (<https://www.unomaha.edu/graduate-studies/>), which is part of the University of Nebraska Graduate College.

University Leadership

Board of Regents

The Board of Regents consists of eight voting members elected by district for six-year terms, and four non-voting student Regents, one from each campus, who serve as student body president.

REGULATIONS AND POLICIES

- **Academic Integrity Policy (p. 16)**
- **Discrimination and Sexual Misconduct Policies (p. 16)**
- **Family Education Rights and Privacy Act (FERPA) (p. 17)**
- **Freedom of Expression (p. 17)**
- **State Authorization/Governance Financial Reporting (p. 17)**
- **Statement of Student Rights and Responsibilities (p. 18)**
- **Student Code of Conduct (p. 20)**
- **Student Right to Know/Consumer Information (p. 21)**

Academic Integrity Policy

Under the Bylaws of the Board of Regents of the University of Nebraska [Sections 2.9 and 4.1(i)], the respective colleges of the University have jurisdiction over procedural matters concerning academic dishonesty. Just as the task of inculcating values of academic honesty resides with the faculty, the faculty is entrusted with the discretionary authority to decide how incidents of academic dishonesty are to be resolved.

This policy applies to all colleges and academic units at the University of Nebraska at Omaha ("UNO" or "University"). Each college and academic unit, including its faculty members, have the responsibility to educate its students about this policy and any additional standards of conduct for academic integrity in a particular course. Students are responsible for understanding and adhering to the requirements of this policy and any additional academic integrity standards prescribed by a college and academic unit, including its faculty members.

Learn more about Academic Integrity <https://www.unomaha.edu/student-life/student-conduct-and-community-standards/policies/academic-integrity.php>

Discrimination and Sexual Misconduct Policies

Discrimination and Sexual Misconduct Policies

The University of Nebraska does not discriminate based on race, color, ethnicity, national origin, sex, pregnancy, sexual orientation, gender identity, religion, disability, age, genetic information, veteran status, marital status, and/or political affiliation in its education programs or activities, including admissions and employment. The University prohibits any form of retaliation taken against anyone for reporting discrimination, harassment, or retaliation for otherwise engaging in protected activity. Read the full statement (<https://www.unomaha.edu/notice-of-nondiscrimination-anti-harassment-and-non-retaliation.php>).

Procedures for Discrimination Reports (<https://www.unomaha.edu/university-compliance/civil-rights/procedures-for-discrimination-reports.php>)

Sexual Misconduct Policies

Beginning with the University of Nebraska charter in 1869, Nebraska law has provided that no person shall be deprived of the privileges of this institution because of sex. Discrimination on the basis of sex is also prohibited by federal law. All members of the University community are expected to conduct themselves in a manner that maintains an environment free from sexual misconduct. Sexual misconduct, which includes domestic violence, dating violence, sexual harassment, sexual assault, sexual exploitation, and stalking, is unacceptable behavior under University of Nebraska policy and against the law. The University of Nebraska has programs to promote awareness of and to help prevent sexual misconduct, and to assist members of the university community who are affected by such behavior.

University of Nebraska Sexual Misconduct Policy and Procedures (<https://www.unomaha.edu/university-compliance/civil-rights/title-ix-information/policies-and-procedures.php>)

Resources for support (<https://www.unomaha.edu/university-compliance/civil-rights/title-ix-information/resources.php>)

All persons are expected to promptly report conduct that may violate the University's Sexual Misconduct or Nondiscrimination Policy to the University.

Sex based misconduct or discrimination should be reported to:
 UNO Director of Civil Rights Compliance
 Title IX Coordinator/ADA/504 Coordinator
 Phone: 402-554-2120
 Email: equity@unomaha.edu

Accommodations Statement

The University is committed to providing individuals with disabilities an equal opportunity to participate in and benefit from university programs, activities, and services. Individuals may request reasonable accommodations from the University that they believe will enable them to have such equal opportunity to participate in our programs, activities, and services. Requesting accommodations is an interactive process initiated by the individual making the reasonable accommodations request.

Procedures for Requesting Accommodations (<https://www.unomaha.edu/university-compliance/civil-rights/americans-with-disabilities-act/procedures-for-requesting-accommodations.php>)

Family Education Rights and Privacy Act (FERPA)

Family Education Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) of 1974 affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student's education records.
2. The right to request the amendment of the student's education records to ensure they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent FERPA authorizes disclosure without consent.
4. The right to file with the U.S. Department of Education a complaint concerning alleged failures by the University of Nebraska at Omaha to comply with the requirements of FERPA.
5. The right to obtain a copy of the University of Nebraska at Omaha's Student Records Policy. A copy of the policy is available at the Office of the University Registrar, 105 Eppley Administration Building.

Learn more about FERPA (<http://www.unomaha.edu/registrar/students/transcripts-and-records/student-privacy-information-ferpa.php>).

Freedom of Expression

Freedom of Expression

The University of Nebraska honors the First Amendment of the U.S. Constitution and has long dedicated itself to the free exchange of ideas. The purpose of this policy is to articulate, clarify and underscore that long-standing commitment in a manner that furthers both freedom of expression and the University's mission of teaching, research and public service. The first section of this policy sets forth the University's and the Board of Regents' commitment to the tenets of Free Expression; the second section provides a framework for campuses to provide what are referred to as "facilities use plans" or programs applicable to particular spaces and resources on their campuses, consistent with that commitment, the law, and the University's mission; and the final section is a mandate for education with respect to the rights surrounding the First Amendment.

Read the full Freedom of Expression Policy (<https://nebraska.edu/-/media/unca/docs/offices-and-policies/policies/board-governing-documents/board-of-regents-policies.pdf>).

Adopted by the Board of Regents of the University of Nebraska on December 4 2020 (RP 6.4.10).

State Authorization/ Governance Financial Reporting

Coordinating Commission for Postsecondary Education

An institution that participates in the federal student aid programs authorized under Title IV of the Higher Education Act of 1965, as amended, must be authorized to operate by the state where it is located. There are two basic requirements for an institution to be legally authorized by the state for Title IV funding eligibility purposes. The state must authorize an institution to operate educational programs beyond secondary education, and the state must have a process to review and appropriately act on complaints concerning the institution, including enforcement of applicable state laws. Nebraska's Coordinating Commission for Postsecondary Education is responsible for responding to these formal complaints at <http://www.ccpe.state.ne.us/PublicDoc/Ccpe/Complaint.asp> (<https://ccpe.nebraska.gov/>).

State Licensure

The US Department of Education requires the University of Nebraska at Omaha to notify both prospective and enrolled students in degree programs that lead to state licensure or certification required for entry into a profession in the state in which students are located.

Certification and licensure requirements differ from state to state. University of Nebraska at Omaha is required to notify students if the program they are interested in or enrolled in will meet educational requirements to apply for certification or licensure in their home state.

Learn more about State Licensure (<https://www.unomaha.edu/academic-affairs/about-us/licensure.php>)

Governance/Financial Information

The University of Nebraska is one university, governed by a Board of Regents whose members are elected by Nebraska voters. The board appoints a chief executive officer—the president of the University of Nebraska—who is the single administrative officer responsible to the board. The university conducts its programs primarily on its four campuses (UNO, UNMC, UNL, UNK). The president's office provides overall leadership to the university in academic affairs, budget development and control, business and finance, physical planning, policy development, external affairs, diversity and equity, and legal affairs. The chancellors of the four campuses, who are appointed by the president, also serve as vice presidents of the university and as chief operating officers on their own campus.

Annual financial reports for the University of Nebraska are available at: nebraska.edu/offices-policies/business-finance/accounting-finance (<https://nebraska.edu/offices-policies/business-finance/accounting-finance/>)

Annual operating budgets are available at nebraska.edu/administration/business-and-finance/budget-information.html (<http://www.nebraska.edu/administration/business-and-finance/budget-information.html>).

Statement of Student Rights and Responsibilities

Statement of Student Rights and Responsibilities

I. University of Nebraska Bylaws

Students, like all members of the academic community, have the responsibility to create and support an educational environment. Each member of the community should be treated with respect and dignity. Each has the right to learn. This right imposes a duty not to infringe upon the rights of others. The academic community should assure its members those opportunities, protections and privileges that provide the best climate for learning. (Bylaws of the Board of Regents, Section 5.0.) UNO shall publicize and keep current all rules, regulations, and policies concerning students, and ensure that they are readily available to all students and other interested persons. (Bylaws of the Board of Regents, Section 5.1.)

1. Admissions Criteria UNO shall publish the criteria for admission, academic progress, certificates, and degrees for all colleges and schools of the University. Admission to the University and the privileges of University students shall not be denied to any person because of age, sex, race, color, national origin, or religious or political beliefs. (Bylaws of the Board of Regents, Section 5.2.)

2. Academic Evaluation Students shall be informed of the requirements, standards, objectives and evaluation procedures at the beginning of each individual course. Each student shall be given a performance evaluation during the progress of the course if requested. Each college or school shall provide for a faculty-student appeals committee for students who believe that evaluation of their academic progress has been prejudiced or capricious. Such procedure shall provide for changing a student's evaluation upon the committee's finding that an academic evaluation by a member of the faculty has been improper. Procedures for appealing evaluation of academic progress are provided by each college or school unit. Generally, but not necessarily conclusively, the procedures are similar to the following: Students wanting to appeal a grade (evaluation that has been prejudiced or capricious), shall attempt to discuss the matter directly with the instructor. If the student and the instructor do not reach a satisfactory agreement, the student may submit an appeal in writing to the chairperson of the department in which the course is offered. If the student and chairperson do not reach a satisfactory agreement, the student may submit an appeal in writing to the Dean of the College in which the course was offered. The decision made at this level, which would include a hearing by a faculty-student appeals committee, will be final. Each college or school shall provide a mechanism by which students have an opportunity to report their perceptions of courses and the methods by which they are being taught, provided, however, that such mechanism shall protect members of the faculty from capricious and uninformed judgments. (Bylaws of the Board of Regents, Section 5.3)

3. Public Information Regarding Students Public information regarding students, rules with respect to confidentiality, and any release of information will be governed in accordance with Federal and State law. The Board is authorized to develop policies and procedures consistent with that law. (Bylaws of the Board of Regents, Section 5.6.)

4. Disciplinary Records Subject to any requirements of the Records Management Act, the University shall provide for the periodic destruction of noncurrent disciplinary records. (Bylaws of the Board of Regents, Section 5.7.)

5. Student Communications Media Student publications and broadcasting stations shall be supervised in a manner such that editorial freedom will be maintained and that the corollary responsibilities will be governed by the canons of ethical journalism. Student publications

financed in whole or in part by fees collected from all students at UNO shall be supervised by a Publications Committee. This committee shall have full responsibility of a publisher and the power of decision on the proper application of the canons of ethics. Students shall comprise a majority of the membership, but the committee shall also include members of the faculty and professional journalists from outside the University. (Bylaws of the Board of Regents, Section 5.9.)

6. Eligibility for and Participation in Co-Curricular Activities. Co-Curricular activities and registered student organizations are offered by the University to meet the needs of interests and promote the development of special skills of its student population. To participate as a member in any recognized student organization, at a minimum, a student must be enrolled in at least one credit course, excluding audit hours.

Additional membership criteria may be established by UNO based on the nature of the organization and/or set by the organization themselves.

Membership requirements set by organizations may be more, but not less, stringent than those laid out by the University but must be in compliance with any federal laws and/or restrictions. Interested students should contact the leadership of the student organization or co-curricular activity for specific membership guidelines/requirements. Officers of all organizations, in conjunction with the support of their faculty and staff advisors, are tasked with enforcing membership requirements.

The University of Nebraska does not discriminate based on race, color, ethnicity, national origin, sex, pregnancy, sexual orientation, gender identity, religion, disability, age, genetic information, veteran status, marital status, and/or political affiliation in its programs, activities, or employment.

7. Campus Speakers Students are allowed to invite and hear any person of their own choosing. Institutional procedures will ensure the orderly and adequate preparation for the event. However, the control of campus facilities will not be used as a device of censorship. (Bylaws of the Board of Regents, Section 5.11.)

II. University of Nebraska Policies

1. Academic Degree Completion The requirements for graduation from a bachelor's degree program shall be those listed in the Catalog effective at the time of matriculation provided continuous enrollment (excluding summer sessions) was maintained. However, the University reserves the right to withdraw and substitute courses, to reassign instructors and to change the nature of instruction, as deemed necessary. In some cases, prerequisites for courses offered at the University are effective even if they are not listed in a given catalog. (See the current schedule of classes or your adviser for details.) A student may meet requirements listed in a subsequent Catalog if written approval is granted by the dean of the college in which the student is enrolled. Acceptance of registration by the University of Nebraska and admission to any educational program of the University does not constitute a contract or warranty that the University will continue indefinitely to offer the program in which a student is enrolled. The University expressly reserves the right to change, phase out, or discontinue any program. The listing of courses contained in any University bulletin, catalog or schedule is by way of announcement only and shall not be regarded as an offer of contract. The University expressly reserves the right to 1) add or delete courses from its offerings, 2) change times or locations of courses or programs, 3) change academic calendars without notice, 4) cancel any course for insufficient registrations, or 5) revise or change rules, charges, fees, schedules, courses, requirements for degrees and any other policy or regulation affecting students, including, but not limited to, evaluation standards, whenever the same is considered to be in the best interests of the University. (Policies of the Board of Regents, Section 5.1.3)

2. Right to Public Hearing It shall be the right of any individual member or group of members of the University (i.e., students, faculty, or administrators) to be granted, upon petition to the appropriate policy making body or office, a public hearing at which the policy indicated by the group of petitioners in their petition shall be discussed. The policy-

making body or office petitioned shall schedule the hearing for some time convenient to the interested parties if possible, no later than two weeks after the petition is submitted during periods when the University is in session, and shall announce publicly in advance the time and place of the hearing. At the hearing, that body responsible for the policy indicated in the petition shall clarify said policy, offer the reasons which justify the policy in view of the objections or questions raised about it in the petition, and respond to any additional questions or criticisms of the policy or related policies raised at the hearing by any member of the University. It is expected that before such a petition is submitted, all other normal channels for raising questions about the policy have been exhausted. If, in the view of the policy-making body or office to whom the petition is submitted, the petition is merely a form of harassment or adequate answers are available through other normal channels, the petition may be referred to the relevant committee to determine whether the hearing must be held. A decision by the Committee not to hold a public hearing shall be overruled by the submission to that committee of a petition requesting such hearing and signed by at least 100 members of the University community. (Policies of the Board of Regents, Section 2.1.3)

3. Directory Information In compliance with the federally-enacted Privacy Act and as defined by the Board of Regents, public directory information regarding students attending UNO shall be the (i) student's name, (ii) year at the University, (iii) dates of attendance, (iv) academic college and major field of study, (v) enrollment status (e.g. undergraduate or graduate; full-time or part-time), (vi) participation in officially recognized activities and sports, (vii) degrees, honors and awards received, (viii) most recent educational agency or institution attended, (ix) University email address, and (x) hometown. Non-public directory information regarding students attending UNO shall be the (i) local address, (ii) permanent address, and (iii) telephone listings. Public directory information will be available to the public upon request and may be included in student directories published electronically. Non-public directory information is not available to the public, but is available to University faculty, staff, and students for University purposes. Directory information will be released by the Registrar in accordance with this policy upon inquiry, unless the student has requested that specific items not be released. The student's request to have directory information withheld should be filed at the Office of the Registrar. (Policies of the Board of Regents, Section 5.10.) An explanation of this Act and its application at UNO is available to all students. Copies may be obtained online at <https://www.unomaha.edu/registrar/ferpa> (<https://www.unomaha.edu/registrar/ferpa/>)

3.1 Mandated Release of Information UNO shall disclose to a victim of any crime of violence the results of any disciplinary proceeding conducted against the alleged perpetrator of such crime with respect to such crime. (Policies of the Board of Regents, Section 5.10)

4. Sponsorship of Speakers with Student Fees The purpose of a speakers program is to advance the general educational purposes of the University by putting before the University community a broad range of ideas in a variety of contexts. The organizations administering speaker programs should make every attempt to provide balance on all subjects presented. All students are encouraged to join programming groups and/or give their input on speaker selection. (Policies of the Board of Regents, Section 5.6.1)

III. UNO Policies

1. Counseling/Medical Records Information exchanged with and/or maintained by a professional counselor/psychologist or medical personnel about a student client will remain confidential, except under legal compulsion.

2. Demonstrations The University acknowledges the rights of members to express their views by peaceful demonstration. UNO is an academic community founded upon a belief in rational dialogue and mutual respect among its members. The opportunities for communication within the University are many and varied, and the University welcomes suggestions

for enlarging or improving them. The nature of the academic community demands that all members strive to maintain the rational dialogue which is the cornerstone of the University. There is no conceivable issue, be it a question of academic and administrative policy or of students' rights and freedoms, that cannot be approached within the framework of free discussion.

a. Demonstration Procedures

Members of the academic community, including the guests of the University, have the right of extensive latitude in making their opinions known. It is understood, however, that in exercising this right the rights of others must not be jeopardized. The public exploration and resolution of differing views can be successful only when groups and individuals discuss the issues in forums where the right to disagree and to speak freely and be heard is preserved. Within this context, the University community recognizes peaceful demonstration as a legitimate means of expressing one's opinion.

The preservation of freedom of speech, and the recognition of the right to peaceful demonstration as part of that freedom, is possible only in an orderly environment in which individuals are not endangered by force or violence and in which they are free from coercion and interference in the exercise of their rights or in carrying out their legitimate activities.

University Public Use of Facilities forms are available in the Administrative Office of the Milo Bail Student Center or by contacting unoreservations@unomaha.edu (unoreservations@unomaha.edu) and must be submitted and approved with all necessary signatures at least 48 hours (two business days) before the proposed demonstration. Board of Regents bylaws state that, in cases of the disruption of normal University activities, the Chancellor or his/her designee will, in accordance with University policies and procedures, take necessary steps to restore the University to its normal function. The Chancellor or his/her designee may, in the event of refusal to disperse upon request, impose temporary action, including suspension of those persons disrupting the normal function of the University. The determination as to whether disciplinary action will be initiated for violations of University rules and regulations by students will be made by the Associate Vice Chancellor/Dean of Students or their designee.

The University community may impose behavioral restrictions which are necessary to preserve the orderly functioning of the University and the right of all to be heard. Such restrictions fall into two categories:

i. Prevention of violence or the use of force:

Demonstrations which coerce individuals or which constitute a hazard to the safety of any persons or which threaten destruction of property are not protected by freedom of speech provisions and will not be tolerated. Similarly, a hostile audience will not be allowed to interfere with a peaceful demonstration.

ii. Protection from interference with University operations:

The University community may restrict conduct which interferes with the holding of classes, the carrying forward of University business, properly organized and scheduled University events, or the discharge of responsibility by any University officer, employee or student. Although the mere presence of demonstrators in public areas within buildings does not necessarily constitute interference, demonstrators cannot be allowed physically to obstruct access to University facilities. Noise and boisterous activity is objectionable when it prevents others from exercising their rights and duties.

Persons engaging in disruptive action shall be subject to disciplinary measures, including separation from the University, and also to charges of violation of the law.

b. Response to Disruptive Behavior

The response of the University to any disruptive behavior must ultimately depend on the judgment of the officials who are in charge. However, the following guidelines should be observed:

- i. Every effort will be made to end the disruption through reason and persuasion. These efforts shall include a clear indication of the willingness to discuss issues and to make clear the procedures for discussion and arbitration of the issues involved. Discussion of the issues will not be conducted under conditions of duress.
- ii. If the discussion method fails, the individuals involved will be notified that they are in violation of University regulations and they will be asked to cease the activity. In the event the alleged violators do not cease the activity within a reasonable length of time, temporary sanctions, which may include conduct probation and if necessary, suspension, may be imposed on the scene. However, unless both the student and the University officials agree to a postponement, the University must hold disciplinary hearings within five (5) school days or the temporary sanctions will be dissolved. Such disciplinary hearing shall be held, as far as possible, in accordance with the established disciplinary procedures of the University. No temporary sanction shall be made part of a student's permanent record. If a student is found innocent of the action for which temporary sanctions were imposed, no record of the temporary sanction or of the hearing shall become part of any of the student's files or records and the student shall be given the opportunity to make up work which was not completed because of the disciplinary action.
- iii. If the use of institutional sanctions and discussion methods are not effective in ending the disruptions, or when alleged violators are not members of the University community, extra-institutional methods (including the invoking of police force) may be used. Non-members of the University community who are engaged in disruptive behavior may be referred to civil authorities for appropriate action.
- iv. Evidence regarding the activity of nonstudent members of the University community who are alleged to have engaged in disruptive behavior may be referred to their supervisors for appropriate action.

The University community abhors the use of force as a method for settling disagreement and will always make exhaustive attempts to deal with issues by rational methods. When, however, such rational efforts prove ineffective or when imminent danger to life or property exists, more forceful methods shall be used to protect the rights and property of members of the community.

3. Distribution of Printed and Other Materials. Students are free to express their beliefs and concerns in a variety of ways. Printed and other materials offered free of charge may be distributed at any location on the campus as long as such distribution does not interfere with normal traffic or functions of the University. Such materials may be distributed by any UNO-affiliated person provided such is accomplished in an orderly manner within the framework of University policies and the law. If specific space for distribution of material is desired, a location may be reserved in a designated area of the Milo Bail Student Center, in accordance with existing policies and procedures governing space reservations. Special care is requested of any and all parties distributing literature to prevent littering of the campus and surrounding areas. Such activity shall be conducted so as not to interfere with the rights of others or the normal activities of the University. Any material offered for sale, solicitation of donations, or posting on University bulletin boards must comply with UNO policy concerning these matters. Contact the Director of the Milo Bail Student Center if more specific information is desired.

4. Information Services. The facilities of UNO Information Services are available to students, faculty and staff of this institution for the purpose of instruction, research, and other activities as defined by the Chancellor. The computer facilities are University property and their operation is part of University operations. Executive Memorandum No. 16 of the President of the University of Nebraska states the University policy on responsible use

of University computers and information systems. Executive Memorandum No. 16 may be accessed on the Internet at: <https://nebraska.edu/offices-policies/policies/no-16-policy-for-responsible-use-of-university-computers-and-information-systems#Web> (<https://nebraska.edu/offices-policies/policies/no-16-policy-for-responsible-use-of-university-computers-and-information-systems/#Web>). The Student Code of Conduct addresses offenses related to the properties and operation of the University, and, therefore, also applies to computer use and facilities as it applies to all other University resources.

5. Nondiscrimination and Title IX

The University of Nebraska does not discriminate based on race, color, ethnicity, national origin, sex, pregnancy, sexual orientation, gender identity, religion, disability, age, genetic information, veteran status, marital status, and/or political affiliation in its education programs or activities, including admissions and employment. The University prohibits any form of retaliation taken against anyone for reporting discrimination, harassment, or retaliation for otherwise engaging in protected activity. Read the full statement (<https://www.unomaha.edu/notice-of-nondiscrimination-anti-harassment-and-non-retaliation.php>).

Unwelcome sex based conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the University's education program or activity, or an employee of the University conditioning the provision of an aid, benefit, or service of the University on an individual's participation in unwelcome sexual conduct constitutes sexual harassment and will not be condoned or tolerated. Moreover, sexual misconduct including stalking, dating or domestic violence, sexual exploitation, and sexual assault is prohibited.

Appropriate corrective action will be taken toward any student or employee who is found to have violated UNO's non-discrimination, sexual harassment, and/or sexual misconduct policies. Further, UNO commits itself toward the assurance of non-retaliation toward any person who reports harassment, sexual misconduct, or discrimination or who participates in an investigation of such conduct.

If you suspect or experience discrimination, sexual harassment, or retaliation toward yourself or others, please keep records or other evidence of specifics and report the conduct. If you do not feel comfortable telling a person to stop inappropriate behavior, or if the behavior does not cease once you have made the request to do so, you may seek assistance from an administrator, professor, counselor, or advocate. Persons designated by the University as Officials with Authority are required to report sexual discrimination, harassment, or misconduct reported to them. Other employees are expected to provide assistance and report.

Title IX or Discrimination Inquiries should be directed to:

1. Civil Rights Compliance Office
Eppley Administration Building #211
Email: equity@unomaha.edu
Phone: 402.554.2120
2. Title IX Coordinator
Eppley Administration Building #211
Email: equity@unomaha.edu
Phone: 402.554.2120

Student Code of Conduct

University of Nebraska Student Code of Conduct ("Code")

Students at the University of Nebraska are members of an academic community in which academic integrity and responsible conduct are essential for the community to function. To ensure that students know what

is expected of them, the University has adopted the Standards of Academic Integrity and Responsible Conduct ("Standards").

Access the full Student Code of Conduct (<https://www.unomaha.edu/student-life/student-conduct-and-community-standards/policies/code-of-conduct.php>).

- Section I - Persons & Organizations Subject to the Standards
- Section II - Standards of Academic Integrity and Responsible Conduct
- Section III - University Responses to a Violation of the Standards
- Section IV - Enforcement of Standards
- Section V - Interim Measures
- Section VI - Miscellaneous Procedural Matters

All allegations of sexual misconduct, including sexual harassment under Title IX of the Education Amendments of 1972 (Title IX), sexual assault, sexual harassment, sexual violence, dating violence, domestic violence, or stalking are investigated and addressed following the procedures set forth in Executive Memorandum No. 38.

Student Right to Know/ Consumer Information

Student Right to Know/Consumer Information

The Higher Education Opportunity Act of 2008 (HEOA) requires that post-secondary institutions participating in federal student aid programs, including the University of Nebraska at Omaha (UNO), make certain disclosures to enrolled and prospective students, parents, employees, and the public. The following information is disclosed to you in compliance with federal law. To request paper copies of any of the information listed below, please contact the Office of Financial Support and Scholarships. The information on this page is reviewed and updated annually to ensure it is accurate, timely, and appropriate.

CATALOG INTRODUCTION

- **Catalog Purpose (p. 22)**
- **Catalog Disclaimers (p. 22)**

Catalog Purpose

Catalog Purpose

The catalog is a comprehensive resource that provides important information for students' academic careers at UNO. The catalog contains official descriptions of academic programs, prerequisites, courses, and degree requirements. In addition, the catalog provides an overview of academic policies and procedures, including admissions, enrollment, grading, and financial information.

Catalog Disclaimers

Discontinuance of Program Offerings

Acceptance of registration by the University of Nebraska and admission to any educational program of the University does not constitute a contract or warranty that the University will continue to offer the program in which a student is enrolled. The University expressly reserves the right to change, phase out, or discontinue any program.

The listing of courses contained in any University bulletin, catalog, or schedule is by way of announcement only and shall not be regarded as an offer of contract. The University expressly reserves the right to:

1. Add or delete courses from its offerings;
2. Change times or locations of courses or programs;
3. Change academic calendars without notice;
4. Cancel any course for insufficient registrations, or
5. Revise or change rules, charges, fees, schedules, courses, requirements for degrees, and any other policy or regulation affecting students, including, but not limited to, evaluation standards, whenever the same is considered to be in the best interests of the University.

University's Right to Change

The University and its various colleges, divisions, and departments reserve the right to change the rules controlling admission to, instruction in, and graduation from the University or its various divisions. Such regulations are operative whenever University authorities deem necessary and apply not only to prospective students, but also to currently enrolled students.

The University also reserves the right to withdraw courses, to reassign instructors and to change tuition and fees at any time. In some cases, prerequisites for courses offered at the University are effective even if they are not listed in this catalog. See the current class schedule or your advisor for more information.

NOTE: Modifications in the academic calendar and program could be necessitated by emergency conditions.

UNDERGRADUATE ADMISSIONS

- **Application Deadline Dates (p. 23)**
- **Application Process (p. 23)**
- **Admission Requirements (p. 23)**
- **Enrollment Deposit Fee (p. 25)**
- **International Applicants (p. 26)**
- **Admission Decisions (p. 27)**
- **Frequently Asked Questions (p. 28)**

Application Deadline Dates

Application Deadlines

To be considered for scholarships, first-year candidates should apply during the first semester of their final year of high school. Transfer students should apply during the semester preceding their intended enrollment.

Complete admission files (application and additional materials) must be received by the Undergraduate Admission Application deadline, which is one week before the start of classes for each term:

- **Fall 2025** – August 18, 2025
- **Spring 2026** – January 5, 2026
- **Summer 2026** – June 22, 2026
- **Fall 2026** – August 17, 2026

Note: For Non-Degree Students, applications are due by the first day of classes for each term. Please refer to the Academic Calendar (<https://www.unomaha.edu/registrar/academic-calendar.php>) for specific dates.

All applications must be submitted online by the deadline at apply.unomaha.edu.

Application Process

Application Deadlines

- Apply for admission online at apply.unomaha.edu (<http://apply.unomaha.edu>).
- Submit all required documentation.

Note: Submitting an application or being admitted to UNO does not guarantee enrollment in any specific course.

All admission-related inquiries should be directed to:

UNO Office of Undergraduate Admissions
111 Eppley Administration Building
6001 Dodge Street

Omaha, NE 68182
unoadmissions@unomaha.edu
402.554.2393

Transcript & Documentation Policy

All documents submitted as part of an admission application become the property of UNO and cannot be copied, returned to the applicant, or forwarded to another organization, college, or university.

Transcript Requirements:

- Official transcripts from all previously attended institutions must be sent **directly** to the UNO Undergraduate Admissions Office by the issuing institution.
- Transcripts provided by students or delivered by hand are **not** considered official.

UNO reserves the right to modify admission policies and deadlines at any time.

Admission Requirements

First-Year Applicant

The Board of Regents (<https://nebraska.edu/-/media/unca/docs/offices-and-policies/policies/board-governing-documents/board-of-regents-policies.pdf>) of the University of Nebraska establishes minimum admission requirements. Individual colleges may require additional credentials or have other requirements for specific programs.

Documentation Needed

- **Final Official High School Transcript or GED Scores**
 - Must be sent directly from the high school to the UNO Office of Undergraduate Admissions.
 - The transcript must include a cumulative record of all coursework completed.
- **GED (General Education Diploma)**
 - UNO recognizes the GED as equivalent to a high school diploma.
 - Some credit may be assigned based on subject area scores, but the GED alone may not meet the 16 core course requirements.
- **Homeschooled students**
 - Must submit a typed transcript (semester format) of all coursework completed.
 - The transcript must include grades, course completion dates, and a signature from the administrator of grades.
 - Additional documents may be required for admission decision.
- **College Credit Earned During High School**
 - Must be sent directly from the college's registrar's office to UNO.
 - Early Entry and Dual Enrollment students at UNO do not need to request a transcript.

Assured Admission (First-Year Applicants)

Graduates of a regionally accredited high school or who have completed the equivalent training (GED) must meet the following criteria for assured admission:

Core Course Requirements (16 units)

All students are expected to complete the following 16 high school core course units:

- **English – 4 units**
Must include intensive reading and writing. *Dual language or ELL English classes do not satisfy this requirement.*
- **Mathematics – 3 units**

Must include Algebra I, Algebra II, and Geometry.

- **Social Sciences – 3 units**

Must include at least one unit of American and/or World History and one additional unit from history, government, or geography.

- **Natural Sciences – 3 units**

Must include two units from biology, chemistry, physics, or earth sciences. One must include a laboratory component.

- **World Languages – 2 units**

** Some NU colleges may require world language for admission.*

*For colleges that require world language, both units must be in the same language. **Students who do not take two years of world language in high school may still qualify for admission to colleges without a world language requirement. BOR RP-5.2.1 Admission Standards***

- **Elective – 1 unit**

One additional unit from any of the academic areas above.

Note: One unit is equivalent to one school year in grades 9–12.

Performance Requirements

Students must meet **one** of the following:

- Rank in the top 50% of their graduating class.
- Earn an ACT composite score of 20 or higher (or SAT equivalent).
- Achieve a minimum cumulative GPA of 3.00 (by the end of the sixth semester of high school or later).

Transfer Applicants

Applicants must report all collegiate courses on their admissions application, including:

- Courses from accredited and unaccredited institutions.
- Courses dropped, failed, or incomplete.

Failure to report previous postsecondary coursework may result in **denial of admission** or **dismissal** from the university.

Transfer Admission Criteria

- Must be in good academic standing at the last institution attended.
- College-Specific GPA Requirements
 - College of Arts and Sciences (p. 71) 2.0 GPA
 - College of Business Administration (p. 379) 2.5 GPA
 - College of Communication, Fine Arts and Media (p. 429) 2.25 GPA
 - College of Education, Health, and Human Sciences (p. 512) 2.0 GPA
 - College of Engineering (p. 605) 2.5 GPA
 - College of Information Science & Technology (p. 643) 2.5 GPA
 - College of Public Affairs and Community Service (p. 681) 2.5 GPA

Documentation Needed

- **Final official high school transcript or official GED equivalency scores**
 - Must be sent directly from the high school to the UNO Office of Undergraduate Admissions (if fewer than 24 transferable credit hours).
- **Official college transcript(s)**
 - Must be sent directly from the registrar's office of each institution attended.

Exception: Transfer students with **24 or more** transferable credit hours are **not required** to meet high school core course requirements.

Transfer Additional Notes

- Students on **academic suspension or dismissal** within the last year will be denied admission.
- Transcripts are retained for **one year** if a student does not enroll.
- Provisionally admission students must submit **all required transcripts within the first eight weeks** of enrollment.

Awarding of Transfer Credits

- **Transcripts from previous institutions** are maintained in the University Registrar's Office.
- The **dean of the UNO College** determines how transfer credits will apply toward degree requirements.
- Credits and grades earned at other University of Nebraska campuses are accepted and computed into the student's GPA as part of their official record.
- **Courses must have a grade of "C-" or better** to transfer from accredited institutions.
 - The **College of Business** requires a minimum grade of **"C"** or better for transfer credit.
- Credit Hour Limits:
 - A **maximum of 64 semester credit hours** can be transferred from a regionally accredited **two-year** college to most UNO undergraduate colleges.
 - The **College of Engineering** allows up to **66 semester credit hours** from a two-year institution.
 - Each UNO college has a **minimum number of credit hours** to be completed at UNO prior to graduation.
- **International Transfer Credits:**
 - Students transferring credits from institutions outside the U.S. may be required to submit a **course syllabus (with translation) for evaluation**.

Nebraska System Students

Transferring or Change of Campus

Students transferring from another **University of Nebraska campus** must:

- Follow Change of Campus instructions.
- Complete an undergraduate application.

Note: Students on **academic suspension or dismissal** within the last year will be denied admission.

Visiting (Non-Degree) or Intercampus

A **Non-Degree/Visiting student** is someone from another NU campus taking courses at UNO for a semester without enrolling in a degree program.

- Must submit an Intercampus Application each semester.
- Does **not** need to complete an undergraduate application.
- Financial holds must be **cleared** before applying.
- Students on **academic suspension** within the last year are **ineligible** to enroll at UNO.

Former UNO Students (Readmission Criteria)

Former UNO students who have not enrolled in **two or more years** must submit a new Application for Undergraduate Admission.

- Students on **academic suspension** must schedule an **advising/reinstatement meeting** before reapplying.

- If you have completed additional coursework at another institution, please submit the **official transcripts** for those courses as part of the admissions process.

Non-Degree (Visiting) Students

Individuals may apply as **visiting (non-degree) students** to take courses at UNO for personal or professional development **without** enrolling in a degree program.

Requirements:

- Must be in **good academic standing**.
- Applicants who were **suspended** from another institution within the past **year** are **not eligible** for admission.
- Applicants who were **denied admission** as a degree-seeking student **cannot** be admitted as a non-degree student.
- Must have a **high school diploma or GED**.
- **Non-degree students** are **not eligible** for financial aid or scholarships.

English Proficiency Policy

Applicants whose **first language is not English** must demonstrate proficiency through **one** of the following:

- Completion of **four years of standard high school English** in an accredited U.S. high school.
- ACT English subscore of **20+** (or SAT equivalent).
- Completion of an **AA or AS degree** from a regionally accredited U.S. institution with a GPA of **2.5+**.
- Completion of **English Composition I or II** with a grade of **C or better** from a regionally accredited U.S. postsecondary institution.
- Submission of official **English proficiency test scores** from an approved agency.

Early Entry Admissions Program

The **University of Nebraska at Omaha (UNO) Early Entry Program** allows high-achieving high school students to take college courses at UNO while still in high school. This program provides a head start on college and helps students earn university credits that **can be applied toward a UNO degree** and may transfer to other institutions.

Why Join the Early Entry Program?

- Take **college-level courses** while in high school.
- Earn **university credit** that applies to a UNO degree and may transfer elsewhere.
- Gain experience in a college setting to prepare for the transition to university life.

Who Can Apply?

- Students with at least a **'B' average (3.0 GPA on a 4.0 scale)** in high school coursework.
- Students approved by their **high school counselor** (or individually reviewed if homeschooled).
- Students whose first language is not English must demonstrate **English proficiency**.

How to Apply

1. **Apply online** at [apply.early](https://www.unomaha.edu/dual-enrollment/early-entry/). (<https://www.unomaha.edu/dual-enrollment/early-entry/>)
2. **Submit an unofficial high school transcript** with your application.

3. **Get approval online** from your high school counselor and parent/guardian.

Important Details

- Students may take **up to two UNO classes per term**.
- A **new application is required each semester**, but no additional application fee is needed.
- After high school graduation, students who want to continue taking courses must submit an **Undergraduate Admission Application** and meet UNO's admission requirements.

Dual Enrollment Program

The **Dual Enrollment Program** lets high-achieving high school students earn **college credit** while taking certain high school classes. These classes are taught by high school teachers who are also approved as **UNO adjunct professors**.

How It Works

- Earn **both high school and college credit** for approved courses.
- Classes are taught at your **high school** by your teachers.
- Not all high school courses qualify—talk to your **school counselor** to see if your school participates.

For questions, contact the **UNO Early Entry/Dual Enrollment Program coordinator** at **402-554-3810** or visit the UNO Early Entry (<https://www.unomaha.edu/dual-enrollment/early-entry/>) or Dual Enrollment (<https://www.unomaha.edu/dual-enrollment/>) websites.

Enrollment Deposit Fee

Enrollment Deposit Fee

To finalize your admission and secure your spot in the incoming class, the University of Nebraska at Omaha requires all newly admitted and readmitted students to **pay or defer a \$100 enrollment deposit**.

Priority Deadlines to pay your Enrollment Deposit Fee

- **Fall and Summer applicants** – May 1
- **Spring applicants** – December 1

NOTE: If you are admitted after the priority deadline, you may submit your enrollment deposit within **two weeks of admission** to secure your spot in the upcoming class.

Enrollment Deposit Fee Deferral Policy

Students may request to have the \$100 enrollment deposit deferred to their **first billing cycle** by submitting a formal request. For more information, contact unoadmissions@unomaha.edu.

Enrollment Deposit Fee Refund Policy

- If you **do not enroll** at UNO and do not request a refund by the priority deadline, your enrollment deposit will be **forfeited in full**.
- If you request a refund **by the priority deadline**, the enrollment deposit will be **fully refunded**.
- Refund requests must be submitted **in writing** to unoadmissions@unomaha.edu.

SPECIAL NOTE: If you **pay the enrollment deposit but do not enroll**, your deposit will remain valid for **up to one year from the original application term**. If you reapply within that time frame, the fee will be recognized as paid in full.

International Applicants

Applying Online

All international applicants must submit an online application at apply.unomaha.edu (<http://www.unomaha.edu/admissions/apply/>).

Application Fee for International Students

- **Fee Amount:** \$45.00 (U.S. dollars)
- **Payment Requirement:** The fee is mandatory. Applications **will not be processed** without payment.
- **Non-Refundable:** The fee is **non-refundable**, regardless of admission status.
- **Payment Methods:**
 - Credit card
 - Check or money order (payable to the University of Nebraska at Omaha)
- **Fee Validity:**
 - The application fee is valid for **one year**.
 - If an applicant does not enroll within a year, they must reapply and pay the fee again.
 - **Exception:** Previous UNO students or those who attended another University of Nebraska campus (**UNK, UNL, UNO, UNMC**) **are not required** to pay the fee again.

Documentation Needed

Documents can be submitted through one of the following methods:

- **Email:** Send to unointernational@unomaha.edu
- **Mavlink:** Uploaded through your MavLINK account (<http://mavlink.unomaha.edu>)
- **Mail:** Send to the following address:

Undergraduate Admissions
Eppley Administration Building, Room 111
6001 Dodge Street
Omaha, NE 68182-0080
USA

Academic Records

- **All applicants must submit transcripts** from every high school, college, or university attended for admission.
- **Final official transcripts** from all institutions must be provided **within the first eight weeks of enrollment**.
- If original transcripts **are not in English**, a **certified translation** must be included.
- Applicants seeking to **transfer credits from a foreign college or university** to UNO must submit a **course-by-course evaluation** from a recognized member of the National Association of Credential Evaluation Services (NACES) (<https://www.naces.org/>).

Passport Copy

Applicants must submit a **clear copy** of the **passport information page** to unointernational@unomaha.edu (<http://catalog.unomaha.edu/aboutuno/undergraduate-admissions/international-applicants/unointernational@unomaha.edu>).

Proof of English Proficiency

Applicants must demonstrate English proficiency through **one** of the following methods:

- **U.S. High School Diploma** – Must include four years of standard English classes.
- **Standardized Test Scores** – Minimum ACT English score of 20 (or SAT equivalent).
- **U.S. College Coursework:**
 - Completion of an **Associate of Arts or Associate of Science** degree (GPA 2.5+).
 - Completion of **English Composition I or II** with a grade of C or better (GPA 2.5+).
- **Citizenship** from a country on UNO's **English Proficiency Waiver List**.
- **Medium of Instruction (MOI) Letter** – If your previous school's primary language of instruction was English, an official letter must confirm that **your entire academic program was taught in English**.
- **Official test scores** (TOEFL, IELTS, or other approved tests)
 - Test scores must be sent directly from the testing agency.
 - **TOEFL** scores from other schools cannot be used.
 - **IELTS** scores can also be sent via MavLINK or emailed to unointernational@unomaha.edu.

Proof of Financial Support (F-1 or J-1 Visa Students)

Applicants requiring an **F-1 or J-1 student visa** must provide **proof of financial support**.

- **Required documents:**
 - **Non-hypothetical and/or liquid funds** (i.e., **official bank statements**) signed by the student and/or sponsor, with a bank seal
 - **UNO Financial Affidavit** signed by the student and sponsor
 - **Documents must be less than six months old.**

Submission: financial documents can be sent via MavLINK (<http://mavlink.unomaha.edu>) or email to unointernational@unomaha.edu (<http://catalog.unomaha.edu/aboutuno/undergraduate-admissions/international-applicants/unointernational@unomaha.edu>)

Note: Without these financial documents, UNO **cannot issue the I-20 or DS-2019 form**.

Conditional Admission

Applicants who **do not meet** UNO's English language requirements **may qualify for conditional admission**.

Requirements for Full Admission:

- Complete UNO's **Intensive Language Program (ILUNO)** with a qualifying score.
- ILUNO students **must** study for **at least one session**.
- Applicants with **low test scores** will be evaluated by the ILUNO Director to determine eligibility for full admission.

Important:

- A change of status of the Form I-20 will be made upon full undergraduate admission.
- Students must request a **Form I-20 status update** once fully admitted.

Non-Degree Seeking Student International Students (F-1 or J-1 Visa Holders)

International students may apply as **non-degree-seeking students** if they:

- Have a **permission letter** from their **current U.S. institution**, allowing part-time enrollment at UNO while maintaining their **I-20 from their home school**.
- Are **referred as part of an international exchange program** between UNO and their home institution.
- Have a **recommendation letter** from their **home institution or employer**.

For additional details, contact unointernational@unomaha.edu.

International Visiting Student Program (VSP) for Non-Degree Students

Applicants who require a visa to study in the U.S. **may apply** for UNO's **International Visiting Student Program (VSP)**.

Eligibility Requirements:

- Must be **currently enrolled** at a **UNO partner institution**.
- Must be **nominated** by their **home university**.
- Must follow **all application and documentation requirements** from UNO and their home university.

For further details, visit the UNO VSP (<https://www.unomaha.edu/international-studies-and-programs/global-partnerships/university-partnerships.php>) **website**.

Health Insurance

- **All international students must enroll** in UNO's Student Health Insurance Plan, unless they have **university-approved foreign insurance**.

Admission for International Students

- Most admission decisions are made **within one week** after all documents are received.
- If admitted, students will receive an **admission email** with their **I-20 form**.

Receiving Your I-20

- **Form I-20 is issued only to the student** and cannot be picked up or emailed to friends, family, or third parties.
 - This policy ensures privacy and protects the student's personal information.
- **J-1 visa applicants** will receive their **DS-2019 form** along with their admission email.
- **F-1 visa holders** enrolling **part-time** at UNO **will not receive a new I-20**.

Admission Decisions

Admission by Review

UNO evaluates all applicants using a **holistic admissions process**. We consider more than just test scores and grades, reviewing each applicant individually to determine their potential for success.

If the Assured Admission (<https://catalog.unomaha.edu/undergraduate/admissions/admission-requirements/>) requirements are not met, the application may still be considered for **Admission by Review**. Factors such as **cumulative GPA, class rank, ACT or SAT scores, grades in core courses, and other indicators of academic potential** will be evaluated.

Additional documentation may be requested. Those admitted through **Admission by Review** must agree to the terms of admission, which may include completing specific courses, using academic support services, or having academic progress monitored.

Provisional Admission

Provisional admission means acceptance is granted while waiting for final admission documents. This applies to **high school applicants who have not yet graduated, transfer applicants currently completing coursework, and others with pending transcripts or required documents**.

Admission remains provisional until final transcripts are received and reviewed. If final coursework does not meet admission requirements, the admission offer may be revoked. All required materials must be submitted within **eight weeks of enrollment** to avoid an enrollment hold, which will prevent future course registration.

Academic Suspension or Dismissal

Applicants who have been **academically suspended or dismissed** from any college or university in the past **academic year** are **not eligible** for admission to UNO.

If UNO receives a transcript or notification showing a recent suspension or dismissal, enrollment will be canceled, and any tuition paid will be refunded. A new application may be submitted **after one full year** from the last term of suspension.

Deferred Admission

If admission requirements are not met, additional coursework at another institution may be required before reconsideration for admission.

Fraudulent and Incomplete Applications

Providing **false or altered information** on an application, transcript, or any supporting document may result in serious consequences. UNO reserves the right to **revoke admission or dismiss individuals from the university** if fraudulent information is discovered.

All information submitted must be **complete and accurate** to avoid issues with admission status.

Frequently Asked Questions

Nebraska Unique Identification Number (NUID)/Password

For security purposes, all applicants receive an **NUID (Nebraska Unique Identification Number)** and a **temporary password** during the application process. A personal **MavLINK password** must be created upon initial login. The NUID is an **eight-digit number** unique to the **University of Nebraska system** and can be used across all campuses.

Use of Social Security Number

A Social Security number is requested on the admissions application **only** for credential verification, document matching, and determination of financial aid and scholarship eligibility. Applicants without a Social Security number may apply for admission but **are not eligible for federal financial aid**.

Health Requirement Information

Applicants born on or after **January 1, 1957**, must provide **official proof** of receiving **two MMR (measles, mumps, and rubella) vaccinations** before registering for courses. Domestic applicants who graduated from a **U.S. high school** are exempt. For further information, contact **Undergraduate Admissions at 402.554.2393**.

Residency for Tuition Purposes

Residency Classification

To qualify for resident tuition rates, an individual must establish 12 consecutive months of residency in Nebraska unless an exception is outlined in the residency application form. Individuals who move to Nebraska primarily to attend college are classified as nonresidents for tuition purposes.

Enrollment in more than half-time coursework at a Nebraska post-secondary institution during the 12 months prior to applying for residency serves as strong evidence that the relocation was for educational purposes. As a result, the individual will remain classified as a nonresident.

Applicants classified as nonresidents who believe they qualify for residency should review the Application for Residence Classification for Tuition Purposes (https://csprdn.nebraska.edu/psc/csprdn/NBX/HRMS/s/WEBLIB_ENTREDIR.ISCRIPT1.FieldFormula.IScript_Redirect/?nba-product=EF&cref=NBA_NVC_DS_EFORM_RESAPP). Residency changes are **not retroactive** and apply only to the term in which approval is granted.

Resident Tuition for Certain Non-U.S. Citizens

Under **Nebraska state law**, certain applicants who do not hold U.S. citizenship or legal residency may qualify for **resident tuition** if all of the following criteria are met:

- **Graduation from a Nebraska high school** or receipt of an equivalent diploma in Nebraska.
- **Continuous residence in Nebraska for at least three years** before high school graduation while living with a parent, guardian, or conservator.
- Submission of an **affidavit** stating intent to apply for **U.S. Permanent Residency** at the earliest opportunity.

Omaha Urban Rate (OUR) Tuition

The **Omaha Urban Rate (OUR) Tuition** program provides significantly reduced tuition rates to eligible high school graduates and current residents from the following states:

Colorado, Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Montana, North Dakota, Ohio, South Dakota, Wisconsin, Wyoming.

For full eligibility details and application procedures, visit the UNO OUR Tuition website (<https://www.unomaha.edu/accounting-services/cashiering-and-student-accounts/tuition-fees-and-refunds/omaha-urban-rate-our-tuition.php>).

Nebraska State Income Tax Credit

Applicants who do not qualify for resident tuition rates but **pay Nebraska state income tax** may be eligible for a **tuition credit**. This credit extends to spouses and dependents of Nebraska taxpayers who meet eligibility requirements.

The tuition credit is based on the **amount of Nebraska state income tax paid in the prior calendar year**. However, tuition **cannot be reduced below the resident rate**.

Applications for the **Non-Resident Nebraska Income Tax Tuition Credit** are available at the **UNO Cashiering and Student Accounts Office (109 Eppley Administration Building)** and can also be downloaded from the UNO website (<https://www.unomaha.edu/accounting-services/cashiering-and-student-accounts/tax-information/>). For questions, contact **402.554.2324**.

Veteran's Promise

Under the Nebraska Veteran Promise Act (<https://nebraskalegislature.gov/FloorDocs/107/PDF/Slip/LB669.pdf>), eligible **military service members and veterans** who meet UNO's general admission requirements are **guaranteed admission** to undergraduate programs, whether attending in person or online.

This policy aligns with the University of Nebraska Board of Regents (BOR) guidelines (<https://nebraska.edu/-/media/unca/docs/offices-and-policies/policies/board-governing-documents/board-of-regents-policies.pdf?la=en>) to ensure that Nebraska's military service members and veterans have access to higher education.

Applicants Who Apply for Admission and Do Not Enroll

Applicants who submit an application but **do not enroll** must notify the **UNO Office of Undergraduate Admissions** via email at **unoadmissions@unomaha.edu**. Once notification is received, the application will be **withdrawn**. To enroll in a future term, a **new application is required**.

Additional considerations for non-enrolled applicants:

- Transcripts submitted for admission **will be retained for one year**. After that period, new transcripts must be provided for admission consideration.
- Applicants awarded **financial aid from a non-UNO source** must notify the **Office of Financial Support and Scholarships** to avoid cancellation or adjustment of UNO financial aid.

For all questions regarding application status, residency classification, tuition rates, or financial aid eligibility, contact the **UNO Office of Undergraduate Admissions** for assistance.

GRADUATE ADMISSIONS

Graduate Admissions (p. 972)

REGISTRATION TO GRADUATION

- **Enrollment (p. 30)**
- **Undergraduate Registration Requirements (p. 33)**
- **Undergraduate Transfer Credit (p. 33)**
- **Graduate Registration Requirements (p. 35)**
- **Graduate Academic Program Requirements (p. 35)**
- **Course Information (p. 35)**
- **Academic Calendar (p. 37)**
- **Grades (p. 37)**
- **Undergraduate Graduation (p. 40)**
- **Graduate Graduation (p. 42)**

Enrollment

Enrollment

All persons who attend classes at the university must be admitted to the University; they are required to register and pay the established tuition and fees. The dates, times, locations, and procedures for registration are listed each semester on the Office of the University Registrar's website (<http://www.unomaha.edu/registrar/students/>).

MavLINK

MavLINK is the online self-service application providing students with an array of information and direct access to their academic, financial, and personal data. Access to MavLINK is gained by the use of your UNO NetID or NUID and password. Access MavLINK here (<https://mavlink.nebraska.edu/psp/mavlink/NBO/HRMS/?cmd=login&languageCd=ENG&>).

NetID

The UNO NetID is a combination of letters using your first and last name and is the username assigned to you by UNO. Learn more about NetIDs (<https://www.unomaha.edu/information-technology-services/accounts-and-passwords/NetID1/>).

NUID

The NUID (Nebraska Unique Identifier) is a unique eight-digit number assigned to all students, faculty, and staff members during either admission or hiring. This number remains the same across the University of Nebraska and Nebraska State College system. You can look up your NUID/username, claim your account, re-activate your account, and reset your password at TrueYou Self Service (<https://trueyou.nebraska.edu/>).

Choice of Catalog Policy

Students follow the degree requirements outlined in the catalog in effect at the time of their initial enrollment at the university. Students may request to follow all program and policy requirements from any later catalog if it better supports their academic progress and degree completion goals. Requests for catalog changes will be evaluated on a case-by-case basis to ensure compliance with institutional accreditation requirements and degree integrity and must be approved by the student's academic advisor to ensure alignment with their academic progress and institutional policies.

Students who have interrupted their enrollment must work with their advisor to determine the appropriate catalog year upon re-enrollment.

If degree requirements change during a student's academic journey, the university reserves the right to implement new policies or course substitutions, with due notice, in the interest of academic integrity and student success.

Students are responsible for understanding and fulfilling the degree requirements of their approved catalog.

How to Enroll and Make Changes to Enrollment

All adding, swapping, dropping, or withdrawing from courses is completed in MavLINK.

Adding a Class

A class can be added to a student's schedule via MavLINK until the 100% refund period ends. Start dates are found on the class schedule. Refund dates can be found on the Cashiering and Student Accounts (<http://www.unomaha.edu/accounting-services/cashiering-and-student-accounts/tuition-fees-and-refunds/tuition-refund-schedule.php>) site. Late adds begin after the 100% refund period ends and require permission from the instructor prior to enrollment in MavLINK. **A \$25.00 Late Registration Fee** will be assessed to those students whose initial enrollment takes place after the start of the session. Exceptions to this are thesis, internship, or independent study.

Dropping/Withdrawing From a Class

A class can be dropped or withdrawn from a student's schedule via MavLINK up until the last day to withdraw. The last day to withdraw can be found on the Academic Calendar (<http://www.unomaha.edu/registrar/academic-calendar.php>). Students can also contact the Office of the University Registrar to verify the last day to withdraw. Requests to drop a class submitted via email, fax or U.S. mail will be processed based on the dates appearing on the email, fax or U.S. mail postmark.

Drops can only be completed in the 100% refund period of your course. If students drop the course from their schedule during this period, it will not be listed on their academic transcript.

Withdraws can be completed up until the last day to withdraw for the semester. The last day to withdraw can be found on the Academic Calendar (<http://www.unomaha.edu/registrar/academic-calendar.php>). If students withdraw from a course, a grade of "W" will be listed on their academic transcript. "W" grades have no impact on the academic GPA.

Students who drop or withdraw from one or more classes, or who completely withdraw from all courses will be obligated to UNO for the portion of tuition indicated on the refund schedule. Students who completely withdraw are also obligated to pay the non-refundable portion of tuition and fees for the class(es) from which they are withdrawing. Students who

are currently enrolled can click on the "refund" link next to each class in their schedule inside MavLINK to check refund percentage dates.

Swapping a Class

Swapping a class allows students to save their space in the original class while trying to enroll for a new course. It is a safer way to make changes to their existing class schedule during periods in which many other students are also enrolling for their classes.

1. Swaps must be done on the same day.
2. Swaps are allowed during the first week of the standard semester. For classes that are outside the regular session, it will be necessary to contact the Office of the University Registrar to complete a swap.
3. Swaps are only allowed for classes in the same session.
4. Classes used for swaps cannot be used again for another swap.

Permission Numbers

A permission number must be entered for any courses that require instructor or department consent. A Permission Number is entered via MavLINK. A permission number may also override any prerequisite or GPA requirement, as well as a closed course. A permission number will NOT override a time conflict. The instructor or advisor must request a time conflict override through the Office of the University Registrar on the student's behalf.

A permission number must be entered for any courses that require instructor or department consent. A Permission Number is entered via MavLINK. A permission number may also override any prerequisite or GPA requirement, as well as a closed course. A permission number will NOT override a time conflict. The instructor or advisor must request a time conflict override through the Office of the University Registrar on the student's behalf.

Receiving a permission number does not register the student for the course. It only means that students are able to proceed with enrollment for the course. Once the permission number is issued, the student must register via MavLINK for the course by using the number provided.

Permission numbers are BOTH course section and term specific. The student must ensure the permission is issued for the exact course he/she wants. The student will NOT be able to register for a different section of the same course. For example, if a permission number is issued for ENGL 1160-003, they will not be able to register for ENGL 1160-006. A new number will need to be issued for the student by their advisor or department contact. Remember, permission numbers can only be used once.

Permission numbers not used before the end of the 100% refund period will expire. A new number will need to be issued to enroll after the 100% refund period.

Registration Waitlist

A registration waitlist is an electronic process that auto-enrolls students in closed classes as seats become available. Waitlists operate on a first-come, first-served basis, so this process ensures that students who register for the waitlist sooner have a better chance of getting into a closed course. Waitlists are only available once the class is full. For high-demand classes, this may be the first day of registration or, for other classes, as late as the week before the term starts.

Waitlisted classes do not count toward a student's enrolled hours. If a student's financial aid requires full-time enrollment, he/she needs be sure to enroll in enough credits without counting waitlisted classes. Each department is responsible for determining if their class offerings should have a waitlist or not.

For courses with no waitlist available, students will need to check regularly for possible openings. Students may add themselves to any number of waitlists but will not be enrolled beyond the maximum number of hours allowed for that term. Students may remove themselves from a waitlist by following the same process as dropping a class. Learn more about the Registration Waitlist (<http://www.unomaha.edu/registrar/students/during-enrollment/registration-waitlist.php>).

Audit Registration Policies and Procedures

All persons wishing to audit a course must be admitted and eligible to enroll in classes for the term in question. Students may only register to audit a course on or after the first day of the semester. Audit students may not participate in recitation, turn in papers, or take examinations. Academic credit is not awarded for audited courses nor do they apply in counting hours for full- or half-time status. Foreign language and physical education activity courses cannot be taken on an audit basis. Audit registration is subject to available class space, requires the written permission of the instructor, and can be done via email or in person at the Office of the University Registrar, 105 Eppley Administration Building. Audit tuition is one-half of the applicable resident undergraduate or graduate tuition rate. The half-price tuition rate for audit courses is available only during the first week of the semester. Audit enrollments are assessed the same student fees as credit enrollments. Likewise, audits are refunded at the same rate as credit enrollments.

Students who register to take a course for credit and change to audit after the first week of class will be required to pay the full applicable tuition rate.

Undergraduate Students Taking Graduate Classes

An undergraduate junior or senior who is pursuing a baccalaureate degree at the university may be granted permission to take one or more graduate courses if they meet the following conditions outlined below. Students pursuing Fast Track (previously known as integrated programs) will not complete this form.

1. No credit earned under this provision may be used to fulfill any of the requirements for the undergraduate degree.
2. A maximum of 12 credit hours at UNO may be earned under this provision.
3. Juniors must have a minimum average GPA of 3.5 in the undergraduate major, and seniors must have a minimum average GPA of 3.0 in the undergraduate major.
4. The student must secure the required Department/School Representative signature before presenting the form to the Graduate College.
5. In order to register for the course(s) noted on the form, the student must return to the department/school for a permit number after receiving the dean for graduate studies permission. Once a permit number has been provided by the department/school, the student will then be able to register via MavLINK.

Please find the form on the Graduate Studies Student Forms & Resources (<https://www.unomaha.edu/graduate-studies/current-students/graduate-forms-and-resources.php>) webpage.

The graduate program determines after admission if graduate credits taken as an undergraduate student will fulfill the requirements of a graduate program. There is no guarantee that graduate credits taken as an undergraduate student will count toward a graduate program.

Class Schedule

The UNO public class search is available online at www.unomaha.edu/class-search/index.php (<http://www.unomaha.edu/class-search/>). Course offerings are subject to change. Final authority for changes in course offerings rests with academic departments. For questions concerning course offerings, contact the academic department. For general information about enrollment or instructions on how to use MavLINK, visit the Office of the University Registrar's Enrollment page at: <https://www.unomaha.edu/registrar/students/after-enrollment/adding-swapping-dropping-or-withdrawing-from-a-course.php>

Student Attendance Policy

Classes are conducted on the premise that regular attendance is desirable. The individual instructor has responsibility for managing student attendance and for communicating at the beginning of each semester those class attendance policies which prevail in that course.

UNO Student Attendance Policy <https://www.unomaha.edu/campus-policies/student-attendance.php>

Student Holds

A hold can be placed on a student's record for reasons including but not limited to:

- Non-payment of debt (tuition payments, parking tickets, library fines, etc.)
- Academic suspension
- Failure to meet immunization requirements
- Required academic advising
- Missing admission information
- Non-compliance with other university regulations/obligations

A hold on the record can impact one or more of the following:

- Enrollment – ability to register for classes (Dropping and withdrawing from classes will need to be completed in person at the Office of the University Registrar.)
- Receiving a transcript or diploma
- Refund from Student Accounts

Athletic Certification

The Athletic Certification Office is responsible for obtaining, evaluating, and documenting the academic credentials in accordance with the National Collegiate Athletic Association (NCAA) and conference eligibility rules for approximately 300 student-athletes.

The NCAA has specified satisfactory progress requirements to determine the eligibility of continuing student-athletes, and these requirements must be met each semester. The Athletic Certification Office, housed in the Office of the University Registrar, works directly with academic advisors and the Athletics Department Academics and Compliances offices to determine athletic eligibility for each semester.

The Athletic Certification Office is also responsible for financial aid certification. This includes maintaining the accuracy of the aid package, processing the approved Athletic Grant-In-Aid scholarships, and posting all financial aid data into MavLINK and both financial aid and academic eligibility data into the NCAA's CAi software program.

Civil Leave (Statutory Leave)

When a student receives a written notice to provide mandated community service as an election official, juror or witness, he or she must notify the course instructor of the time when the service will be required, within five business days after notice of mandated service is received by the student

(or at the start of the semester if notice is received prior to the semester). A copy of the notice must be provided to the instructor.

The instructor will allow the student summoned to mandatory community service an excused absence from the course on the day(s) required for Statutory Leave.

Upon request of the student taking leave, the instructor will ask for another class member to take notes during the period of Statutory Leave.

If Statutory Leave occurs during a critical period in the course (e.g. an exam; in-class graded assignment; group project; participation-required day), the instructor will work with the summoned student to determine if the missed day(s) will likely have a negative impact on the student's grade and whether the assignment or exam can be accommodated at a later time.

If Statutory Leave causes an extensive loss of class time for the student or will likely negatively impact the student's grade or learning experience, the instructor and student will determine whether it is best for the student to receive a grade of Incomplete or Withdrawal for the course.

If a grade of Incomplete is chosen, the instructor and student will formally document the procedure required to complete the course.

If a grade of Withdrawal is chosen, the student should receive a prorated refund of tuition and fees paid for the course.

Student Called into Military Service

Executive Memorandum No. 23

1. GENERAL

This Policy shall be implemented in order that the University of Nebraska might provide equitable, consistent treatment to its students who are called into military service and to facilitate their ability to continue their education once that military service is completed.

2. ELIGIBILITY

Students who are regularly enrolled in any class or program offered by the University of Nebraska are eligible for the benefits described in this Policy, if they: (a) belong to a military unit that is called into active duty, or (b) are drafted and not eligible for deferment; such that the date upon which they are required to report to active duty prohibits them, as a practical matter, from completing the term in which they are enrolled.

3. COURSE AND GRADE OPTIONS

An eligible student may elect to cancel registration in all classes in which he or she is enrolled at the time the call for duty is received. In such case, the student shall receive a full refund for all tuition and student fees paid on behalf of that student. In the alternative, the student may request his or her instructors to award a grade or an incomplete for all classes. If an incomplete is given, then the instructor shall file in the student's educational records and provide to the student specific instructions regarding the study and activities required to complete the course. If a grade and credit are awarded, then the instructor shall award a grade reflective of the student's performance, taking into consideration the quantity and nature of the curriculum through the time of the student's departure. Finally, the student shall have the option of withdrawing from selected courses, receiving a pro-rated refund of tuition and fees for those courses, while also opting to receive a grade or incomplete in other courses in which the student is enrolled.

4. STUDENTS RECEIVING FINANCIAL AID

Notwithstanding any provision to the contrary in this Policy, administration of financial aid with respect to any eligible student shall be consistent with federal and state law. Students otherwise

eligible for these benefits and receiving financial aid should immediately contact the financial aid office on their respective campuses, where each case must be addressed individually based upon the particular rules applicable to the relevant student. The campus financial aid offices shall address these matters in such a way so as to minimize the financial hardships to the student, while complying with the applicable law and regulations.

5. PUBLICATION

This Policy shall appear in all student catalogs and placed on the websites of Central Administration and each Campus.

6. SYSTEM APPLICATION

This Policy applies to all administrative units of the University of Nebraska. Each campus may provide supplemental policy guidance, consistent with this Policy, designed to implement the provisions herein, including guidance relating to fees associated with meals and housing, textbooks, parking, lab and course fees, as well as other ancillary fees.

Dated this 17th day of October, 2001.

Undergraduate Registration Requirements

Undergraduate Registration Requirements

Prior to the start of classes each session, students must register for courses according to instructions published on the University of Nebraska at Omaha (UNO) website. To be eligible to register, a new or re-admitted student (one who has not enrolled during the previous two years) must have completed all admission requirements. Prior to registering, a student should seek assistance from an academic advisor within his/her college. Some colleges and departments require advising prior to registering. Every student is encouraged to review the requirements for his/her intended degree with an assigned academic advisor. This review should be scheduled in preparation for and prior to each registration period.

Students who have outstanding debts or fees owed to the University of Nebraska System will not be permitted to register until these obligations have been met. Academically suspended students will serve a one-year suspension. Following this suspension period, these students will need to schedule an advising/reinstatement meeting with the College from which they were suspended in order to have their reinstatement hold released and be eligible to register for classes. If academically suspended students have not taken classes within the last two years, they will need to reapply to UNO first and then schedule their advising/reinstatement meeting.

Due to limited facilities and staff, the university cannot guarantee all students will be able to enroll for every course they wish in each semester.

Undergraduate Class Standing

A student's academic classification is determined by the number of semester hours of academic credit earned.

Academic Classification	Range in Semester Hours
Freshman	0 through 26
Sophomore	27 through 57
Junior	58 through 90
Senior	91 or above

Undergraduate Student Academic Course Load

1. A normal student load is 12 to 18 credit hours.

2. Full-Time Undergraduate students must be enrolled for a minimum of 12 credit hours in a fall semester, spring semester, or summer term to be considered a full-time student.

Half-Time Undergraduate students must be enrolled for a minimum of 6 credit hours in a fall semester, spring semester, or summer term to be considered a half-time student.

3. Students shall not carry 18 or more semester hours of work during the fall semester, 19 or more semester hours during the spring semester and 12 semester hours during the summer sessions unless they have maintained an average of "B" (3.0) in a regular 15-hour load during the preceding semester. Permission to register for additional semester should be obtained from the student's academic advisor.

4. Audit hours do not apply in counting hours for full-time status.

Undergraduate Students Declaring and Changing a Major

Undergraduate students are strongly encouraged to identify major areas of study in conjunction with their academic advisors early in their academic career. In order for an undergraduate student to make a change to the declared major or minor program of study, he/she will need to speak to the department that houses the program.

An appointment with an academic advisor may be required and is suggested in order to review requirements. Once a student has decided to make the change official, the academic advisor will submit a Change of Program eForm in MavLINK on their behalf. This eForm will route to any necessary approvers for review before being processed by the Office of the University Registrar. The student and submitting advisor will receive email notifications once the change has been processed.

Undergraduate Transfer Credit

Transfer Credit Policies and Procedures

- Credits submitted only on official transcripts from other colleges or universities will be evaluated for admission to an undergraduate college by the Office of Admissions. Transcripts will become a part of the student's permanent record maintained in the Office of the University Registrar. Transfer hours (and hours not accepted for transfer) from another institution are included in the overall GPA when determining honors for graduation. Final determination of transfer credit acceptance is ultimately made by an academic advisor in the student's area of study.
- In general, credits and grades earned at other University of Nebraska campuses will be accepted, computed into the student's grade point average, and will become a part of the permanent record from which official transcripts will be made.
- Only college-level courses with a grade of "C-" or better, CR (Credit), S (Satisfactory), and P (Pass) will be accepted for transfer from regionally accredited two- and four-year colleges and universities. (*The College of Business Administration requires a grade of "C" or better for transfer.*)
- Sixty-four (64) semester credit hours is the maximum allowed for transfer to most undergraduate UNO colleges from regionally accredited two-year colleges. The College of Engineering will allow a maximum of sixty-six (66) semester hours of credit.
- All credit hours transferable are converted to semester credit hours (e.g., one-quarter hour equals 2/3 of a semester credit).

- Each UNO college has a required number of credit hours to be completed at UNO prior to graduation.
- Students wishing to transfer credits from recognized institutions outside the United States may need to provide a course syllabus and catalog for evaluation of transfer credits.
- Accepting Credit from Non-accredited Institutions: The student's degree college within the University of Nebraska at Omaha has the ultimate responsibility for determining how all credit, including transfer credit, will apply to a specific degree program. This is on a course by course and case by case basis.

Transfer Articulation Guide

The Transfer Articulation Guide is a tool students can use to see how coursework from other colleges and universities typically transfers to the University of Nebraska at Omaha (UNO). The information is provided only as a guide and should be considered unofficial. Final determination of transfer credit acceptance is ultimately made by an academic advisor in the student's area of study. View the articulation guide (<https://www.unomaha.edu/registrar/students/before-you-enroll/transfer-credit/transfer-guide.php>).

Change of Campus

A Change of Campus application will need to be completed for any student who is attending or has attended one of the four campuses of the University of Nebraska System within the last five years and is applying for admission as a degree-seeking student at a new **NU** campus. A new application for admission will need to be completed to the new campus. Learn more about the Change of Campus application (<https://csprdn.unomaha.edu/psp/csprdn/NBX/HRMS/?cmd=logon>).

Intercampus

An Intercampus application will need to be completed for students planning to attend a new Nebraska System Campus on a temporary/visiting basis, with the intention of returning to their current/home campus. Students should complete the Intercampus application on this website (https://csprdn.unomaha.edu/psc/csprdn/NBX/SA/s/WEBLIB_PTBR.ISCRIPT1.FieldFormula.IScript_StartPage/?ghcmd=saml). Intercampus is for one term of enrollment only.

General Education Transfer Policy

Students admitted to UNO with a Bachelors degree from a regionally accredited institution will have fulfilled UNO's general education requirements. Such students must still complete any general education requirements specified within their specific program of study, and any required prerequisites or other requirements stated in UNO's Undergraduate Catalog.

Students admitted to UNO with an Associate of Arts (AA) or Associate of Science (AS) degree from a regionally accredited institution will have fulfilled UNO's lower division general education requirements. Such students must still complete any upper division general education requirements, general education requirements specified within their specific program of study, and any required prerequisites or other requirements stated in UNO's Undergraduate Catalog.

Advanced Placement Credit

The Advanced Placement Program is based on the belief that many students are capable of completing college-level courses while still in high school. With this belief in mind, the College Entrance Examination Board assists high schools in planning such courses and provides examinations for them.

The University of Nebraska at Omaha (UNO) participates in the Advanced Placement (AP) program of the College Entrance Examination Board

(CEEB). Advanced Placement credit is based on criterion examination(s) administered by CEEB.

Students should contact their college advisor regarding the application of these credits to their academic program. Students must have official copies of their scores submitted to the Office of Undergraduate Admissions by College Board in order for credit to be awarded. To obtain copies of official grade reports, you can contact College Board directly at 888.CALL.4.AP.

The Office of University Registrar manages the Advanced Placement Program (<http://www.unomaha.edu/registrar/students/before-you-enroll/transfer-credit/advanced-placement-credit.php>) at UNO.

American Council on Education (ACE) Credit

Acceptance of transfer credit from American Council on Education (ACE) evaluated courses will be determined on a case-by-case basis by the individual academic unit/College in which the student is majoring.

College Level Examination Program

The University of Nebraska at Omaha (UNO) grants college credit for specific College Level Examination Program (CLEP) Exams with an acceptable score.

CLEP exams are given by appointment in the UNO Testing Center. Learn more about UNO CLEP exams and how UNO grants credit (<http://www.unomaha.edu/registrar/students/before-you-enroll/transfer-credit/clep-credit.php>).

DANTES Subject Standardized Tests (DSST)

The DANTES Subject Standardized Tests (DSST) is an effective method to provide your college with evidence of prior learning

Learn more about DSST here. (<https://www.unomaha.edu/registrar/students/before-you-enroll/transfer-credit/dsst.php>)

Credit by Department

Credit by Department allows students the opportunity to gain academic credit for prior learning they have acquired by self-study or experience. Tests may be taken in many subject areas, and credit may be earned by achieving acceptable scores on these tests. Departments may also establish other ways than an exam for a student to show proficiency and earn academic credit. Contact the Department to see what opportunities exist. Benefits include saving tuition dollars and shortening the time it takes to earn a degree.

Learn more about Credit by Department here. (<https://www.unomaha.edu/enrollment-management/testing-center/credit-by-examination/challenge-exam.php>)

Military Credit

Students must submit official transcripts to UNO to have military credit considered for evaluation:

- Army, Coast Guard, Navy and Marine service members, reservists, guard and veterans can request the Joint Services Transcript.
- Air Force Active Duty, Guard and Reservists or retired or separated Air Force Members may request transcripts from the Community College of the Air Force (<http://www.airuniversity.af.mil/Barnes/CCAF/>).

Military Credit will be evaluated by the student's advisor in the college upon admission.

Retroactive Credit

Retroactive Credit in English, Spanish, French, German, and Calculus is available for eligible students, based on specific criteria and processes, outlined in each of the departmental links below. A common required criteria of all departments is the successful completion of specified higher level coursework at UNO in the relevant subject.

Please see the links below and contact the specific department(s) for more information.

- Department of English Retroactive Credit Information (<http://www.unomaha.edu/college-of-arts-and-sciences/english/first-year-writing/retroactive-credit.php>)
- Department of World Languages Retroactive Credit Information (<https://www.unomaha.edu/college-of-arts-and-sciences/world-languages-and-literature/academics/retroactive-credit.php>)
- Department of Mathematics Retroactive Credit Information (https://www.unomaha.edu/college-of-arts-and-sciences/mathematics/_files/docs/retroactive-credit-math-form.pdf)

Information on how to request eligible retroactive credits, once listed criteria have been met, is outlined within each of the above links.

International Baccalaureate

The International Baccalaureate (IB) program is a comprehensive and rigorous curriculum leading to exams for students aged between 16 and 19. Students who participate in this program enroll in specially designed courses through their high school and take international exams in May.

- The University of Nebraska at Omaha (UNO) cooperates with the International Baccalaureate Program (IB) in its curriculum and examinations program.
- The results of the IB scores are furnished to UNO at the request of the student.
- The number of earned credits a student will receive at UNO will be determined by the performance in the IB course and the score received on the exam.
- To earn transfer credit, a score of five (5) or higher, in most exams, is required.
- Credit will be granted for both the Standard Level (SL) and the Higher Level (HL) scores.

More detailed information can be found on the International Baccalaureate website (<https://www.ibo.org/>).

Learn more about how UNO accepts International Baccalaureate (<http://www.unomaha.edu/registrar/students/before-you-enroll/transfer-credit/international-baccalaureate-program.php>) exams.

Cambridge International

The Cambridge International (CI) Program is a curriculum leading to exams that reward students for their engagement in this rigorous college preparatory exam. High school students can take AS & A Level courses and exams to potentially earn college credit or advanced placement. Students who participate in this program enroll in specially designed courses through their high school and take international exams in June or November. Cambridge International A Level is typically a two-year course, and Cambridge International AS Level is typically one year.

- The University of Nebraska at Omaha proposes cooperation with the Cambridge International Program in its curriculum and examinations.

- The results of the CI scores will be furnished to UNO at the request of the student.
- The number of earned credits a student will receive at UNO will be determined by the performance in the CI course and the score received on the exam.
- Credit will be granted for the Exam in coordination with the specific department reviewing the request.

More detailed information can be found on the Cambridge International (<https://www.cambridgeinternational.org/programmes-and-qualifications/cambridge-advanced/>) website.

Graduate Registration Requirements

Graduate Registration Requirements

Learn more about registration requirements here (p. 975).

Graduate Academic Program Requirements

- **Master's, EdS, and Certificate Programs (p. 976)**
- **Doctoral Program Committee and Course Plan (p. 978)**

Course Information

Course Numbering System

The system of course numbers is arranged to indicate the level of instruction. The first figure in each number designates the group to which a course belongs:

Numbering	Description
1000-1990	Courses open primarily to freshmen
2000-2990	Courses open primarily to sophomores
3000-3990	Courses open primarily to juniors
4000-4990	Courses open primarily to seniors
8000-9990	Courses open only to graduate students

From time to time courses may be added or dropped from a curriculum. All courses listed in this catalog cannot be offered each semester. Some departments indicate which semester the course is normally offered. While the departments will attempt to follow the guidelines established for periods of course offerings, there is no guarantee the course will be offered during the semester indicated. Furthermore, students cannot be guaranteed placement in a course offered during a particular semester.

Explanation of Credit Course Numbers

Courses available for graduate credit are those which have been approved by the UNO graduate faculty or its designee. Students will not be allowed to upgrade or retake courses previously taken for undergraduate credit so

that they can be used for any purpose where graduate credit is required. Undergraduate courses cannot be used toward a graduate degree.

Dual-listed Courses

Dual-listed courses are courses open to both undergraduate and graduate students. There are two types of dual-listed courses:

1. Courses numbered at the 3000 level which are dual listed with courses starting with the number eight (8) and ending with a five (5) – (3xxx/8xx5).
 - a. No more than two (3xxx/8xx5) courses are allowed on a master's degree plan of study.
2. Courses numbered at the 4000 level which are dual listed with courses starting with the number eight (8) and ending with a six (6) – (4xxx/8xx6).

It is expected that students enrolled for graduate credit will do work at a higher level than that which is expected of undergraduate students in the same course.

Graduate-only Courses

Courses numbered with an eight (8) or nine (9) and ending with a zero (0) – (8xx0 or 9xx0) – are normally restricted to graduate students only. At least one-half the hours of course work on a plan of study must be in courses normally restricted to graduate students only.

With special permission from the dean for graduate studies, exceptional juniors and seniors may enroll in graduate courses.

Courses numbered (8xxx or 9xx1) are normally for advanced master's and doctoral-level students. If taken at the master's level, the course cannot be taken again at the doctoral level.

Credit/No Credit Option for Courses Offered for Graduate Credit (p. 976)

Credit Hour Definition

Federal Definition

The University of Nebraska at Omaha (UNO) uses the federal definition¹ of a credit hour, which states:

A credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally-established equivalency that reasonably approximates not less than:

1. One hour² of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately 15 weeks;
2. Or at least an equivalent amount of work as required in paragraph (1) of this definition for other activities as established by an institution, including laboratory work, internships, practica, studio work and other academic work leading toward the awarding of credit hours.

Hour Definition

One credit hour is equivalent to one hour (50 minutes minimum) of lecture and two (2) hours of out-of-class work each week. For all standard 15-week semesters of instruction, and for non-standard (condensed) and online courses the following contact times (minimums) are assigned for every one (1) credit hour based upon the specific type of learning activity:

- Synchronous Classroom: one hour of contact time and two hours of out-of-class work for each week of instruction

- Laboratory: two to four hours of contact time for each week of instruction
- Research/Field Work/Internships/Practica: two to four hours of contact time for each week of instruction
- Clinical: two to four hours of contact time for each week of instruction
- Simulation: two to four hours of contact time for each week of instruction
- Other Activities: three hours of contact time for each week of instruction (Exam time can be considered part of contact time if an instructor chooses to count time spent on assessment as part of contact time)
- Asynchronous Education (e.g., Online or Distance Learning): three hours of student work for each week. Student work includes reading, research, online discussion, instruction, and assigned group activities, preparation of papers or presentations, and exams.
- Hybrid Classes (combination of synchronous and asynchronous education): Combination of face-to-face and assigned student work (see asynchronous) equivalent to three hours for each week.
- Non-standard semesters (e.g., eight week; five week, etc): Contact hours will be equivalent to the contact time established for the standard 15-week semester.

Process

Credit hours for all UNO for-credit courses are established as part of the course development and approval process. The process begins with the departments/schools and then approval by the appropriate college(s) educational policy committee and dean. The University Educational Policy Advisory Committee (EPAC) is the final approval of the number of credit hours for all courses, regardless of mode of delivery. Credit hours are determined by course content/required student work that does not vary by mode of delivery. The determination/assignment of credit hours reflects the educational outcome of the course and the time required for a typical student to achieve the course's desired outcomes. Any changes in credit hours for a course (reduction or increase) is considered a substantial change to the course that requires an updated master syllabus to reflect the change in content and approval by the University Educational Policy Advisory Committee.

¹ Electronic Code of Federal Regulations

² A class hour at the University of Nebraska at Omaha is typically 50 minutes

Course Components

- **Activity** - Instructor-facilitated course generally focused on "learning by doing" with significant student/instructor interaction. Musical or dance groups or fitness-related courses often are assigned this course component.
- **Cooperative Education** - Course includes alternating periods of instructor-supported classroom learning and paid work experience directly related to the student's field of study. (May be eligible as variable credit)
- **Discussion** - A regularly scheduled section of a larger course, designed for activities such as group discussion, demonstrations or case studies. Discussions do not carry credit and are not stand alone courses. They are linked to a credit bearing course. Discussion sections generally contain fewer students than the course to which they are linked.
- **Dissertation** - Course is taken as part of a student's individual research project, generally in preparation for a written presentation of research results and required for completion of a specific degree program or special distinction in that program. (May be eligible as variable credit).

- **Ensemble** - Course is facilitated by the instructor and generally focused on significant small group or individual student/instructor interaction. Musical groups often are assigned this course component. (May be eligible as variable credit).
- **Field Experience** - Field experiences are generally required as part of an academic program such as counseling, psychology, or education. (May be eligible as variable credit)
- **Independent Study** - Course is designed to meet the needs of an individual student and may include individualized instruction or directed readings. (May be eligible as variable credit)
- **Internship** - Course includes work experiences related to a student's major or career goal. The internship typically involves a student working in a professional setting under the supervision of practicing professionals. (May be eligible as variable credit)
- **Laboratory** - Course is a classroom session(s) associated with a credit bearing course, often a lecture, which requires separate enrollment. Students participate in hands-on experiments or activities that illustrate or augment the material presented in the corresponding lecture or in their program overall.
- **Lecture** - Course is instructor-led course and may include interactive pedagogy to engage students but is primarily guided by the instructor.
- **Lecture/Lab** - A class that contains an integrated lecture and some hands-on components but does not require a separate meeting time like a traditional lab. The lecture/lab (combo) is scheduled like a lecture.
- **Master's Thesis** - Course hours are taken as part of a student's individual research project, generally in preparation for a written presentation of research results and required for completion of a specific degree program or special distinction in that program. (May be eligible as variable credit)
- **Practicum** - Course hours are practical, supervised training designed to supplement formal study. Students learn practical applications of classroom material and gain skills and knowledge relevant to their course of study. (May be eligible as variable credit)
- **Research** - Course is research directed all, or in part, by student(s) with instructor supervision. (May be eligible as variable credit)
- **Studio** - Course is instructor led and generally focused on significant small group or individual student/instructor interaction. Music or Art courses often are assigned this course component. (May be eligible as variable credit).
- **Seminar** - Course is instructor led with a small number of students collectively exploring a topic or field of study, and may be directed all, or in part, by the enrolled students.

Course Prerequisites

Course prerequisites are automatically met based on previous coursework completed while at UNO or through transfer credit as determined by the student's advisor.

If the attempted enrollment results in an error indicating that prerequisites have not been met, students must contact their academic advisor or college advising office.

If a student is allowed to enroll without the necessary prerequisites, a permission number must be issued by the academic advisor or the department and entered into MavLINK during the enrollment process.

Course prerequisites can be found by viewing the online catalog, or by logging into MavLINK, selecting "Class Search" and clicking on the title of a course listed.

Course Syllabus

Students should receive, or have access to, the course syllabus with basic information about the course, including textbooks required, assignments, evaluation protocols, and the basic schedule.

Course syllabi are aligned with the master syllabus, but provide specific information for a particular semester and instructor. Master syllabi are on file with the university and are used for accreditation purposes. Contact your instructor or the department chair/school director for a copy of the master syllabus. Review Board of Regents Bylaw 5.3 about Academic Evaluation which can be found in the Statement of Student Rights and Responsibilities section in this catalog.

Academic Calendar

Academic Calendar website
(<https://www.unomaha.edu/registrar/academic-calendar.php>)

The Academic Year

Typically, an academic year consists of the fall and spring semesters, each consisting of approximately 15 weeks. The unit of instruction is the semester hour. Learn more about the Credit Hour Definition (<https://www.unomaha.edu/registrar/faculty-and-staff/class-schedule/credit-hour-definition.php>).

Prep Week Policy

The last week of regularly scheduled classes during fall and spring semesters is designated as Prep Week. Except for makeup examinations, tests in self-paced courses, or laboratory exams, no major examination accounting for more than 20% of a student's grade may be given during this period. Papers, projects or presentations assigned at least two weeks in advance of Prep Week may be due during this period.

No final exams are to be given during this period as final exams must be offered during Final Exam week at the time assigned by the Registrar.

<https://www.unomaha.edu/campus-policies/prep-week.php>

Final Exams

The last week of fall and spring semesters is designated as Final Examination Week. Instructors of totally online classes should arrange their final exams during Final Exam Week. Instructors of partially online classes should contact the Office of the University Registrar to find an on-campus exam location if necessary. Exams for summer or special session courses will be held on the last meeting day of the course.

Students should check the Final Exam schedule (<https://www.unomaha.edu/registrar/students/after-enrollment/final-exam.php>) at the beginning of each semester. Finals exam days and times may vary from the regular class days/times. If there are conflicts with the scheduled exams, students should contact their instructor early in the semester to resolve the conflict.

Grades

Grading Scale

Grades are determined by the daily record of the student and the record made on quizzes, mid-semester and semester examinations. The weight

attached to each of these factors is determined solely by the instructor of the course.

The grading system is as follows:

Symbol	Definition	Quality Points
A+	outstanding	4.0
A	outstanding	4.0
A-	outstanding	3.67
B+	proficient	3.33
B	proficient	3.00
B-	proficient	2.67
C+	satisfactory	2.33
C	satisfactory	2.00
C-	satisfactory	1.67
D+	below standard	1.33
D	below standard	1.00
D-	below standard	.67
F	failing	0
CR	credit	*
NC	no-credit, failing	*
NR	no grade reported	*
S	satisfactory: Grade of "C" or better for graduate "D" or better for undergraduate	*
U	unsatisfactory, failing	*
AU	audit	*
I	incomplete: Follow rules listed in catalog; cannot be changed to "IP;" can be extended by one semester by instructor request to Registrar.	*
IP	course in progress: Used for thesis, independent study, research project, or other arranged course; applies to both graduate and undergraduate; remains indefinitely.	*
W	withdrew (good standing)	*
R	repeated course	*

* - not used in calculating grade point averages

Undergraduate Incompletes

To receive an "incomplete," students must contact their professor prior to the end of the semester, request a grade of incomplete, and make arrangements to complete the work. The rules which govern the issuance of the incomplete are as follows:

1. The grade "I" is used by an instructor at the end of a semester or summer session to designate incomplete work in a course. It is given when a student, due to circumstances such as illness, military service, hardship or death in the immediate family, is unable to complete the requirements of the course in the term in which the student is registered for credit. Incompletes will only be given if the student has already substantially completed the major requirements of the course.
2. Each instructor will judge each situation. The instructor will also indicate by a departmental record, with a copy to the student, how the

incomplete is to be removed, and if the instructor is at the University at the time of removal, supervise the makeup work and report the permanent grade.

3. In the event the instructor is not available at the time of the student's application for removal of an incomplete, the department chairperson will supervise the removal of the incomplete and turn in the permanent grade for the student.
4. A student shall have no longer than the end of the next regular semester following receipt of the "I" to remove the incomplete. After that time, the "I" will automatically become a "W," or such other grade specified by the instructor depending on the amount and quality of the course work previously completed. Exceptions to this rule will be permitted if initiated by the student and approved by the instructor, department chairperson, and dean. Exceptions to this rule will be made only in response to circumstances over which the student has no control, and these must be detailed.
5. In registering for courses, students receiving one or more "I" grades from the previous semester should take into account the time needed to complete the required work and plan their schedules accordingly.
6. Courses with Incompletes do not count towards credit hours in future semester's when determining enrollment status.

Graduate Incompletes (p. 980) Undergraduate Credit/No-Credit (CR-NC)

For information on Credit/No Credit Grades and Rules Governing Credit/No Credit, visit the Credit/No Credit Policy website (<https://www.unomaha.edu/registrar/students/grading-grades/credit-no-credit-option.php>).

Grade Appeals

Each program/college has an official grade appeal process. Students should contact the department/school or dean's office to receive a copy of the policy. Students should appeal the grade to the department/school/college in which the course was offered.

Repeating Courses – UNO Policy on Grades Undergraduate Courses

When an undergraduate course is repeated, only the most recent grade will be calculated into the GPA.

- Letter-graded courses must be repeated for a letter grade.
- ALL courses and grades will continue to be a part of the student's permanent record (transcript).
- When determining eligibility for graduation with honors, every grade awarded is computed into the GPA.
- Repeats must be completed before a degree is granted. Once a degree is granted, repeated courses will not change the GPA established at the time the degree was awarded.
- Students may replace grades earned at another University of Nebraska system campus if the articulated equivalent course is taken at UNO. Students should consult with an advisor prior to enrolling in courses at UNO to ensure that the direct equivalent course is taken. Upon completion of the course, either the student or the advisor must contact the Office of the University Registrar, 105 Eppley Administration Building, to have the previous grade removed from the GPA.

Undergraduate Courses - Special Exceptions

Some courses, such as thesis, internship, physical activity, special topics, or independent study may be repeated without removing the previous grade. Visit the repeatable courses website (<https://www.unomaha.edu/registrar/>)

students/during-enrollment/repeatable-courses.php) for a complete list of these courses. For these undergraduate courses, only grades of F will be removed automatically when these courses are repeated. All other repeats must be done by contacting the Office of the University Registrar, 105 Eppley Administration Building.

Graduate Courses - General Rule

Only grades of Cs, Ds, and F can be repeated, and only the most recent grade will be counted into the GPA.

- Letter-graded courses must be repeated for a letter grade.
- All courses and grades will continue to be a part of the student's permanent record (transcript).
- Repeats must be completed before a degree is granted. Once a degree is granted, repeated courses will not change the GPA established at the time the degree was awarded.

Graduate Courses - Special Exceptions

For courses such as thesis, internship or independent study, repeats are subject to the same rules as listed above under General Rule. Repeats in this category cannot be done automatically. Students must contact the Office of the University Registrar, 105 Eppley Administration Building.

Undergraduate Grade Point Average (GPA)

UNO GPA

The GPA included on the student's transcript reflects courses taken only in the University of Nebraska System (UNO, UNL, UNMC and UNK).

Undergraduate Degrees with Honors GPA

Grades awarded in ALL courses taken at ALL colleges and universities attended are included in computing the GPA for determining eligibility for graduation honors. This cumulative GPA takes into account a student's complete academic history, including course repeats.

Undergraduate No Report "NR" Grades

If a No Report "NR" grade is reflected on a grade report, the student should immediately report it to the faculty member. A grade of "NR" is not a terminal grade and must be changed to the appropriate letter grade.

Undergraduate Academic Amnesty

Each college has established a policy and procedures for students who wish to declare academic amnesty for one or more semesters. Students should read the Academic Amnesty policy for their college in this catalog or contact their Dean's Office. Students who declare Academic Amnesty are not eligible to graduate with honors. Academic Amnesty can only be applied to the student's educational record one time.

Undergraduate Academic Performance

A student must maintain a cumulative Grade Point Average (GPA) of 2.00 or above to remain in "good academic standing" at the university. However, the colleges may require a higher grade point average.

For purposes of participation in recognized extracurricular activities, "good academic standing" is defined as a cumulative GPA of at least 1.75 for the first 45 hours attempted and at least 2.00 for 46 or more hours attempted, including all college-level courses taken for credit at the University of Nebraska.

Undergraduate Probation and Suspension

Academic Probation

A student whose cumulative grade point average is below 2.00 after having attempted six or more semester hours will be placed on probation.

Probationary status will remain in effect as long as the student's cumulative Grade Point Average (GPA) remains below 2.00. No student will be allowed to enroll for any course on a pass/fail or Credit/No-Credit basis while on probation. Probation constitutes a period of formal warning that the student is doing unsatisfactory work.

The student is encouraged to use every opportunity during time on probation to seek counsel and guidance from various university agencies which have been established to offer assistance in study and academic planning. For information on such services, the student should consult with his or her academic advisor or counselor.

Academic Suspension

Students will only be suspended at the end of the spring term. This rule applies to all UNO colleges, including the Academic and Career Development Center and all University of Nebraska-Lincoln based programs in the Colleges of Architecture, Agriculture, and Engineering.

Students who are on probation will be suspended at the end of the spring semester when their semester Grade Point Average is lower than 2.0 and the cumulative Grade Point Average (GPA) falls below the following standards:

Hours Attempted	Cumulative GPA
0-12	No Suspension
13-45	1.75
46 or more	2.00

Suspensions under these conditions will be automatic. Academic suspension will be for a minimum period of one year.

Students will be notified by their primary academic college of their suspension and given instructions on how to appeal, should they choose to do so, and any appropriate deadlines associated with an appeal.

Appeals properly filed shall delay implementation of the suspension until the appropriate appeals committee has acted. However, if the appeal is denied the student shall be dis-enrolled and tuition shall be refunded.

Undergraduate Reinstatement Following Academic Suspension

Students wishing to be reinstated following their one-year suspension from the University of Nebraska at Omaha shall schedule an advising/reinstatement meeting with the College from which the student was suspended. It is recommended the student schedule an advising/reinstatement meeting at least one month prior to the official beginning of the semester or term for which the student is applying (refer to academic calendar for specific dates) in order to have their reinstatement hold released and be eligible to register for classes. If academically suspended students have not taken classes within the last two years, they will need to reapply to UNO first and then schedule their advising/reinstatement meeting.

Undergraduate Academic Honors

Full-Time Dean's List and Part-Time Dean's List

Students seeking their first bachelor's degree are eligible for this academic honor. Students must earn a minimum of 12 quality hours with a minimum Grade Point Average (GPA) of 3.50 in a given fall or spring semester for full-time students, and consecutive fall or spring semesters for part-time students. These academic honors are not offered during the summer term. Part-time students whose honors are considered on a continuous enrollment will have summer hours included in their calculations for Dean's List. Dean's Lists are posted to the academic record only during the fall and spring semesters. Contact UNO's Office of the University Registrar, 105 Eppley Administration Building, with any questions.

Full-Time Chancellor's List and Part-Time Chancellor's List

Students seeking their first bachelor's degree are eligible for this academic honor. Students must earn a minimum of 12 quality hours with a minimum Grade Point Average (GPA) of 4.0 in a given fall or spring semester for full-time students, and consecutive fall or spring semesters for part-time students. These academic honors are not offered during the summer term. Students earning the Chancellor's List honor will also earn the corresponding full-time or part-time Dean's List honor. Contact UNO's Office of the University Registrar, 105 Eppley Administration Building, with any questions.

How to View Official Grades

Students can view grades via MavLINK immediately after they are posted by the instructor. Official Grades are available in MavLINK under the Academics tab or on the Unofficial Transcript. Final grade reports are not mailed out to students nor can grades be provided over the phone.

Repeating a Graduate Course (p. 980)

Official Academic Transcripts

Transcripts contain academic information such as coursework, grades, credit hours, Grade Point Average, and UNO degrees earned.

Before an official transcript can be released, certain administrative obligations to the University of Nebraska System must be resolved. Holds can be viewed through MavLINK.

UNO transcript requests can only be completed online. Requests made via phone, email, or fax are not accepted. Transcripts can be ordered by students via MavLINK.

Learn more about ordering your transcripts online (<https://www.unomaha.edu/registrar/students/transcripts-and-records/order-a-transcript.php>).

Graduate Quality of Work Standards (p. 981)

Graduate Academic Appeals (p. 982)

Undergraduate Graduation

120-Hour Requirement for Undergraduate Degree

The number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year. See Degree Completion Guarantee below.

Bachelor's

An undergraduate degree awarded by a college or university upon successful completion of a program of study. Common degree types include bachelor of arts (B.A. or A.B.), and bachelor of science (B.S.). A bachelor's is required before starting graduate studies.

Major

A program of courses that meets the requirements for a degree in a particular field of study.

- Majors consist of a minimum of 30 hours of undergraduate or graduate coursework;
 - Majors are discipline and content specific with a coherent plan of study;
 - (Ensure that the program of study follows the appropriate undergraduate or graduate academic guidelines)
 - Majors have limited overlap with other majors;
 - Majors provide both depth and breadth within a specific-content area; and
 - Majors are not printed on diplomas, but recognized on transcripts.
-

Concentrations

Are a subset of a major with a limited number of hours required in a focused area.

- Concentrations generally consist of 12-18 undergraduate credit hours or at least 9 graduate credit hours. The BMS concentrations have 30 hours of coursework;
 - Concentrations share a core set of requirements for the major;
 - Concentrations may overlap with other concentrations within a major;
 - Concentrations have some distinct or unique requirements that differentiate from other concentrations or within the major; and
 - Concentrations are recognized on transcripts.
-

Minors

A program of study requiring fewer courses than a major. Some majors require a minor and other majors do not require a minor.

- Minors generally consist of 15-18 hours of undergraduate coursework, must include 9 hours as 3000 level or higher, or 9 hours of graduate coursework;
 - Minors provide an opportunity for a secondary set of skills and knowledge in addition to a major;
 - Minors cover an area outside of the major; and
 - Minors are recognized on transcripts.
-

Certificates

- Certificates generally consist of 12-18 hours of coursework;
 - (Ensure that the program of study follows the appropriate undergraduate or graduate academic guidelines)
 - Certificates provide an opportunity for a recognized specific set of skills and knowledge;
 - With departmental approval, the certificate coursework may be applied to a graduate or undergraduate degree program; and
 - Certificates provide an independent or professional credential that is awarded in addition to, or independently from, a graduate or undergraduate degree.
-

Degree Completion Guarantee Board of Regents Resolution

The four-year guarantee for undergraduate graduation is the University of Nebraska's promise, to those students who so desire, to do our part to support your academic journey and completion of an undergraduate degree within four years. While every student's path is different, degree plans support students who are planning to complete their degree in four years, as well as support students who prefer their own flexible schedule.

For those students looking to complete a degree within four years, it is, of course, critical to have appropriate high school preparation, pursue a course of study that is intended for four-year completion and follow these prudent practices:

- Select a major early (by your third semester) in college and stay with that major.
- Fulfill the bachelor's degree requirements* and general studies requirements as outlined in the academic catalog.
- Follow the four-year course of study plan published by your major and pass all required courses on the first attempt (no deficient grades as defined by your major).
- Meet with your advisor every semester and respond promptly to all communications from academic advisors, the registrar, and Advising and Career Services staff.
- Sign up for classes during each semester's priority period.
- Register for and complete at least 15 credit hours per semester for eight semesters with acceptable grades.
- When a required course is not available, notify the department chair in a timely fashion (one week).
- Not be subject to any disciplinary action per the Student Code of Conduct during your time as a student that restricts your academic progress.
- Apply for graduation by the deadline.

In turn, the university guarantees the student will be able to enroll in courses that permit graduation in four years. If that is not possible, the university will provide alternatives or substitutions. If a student fulfills the requirements detailed above and isn't able to graduate in four years, the University of Nebraska will cover 100% of tuition for any additional course(s) needed to graduate. Of course, not all students are in a position or desire to graduate in four years. Some may need or prefer to engage in experiential or service-learning opportunities, represent their school on a collegiate team, or work more hours and attend school part-time, or they may be enrolled in a program that requires more than four years. Others may choose a different pace or the opportunity to take a wider range of courses that are not directly related to their field of study. Additionally, those students seeking dual degrees or multiple majors may need more time to complete their work. This program is designed for those who want to complete their degree program as quickly as possible.

The Four-Year (<https://nebraska.edu/offices-policies/provosts-office/academic-affairs/graduation-guarantees/>) Graduation Guarantee (<https://nebraska.edu/offices-policies/provosts-office/academic-affairs/graduation-guarantees/>) was approved by the University of Nebraska Board of Regents in 2002. The program recognizes the importance of Nebraska undergraduate students being able to earn their bachelor's or first-professional degrees in timely fashion.

* Unless specified by an accreditor and approved by the Provost, the Board of Regents requires that University of Nebraska undergraduate programs be completed in 120 credit hours.

Process of Declaring Additional Majors

A student wanting to declare an additional major must first check with the department of the desired major to determine if it is allowed, then the student's advisor must complete a Change of Program eForm within

MavLINK, which will route to the necessary approvers before it is processed by the Office of the University Registrar. The student and submitting advisor will receive an email notification once the change is processed.

Combined Major Degree

- **Structure:** A combined major integrates courses from two different disciplines into a single program. The curriculum is designed so students take key courses from both areas, but the total number of required credits is usually less than the sum of taking both majors separately.
- **Degree:** Students earn one degree with a title that reflects the combination of both fields (e.g., Bachelor of Arts in Philosophy and Political Science).
- **Focus:** The program focuses on interdisciplinary education, encouraging students to see the connections between the two fields.
- **Duration:** This degree is 120 credit hours with 27 credit hours from one discipline, 27 credit hours from the second discipline, and 3 hours of interdisciplinary credit. Accredited programs may require more credits.
- **Flexibility:** The student can study two disciplines that are intentionally connected.

Double Major Degree

- **Structure:** A double major involves completing the requirements for two distinct majors within the same degree. Students take all required courses for both majors, but they graduate with one degree. The student designates the primary major follows all requirements for that degree and adds the secondary major from any college.
- **Degree:** Students earn one degree with two majors listed at the time of completion.
- **Focus:** Allows students to gain substantial knowledge and skills in two separate disciplines.
- **Duration:** Typically, this can be completed within the standard four-year timeframe for a bachelor's degree, although it may require careful planning and potentially a heavier course load.
- **Flexibility:** The student can select from a broader range of electives and specialized courses within each major.

Undergraduate Dual Degrees

- **Structure:** For UNO to award a dual degree, a student needs to meet all the college requirements for both degrees.
- **Degrees:** The University awards dual degrees to students who are earning different degrees. For example, it is possible for a student to be awarded both a Bachelor of Science (BS) degree with a major in Biology and a Bachelor of Science in Education (BSED) degree with a major in Elementary Education since these are two separate degrees.
- **Focus:** Students may want to focus on two degree areas that complement each other but are not available as a one degree double major. This option allows for both degrees to be awarded at the time of degree completion.
- **Duration:** This structure allows students to complete more than one degree at the same level and therefore usually requires additional credits and possibly different college-level requirements.
- **Flexibility:** The student can combine any offered degrees for this option.

Candidacy for a Second Baccalaureate Degree

A student who has met the requirements for a baccalaureate degree at the University of Nebraska at Omaha may earn additional, different baccalaureate degrees by completing a minimum of 30 additional semester hours at the University for each additional degree, and by also satisfying all degree requirements for each degree. At the undergraduate level, each degree earned must be unique.

A plan of study for the additional hours, approved by the department head primarily concerned, must be filed in the Office of the Dean of the College offering the degree by the completion of the fifteenth (15th) additional hour. Students must consult an academic advisor prior to starting this program. Two baccalaureate degrees may be awarded simultaneously when the student becomes eligible to receive them.

Application for Degrees

Every student working toward a degree or certificate program at UNO, must apply for their degree in order to receive degree conferral and their diploma. All applications for degree must be filed via MavLINK. Deadlines can be found on the Academic Calendar (<https://www.unomaha.edu/registrar/academic-calendar.php>). Directions and guidelines on completing this process can be found on the Registrar website at <http://registrar.unomaha.edu/graduate.php>.

All requirements for graduation must be completed and certification by the appropriate College must be on file in the Office of the University Registrar no later than the close of business on the fifteenth (15th) working day, following the last day of finals for a particular semester. This includes the satisfaction of all grades of Incomplete.

Outstanding Debts and Fees Owed to the University

Diplomas and official transcripts will not be released for students who have outstanding debts or fees owed to the University of Nebraska System. The student is responsible for contacting the Office of Cashiering and Student Accounts at the respective campus to make arrangements to clear his/her account.

Degrees with Honors

The baccalaureate degrees with honors are awarded as follows:

- Cum laude: Have a scholastic average for their entire undergraduate career of 3.51 or above, but below 3.63
- Magna cum laude: Have a scholastic average for their entire undergraduate career of 3.63 or above, but below 3.87
- Summa cum laude: Have a scholastic average for their entire undergraduate career of 3.87 or above

To qualify for honors, a student must have earned at least 60 semester hours within the University of Nebraska system, 30 hours of which must be completed at the University of Nebraska at Omaha and in which letter grades of "A," "B," "C," or "D" are received.

Students who declare Academic Amnesty are not eligible to graduate with honors.

Grades awarded in all courses taken at all colleges and universities attended are included in computing the Grade Point Average (GPA) for determining eligibility for honors. It should be noted that the GPA included on the UNO transcript reflects only courses taken at UNO, UNL, UNMC, and UNK.

Degrees with Honors Extra Muros

These degrees are awarded to transfer students who have not completed the required 60 semester hours of credit within the University of Nebraska system required for cum laude, magna cum laude, or summa cum laude honors.

To be eligible for Honors Extra Muros the transfer students must meet both the following standards and requirements:

- Have a minimum of 24 graded credit hours from UNO
- Have a minimum of 77 graded credit hours

If those requirements have been met, baccalaureate degrees with Honors Extra Muros are awarded as follows:

- Cum laude: Have a scholastic average for their entire undergraduate career of 3.51 or above, but below 3.63
- Magna cum laude: Have a scholastic average for their entire undergraduate career of 3.63 or above, but below 3.87
- Summa cum laude: Have a scholastic average for their entire undergraduate career of 3.87 or above

Attendance at Commencement

Two commencement ceremonies are held at the University of Nebraska at Omaha during the academic year. The two ceremonies are held in May (Spring) and December (Fall). Academic regalia is required for degree candidates to participate in the ceremony. Students not wearing academic regalia will not be permitted to participate in the ceremony.

Graduate Graduation

FINANCING YOUR EDUCATION

- **Office of Financial Support and Scholarships (p. 43)**
- **Federal Financial Aid Policies (p. 43)**

Office of Financial Support and Scholarships

Office of Financial Support and Scholarships

The Office of Financial Support and Scholarships is committed to making higher education accessible by minimizing financial barriers for students so they may realize their educational goals. We strive to provide services of the highest quality to support the academic mission and goals of the university and its students.

For information about the various forms of scholarships, grants, work-study and loans, and how to apply:

Office of Financial Support and Scholarships

103 Eppley Administration Building

Omaha, NE, 68182

<https://www.unomaha.edu/admissions/financial-support-and-scholarships/types-of-aid/scholarships/index.php> (<https://www.unomaha.edu/admissions/financial-support-and-scholarships/types-of-aid/scholarships/>)

Federal Financial Aid Policies

Treatment of Title IV Aid When a Student Withdraws

Return of Funds Policy for Title IV Aid Recipients Who Withdraw

The Higher Education Amendments of 1998, as well as the program integrity regulations in 2010, established provisions which may require a certain percentage of federal financial aid (Title IV funds) to be returned to the Department of Education when a student completely withdraws from all classes. When a student is considered to have withdrawn, the University is required to determine the amount of earned and unearned Title IV aid.

Federal financial aid funds are awarded to a student under the assumption that the student will attend school for the entire period for which the assistance is awarded. When a student withdraws from all courses for any reason – including medical withdrawals – the student may no longer be eligible for the full amount of Title IV funds that they were originally scheduled to receive. If a student has received Title IV financial aid, a refund must be calculated under the Federal Return of Title IV Funds policy. The refunds are based on the number of days attended for the semester, divided by the total number of days in the semester (minus any scheduled breaks of at least five days in length). Funds are deposited back to the financial aid accounts in accordance with federal regulations.

There are three types of withdrawals that fall under the return to Title IV (R2T4) federal calculation regulations:

1. **Official Withdrawals** – student withdraws from all courses through MavLINK or contacts the Office of the University Registrar to initiate an official withdrawal.
2. **Unofficial Withdrawal** – If a student began attendance and has not officially withdrawn fails to earn a grade in at least one course offered over an entire period, the institution must assume, for Title IV purposes, that the student has unofficially withdrawn. UNO grading policy requires faculty to differentiate between two different types of failing grades – either an F (earned failing grade awarded to students who complete the course but fail to achieve the course objectives; and an FW grade (awarded to students who did not officially withdraw from the course, but who failed to participate in course activities through the end of the term). For FW grades, faculty report the last date a student last participated in any academically related activity. This date then becomes the basis for the withdrawal calculation. Therefore, a student cannot avoid the federally required return of Title IV Financial Aid by stopping out of classes but remaining enrolled and taking failing marks.
3. **Modular Withdrawals** – A student does not complete all modules the student was scheduled to attend (modules are classes that do not span an entire semester).
4. If a student is enrolled in a standard, term-based program offered in modules and ceases attendance at any point prior to completing the payment period or period of enrollment, unless the school obtains written confirmation from the student at the time of the withdrawal that he or she will attend a module that begins later in the same payment period or period of enrollment, the student is considered a withdrawal for Title IV purposes.
5. If written confirmation of future attendance is received from the student but the student does not return as scheduled, the student is considered to have withdrawn from the payment period or period of enrollment and the student's withdrawal date and the total number of calendar days in the payment period or period of enrollment would be the withdrawal date and total number of calendar days that would have applied if the student had not provided written confirmation of future attendance.

How a Withdraw from Class or School Affects Financial Aid

Though your aid is posted to your account at the start of each period, you earn the funds as you complete the period. If you withdraw during your payment period or period of enrollment, the amount of Title IV program assistance that you have earned up to that point is determined by a specific formula. If you received (or your school or parent received on your behalf) less assistance than the amount that you earned, you may be able to receive those additional funds. If you received more assistance than you earned, the excess funds must be returned by the school and/or you.

How "Earned" Financial Aid is Calculated

The amount of assistance that you have earned is determined on a pro rata basis. This calculation must be completed within 30 days of the date the school determines that the student has withdrawn. The school is required to return any unearned funds within 45 days. The calculation is completed by the Office of Financial Support and Scholarships. For example, if you completed 25% of your payment period or period of enrollment, you earn 25% of the assistance you were originally scheduled to receive. That means that 75% of the disbursed aid is considered to be "unearned" and must be returned to the federal government. The total number of days used in the calculation will exclude any scheduled breaks of 5 or more days.

Once you have completed more than 60% of the payment period or period of enrollment, you earn all the assistance that you were scheduled to receive for that period.

IMPORTANT: You may receive a partial cancellation of your tuition and fees because of your withdraw. UNO's refund policy is separate from the federal regulations on repayment of unearned aid. It is possible that financial aid

will not cover a student's balance following the return of funds calculation – even after the tuition and fees cancellation policy has been applied.

What Happens When a Student Fails to Begin Attendance?

Federal regulations require that a procedure be in place to know whether a student has begun attendance in all classes for purposes of the Federal Pell Grant Program. Instructors will be contacted to verify attendance for all Pell Grant recipients if they withdraw from class. The Pell Grant will be recalculated based on the student's enrollment status to reflect only those classes for which the student actually began attendance. Instructors will also be contacted to verify attendance for Federal Direct Loan recipients if they withdraw from all classes. If a student does not begin attendance in any class in the loan period they will lose eligibility and the Federal Direct Loan will be canceled.

Student Notification of Results of Calculation

Upon completion of the Return of Title IV Funds calculation, students will receive notification indicating the amount of aid that will be returned. UNO will return the required funds on the student's behalf to the appropriate federal program(s) by charging the student's account. Students will be able to view the return and any resulting account balance on MavLINK after the return of funds has been processed. The student is responsible for all charges resulting from a Return of Title IV calculation.

Which Funds are Subject to the Return of Funds Calculation?

The Title IV funds that are covered by this law, in order of their required return are:

1. Unsubsidized Direct Loans
2. Subsidized Direct Loans
3. Direct PLUS Loan
4. Federal Pell Grant
5. Federal Supplemental Educational Opportunity Grant (FSEOG)
6. Federal TEACH Grant
7. Federal Iraq Afghanistan Service Grant

Post-Withdrawal Disbursements

If a student has accepted Title IV, HEA financial aid by the date of the withdrawal, but the financial aid has not disbursed, the student may be eligible for a post-withdrawal disbursement. If the amount disbursed to the student is less than the amount the student earned, and for which the student is otherwise eligible, he or she is eligible to receive a post-withdrawal disbursement for the earned aid that was not received.

Under these circumstances, a R2T4 calculation must be performed to determine whether the student is actually eligible for a post-withdrawal disbursement. If your post-withdrawal disbursement includes loan funds, the University must get your permission before it can disburse them. You may choose to decline some or all of the loan funds so that you don't incur additional debt. The University may automatically use all or a portion of your post-withdrawal disbursement of grant funds for tuition, fees, and room and board charges (as contracted with the school). The University needs your permission to use the post-withdrawal grant disbursement for all other school charges.

Students will be notified of post-withdrawal disbursement eligibility within 30 days of the date of withdrawal determination. The school must return the Title IV funds within 45 days of the date the school determines the student withdrew.

Return of Title IV Funds Procedure

When a student officially, or unofficially withdraws (i.e. quits attending class), during the first 60 percent of the semester, and has received or was eligible to receive federal Title IV funds, the Office of Financial Support and Scholarships is required to perform a Return of Title IV funds calculation.

Each semester the Office of Financial Support and Scholarships will review those students who have received, or could have received Title IV assistance, and who have officially withdrawn from all classes.

Additional students who must also be considered are those who have not formally withdrawn, but have stopped attending classes (unofficial withdrawals). UNO grading policy requires faculty to report the last date a student who failed a class participated in any academic activity. Each semester an "All F" report will be run to determine students who have not officially withdrawn, but instead have unofficially withdrawn from all of their classes.

The calculation steps are as follows:

Step One: Establish the withdrawal date and determine how much Title IV aid was earned by the student. The percentage of enrollment period completed by the student is calculated by dividing the number of days a student attended by the total number of days in the semester (percent of aid earned), and then multiplying that percentage by the total amount of Title IV aid disbursed, or could have been disbursed.

Step Two: Determine the Title IV aid to be disbursed to student. If the student received less Title IV aid than earned from step one, a post-withdrawal disbursement may be made. This situation may occur in a case where federal aid was approved, or a loan certified, but not yet disbursed before the student withdrew.

Step Three: Determine the amount of unearned Title IV aid that must be returned by UNO. UNO must return the lesser of the amount of Title IV aid which the student does not earn, or the amount of institutional charges the student incurred for the semester multiplied by the percentage of Title IV aid not earned. Title IV funds that have to be returned by the school will result in a university obligation to the student. The student will receive a bill from the Cashiering and Student Accounts Office.

Step Four: Determine the amount of unearned Title IV aid to be returned by student. Any federal grant and federal loan funds that are calculated to be returned by the student will be returned by the school so a federal overpayment situation does not result and will be included in the amount billed in step three. The balance of any loan not paid by the school will go into repayment in accordance with the terms of the promissory note.

An aid recipient should contact the Office of Financial Support and Scholarships prior to withdrawal from the University. Upon request, the Office of Financial Support and Scholarships will provide written examples of various return of funds calculations.

Below is an example of the Return of Title IV Funds calculation.

<u>Title IV Return of Funds</u>	<u>Amount</u>
Institutional Charges	\$5,000
Title IV Loans	\$2,000
Title IV Grants	\$1,000
Total Title IV aid	\$3,000

Student withdrew on 29th day of a 116-day enrollment period.

Percent Earned $29/116 = 25\%$

Percent Unearned $100\% - 25\% = 75\%$

Amount of Title IV aid unearned $\$3,000 \times 75\% = \$2,250$

UNO is responsible for returning the lesser of unearned Title IV aid (\$2,250 from above) or unearned institutional charges ($\$5,000 \times 75\% = \$3,750$). UNO will return aid as follows:

- Title IV Loans \$2,000
- Title IV Grants \$250

Aid the student must personally return - student's aid is returned on his/her behalf by the school and therefore becomes part of the bill that must be repaid to the school. The balance of student's loan not paid by the school will go into repayment in accordance with the terms of the promissory note.

Standards of Satisfactory Academic Progress

Federal regulations require a student to maintain satisfactory academic progress in the course of study he/she is pursuing in order to receive federal financial assistance. The Satisfactory Academic Progress Policy standards are applied consistently within all institutionally-defined categories of students (undergraduate, master's and doctoral level students) and enrollment levels (full-time and part-time), regardless of whether the student previously received financial aid.

In order to comply with these regulations, the University of Nebraska at Omaha has established the following Satisfactory Academic Progress (SAP) policy.

Satisfactory Academic Progress Requirements

Satisfactory Academic Progress standards are reviewed annually after the final posting of Spring semester grades and apply to a student's entire academic record. Students returning to UNO following a withdrawal or dismissal will be evaluated upon receipt of the electronic FAFSA Submission Summary. To maintain eligibility, you must meet the following criteria:

1. **Grade Point Average (GPA) Standard** You must be in "good academic standing" at UNO. For undergraduates, this is defined as having an earned UNO cumulative GPA of at least 2.00. For graduate students, this is defined as having an earned UNO cumulative GPA of at least 3.00.
2. **Pace of Progression** You must have successfully completed ("D" grade or higher) at least 67% of the total credit hours which you have attempted at UNO, plus any transfer hours accepted from other schools, upon completion of the Spring semester.
 - Grades of Failing (**F**); No-Credit (**NC**); No Report (**NR**); Unsatisfactory (**U**); Incomplete (**I**); In Progress (**IP**); Audit (**AU**); and Withdraw (**W**); are considered **unsuccessful** completion of credit hours attempted. A grade of Failing (F) is used in calculating grade point averages.
3. **Maximum Time to Degree Completion** Undergraduate student must complete degree requirements within 180 attempted credit hours, master's degree students must complete degree requirements within 70 credit hours at the graduate level and doctoral students must complete degree requirements within 125 credit hours. For this requirement, students will be suspended from financial aid eligibility the semester following the semester their attempted hours exceed their limit.

Attempted hours include both hours attempted at UNO **and** any transfer hours accepted from other schools you have attended. All credit hours for repeated courses will be included in the attempted hours calculation. Also, if the number of credit hours you still need to graduate, in addition to the number of hours you have already attempted exceeds the maximum attempted hour total above, your aid eligibility will be cancelled.

A course retaken beyond the first retake of a previously **passed** course **cannot** be included in the credit hour total when determining the total number of hours for disbursement of aid. "W" grades are not considered in this retake calculation, even though they are considered in the completion rate calculation in #2 above.

Please be aware of how each of the following affect your GPA and Pace of Progression

Impact of earning an incomplete grade: An incomplete course counts as credit hours attempted but will not count as credit hours completed/earned until a passing grade has been assigned. An incomplete grade such as a withdrawn course can negatively affect a student's Pace and financial aid eligibility.

Impact of withdrawing from a course: Withdrawing from a course counts as credit hours attempted but will not count as credit hours completed/earned. A withdrawn course can negatively affect a student's Pace and financial aid eligibility.

Impact of repeating courses on GPA and Pace of Progression: Repeating a course counts as attempted credit hours for each time the course is taken. If credit is earned (repeats as well), it will also count as completed/earned credit hours in Pace and Maximum Time to Degree Completion calculations. However, a course retaken beyond the first retake of a previously **passed** course **cannot** be included in the credit hour total when determining the total number of hours for disbursement of aid.

Impact of transfer credits on GPA and Pace of Progression: only transfer credits accepted by UNO will be counted as both attempted and completed hours.

Reinstatement of Eligibility

Students who do not meet one or more of the SAP standards are no longer eligible to receive federal student aid and will be notified by email. Financial aid programs include, but are not limited to, all federal grants, loans and work-study, state grants, and most University of Nebraska at Omaha need-based grants and scholarships.

If you have incurred circumstances such as a death of a close family member, serious illness or injury to yourself, or other serious extenuating circumstances that you feel have significantly contributed to your academic situation, you may appeal the Grade Point Average Standard or Pace of Progression. **Appeals will not be allowed for maximum credit hour issues or multiple retake issues.**

Appeal Procedures:

1. All appeals are completed via your To-Do List in MavLINK.
2. The appeal must provide a **full explanation** of why the standards were not originally met, and what changes students have made to ensure all SAP standards will be met in future semesters. Supporting documentation is required and can be uploaded via MavLINK after you submit the appeal.
3. No more than **three** appeals will be allowed per student for his/her entire academic career at UNO.
4. Appeals and supporting documentation must be submitted by the following deadlines: Fall semester by October 1st, Spring semester by March 1st, and Summer semester by July 1st.

Possible Appeal Outcomes:

1. **Appeal Denied:** If your appeal is denied, you will receive an email notification as to what steps you can take, if any, to regain aid eligibility.
2. **SAP Probation:** Financial aid eligibility is reinstated for **one semester only**, with the expectation that all SAP standards will be met after that semester. Upon review, if all SAP standards are not met in this timeframe, students will then become ineligible for aid.
3. **SAP Academic Plan:** In cases where an appeal is approved, but it is not possible to meet all SAP standards in one semester, you will be prescribed an individualized academic plan. You will remain aid eligible as long as you continue to meet the plan requirements. If you cease to

meet the plan criteria before you meet the minimum SAP standards, you will become ineligible for aid.

ALL APPEAL DETERMINATIONS BY THE OFFICE OF FINANCIAL SUPPORT & SCHOLARSHIPS ARE FINAL.

Veteran Standards of Progress Policy

A veteran and/or eligible person must make satisfactory progress toward an approved educational objective. Standard of Progress will be determined utilizing the Satisfactory Academic Progress policy as listed in the college catalog consisting of overall grade point average, pace, program length, maximum time for completion, attendance and/or conduct.

Veterans Benefits and Transition Act of 2018 Policy for Veteran Students Utilizing VA GI Bill® Education Benefits

Consistent with the Veterans Benefits and Transition Act of 2018, Section 3679 of title 38, United States Code, Section 103, University of Nebraska at Omaha will not impose any penalties due to the delayed disbursement of a payment by the U.S. Department of Veteran Affairs on recipients of Chapter 31 and Chapter 33 VA Benefits. University of Nebraska at Omaha will permit any covered individual to attend or participate in the course of education during the period beginning on the date on which the individual provides University of Nebraska at Omaha a certificate of eligibility for entitlement to educational assistance under chapter 31 or 33, and ending on the earlier of the following dates: 1) The date on which payment from the VA is made to the institution or 2) 90 days after the date the institution certified tuition and fees following the receipt of the COE (Certificate of Eligibility).

Additionally, University of Nebraska at Omaha will not require that a covered individual borrow additional funds, on any covered individual because of the individual's inability to meet his or her financial obligations to University of Nebraska at Omaha due to the delayed disbursement of funding from the Department of Veterans Affairs under chapter 31 or 33. A Covered Individual is any individual who is entitled to educational assistance under chapter 31, Vocational Rehabilitation, or chapter 33, Post 9/11 GI Bill® benefits, and has been verified by the school certifying official as benefit eligible. This requirement is limited to the portion of funds paid by VA.

"GI Bill®" is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website at www.va.gov/education. (<http://www.va.gov/education/>)

TUITION AND FEES

- **Tuition and Fees (p. 47)**
- **Residency for Tuition Purposes (p. 48)**

Tuition and Fees

Tuition, Fees, Refunds, and Deposits Deadlines

Tuition and fees for the fall and spring semesters are payable in full on Sept. 23 (fall semester) and Feb. 23 (spring semester). Please see the schedule below for approximate billing dates and due dates. Each time a student fails to meet a payment due date, a Late Payment Fee (<https://www.unomaha.edu/accounting-services/cashiering-and-student-accounts/tuition-fees-and-refunds/late-payment-fees.php>) will be assessed to the tuition account. Note: Failure to receive the billing notice will not excuse the student from payment responsibility, nor the late payment penalties. Students may review their tuition and fees account using MavLINK or on Cashiering and Student Accounts website (<http://cashiering.unomaha.edu/>).

UNO accepts major credit cards for payment of tuition and fees online only. Credit card payments may be made via MavLINK and are subject to a 2.95% convenience fee on domestic credit cards and 4.25% on international credit cards. Payments by check, cashier's check, or money order may be mailed to the Cashiering and Student Accounts Office, 109 Eppley Administration Building, 6001 Dodge Street, Omaha, NE 68182. When mailing, please use the remittance form on the tuition and fees statement.

Payments of cash, check, money order, or cashier's check may also be brought to the Cashiering and Student Accounts Office during regular business hours or deposited in the after-hours drop box located outside of the office.

Fall Semester

- For students who register March through the first week of the semester:

Bill Date: end of August

Tuition Due: Sept. 23

Spring Semester

- For students who register November through the first week of the semester:

Bill Date: end of January

Tuition Due: Feb. 23

Summer Sessions

Students will be billed at the end of each month through July for their summer registrations. Tuition and fees will be due and payable in full by the 23rd of each month.

Students who fail to pay tuition and fees by the due date will be assessed a Late Payment Fee.

Failure to make payment on an account will prohibit registration for future semesters. If an account remains unpaid, it may be forwarded to a collection agency.

Students waiting until after the initial due date for payment of tuition and fees to register or add courses will be required to pay the late registration fee and the late payment fees retroactively.

The university reserves the right to change the amount of tuition or fees at any time and to assess charges for laboratory/special instructional fees, breakage, lost property, fines, penalties, parking, books, supplies, food or special services not listed in this schedule

Application Fee

The application fee is payable at the time the application for admission form is filed. This fee is non-refundable and does not apply toward tuition or any other fee. Residency for the purpose of assessing tuition is determined by the status of the applicant at the time the application for admission is filed. The undergraduate application fee is not applicable toward the graduate application fee and vice versa.

Undergraduate Application Fee

Fee	Fee Amount
Application Fee	\$45.00

Graduate Application Fee (Graduate College)

Fee	Fee Amount
Application Fee	\$50.00

Tuition

Tuition rates are established by the Board of Regents. Tuition is subject to change. Tuition charges are assessed per credit hour.

2025-2026 On- or Off-Campus Tuition Rates

2025-2026 Online Tuition Rates

Audit Fees

The audit fee is set at one-half of the resident undergraduate or graduate tuition rate. The audit tuition rate is effective only during the first week of the semester. In addition, students registering for audit must pay all student fees. Registration for audit requires the permission of the instructor and is subject to available class space after credit registration ends. Students who register to take a course for credit and who later change to audit registration will be required to pay the full resident or non-resident tuition rate. Audit fees are refundable in accordance with the Tuition Refund Schedule.

University and Student Fees

Fees rates listed are for the 2025-2026 academic year and are subject to change.

On- or Off-Campus Fees (<https://www.unomaha.edu/accounting-services/cashiering-and-student-accounts/tuition-fees-and-refunds/student-fees.php#fees>)

Online Fees (<https://www.unomaha.edu/accounting-services/cashiering-and-student-accounts/tuition-fees-and-refunds/student-fees.php#online>)

Laboratory/Special Instruction Fees (Non-refundable) (<https://www.unomaha.edu/accounting-services/cashiering-and-student-accounts/tuition-fees-and-refunds/course-fees.php>)

Refund Schedule

Students who drop one or more courses or who completely withdraw will be obligated to the university for that portion of tuition cost based on the refund schedule. Students who completely withdraw are obligated to pay the non-refundable portion of tuition and fees for the course(s) from which they are withdrawing. Refunds are computed from the date application is received by the Registrar, not from the date of withdrawal of classes.

See Withdrawal from Classes policy. Only tuition, technology and library per credit fees are refunded. The UPF flat fee is non-refundable. No other fees are refundable after the first week of classes. Trip fees may not be refundable after a certain point. Please check with the department sponsoring the trip for refundability timelines, otherwise for all other fees, please refer to the fee schedule.

Students are not relieved from the payment of tuition and fees if they withdraw before a tuition due date, or if payment of tuition and fees has been extended by the Office of Financial Support and Scholarships. Students who have received financial aid are subject to special refund rules as established by the U.S. Department of Education. A financial aid recipient should first contact the Office of Financial Support and Scholarships prior to any official withdrawal from the university to ensure he or she fully understands the financial implications of withdrawal.

Regular Semester

Before the first official day of the semester, 100 percent refunded.

First week of classes, 100 percent refunded.

Second week of classes, 75 percent refunded.

Third week of classes, 50 percent refunded.

Fourth week of classes, 25 percent refunded.

Fifth week of classes, 0 percent refunded.

Summer Sessions (5 and 6 weeks)

Before first official day of semester, 100 percent refunded.

First three days of classes, 100 percent refunded.

Remainder of first week, 50 percent refunded.

Second week of classes, 25 percent refunded.

Third week of classes, 0 percent refunded.

Summer Evening and Special Contracts (7 and 8 weeks)

Before first official day of semester, 100 percent refunded.

First three days of classes, 100 percent refunded.

Remainder of first week, 75 percent refunded.

Second week of classes, 50 percent refunded.

Third week of classes, 25 percent refunded.

Fourth week of classes, 0 percent refunded.

Courses that run less than ten weeks have unique refund schedules. Students considering withdrawal from such a course should check with the Office of the University Registrar for the applicable refund schedule.

Special Service Fees

Fee	Fee Amount
Graduation Fee	\$35.00
Late Application for Degree	\$70.00

Residency for Tuition Purposes

Regulations for Determination of Residency for Tuition Purposes

Residency requirements are subject to change by the Board of Regents and/or the Nebraska State Legislature.

Preamble

Pursuant to Article VII, Section 10 of the Constitution of the State of Nebraska, and Neb. Rev. Stat., 85-501 and 85-502, the University has been authorized to develop regulations and make determinations regarding Nebraska residency for tuition purposes. These regulations provide the bases upon which university staff shall determine, on a uniform intercampus basis, whether an individual qualifies as a Nebraska resident for tuition purposes.

It should be emphasized that the statutes provide a set of minimum standards which will govern a determination of resident status for tuition purposes only. In some instances, it will be possible that an individual may qualify as a "resident" of Nebraska for one purpose (such as securing a Nebraska driver's license) and still not meet the standards established by the Board of Regents for resident tuition status. Individuals seeking a Nebraska residency determination for tuition purposes should, therefore, carefully study all aspects of the law and these regulations before seeking resident tuition status.

Applying for Residence Classification for Tuition Purposes

The statutes of Nebraska provide that all state educational institutions shall charge nonresident tuition for each nonresident of Nebraska who matriculates at any state institution. Nonresident status is determined in accordance with these statutes and current institutional policies, and is based upon evidence provided in the application for admission and related documents. Additional written documents, affidavits, verification, or other evidence may be required as deemed necessary to establish the status of any applicant. The burden of establishing exemption from nonresident tuition is the responsibility of the student. Erroneous classification as a

resident or willful evasion of nonresident tuition may result in disciplinary action as well as payment of required tuition for each semester attended.

Individuals seeking to establish resident status for tuition purposes will be required to have established a home in Nebraska for at least 12 months unless it is not required by the specific category listed on the residency application form. However, any individual who has moved to Nebraska primarily to enroll in a post-secondary institution in Nebraska will be considered a nonresident for tuition purposes for the duration of their attendance. Enrolling more than half time for any term at a university, college, or community college in Nebraska during the 12 months immediately preceding the term or semester for which residence status is sought, will be considered as strong evidence that an individual moved to Nebraska primarily to enroll in a post-secondary institution in Nebraska. Students who have been classified as a nonresident and feel they qualify for resident status should review the "Application for Residence Classification for Tuition Purposes (https://csprdn.unl.edu/psc/csprdn/NBX/HRMS/s/WEBLIB_ENTREDIR.ISCRIPT1.FieldFormula.IScript_Redirect/?nba-product=EF&cref=NBA_NVC_DS_EFORM_RESAPP).\" A student should submit both the application and supporting documentation by the deadline noted within the application.

Nebraska State Income Tax Credit

Individuals who do not qualify for resident tuition status and/or reside outside of Nebraska but pay Nebraska income tax, and the spouses or dependents of such individuals, are entitled to tuition credit upon documented evidence of such payment to the State. The tuition credit granted shall equal up to the amount of Nebraska income tax paid for the immediately preceding calendar year except that the remaining obligation cannot be less than the amount of the resident tuition.

Applications for the Non-Resident Nebraska Income Tax Tuition Credit are available at UNO's Cashiering and Student Accounts Office, 109 Eppley Administration Building, 402.554.2324. Additionally, the form can be downloaded from the Cashiering and Student Accounts website (<https://www.unomaha.edu/accounting-services/cashiering-and-student-accounts/tax-information/>). Specific qualifications and guidelines regarding the tax credit are provided on the applications.

Midwest Student Exchange Program

Through the Omaha Urban Rate (OUR) Tuition program, the University of Nebraska at Omaha (UNO) participates in the Midwest Student Exchange Program (MSEP), an interstate initiative established by the Midwestern Higher Education Compact (<https://www.mhec.org/>) to increase educational opportunities for students in its member states.

Omaha Urban Rate (OUR) Tuition

Effective Fall 2023, the University of Nebraska at Omaha (UNO) is offering high school graduates (undergraduate applicants) or current residents (graduate and undergraduate applicants) of 15 states the opportunity to attend UNO at significantly reduced tuition rates through an initiative called Omaha Urban Rate (OUR) Tuition. OUR Tuition states include: Colorado, Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Montana, North Dakota, Ohio, South Dakota, Wisconsin, and Wyoming.

Undergraduate Students

GENERAL EDUCATION CURRICULUM

University General Education Requirements

To ensure that each graduate of UNO possesses certain academic skills, experiences the breadth of a liberal education and develops an appreciation for the diversity that exists in the nation and world, the faculty have adopted University general education requirements. The requirements apply to all incoming first year and transfer students. Students enrolled in UNL-administered programs should contact their advisors to determine the applicable requirements.

Learn more (<https://www.unomaha.edu/registrar/students/before-you-enroll/transfer-credit/transfer-guide.php>) about Institution-Wide General Education Agreements, Community College General Education Guides, and Program-Specific Transfer Agreements by Institution.

The University General Education Curriculum consists of:

Fundamental Skills - 15 credit hours

- Writing - 6 credit hours
- Oral Communication - 3 credit hours
- Quantitative Literacy - 3 credit hours
- Data Literacy - 3 credit hours

Breadth of Knowledge - 13 credit hours

- Social Science - 3 credit hours
- Humanities - 3 credit hours
- Natural and Physical Science (must complete a lab) - 4 credit hours
- Arts - 3 credit hours

Individual and Social Responsibility - 6 credit hours

- Cultural Knowledge - 3 credit hours
- Civic Knowledge and Engagement - 3 credit hours

****Students must earn a grade of C- or better for the course to count toward general education completion.**

Learn more (<https://www.unomaha.edu/general-education/curriculum/>) about the approved general education courses.

COMMUNITY ENGAGEMENT OPPORTUNITIES

Community Engagement Opportunities

As a UNO student, community engagement activities provide you with diverse ways to achieve your education while building your resume and networking in the community. Here's some examples:

- Taking a class that brings you out into the community to complete your coursework (service learning or community-based learning)
- Volunteering and Civic Engagement
- Capstone projects/research involving a community organization

Service Learning Academy

Service learning is an experiential, collaborative method of teaching that incorporates community projects that promote academic learning. These projects are directly linked to academic curriculum and meet community-identified needs while engaging students in their community and provide real-world context to coursework. As such, service learning course "classrooms" often exist in the community and engage community partners (such as nonprofit organizations, business, governmental agencies, and P-12 schools) as co-teachers. Throughout the course students reflect on their experiences, consider the relationship to their reading and research, relevance to community growth, and impact on their personal values, development, and professional skills.

Every semester, there are a variety of courses in all UNO colleges that use service learning as a method of instruction. By choosing a service learning course, students can:

- Apply textbook knowledge to the real world and engage with homework
- Use and develop strengths
- Discover new skills & talents
- Explore their leadership style
- Learn to communicate with others and work in teams
- Sharpen skills that employers want such as problem solving, critical thinking, innovation, and creativity
- Explore the assets in the community
- Build their résumé

To search for service learning courses, choose service learning under the Program tab in the class search function.

To explore service learning course options and project examples, please visit sla.unomaha.edu (<https://www.unomaha.edu/service-learning-academy/students-and-educators/>).

Volunteer and Civic Engagement Programs

Volunteer Opportunities for Students

Each year, UNO organizes and sponsors annual Signature Service Days and volunteer events that students can participate in. As student volunteers, you engage in service projects that focus on some of the most important issue areas facing the community. These opportunities help you gain valuable skills and connections that you can utilize in different ways (i.e., interviewing, references, and more).

Here's a list of annual Signature Service Days and events:

- MLK Jr. Day of Service
- Seven Days of Service
- Earth Day of Service
- International AIDS Day of Service
- 60 Minutes of Service

You can learn more about volunteer opportunities and events at [serve.unomaha.edu](https://www.unomaha.edu/office-of-engagement/volunteerism-civicengagement/) (<https://www.unomaha.edu/office-of-engagement/volunteerism-civicengagement/>).

Civic Engagement Opportunities

Civic Engagement allows students to address the social and cultural issues within our society. There are many ways for students to be civically engaged and UNO has a long history of being a top university in the nation in getting students registered to vote and participating in the process. Beyond this, students have opportunities to have meaningful dialogue with their peers and public officials on what it means to advocate, how government operates, and opportunities to engage in civic learning such as the annual "I Love NU Day" at the Nebraska state capitol. Civic Engagement opportunities for students bring life to why we serve and help students to gain valuable experience and skills in communication, collaboration, and how to be change agents while at UNO and beyond. Some examples of form; ways to be civically engaged are:

Taking advantage of Americorps VISTA opportunities

Participating in domestic/international service and humanitarian efforts by serving in the Peace Corps (<https://www.unomaha.edu/office-of-engagement/about-us/peacecorps.php>)

Community Engaged Scholarship Transcript Designation (CESTD)

The CESTD is a transcript designation that documents and recognizes undergraduate students for their community engagement experiences. This designation offers incentive and competitive edge for students who choose to tailor their involvement and academic work in a way that capitalizes on UNO's comparative advantage.

- Completion of 1 community based-learning experience (3 credit hours)
- Completion of 6 hours of service-learning coursework
- Completion of 135 volunteer/community service hours (outside of the classroom)
- Completion of written reflection piece (one for each category along with a final reflection).
- Minimum 3.0 Cumulative GPA at graduation

Enroll Online

Barbara Weitz Community Engagement Center (CEC)

As a metropolitan university, UNO encourages its students to be active and civically engaged members and leaders in a diverse and evolving society. The CEC is a unique place where UNO students can access volunteer opportunities, service events, service learning inquiries, service learning projects and events, student jobs and internships, and community engagement-based events. The CEC is home to over 35 university and community building partner organizations that work side by side in flexible office spaces to improve the quality of life for those they serve.

ACADEMIC LEARNING COMMUNITIES

Academic Learning Communities

An Academic Learning Community (ALC) is a group of students who learn together. Students take coursework together, participate in projects with one another, and work to build learning in a particular area.

Goodrich Scholarship Program

The Goodrich Scholarship Program began in 1972 through Senator Glenn Goodrich's enabling budget amendment. The program offers a merit-and-need-based scholarship to students who will attend only the University of Nebraska Omaha.

The Goodrich Scholarship Program now boasts over 3,000 alumni who, for over 50 years, have continued to connect and contribute to their communities as lawyers, educators, doctors, social workers, engineers, artists, business professionals, elected officials, directors of non-profit organizations, technologists, writers, and law enforcement officers, among many others.

Learn more about the Goodrich Scholarship Program (<http://www.unomaha.edu/goodrich/>)

Thompson Learning Community

Students receiving a college scholarship from the Susan T. Buffett Foundation and attending UNO, are William H. Thompson Scholars. William H. Thompson was the father of Susan T. Buffett and served as Professor of Psychology and Dean of the College of Arts and Sciences at Omaha University, which became UNO.

The Susan T. Buffett Foundation and the University of Nebraska are collaborating to provide Thompson Scholars a unique educational experience aimed at enhancing their academic success. TLC aims to make your transition to college and your entry into a major field of study as smooth and educationally rewarding as it can be. TLC will promote your academic success through common courses, academic workshops, and connections with faculty. Additionally, your transition will be supported through your relationship with other scholars, an upper-class UNO Mentor, social programming and other opportunities for you to connect with UNO.

Learn more about the Thompson Learning Community (<https://www.unomaha.edu/academic-affairs/thompson-learning-community/>)

Entrepreneurial Living Learning Community

The Entrepreneurial Living Learning Community (ELLC) is open to incoming freshmen of any major who are interested in innovation and entrepreneurship.

ELLC Cohort students are guaranteed housing in UNO's Scott Village and receive a \$2,500 scholarship over two years. ELLC cohort members have many opportunities to be involved in Nebraska's entrepreneurship community including being a member of UNO's national award winning,

Collegiate Entrepreneurs' Organization, connecting with successful entrepreneurs, and taking trips to entrepreneurial hotspots such as Silicon Valley.

Learn more about the Entrepreneurial Living Learning Community (<https://www.unomaha.edu/college-of-business-administration/center-for-innovation-entrepreneurship-franchising/ellc/>)

University Honors Program

The mission of the University of Nebraska Omaha Honors Program is to provide an enhanced and supportive learning environment responsive to the educational needs of highly able and/or exceptionally motivated undergraduate students.

This goal will be accomplished through participation of faculty noted for excellence in teaching by providing small Honors-only populated sections of regular courses, interdisciplinary Honors colloquia, special seminars, and increased opportunity for undergraduate research/creative activity. Whether you are a high school student, a transfer student, or currently a student at UNO, you are invited to consider participating in the University Honors Program.

Learn more about the UNO Honors Program (<http://honors.unomaha.edu/>)

UNO Air Force ROTC

Air Force ROTC (AFROTC) is a college program offered at colleges and universities across the U.S. that prepares you to become an Air Force officer and helps you understand the career options available in the United States Air Force. ROTC stands for Reserve Officer Training Corps and helps develop leaders for the future.

AFROTC programs across the nation provide excellent opportunities to get involved in the United States Air Force and build a career out of it. Detachment 470 not only provides the skills to become an excellent leader, but it goes beyond and helps build loyal wingman. The Wolfpack allows cadets to truly understand the benefits and hardships of being an officer in the Air Force, while not overwhelming them and allowing them to still have an average "college" life. The Wolfpack is actively involved in the Omaha community, regularly meets together to create a sense of unity among cadets, and has a friendly rivalry between the Army ROTC Detachment at Creighton.

Learn more about UNO Air Force ROTC (<http://www.unomaha.edu/afrotc/>)

UNO Army ROTC

Army Reserve Officers' Training Corps (AROTC) is one of the best leadership courses in the country and is part of your college curriculum. ROTC helps develop leaders for the future and builds a team unlike any other organization. Army ROTC prepares you to become an Army officer and helps you understand the career options available in the United States Army, Army National Guard, and Army Reserves. Full tuition scholarships and other monetary support are available when you join Army ROTC which allow you to focus on your education.

ARMY ROTC trains, develops, and commissions confident and competent leaders of character that are ready to train and lead Soldiers in the 21st Century US Army. The program offers unique opportunities to train with other countries as well as attend various military schools. Each year Cadets attend various advanced training opportunities. Training ranges from

Cadet Summer Training, internships, to even attending the prestigious Army Airborne School, Air Assaults School, or the Combat Diver School. Additionally, Cadets in the program participate in Color Guard, Nurses Training, and even conduct leadership training with active-duty units across the globe. The 'Black Wolves' Army ROTC Battalion is actively engaged with the Omaha Community and is based out of Creighton University.

Learn more about UNO Army ROTC (<https://www.unomaha.edu/army-rotc/>)

Military Science Minor Requirements (p. 54)

For more information, go to the Creighton Army ROTC website (<https://www.creighton.edu/groups/armyrotc/>) email: armyrotc@creighton.edu or call us at 402.280.1176

Scott Scholar Living Learning Community

The Scott Scholar Living Learning Community (SSLLC) is comprised of students receiving the Walter Scott, Jr. Scholarship. This scholarship is the most prestigious scholarship extended by the University of Nebraska's, Peter Kiewit Institute. Scholars are chosen from the best and brightest students who are committed to life-long learning and prepared to contribute to society and the future of technology. Students learn in new ways, not only from dedicated faculty in the two colleges, UNL's College of Engineering and UNO's College of Information Science & Technology, but from business leaders dealing with practical challenges.

To support student growth, the SSLLC features a four-year leadership development program to develop students into leaders of character with the leadership, communication and teamwork skills needed for successful careers in business and government.

The mission of the program is to develop leaders of character equipped with the leadership, communication and teamwork skills needed for successful careers in business, industry and government.

Learn more about the Scott Scholar Living Learning Community (<https://www.unomaha.edu/scott-scholars/living-learning-community/learning-community.php>)

Engineering the Leader in You Living Learning Community (ENGR LLC)

All new first-year students pursuing a degree in the UNL College of Engineering are encouraged to apply for the ENGR LLC. Focused on leadership and career development, new first-year engineering students selected for this community will live together in Scott Village, share similar engineering interests, take common courses each semester, and participate in programs designed to enhance their professional skills. Common fall courses typically include Calculus I (MATH 1950), Chemistry (CHEM 1180), and ENGR 100 (freshman seminar). Common spring courses typically include Calculus II (MATH 1960), Physics (PHYS 2110), and ENGR 200 (career development seminar).

All interested new first-year engineering students are encouraged to select this community via the UNO Housing Application. The College of Engineering will notify all students selected for the community no later than May 1. The maximum capacity for the community is 24 students.

CBA Scholars

Within a close-knit community of ambitious and high-achieving students, Scholars challenge themselves while pursuing a Bachelor of Science in Business Administration. Throughout the four years in the program, Scholars are mentored by professionals in the Omaha community, enroll in special business courses taught by award-winning faculty, and gain real-world experience through community engagement and international travel.

Learn more about CBA Scholars (<https://www.unomaha.edu/college-of-business-administration/scholars-academy/>)

Teacher Scholars Academy

Teacher Scholars Academy is a select group of high-achieving teacher candidates who embody leadership qualities and commitment to their communities. As a Teacher Scholar, students will work closely with other high-performing Scholars by engaging in seminars, courses, and special projects specially designed for each cohort. Scholars will graduate with a strong network of professional peers.

Learn more about Teacher Scholars Academy (<https://www.unomaha.edu/college-of-education-health-and-human-sciences/teacher-scholars-academy/about/>)

Peter Kiewit Foundation Engineering Academy Scholar Learning Community

The Peter Kiewit Foundation has partnered with the College of Engineering to provide 40 incoming freshmen with the opportunity to be part of the PKF Engineering Academy, which seeks to recruit and retain students committed to supporting and advancing women in engineering in the state of Nebraska, providing students who have financial need with the resources and support to pursue careers in engineering and construction. We have students studying on campuses in both Lincoln and Omaha. All Omaha students will live together in Scott Crossing for the first two years of school, with the option of continuing to live in Scott Housing as part of their scholarship throughout their time in the program.

Through a cohort-based program of 40 incoming freshman each year, these students will be empowered to make a positive impact in their field through community building, exclusive seminar courses, dedicated success coaching, and social events. The scholarship covers tuition, university fees, required course books and materials, housing and food, a personal computer, a professional wardrobe stipend, and individual professional development funds.

Accessibility Services

Accessibility Services

The Accessibility Services Center (ASC) collaborates with students, administrators, faculty, and staff to ensure access to reasonable and appropriate student disability accommodations. ASC strives to create a fully accessible, inclusive experience for student learning, campus engagement, and residential life.

Student Accommodations

Through an interactive process and collaboration, ASC provides individualized services to students with disabilities to establish appropriate accommodations to create equal access. ASC encourages students to become responsible decision makers, problem-solvers, and self-advocates who request and access their accommodations.

Requesting Accommodations

Once you are admitted to UNO, requesting accommodations steps is initiated through the ASC Online Portal. Students fill out an application and upload supporting disability documentation to begin the process. Following this, an interactive discussion with an ASC Specialist is scheduled to complete the accommodation process.

Learn more about requesting accommodations and accessing the online portal on the Accessibility Services Center website (<https://www.unomaha.edu/student-life/accessibility/>). If you are not sure if you

qualify for support services, do not hesitate to contact ASC at 402.554.2872 or stop by the ASC in HK 104.

Request for Reasonable Accommodation in Field Placements

The University of Nebraska at Omaha (UNO) supports students with disabilities and encourages their full participation in all academic programs, including field placements of all kinds. "Field placements" for the purpose of this document include any practicum, field experience, clinical practice, internship, training, clinic, or work experiences (or similar) conducted for academic credit. In accordance with Section II of the Americans Disabilities Act and Section 504 of the Rehabilitation Act, UNO's Accessibility Services Center is the designated office to work with students with disabilities to provide reasonable accommodation so they may enjoy the same benefits, experiences, and opportunities as persons without disabilities.

Alumni Engagement/NU Foundation

Alumni Engagement/NU Foundation

The UNO Alumni Association (<https://unoomni.org/>) and the University of Nebraska Foundation have partnered to advance the overall mission and priorities of UNO, and to connect the dreams and passions of alumni and friends with the mission of the university. Click here (<https://nufoundation.org/>) for more information.

Bookstore

The UNO Bookstore, owned and operated by the University of Nebraska at Omaha, is located on the first level of MBSC. The Bookstore offers new and used textbooks, rental books, digital e-books, Omaha's largest selection of UNO apparel, gifts, and home décor. The UNO Bookstore website, unobookstore.com (<http://unobookstore.com/>), offers free in-store pickup and free residence hall delivery for textbooks, apparel and more.

Campus Recreation and Wellness

Campus Recreation and Wellness

RecWell supports students on their journey to living a healthy and balanced lifestyle while at UNO. If you are enrolled in at least one credit hour on-campus, a RecWell membership is included as part of your University Program and Facilities (UPF) Fees. There is no need to purchase a membership separately while taking an on-campus class. A valid membership is determined on a semester basis. If you are enrolled in an online, remote, research, or thesis class, you must opt into the fee by purchasing a UNO Student Membership would need to be purchased. A purchase is necessary since these classes do not pay the University Program and Facilities (UPF) Fees. All students, whether you are taking in person or online classes, you are eligible to participate in Wellness Coaching (<https://www.unomaha.edu/student-life/wellness/health-coaching-and-wellness-resources.php>). Campus Recreation and Wellness is located in the H&K Building. Learn more on their website (<https://www.unomaha.edu/student-life/wellness/campus-recreation/>).

Career Services

Career Services

Career Services empowers students to explore, develop, and succeed at UNO and beyond. We prepare students for meaningful work by building bridges with campus, community, and employers. We offer career exploration advising, career readiness resources, job and internship preparation, career fair and hiring events, experiential education opportunities, and more. Students can explore internship and job opportunities using Handshake (<https://www.unomaha.edu/student-life/achievement/academic-and-career-development-center/career-development/handshake.php>), UNO's official career platform.

The Student Service and Leadership Collaborative

The Student Service and Leadership Collaborative is dedicated to developing students into servant leaders who are self and culturally aware through paid nonprofit internships, experiential learning and local and national professional student leadership and development symposiums.

Interested students can search and apply for these opportunities on Handshake (<https://www.unomaha.edu/student-life/achievement/academic-and-career-development-center/career-development/handshake.php>).

Maverick Student Employment

Maverick Student Employment (<https://www.unomaha.edu/maverick-student-employment/>) at the University of Nebraska at Omaha (UNO) represents all on-campus positions and is a great option for students interested in flexible scheduling, building campus connections, learning new professional skills, and more that will help with career readiness. Student employees make up a large percentage of our workforce in the UNO community. Our students are engaged in the critical work that helps keep our colleges, divisions, and departments operating. It is in acknowledgement of this, that Maverick Student Employment provides an enriching experience for students to keep our university strong and focused on student success. Using Handshake (<https://www.unomaha.edu/student-life/achievement/academic-and-career-development-center/career-development/handshake.php>), UNO's official career platform, students can review and apply for on-campus jobs.

Computer Science Learning Center

Computer Science Learning Center

The Computer Science Learning Center (CSLC) provides UNO students with the assistance they need to be successful in their Computer Science and related technology courses. University students serve as tutors that help their fellow students gain understanding of computer science topics. This knowledge helps in the academic success of students who use the space as well as helps prepare students for potential career opportunities. For regular help with homework, labs, exam preparation, and more, please visit (<https://www.unomaha.edu/college-of-information-science-and-technology/computer-science-learning-center/>) to look through our hours of operation and how to contact us. Students are welcome to stop by in person or over Zoom. The CSLC is located in PKI 391 and our Zoom information is shared on the previously listed website. There is no cost for tutoring assistance and no appointment is needed.

Division of Innovative & Learning-Centric Initiatives (ILCI)

Division of Innovative & Learning-Centric Initiatives (ILCI)

The Division of Innovative & Learning-Centric Initiatives (ILCI) serves the UNO community in the areas of online development of courses and programs, instructional design, academic technologies, workforce development, microcredential courses, and new market opportunities. As we help guide innovation at UNO, we focus on student-first strategies: supporting a comprehensive digital learning ecosystem; developing and celebrating the attainment of future-ready skills via digital badges; designing re-skilling and up-skilling microcredential courses; and offering flexible degree programs that fit within a student's busy life. Digital Learning is housed within ILCI, providing UNO faculty with workshops and training; assistance with instructional design and academic technology; and grant funding that support the delivery of high-quality courses in online and flexible formats. To learn more about ILCI, including the specific services we offer the campus, the current academic technology pilots we are coordinating, the current projects we are championing, and regular news and updates from our division, please visit [innovate.unomaha.edu](https://www.unomaha.edu/innovative-and-learning-centric-initiatives/). (<https://www.unomaha.edu/innovative-and-learning-centric-initiatives/>)

Durango's Advancement & Support Hub (DASH)

Durango's Advancement & Support Hub (DASH)

Durango's Advancement & Support Hub (DASH) exists to highlight and grow the four following areas:

- **Hardship & Resiliency Support:** Supporting and empowering students with lived experience in the foster care and justice systems, students with incarcerated parents, students who are pregnant/parenting, and students who are facing hardships. This area is focused on building and strengthening pipelines from child welfare and prison systems, as well as referral avenues from community partnerships.
- **The Scholarship Collective:** Creating a positive learning and mentoring experience for scholarship or special population cohorts. This area currently manages 15 donor funded scholarships and is slated to increase the scholarship capacity through new partnerships with existing nonprofits.
- **The Maverick R&R Toolkit:** Building and referring students to internal and external resources to create stability and support for students as they navigate life's challenges. The purpose of this toolkit is to increase self-advocacy, retention, and social mobility.
- **The Peer Mentor Alliance:** Designing opportunities for peer mentors to become more well-rounded humans by focusing on basic needs or system-impacted knowledge to better support students from a peer-to-peer lens. This new focus will offer skill-advancement in critical thinking and problem-solving, empathy and compassion, and workforce development.

Our tagline: "You have the ingredients; we just add a *dash* of support."

Environmental Health and Safety

Environmental Health and Safety

It is the goal of the university to provide a safe, healthy environment to work and study. In order to achieve this, Environmental Health and Safety (EHS) provides a number of training programs and consultation services for students, faculty and staff. Programs directed by EHS include: employee safety and passenger van training, hazardous waste management, emergency preparedness, fire protection, and accident investigations.

Safety Data Sheets and other information related to the safe handling and disposal of chemicals can be obtained from the EHS website. Students can help maintain a safe environment at UNO by reporting unsafe conditions on campus. Visit the EHS website (<https://www.unomaha.edu/business-and-finance/support-services/environmental-health-and-safety/>); call 402.554.3596, or visit EHS in 211 Eppley Administration Building.

Facilities

Facilities

Visit the UNO Buildings and Maps (<https://www.unomaha.edu/about-uno/buildings-and-maps/>) website for detailed information on buildings and locations.

Fingerprints

Fingerprints

The Police and Public Safety Department provides a fingerprinting service for individuals who require fingerprints for job applications and military needs. This service also applies for children of students, staff, faculty, and alumni. The department will fingerprint children upon the request of a parent. It is strictly for the benefit of the parents should a child ever be missing; no record will be maintained by the Department. Contact The Department for times of service or to schedule an appointment at 402.554.2648.

Housing & Residence Life

Housing & Residence Life

Housing and Residence life creates a positive residential experience and supports the evolving needs of students at UNO. Six different on-campus housing options are available to UNO students: Maverick Village (MV) and University Village (UV) on Dodge Campus; Scott Court (SC), Scott Crossing (SX), Scott Hall (SH), and Scott Village (SV) on Scott Campus. Housing and Residence life is proud to offer apartment, traditional, and graduate-style housing to UNO students. Learn more on the Housing and Residence Life website (<https://www.unomaha.edu/student-life/housing-and-residential-life/>).

Gender-Inclusive Housing

Students and allies of all sexual orientations, gender identities, and gender expressions are eligible to live in designated Gender-Inclusive Housing. Apartment features are the same as other housing facilities.

Information Technology Services

Information Technology Services

Information Technology Services (ITS) offers a broad range of services designed to meet the computing, communications, and networking needs of the University of Nebraska faculty, staff and students. See <https://its.unomaha.edu>.

Institutional Effectiveness & Student Success

Institutional Effectiveness & Student Success

The University of Nebraska at Omaha's (UNO) Division of Institutional Effectiveness and Student Success builds and supports a culture of inquiry and data-informed decision-making. The Division works to (1) continuously enroll our students, (2) ensure their degree completion, and (3) support the achievement of their post-graduation career pursuits.

International Programs (INPR)

International Programs (INPR)

Current programs under INPR include:

International Student Advising (<https://www.unomaha.edu/international-studies-and-programs/student-support/advising.php>) for all international students and scholars.

The Education Abroad (<https://www.unomaha.edu/international-studies-and-programs/study-abroad/>) office assists students in exploring their many options for off campus academic programs, including domestic and global opportunities.

International Student and Scholar Support (<https://www.unomaha.edu/international-studies-and-programs/student-support/>) helps current and new students get oriented to campus, supports academic and immigration-related issues, and offers involvement opportunities on campus and in the community.

ILUNO Intensive English (<https://www.unomaha.edu/international-studies-and-programs/iluno/>) is one of the oldest and most highly regarded English as a Second Language programs in the region.

Global Partnerships (<https://www.unomaha.edu/international-studies-and-programs/global-partnerships/>) supports colleges in developing international partnerships and managing agreements related to global engagement.

International Recruitment (<https://www.unomaha.edu/international-studies-and-programs/>) at UNO focuses on attracting and supporting international students through global outreach, aiding students until their arrival on campus.

Global Partnerships and Recruiting (<https://www.unomaha.edu/international-studies-and-programs/>) supports the development, maintenance, and activities related international partnerships, and student mobility to UNO.

The Center for Afghanistan and Regional Studies ([https://www.unomaha.edu/international-studies-and-programs/center-for-](https://www.unomaha.edu/international-studies-and-programs/center-for-afghanistan-studies/)

[afghanistan-studies/](https://www.unomaha.edu/international-studies-and-programs/center-for-afghanistan-studies/)) continues to serve as America's primary cultural and scholarly link between the two countries.

Young Southeast Asian Leaders Initiative (<https://www.unomaha.edu/international-studies-and-programs/engagement/yseali-institute/>) is an educational and cultural exchange to build the leadership capabilities of young professionals in the region, strengthen ties between the United States and Southeast Asia, and promote collaboration in the ASEAN community.

For further information, contact the International Programs office at 402.554.2293 or world@unomaha.edu

Lost and Found

Lost and Found

The Police and Public Safety Department maintains the lost and found system. Lost and found items are held for 30 days.

Math-Science Learning Center

Math-Science Learning Center

The Math-Science Learning Center (<https://www.unomaha.edu/college-of-arts-and-sciences/math-science-learning-center/>) (MSLC) provides UNO students the assistance they need to be successful in their Math and Science courses. Undergraduate students serve as tutors, mentors and study group facilitators trained to assist their peers in achieving academic success. The MSLC has abundant study/tutoring space, computers, and reserve study materials suitable for individual and small-group study. Students seeking to increase their overall learning effectiveness and efficiency are encouraged to meet with the MSLC director to discuss strategies and make a success plan. For regular help with homework, lab, exam-prep, etc., please visit www.unomaha.edu/MSLC/ for course-specific schedule information. Then just stop by or log onto Zoom, we offer tutoring in-person and online. There's no cost and (for most courses) no appointment needed.

The Math-Science Learning Center is located in 107 Durham Science Center.

MatheMaverick Zone

MatheMaverick Zone

The MatheMaverick Zone is a communal mathematics study space with free tutoring available for Math 1950 and below. Visit MatheMaverick Zone (<https://www.unomaha.edu/college-of-arts-and-sciences/mathematics/math-lab/>) website for additional information.

Maverick Advising Center (the MAC)

Maverick Advising Center (the MAC)

The Maverick Advising Center (MAC) supports students in Exploratory Studies for up to 45 credit hours. Additionally, the MAC provides tailored guidance to prospective transfer students who are exploring potential majors at UNO. Whether you're a current student exploring majors, thinking of transferring to UNO, or are a part of our MetroMavs scholarship community, our advisors are here to help you navigate your academic journey. The MAC prepares students to choose an academic major with confidence and guides them to stay on track for graduation. Students work with their advisors to strive for academic success by:

- Determining personal, career, and academic goals
- Exploring majors and courses of interest through Academic Focus Areas (<https://www.unomaha.edu/academics/academic-focus-areas/>)
- Working to find a balance between education, work, and family

MavIGATION Station

MavIGATION Station

The MavIGATION Stations, located on the first floor of the Eppley Administration Building and on the first floor of the Milo Bail Student Center, provide general information and referrals to appropriate offices and departments around campus. The general information number is 402.554.2800 (EAB) or 402.554.6281 (MBSC).

Milo Bail Student Center

Milo Bail Student Center

At the heart of Dodge Campus lies the Milo Bail Student Center (MBSC), a bustling student involvement hub. The MBSC is not just a place; it's a dynamic center where students engage in various activities and access essential services. Prospective students and their families start their UNO journey at the MBSC with [Campus Visits \(https://www.unomaha.edu/admissions/visit/\)](https://www.unomaha.edu/admissions/visit/) & [Orientation \(https://www.unomaha.edu/student-life/achievement/new-student-and-family-programs/orientation/\)](https://www.unomaha.edu/student-life/achievement/new-student-and-family-programs/orientation/) scheduling guided campus tours and information sessions to explore the campus and gain insights into the university's offerings. Orientation programs provide new students with the tools and information they need to transition smoothly into campus life. The student ID card office, [MavCARD Services \(https://www.unomaha.edu/milo-bail-student-center/mavcard/\)](https://www.unomaha.edu/milo-bail-student-center/mavcard/), and the university's bookstore, [The Maverick Store \(https://www.unobookstore.com/\)](https://www.unobookstore.com/), make handling academic and campus life logistics a breeze, providing easy access to everything a student needs to start their journey. The MBSC is also home to a range of student services, making it a one-stop-shop for student support. Whether seeking assistance from [Student Leadership, Involvement, & Inclusion \(https://www.unomaha.edu/office-of-student-leadership-involvement-and-inclusion/\)](https://www.unomaha.edu/office-of-student-leadership-involvement-and-inclusion/), [Military-Connected Resource Center \(https://www.unomaha.edu/military-and-veteran-services/\)](https://www.unomaha.edu/military-and-veteran-services/), or [Spirit, Tradition, and Signature Events \(https://www.unomaha.edu/student-life/spirit-tradition-signature-events/\)](https://www.unomaha.edu/student-life/spirit-tradition-signature-events/), students will find the support they need. For students looking to get involved in campus life, the MBSC offers a plethora of programs tailored to different interests. From [Fraternity and Sorority Life \(https://www.unomaha.edu/student-life/involvement/omaha-greeks/\)](https://www.unomaha.edu/student-life/involvement/omaha-greeks/) to [Maverick Productions \(https://www.unomaha.edu/student-life/involvement/maverick-productions/\)](https://www.unomaha.edu/student-life/involvement/maverick-productions/), [Dance Marathon \(https://www.unomaha.edu/student-life/involvement/uno-dance-marathon.php\)](https://www.unomaha.edu/student-life/involvement/uno-dance-marathon.php), and [Student Government \(https://www.unomaha.edu/student-life/involvement/student-government/\)](https://www.unomaha.edu/student-life/involvement/student-government/), there's a group or organization to suit every passion and aspiration. When hunger strikes, the MBSC has students covered by offering an array of delicious food options. The [MBSC Food Court \(https://www.unomaha.edu/milo-bail-student-center/food-services-and-catering/mbsc-food-court.php\)](https://www.unomaha.edu/milo-bail-student-center/food-services-and-catering/mbsc-food-court.php) offers a variety of culinary delights such as Chick-fil-A, Qdoba Mexican Eats, Erbert & Gerbert's Sandwich Shop, Culinary Corner, and Simply to Go options, while [Durango's Grill \(https://www.unomaha.edu/milo-bail-student-center/food-services-and-catering/durangos-grill.php\)](https://www.unomaha.edu/milo-bail-student-center/food-services-and-catering/durangos-grill.php) tantalizes taste buds with its grill offerings. The [Maverick Den \(https://www.unomaha.edu/milo-bail-student-center/food-services-and-catering/convenience-store.php\)](https://www.unomaha.edu/milo-bail-student-center/food-services-and-catering/convenience-store.php) is the perfect spot to grab a quick snack or beverage between classes, and it also features a rotating selection of Omaha area vendors at the Urban Eats counter, adding variety to campus lunch options. And if students are looking for a place to unwind, study, or simply hang out with friends, the MBSC lounge and study spaces provide a comfortable and inviting atmosphere. Don't forget to stop by the MavIGATION Station (<https://www.unomaha.edu/about-uno/contact-us.php>), where students ask questions, get help navigating campus, and

borrow equipment to play pool or ping pong, adding to the vibrant and engaging atmosphere of the Milo Bail Student Center.

Multicultural Affairs

Multicultural Affairs

The Office of Multicultural Affairs (MCA) is responsible for developing and maintaining programs and services to ensure the successful recruitment, retention, and graduation of underrepresented students on UNO's campus. Through scholarship aid, academic services, and personal support, students are empowered to attain their educational and professional goals. Cultural programming includes celebrating cultural months (including Black History Month, Latino Heritage Month, Native Heritage Month, and Diversity Month) as well as three annual Native American events. MCA is inclusive of all UNO students. Learn more on the Multicultural Affairs website (<https://www.unomaha.edu/student-life/inclusion/multicultural-affairs/>).

New Student and Family Programs (NSFP)

New Student and Family Programs (NSFP)

New Student and Family Programs helps you and your family transition to UNO. Learn more on the New Student and Family Programs website (<https://www.unomaha.edu/student-life/achievement/new-student-and-family-programs/>). NSFP is primarily responsible for Campus Visits, Recruitment Events, Admitted Student Events, New Student Onboarding and Orientation (<https://www.unomaha.edu/student-life/achievement/new-student-and-family-programs/orientation/>), and Family Orientation and Events.

Ambassadors

Our Ambassadors serve as guides for your transition experience. They are university students committed to helping first-year and transfer students by sharing all of the need-to-know information about navigating campus, student services, academic support programs, and opportunities for involvement. The goal of our Ambassadors is to ensure that you know all about the university and inspire you to make the most of your college experience.

Office of Civil Rights Compliance

Office of Civil Rights Compliance

The University of Nebraska does not discriminate based on race, color, ethnicity, national origin, sex, pregnancy, sexual orientation, gender identity, religion, disability, age, genetic information, veteran status, marital status, and/or political affiliation in its education programs or activities, including admissions and employment. The University prohibits any form of retaliation taken against anyone for reporting discrimination, harassment, or retaliation for otherwise engaging in protected activity. Read the full statement (<https://www.unomaha.edu/notice-of-nondiscrimination-anti-harassment-and-non-retaliation.php>)

Learn more about the Office of Civil Rights Compliance (<https://www.unomaha.edu/university-compliance/civil-rights/>)

UNO's Office of Civil Rights Compliance is responsible for ensuring compliance with applicable laws, regulations, and policies governing discrimination and harassment.

- Title IX & Sexual Misconduct (<https://www.unomaha.edu/university-compliance/civil-rights/title-ix-information/>)
- Procedures for Discrimination Reports (<https://www.unomaha.edu/university-compliance/civil-rights/procedures-for-discrimination-reports.php>)
- Procedures for Requesting Accommodations (<https://www.unomaha.edu/university-compliance/civil-rights/americans-with-disabilities-act/procedures-for-requesting-accommodations.php>)

Resources for support (<https://www.unomaha.edu/university-compliance/civil-rights/title-ix-information/resources.php>)

Sex based misconduct or discrimination should be reported to:

UNO Director of Civil Rights Compliance

Title IX Coordinator/ADA/504 Coordinator

Phone: 402-554-2120

Email: equity@unomaha.edu

Ombuds Services

Ombuds Services

Ombuds Services provides informal, confidential help when you have a conflict or problem with individuals, offices, or policies at the university. The Ombuds (Ombudspersons) help you analyze your situation, obtain information, identify your options, and develop a plan to address your concerns. The Ombuds do not take sides in a dispute; they are advocates for fairness and the equitable resolution of conflicts and problems. Communicating with an Ombuds is off-the-record. If you wish to make a record, or to make UNO aware of a problem, the Ombuds can provide information and help you do so. Exceptions to Ombuds confidentiality occur only when there is an imminent risk of serious harm and no other reasonable option to prevent it.

For more information or to make an appointment, please go to the Ombuds Services (<https://www.unomaha.edu/ombuds-services/>) web page. Services are free to all UNO students and employees.

Operations I.D.

Operations I.D.

Your personal belongings may be engraved to aid in finding lost or stolen property. Stop by the Department of Public Safety Office and check out an engraver and instructions to engrave your property.

Parking

Parking Services

For information on parking services, visit the parking services website (<https://www.unomaha.edu/business-and-finance/support-services/parking-services/>).

Parking Traffic

All accidents should be reported to the Police and Public Safety Department.

Personal Safety

Personal Safety Escorts

Officers are available to escort individuals to/from campus buildings 24 hours a day for anyone who has a safety concern.

Personal Safety Checks

Individuals who may be working alone, outside normal working hours are encouraged to contact the Police and Public Safety Department. Security officers will periodically check on your safety while you are here.

Public Safety

Public Safety

Police and Public Safety Department

6001 Dodge St.

Eppley Administration Building Room 100

402.554.2648

For ON-CAMPUS EMERGENCIES dial 402.554-2911.

UN Police and Public Safety Department is available to the University community 24-hours a day, protecting life and property, providing building and grounds patrol; enforcing traffic and parking rules and regulations, and encouraging everyone to follow University regulations; UNPPSD also maintains the University Access Control system, and provides crime prevention programs for all persons on campus.

Services

The Police and Public Safety Department provides assistance to motorists 24 hours a day. Officers respond to vehicles located on campus to help get your vehicle started, open a locked vehicle, and will assist in inflating a tire where possible.

Security

Buildings are patrolled 24 hours daily. Anyone found in a UNO building after established closing hours, without a UNO identification card, will be asked to leave. Report items stolen or damaged to UNPPSD.

Research

Research

At UNO, research is thriving because our students have access to resources they might not find at another university. Undergraduate and graduate students work with our faculty to understand and uncover new and innovative methods for solving problems. Learn more about the research at UNO (<https://www.unomaha.edu/research/>).

Scholarships

Scholarships

UNO has established a wide range of scholarship programs to recognize excellent high school achievement by first-year students and exceptional scholastic performance by upper-class students already in attendance at the university. For more information:

Office of Financial Support and Scholarships

103 Eppley Administration Building

Omaha, NE, 68182

402.554.2327

financialaid.unomaha.edu (<http://financialaid.unomaha.edu/>)

Speech Center

Speech Center

The UNO Speech Center assists all UNO students, faculty, and staff in preparing oral presentations and/or incorporating them into their courses.

The Speech Consulting Room provides consulting and coaching services for all UNO students, graduate students, faculty, and staff from all disciplines, assistance to faculty in support of Speaking Across the Curriculum effort at UNO and assessment documentation for the UNO oral communication general education requirement.

The Speech Center (<https://www.unomaha.edu/college-of-communication-fine-arts-and-media/speech-center/>) is located in 183 and 185 Arts & Science Hall, or can be reached at 402.554.3201.

Student Conduct and Community Standards

Student Conduct and Community Standards

The university has an obligation to maintain conditions under which the work of UNO can go forward freely, in accordance with the highest standards of quality, institutional integrity, and freedom of expression, with full recognition by all concerned of the right and privileges, as well as the responsibilities, of those who comprise the UNO community. UNO expects students to maintain standards of personal integrity that are in accordance with the goals of the institution. This means that students are expected to assume responsibility for their actions; observe national, state, and local laws and university policies; and respect the rights and property of other people. As members of the academic community, students are subject to the responsibilities laid out by the university and are urged to become familiar with all documents that pertain to their rights and responsibilities. View the full Student Code of Conduct (<https://www.unomaha.edu/student-life/student-conduct-and-community-standards/policies/code-of-conduct.php>). For more information, contact the Office of Student Conduct and Community Standards visit the Student Conduct and Community Standards website (<https://www.unomaha.edu/student-life/student-conduct-and-community-standards/>) or email unoconduct@unomaha.edu.

Student Involvement

Student Involvement

The college experience at UNO is not just about what takes place in the classroom, lab, and library while students earn their degree. The Office of Student Leadership, Involvement, and Inclusion (SLII) will have countless opportunities for students to pursue their favorite activities, discover new interest, refine their skills, and build lifelong friendships. SLII is home of student government with a growing number of student-led organizations and a student-run newspaper.

Omaha Greeks

The fraternity and sorority community at UNO, better known as Omaha Greeks, serves to enhance the growth and development of UNO students through their engagement within these historical organizations. SLII aims to provide an integrative learning environment that fosters a sense of belonging for the individual student rooted in a shared commitment to their fraternal oath.

Student Government

The UNO Student Government Association represents all UNO students to administration, faculty, and staff, as well as the University of Nebraska Board of Regents and the community. They strive to lead, support, and advocate on behalf of the student body to make lasting and positive contributions to the student experience.

Maverick Productions

Maverick Productions (MavPro) is a student led programming board that plans and executes events for students by students. These events include major concerts, fun giveaways, and other interactive events! MavPro strives to plan events that bring in students from all parts of campus to support the Maverick Community.

Cultural Programs

SLII focuses on collaborative efforts within the university as well as community partners. These cultural celebrations provide students with unique opportunities to experience culturally rich identities that represent the greater Omaha area.

Office Services and Amenities

SLII offers free services to printing, computer labs, private study pods, FAFSA workshops, research assistance from Criss Library, math tutoring, and Counseling and psychological service support. We hold a safe space and educational environment for UNO students to learn and model.

Scholarships

SLII offers scholarship that are open to students enrolled at UNO. Each award is based on students' academic effort, campus and community activity, and financial need. These scholarships these amounts are disbursed evenly between fall and spring semester provided enrollment requirements are met.

Campus And Community Outreach

SLII staff encourage and advocate for students to reach their full potential, such as supporting students in finding employment opportunities, internships, campus resources, and more develop both academically, personally and professionally.

Student Legal Services

Student Legal Services

The office of Student Legal Services offers free legal assistance to all currently enrolled UNO students. All communication is completely confidential and cannot be shared with anyone. The office can provide court representation, document preparation, legal advice and counsel, and legal information. All legal matters are welcome, however, the office is unable to assist with legal issues with other students as well as issues with the University or its affiliates. Visit the Student Legal Services website (<https://www.unomaha.edu/student-life/student-safety/student-legal-services/>).

Student Life & Wellbeing

Student Life & Wellbeing

The services provided by the Division of Student Life and Wellbeing (SLW) are designed to promote the growth and development of the whole student – intellectually, physically, emotionally, socially, financially, environmentally, occupationally and spiritually – to allow students to develop skills that lead to success both during school and throughout life. The SLW Division provides an integrated, holistic approach to both curricular and co-curricular learning by providing support, activities, and engagement that enriches the student experience on campus and better prepares them to be an active and engaged citizens in our global community.

Mission

The Division of Student Life and Wellbeing cultivates an inclusive, caring, student centered community through meaningful connection and involvement.

Vision

Student Life and Wellbeing strives to be a division that fosters comprehensive opportunities that inspire and empower students towards self-compassion, self-advocacy, and holistic wellness.

Testing Center

The University of Nebraska at Omaha (UNO) Testing Center provides a variety of services to UNO students, faculty and staff. These services extend into the metropolitan Omaha region and beyond to persons needing testing related assistance. The types of services include university placement exams, university make-up exams, certification/licensure exams, online distance education exams, admission exams, proficiency exams, national exams, credit by examination, proctored correspondence exams and testing accommodations for students with disabilities. The Testing Center will also consider special requests associated with individual needs. For more information regarding testing services, please contact:

The University of Nebraska at Omaha
Testing Center
522 Kayser Hall
Omaha, NE 68182-0318
402.554.4800
testingcenter.unomaha.edu (<http://testingcenter.unomaha.edu/>)

Placement Exams

Placement exams may need to be taken prior to registering for an English, mathematics, chemistry, or foreign language course. Placement exams help ensure that a student enrolls in the correct courses based on their academic skill level. Additional information for placement exams can be found here (<https://www.unomaha.edu/enrollment-management/testing-center/information.php>).

Accommodated Testing

UNO supports students with disabilities and encourages their full participation in all academic programs. The Testing Center is available to UNO students with a disability who require testing accommodations that are approved as part of their UNO Accessibility Services Center Accommodation Plan. The Testing Center works with the Accessibility Services Center to provide a secure, quiet, and controlled environment for accommodated testing exams.

Advanced scheduling is necessary for testing accommodations which are determined by referral from the Accessibility Services Center director. Available accommodations include, but are not limited to:

- A separate room
- Reduced distraction space
- Reader
- Scribe
- Word processor
- Large print
- Extended time

- Job Access With Speech (JAWS)

In accordance with Section II of the Americans Disabilities Act and Section 504 of the Rehabilitation Act, UNO's Accessibility Services Center is the designated office to work with students with disabilities to identify and set up a plan to provide reasonable accommodation so they may enjoy the same benefits, experiences, and opportunities as persons without disabilities. The Testing Center is the designated office on campus to provide any identified student accommodations that involve testing. For more information about accommodation plans, contact the Accessibility Services Center at 402.554.2872.

Credit by Department at UNO

Credit by Department allows students the opportunity to gain academic credit for prior learning they have acquired by self-study or experience. Tests may be taken in many subject areas, and credit may be earned by achieving acceptable scores on these tests. Departments may also establish other ways than an exam for a student to show proficiency and earn academic credit. Contact the Department to see what opportunities exist. Benefits include saving tuition dollars and shortening the time it takes to earn a degree.

Students can earn credit at UNO through the College-Level Examination Program (CLEP) and UNO's Credit by Department.

Many postsecondary institutions now offer credit based on CLEP examinations annually. The CLEP exams include General Examinations and Subject Examinations. Both are designed to measure factual knowledge and understanding, problem-solving ability, and mastery of college-level, introductory course content in a wide range of disciplines.

UNO's Credit by Department procedure can involve taking a test or showing proficiency in some other way to earn academic credit. These opportunities for credit are constructed by the Department for the purpose of measuring knowledge in a particular course being offered at UNO. Credit is granted for the course upon demonstrating successful proficiency.

- Credit by Department may not be attempted more than once for a course.
- A student who has failed to earn credit in an attempted college course may not receive Credit by Department in the same course. Neither will credit be granted to raise a grade earned in any course.
- A maximum of 30 hours Credit by Department (the College of Business has a limit of 24 hours) may be applied toward graduation, e.g., CLEP, by Department, etc.
- Credits earned from CLEP or by Department may not be used as part of the terminal residency requirements, so you should check the requirements of your college.
- Students attempting Credit by Department must be registered at UNO at that time. (Registration is not required to take CLEP exams.) You must be a UNO student to have the credit applied to UNO.
- Students attempting CLEP Exams and other Credit by Department opportunities for courses in which they are currently enrolled must do so before they have completed one month of the course.
- Credit by Department will not be given for courses that are prerequisites for courses that the student has already earned credit. For exceptions, check with the Department.
- Credit earned on a General Examination or another opportunity created by the Department will be reduced by the amount of comparable credit already earned in the division.

The fee for each CLEP exam is \$95.00. **This is paid online directly to CLEP. A ticket containing the exam name and ticket number is printed after completing the online transaction and brought to the Testing Center (required) on exam day.** (You must pay separately for each exam you take). There is also a \$25.00 fee for administering the exam paid to the UNO Testing Center on exam day prior to taking the

exam. Visit clep.collegeboard.org (<https://clep.collegeboard.org/>) to see the CLEP informational bulletin for more details and Military Benefits. Prior to attempting to demonstrate successful proficiency in a course that is constructed by the Department, a \$40.00 fee is paid to the UNO Testing Center. (Fees are subject to change.)

Credit earned by Department will be recorded as "CR" on the transcript, and this credit will not be used in calculating grade point average.

If you need additional information or have any questions, feel free to stop by (522 KH) or call the Testing Center at 402.554.4800. Questions regarding Credit by Department other than those noted should be directed to the appropriate Department.

DE (Online Distance Education) Exams

Online Distance Education (DE) Exams are proctored for faculty teaching Hybrid classes who have made arrangements for this service with the Testing Center. A student enrolled in a DE course that has an exam to be taken at the Testing Center will need to register (<https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/how-to-register.php>) for their testing appointments via MavLINK (<http://mavlink.unomaha.edu/>).

Note: A student should check-in on the day, prior to the exam time they scheduled, when they registered in MavLINK. You will not be able to take the Exam if you check-in outside the date/time window established by your professor

The UNO Testing Center administers Online Distance Education (DE) Exams Monday–Friday in the Testing Center, on the day and time scheduled by the student within the date/time window established by the professor.

Correspondence (Proctored Exams)

The UNO Testing Center offers proctoring services to individuals that need to take proctored exams from institutions other than UNO.

These include, but are not limited to:

- College course exams
- College entrance exams
- Certification exams

The examinee is responsible for following the institution's procedures for completing the exam(s). This may include but not be limited to completing the institution's proctor agreement form.

Examinees must contact the UNO Testing Center in advance with testing dates and any other institution requirements needed to schedule an appointment.

For additional information and/or to schedule an appointment for a Correspondence Proctored Exam, contact the UNO Testing Center Office at **402.554.4800**.

National Exams

The Testing Center administers many types of national exams including those for Admission, Proficiency, Certification, or Licensure purposes. Among exams offered are the Graduate Record Exam (GRE), GRE Subject Tests, PRAXIS series exams, ACT Assessment, Test of English as a Foreign Language (TOEFL), Test of English for International Communications (TOEIC), DSST exams formerly known as DANTES Subject Standardized Tests, Clinical Mental Health Counseling Exam (CMHC), International Fluid Power Society (IFPS) Exams, and Major Field Test (MFT). The Testing Center contracts with the following testing companies to administer many other certification/licensure exams: PSI, PAN, Measure Learning, Kryterion,

Iso-Quality, Prov and Educational Testing Service (ETS). Each testing company may have a suite of 400-4,000 different exams.

Make-Up Exams

Make-Up Exams are proctored for all UNO faculty who have an arrangement with the Testing Center for this service.

Faculty approved students who have a Make-Up Exam to be taken at the Testing Center will need to schedule their testing appointment in MavLINK.

Students wanting to use their UNO Accessibility Services approved testing accommodations should select the accommodations during the registration process in Mavlink. Contact the Testing Center at 402.554.4800 or email at unotestingcenter@unomaha.edu with any questions.

Title IX

Title IX

Title IX is a comprehensive federal law that prohibits discrimination on the basis of sex (including gender identity) in any federally funded education program or activity.

To contact the Title IX Coordinator:

Phone: 402.554.2120

Email: equity@unomaha.edu

Learn more about Title IX (<https://www.unomaha.edu/university-compliance/civil-rights/title-ix-information/>).

TRIO Project Achieve

TRIO Project Achieve

Project Achieve is open to University of Nebraska Omaha undergraduates who qualify as first-generation, limited income, and/or disabled college students. The program offers academic and life skills development; guidance related to financial aid; career and graduate study preparation; leadership development through community engagement; and personal counseling. Activities and services emphasize growth in becoming more efficient, engaged, and independent learners.

Project Achieve uses a flexible and personalized approach. Each student is encouraged to participate in activities which meet his, her, or their own learning needs. Students and staff work together in assessing students' skills in relation to education and career goals. Personal interviews, review of academic records, checklists and diagnostic tests may be used in this process

Learn more about Project Achieve (<https://www.unomaha.edu/project-achieve/>)

University Building Access

University Building Access

The Police and Public Safety Department is responsible for the control of the university electronic access and key system. Eligible University employees should make requests for access (electronic or keyed) through their department chairperson.

UNO Care Team

UNO Care Team

The Care Team (<https://www.unomaha.edu/student-life/student-safety/how-to-report/uno-care-team.php>) is a small group of staff and faculty who work to address concerns related to health and safety within our campus community. The Care Team supports all Mavericks struggling with academics, life circumstances, or any other situation; we also provide support to faculty and staff who are concerned about a student. Anyone, including all students, faculty, staff, and others, who are concerned about a student can submit a referral to the Care Team. Students can even submit a referral for themselves to get help. The Care Team referral form can be found here. (https://cm.maxient.com/reportingform.php?UnivofNebraskaOmaha&layout_id=10) You can also contact us at unocareteam@unomaha.edu or 402.554.CARE (2273).

UNO Graduate Studies

UNO Graduate Studies

For over 100 years, the University of Nebraska at Omaha (UNO) has empowered professionals to advance their careers through affordable, innovative graduate programs. With more than 90 offerings at the doctoral, master's, specialist, and graduate certificate levels, UNO offers access to exceptional education.

As a Carnegie Doctoral Research University, UNO is home to award-winning faculty who lead in their fields and are dedicated to mentoring student success. Explore opportunities on the Graduate Studies website (<https://www.unomaha.edu/graduate-studies/>).

UNO Libraries

Criss Library

The Dr. C.C. and Mabel L. Criss Library (Criss Library) fulfills the UNO mission through dynamic services, highly qualified and adaptive personnel, unique and extensive collections, and accessible learning spaces and environments.

Criss Library is centrally located on UNO's Dodge campus, and is an inclusive and engaged space for teaching, learning, research, and service. Collaborative spaces include: flexible seating on our lower and main levels; group study rooms equipped with monitors, screen sharing technology, and whiteboards; and four instruction labs, including two with laptops and configurable seating. For focused learning, the library has individual study rooms, and maintains quiet study space throughout the third floor.

The Creative Production Lab offers one-on-one help for students, faculty, and staff to explore their creative interests and learn how to use cutting-edge hardware and software, including virtual reality, laser cutting, 3D printing and scanning, and multi-media production.

The Archives & Special Collections acquires and preserves unique, rare, and specialized materials, and provides expertise on incorporating these materials into creative projects. The department's diverse collections include the University Archives, U.S. Senator Chuck Hagel Archives, as well as other special collections including regional history, rare books, and the Arthur Paul Afghanistan Collection.

Additional spaces of note include: an outdoor garden patio, theater room, and the H. Don and Connie Osborne Family Art Gallery.

The library's collection supports the teaching, learning, research, and creative needs of students, faculty, and staff through a variety of formats including, print and e-books, physical and streaming media, digital image collections, journals, newspapers, electronic databases, and government

documents. Material not available in the Criss Library collection can be borrowed from other libraries via Interlibrary Loan.

Librarians are available both in person and online to answer questions, help students and faculty use library resources, and assist with research when and where it is needed. Librarians also offer instruction sessions tailored toward a particular course or assignment.

For additional information, visit library.unomaha.edu (<http://library.unomaha.edu/>).

Wellness

Counseling and Psychological Services (CAPS)

Caring Staff

Our office is staffed by licensed mental health practitioners and two graduate interns who are eager to create a vibrant and safe campus community in which psychological health and academic life flourish for our diverse student body. CAPS' staff is committed to providing support and encouraging your personal growth.

Personal Counseling

Concerns, struggles, and changes are all normal parts of life. Sometimes we can work through them on our own; other times, talking to a professional can help. CAPS offers a safe, confidential atmosphere in which personal concerns can be openly explored and discussed within a culturally inclusive environment. Topics often include anxiety, depression, alcohol and drug issues, goal setting, grief and loss, relationships, sexual identity, self-esteem, and stress. CAPS can also assist with referrals to campus resources and community providers for students needing longer-term support. Appointments may be made by stopping by the CAPS office at the Wellness Center, 101 Health and Kinesiology building, or by calling 402.554.2409. Learn more on the Counseling and Psychological Services website (<https://www.unomaha.edu/student-life/wellness/counseling-center/>).

Health Services

Nebraska Medicine UNO Health Center

The UNO Health Center is an on-campus medical clinic that helps UNO students stay healthy while they're in school. It is staffed by board-certified medical professionals who specialize in college health. Services include care for common illnesses and injuries, wellness exams, chronic illness management, sexually transmitted infections testing and treatment, gynecological care and birth control, a variety of immunizations, lab testing and more. In addition to medical services, the UNO Health Center offers health and wellness education through presentations, on-campus outreach booths and the Health Matters blog. The health center is in the Wellness Center, 102 H&K, and is open Monday through Friday from 8 a.m. to 4 p.m. year-round. In-person and telehealth visit options are available depending on the concern. Appointments are required for care and can be made by calling 402.554.2374 or online at healthcenter.unomaha.edu.

Costs

The University Program and Facilities Fee covers the cost of certain services, but it does not cover all possible charges. Services not covered by student fees can be submitted to the student's health insurance plan. Nebraska Medicine accepts most insurance plans. If you do not have insurance, financial assistance may be available through Nebraska Medicine. Learn more at <https://www.unomaha.edu/nebraska-medicine-uno-health-center/index.php> (<https://www.unomaha.edu/nebraska-medicine-uno-health-center/>).

Maverick Food Pantry

Located in the Barbara Weitz Community Engagement Center, the Maverick Food Pantry (MFP) contributes to UNO's culture of caring by providing students with food, toiletries, personal hygiene items, school supplies, menstrual products, sexual health products, diapers, and parenting supplies. The MFP also connects students with resources in the greater Omaha area for other basic needs support.

Other MFP Services:

- The *Oh SNAP!* program serves students with eligibility questions and application assistance for the Supplemental Nutrition Assistance Program.
- Once a month, the MFP partners with other on-campus groups to host "pop-up" closets to distribute free clothing.
- During the growing season, the MFP's Community Garden grows produce on campus to distribute in the pantry.

Overall, the Maverick Food Pantry team works to spread awareness and destigmatize basic needs insecurity on UNO's campus.

Writing Center

Writing Center

The Writing Center invites UNO students, faculty, and staff in all university divisions to work with writing consultants on writing projects. You may use this free service to work on writing assignments, application essays, business letters or other projects. Our goal is to help you become an effective, independent writer; we will not edit papers for you: we will help you develop the ability to edit your own work. The writing consultants are undergraduate students, graduate teaching assistants from the English Department, and graduate consultants funded by Graduate Studies and UNMC.

The Writing Center offers in-person and online services whenever classes are in session. To schedule a 30 or 60 minute appointment, visit the Writing Center website (<http://www.unomaha.edu/college-of-arts-and-sciences/writing-center/>) or call 402.554.2946.

UNDERGRADUATE

2025-2026 Undergraduate Catalog

Undergraduate Programs A-Z

A

- Accounting Concentration (p. 391)
- American Sign Language (ASL) Minor (p. 605)
- Ancient Mediterranean Studies Minor (p. 76)
- Anthropology Minor (p. 362)
- Applied Computing and Informatics Minor (p. 681)
- Applied Computing and Informatics, Bachelor of Science (p. 678)
- Architectural Engineering, Bachelor of Science (p. 612)
- Art Education Concentration, Bachelor of Arts in Studio Art (p. 490)
- Art History Minor (p. 477)
- Art History, Bachelor of Arts (p. 472)
- Artificial Intelligence Concentration (p. 653)
- Artificial Intelligence, Bachelor of Science in Artificial Intelligence (p. 647)
- Arts Entrepreneurship Minor (p. 502)
- Aviation, Bachelor of Science (p. 687)

B

- Bachelor of Multidisciplinary Studies (p. 708)
- Bachelor of Science in Business Administration (BSBA) Degree (p. 383)
- Banking and Financial Markets Concentration (p. 397)
- Bioinformatics Minor (p. 673)
- Biology Minor (p. 89)
- Biology, Bachelor of Arts (p. 80)
- Biology, Bachelor of Science (p. 82)
- Biology, Bachelor of Science with a Concentration in Education (p. 86)
- Biomechanics Minor (p. 519)
- Biomechanics, Bachelor of Science (p. 517)
- Black Studies Minor (p. 92)
- Black Studies, Bachelor of Science (p. 90)
- BSBA as a Second Bachelor's Degree (p. 389)
- Business Analytics Concentration (p. 400)
- Business Analytics Minor for Non-Business Majors (p. 386)
- Business Finance Concentration (p. 402)
- Business for Non-Business Majors Minor (p. 386)

C

- Chemistry Minor (p. 105)
- Chemistry, Bachelor of Arts (p. 93)
- Chemistry, Bachelor of Science (p. 96)
- Chemistry, Bachelor of Science with a Concentration in Chemistry Education (p. 98)
- Chemistry, Bachelor of Science with a Concentration in Medicinal Chemistry (p. 101)
- Chicano/Latino Studies Minor (p. 200)
- Civil Engineering, Bachelor of Science (p. 614)
- Communication Studies Minor (p. 436)

- Communication Studies, Bachelor of Arts (p. 433)
- Communication Studies, Bachelor of Science (p. 435)
- Computer Engineering, Bachelor of Science (p. 618)
- Computer Science Minor (p. 660)
- Computer Science, Bachelor of Science (p. 649)
- Construction Engineering, Bachelor of Science (p. 636)
- Construction Management, Bachelor of Science (p. 638)
- Creative Writing Minor (p. 510)
- Creative Writing, Bachelor of Fine Arts (p. 504)
- Criminology & Criminal Justice Minor (p. 701)
- Criminology & Criminal Justice, Bachelor of Science (p. 696)
- Cross-Sector Collaborative Leadership Minor (p. 756)
- Cybersecurity Minor (p. 678)
- Cybersecurity, Bachelor of Science (p. 674)

D

- Data Management Certificate (p. 669)

E

- Economics Concentration (p. 394)
- Economics Minor (p. 111)
- Economics, Bachelor of Arts (p. 106)
- Economics, Bachelor of Science (p. 109)
- Editing & Publishing Minor (p. 511)
- Education - Communication Disorders (p. 602)
- Education - Early Childhood Inclusive, Bachelor of Science (p. 530)
- Education - Elementary Education, Bachelor of Science (p. 532)
- Education - Library Science, Bachelor of Science (p. 542)
- Education - Secondary Education, Bachelor of Science (p. 544)
- Education - Special Education, Bachelor of Science (p. 595)
- Education Minor (p. 593)
- Electrical Engineering, Bachelor of Science (p. 621)
- Emergency Management (BSEM), Bachelor of Science (p. 734)
- Emergency Management Minor (p. 746)
- Engineering Leadership Minor (p. 628)
- English Minor (p. 122)
- English, Bachelor of Arts (p. 112)
- Entrepreneurship Concentration (p. 419)
- Entrepreneurship for Non-Business Majors Minor (p. 386)
- Environmental Engineering, Bachelor of Science (p. 625)
- Environmental Science Minor (p. 135)
- Environmental Science, Bachelor of Science with a Concentration in Analytical Sciences (p. 124)
- Environmental Science, Bachelor of Science with a Concentration in Earth Sciences (p. 127)
- Environmental Science, Bachelor of Science with a Concentration in Geography and Planning (p. 129)
- Environmental Science, Bachelor of Science with a Concentration in Life Science (p. 132)
- Ethics Minor (p. 275)

F

- Film Studies Minor (p. 77)
- Fire Service Management Minor (p. 747)
- French Minor (p. 378)

G

- Game Programming Concentration (p. 654)
- General Science, Bachelor of Science (p. 136)
- Geography Minor (p. 155)
- Geography, Bachelor of Arts (p. 142)
- Geography, Bachelor of Science (p. 148)
- Geology Minor (p. 165)
- Geology, Bachelor of Arts (p. 156)
- Geology, Bachelor of Science (p. 160)
- German Minor (p. 378)
- Gerontology Certificate (p. 753)
- Gerontology Minor (p. 753)
- Gerontology, Bachelor of Science (p. 749)

H

- History Minor (p. 171)
- History, Bachelor of Arts (p. 167)
- History, Bachelor of Science (p. 169)
- Holocaust and Genocide Studies Minor (p. 171)
- Home (p. 1)
- Home (p. 1)
- Human Performance Minor (p. 525)
- Human Resource Management Concentration (p. 414)
- Human Rights Studies Minor (p. 171)

I

- Information Assurance Concentration (p. 658)
- Information Technology Administration Certificate (p. 670)
- Interdisciplinary Studies, Bachelor of Arts (p. 174)
- Interdisciplinary Studies, Bachelor of Science (p. 178)
- Internal Audit, Fraud, and Control Certificate (p. 393)
- International Business Concentration (p. 421)
- International Studies Minor (p. 194)
- International Studies, Bachelor of Arts (p. 184)
- Internet Technologies (IT) Concentration for Computer Science Majors (p. 657)
- Investment Science and Portfolio Management Concentration (p. 406)
- Islamic Studies Minor (p. 195)

J

- Journalism and Media Communication Minor (p. 445)
- Journalism and Media Communication, Bachelor of Arts (p. 436)
- Journalism and Media Communication, Bachelor of Science (p. 441)

K

- Kinesiology, Bachelor of Science in Kinesiology (p. 523)

L

- Latino/Latin American Studies, Bachelor of Arts (p. 197)
- Leadership and Public Policy Minor (p. 300)
- LGBTQ/Sexuality Studies Minor (p. 366)
- Logistics & Supply Chain Management Concentration (p. 416)
- Logistics & Supply Chain Management for Non-Business Majors Minor (p. 388)

M

- Management & Leadership Concentration (p. 412)
- Management and Leadership Minor for Non-Business Majors (p. 387)
- Management Information Systems Minor (p. 669)
- Management Information Systems, Bachelor of Science (p. 660)
- Marketing Concentration (p. 424)
- Marketing for Non-Business Majors Minor (p. 387)
- Mathematics Minor (p. 236)
- Mathematics, Bachelor of Arts (p. 202)
- Mathematics, Bachelor of Science (p. 219)
- Medical Humanities Minor (p. 243)
- Medical Humanities, Bachelor of Arts (p. 237)
- Medical Humanities, Bachelor of Science (p. 240)
- Medieval/Renaissance Studies Minor (p. 246)
- Minor in Aviation (p. 693)
- Molecular and Biomedical Biology, Bachelor of Science (p. 248)
- Molecular and Biomedical Biology, Minor (p. 253)
- Music Education, Bachelor of Music, K-12 Certification (p. 470)
- Music Performance, Bachelor of Music (p. 457)
- Music, Bachelor of Arts (p. 446)
- Musical Theatre Minor (p. 503)

N

- Native American Studies Minor (p. 253)
- Neuroscience Minor (p. 263)
- Neuroscience, Bachelor of Science (p. 255)
- Nonprofit Management Minor (p. 757)

P

- Pharmaceutical Sciences (p. 264)
- Philosophy Minor (p. 275)
- Philosophy, Bachelor of Arts (p. 267)
- Philosophy, Bachelor of Arts Concentration in Ethics, Law and Social-Political Philosophy (p. 272)
- Philosophy, Bachelor of Arts Concentration in Philosophy of Brains, Minds and Machines (p. 270)
- Physics Minor (p. 285)
- Physics, Bachelor of Arts (p. 276)
- Physics, Bachelor of Science (p. 279)
- Physics, Bachelor of Science with a Concentration in Biomedical Physics (p. 281)
- Physics, Bachelor of Science with a Concentration in Physics Education (p. 283)
- Policing Minor (p. 701)
- Political Science Minor (p. 300)
- Political Science, Bachelor of Arts (p. 287)
- Political Science, Bachelor of Science (p. 294)
- Pre-Agricultural Engineering (p. 632)
- Pre-Biological Systems Engineering (p. 633)
- Pre-Mechanical Engineering (p. 634)
- Psychology Minor (p. 345)
- Psychology, Bachelor of Arts (p. 302)
- Psychology, Bachelor of Science (p. 317)
- Public Administration Minor (p. 757)
- Public Health Minor (p. 525)

- Public Health, Bachelor of Science (p. 521)
- Public Relations and Advertising (PR/Ad) Minor (p. 445)

R

- Real Estate and Land Use Economics Concentration (p. 409)
- Real Estate and Land Use Economics, Minor (p. 387)
- Religion Minor (p. 348)
- Religion, Bachelor of Arts (p. 346)
- Robotics Engineering Minor (p. 634)

S

- Sales Concentration (p. 426)
- Sales Minor for Non-Business Majors (p. 388)
- Screenwriting Minor (p. 511)
- Social Work, Bachelor of Science (p. 754)
- Sociology Minor (p. 362)
- Sociology, Bachelor of Arts (p. 349)
- Sociology, Bachelor of Science (p. 355)
- Software Engineering Concentration (p. 656)
- Spanish for Health Sciences Minor (p. 379)
- Spanish Minor (p. 379)
- Sports Biomechanics Minor (p. 519)
- Sports Medicine Minor (p. 526)
- Studio Art Minor (p. 490)
- Studio Art, Bachelor of Arts (p. 477)
- Studio Art, Bachelor of Fine Arts (p. 487)
- Sustainability Minor (p. 78)
- Systems Development Certificate (p. 669)

College of Arts and Sciences

Vision Statement

To be recognized and respected throughout the United States as one of the premier Colleges of Arts and Sciences at a metropolitan university, maximizing our resources to build exceptional programs related to teaching, scholarship, creative activity, outreach, and service.

Mission Statement

The College of Arts and Sciences is a liberal arts college within a metropolitan university. The college serves as UNO's standard-bearer for the tradition of liberal education, which emphasizes the importance of breadth of knowing and ways of knowing as central to a student's education, and prepares students for the 21st century workforce.

Courses of instruction are offered in the humanities, social sciences, and natural sciences/mathematics to support a liberal education for the students of the college and to provide a significant portion of the general education requirements of the university. We offer disciplinary and interdisciplinary majors and minors at the bachelor's, master's, and doctoral levels. The college is committed to outstanding teaching and to significant scholarship and research activities of its faculty and students and encourages involvement with our metropolitan community and the world at large.

General Information

The College of Arts and Sciences offers Bachelor of Arts and Bachelor of Science degrees, with a variety of majors from the humanities, social sciences and natural sciences. The College also offers advising for many pre-professional programs preparing students for graduate or professional schools in medicine, allied health and law.

Academic majors are available in the following fields: biology, molecular and biomedical biology, black studies, chemistry, economics, English, environmental science, general science, geography, geology, history, interdisciplinary studies, international studies, Latino/Latin American studies, mathematics, medical humanities, neuroscience, pharmaceutical sciences, philosophy, physics, political science, psychology, religion, sociology, women's and gender studies, and world languages and literature.

The pre-professional programs of study are determined largely by the requirements of the graduate or professional schools which students intend to enter. If planned carefully, the requirements for a pre-professional program can also meet many of the requirements for a B.A. or B.S. degree. These pre-professional programs are not academic majors and a student seeking a degree from UNO must complete the requirements of a major as well. Pre-professional information can be found on the Arts and Sciences website (<https://www.unomaha.edu/college-of-arts-and-sciences/>).

Accreditation Information

Major	Degree	Accreditation Body
Chemistry	BA/BS	American Chemical Society (ACS)
School of Psychology	MS Ed.S.	- Recognized by the National Association of School Psychologists (NASP) and the National Council for Accreditation of Teacher Education (NCATE) - Nebraska Department of Education

Contact Information:

Arts and Sciences Advising Center
220 Arts and Sciences Hall
402.554.2458

College Website (<http://www.unomaha.edu/college-of-arts-and-sciences/>)

Admission Requirements

All students who have not yet earned any college credit and who are eligible to enter the university are accepted for admission to the college. However, admission of transfer students or students who have previously been enrolled at UNO is evaluated on an individual basis. A 2.0 grade point average in previous course work is required for non-exploratory students.

Application deadline for admission is the same as that for the university.

Academic Requirements for the College Degrees

Number of Hours to Graduate

College Rules

Upper-Division Rule

Students must have at least 18 hours of upper-division course work in their major and a total of at least 27 credit hours of upper-division work (3000 or 4000-level courses).

Forty-Five Hour Rule

No candidate may count more than 45 credits in any one discipline toward completion of a major.

Four Hour Rule

No candidate may count more than four out of 120 credits in physical education activity classes.

Overlapping Restrictions

Courses that are taken toward the completion of two or more programs are subject to restrictions, as determined by the individual programs. If differences in policies exist, the policy that allows the fewest number of course overlap will be enforced. When possible, known course overlap restrictions are explicitly stated in the individual program catalog pages and enforced in the degree audit system. Still, not all combinations can be accounted for and may not be accurately reflected in a degree audit, or stated in the program catalog pages. It is imperative for students to work closely with their advisor for guidance when thinking about declaring another program of study that shares some course requirements between

them. Taking distinct courses for each program is generally advised to avoid overlap issues.

Separate from course overlap restrictions between two or more academic programs such as majors and minors, the College of Arts and Sciences limits the amount of overlap that can exist between the different components of our BA and BS degrees. Specifically, the College of Arts and Sciences' Breadth Requirement asks students to select any one of the following to fulfill the requirement: Option I-Minor; Option II-Additional General Education; Option III-Double Major or Comprehensive major. Cognate coursework may not also be applied toward the minor or double major satisfying the College of Arts and Sciences Breadth Requirement unless explicitly approved by the Educational Policy Committee of the College. Additionally, the BS cognate coursework should complement the student's major, with courses selected from cognate fields outside the student's major department. Students can overlap one BS cognate course or one BA world language course with the university general education requirements or Option II additional general education coursework. Questions may be directed to the Arts and Sciences Advising Center.

Minimum GPA/Additional Requirements

Students seeking a degree must maintain an average grade of at least "C" (2.0) in all college work, including work transferred from other institutions.

Specific College of Arts & Sciences' Breadth Requirements

Students must complete one of the three following options:

Option I: Minor

Students may complete any UNO minor. Courses counting toward the minor may not also be used toward the student's cognate requirements without approval by the Educational Policy Committee of the College. See the respective departmental requirements for details. Minors offered in the College of Arts and Sciences include: ancient Mediterranean studies, anthropology, biology, molecular and biomedical biology, black studies, chemistry, Chicano-Latino/a studies, economics, English, environmental science, ethics, film studies, geography, geology, history, holocaust & genocide studies, human rights studies, international studies, Islamic studies, leadership & public policy, LGBTQ-Sexuality studies, mathematics, medical humanities, Medieval/Renaissance studies, Native American studies, neuroscience, philosophy, physics, political science, psychology, religion, sociology, sustainability, women's and gender studies, and world language and literature (French, German, and Spanish). See the respective programs for details.

Option II: Additional General Education

The University has established minimum General Education requirements. This option is designed to further the purposes of liberal education by encouraging students to explore coursework in other areas.

Humanities/Fine Arts (nine additional credit hours)

- Three additional credit hours from a second discipline
- HIST 1000 – World History to 1500 is required
- HIST 1010 – World History since 1500 is required

Transfer students who have taken two semesters of Western Civilization may count three hours toward the World History since 1500 requirement (HIST 1010) and then take three hours of HIST 1000 to complete their World History requirement, or they may take HIST 2190.

Social Sciences (three additional credit hours)

- Three additional credit hours from a second discipline.

Natural and Physical Sciences (three to five additional credit hours with or without a lab)

- Three to five additional credit hours with or without a corresponding lab.

Quantitative Literacy (three additional credit hours)

- Three additional credit hours from the university-approved list of quantitative literacy courses.

Option III: Comprehensive/Double Major

Students may earn more than one major or complete a comprehensive major approved by the College curriculum committee for this option.

These comprehensive majors will require more than 50 credit hours total. Approved comprehensive majors are biology B.S. with education concentration, chemistry B.S. with a concentration in chemistry education, environmental science, interdisciplinary studies with individualized or integrative concentrations, mathematics B.A. or B.S. with mathematics education concentration, neuroscience, and physics B.S. with a concentration in physics education.

Requirements for the Bachelor of Arts Degree

Students pursuing a Bachelor of Arts degree must complete a major, including at least 18 credit hours of upper-division work (3000 or 4000-level courses) designated as appropriate by the faculty in one of the following fields: biology, chemistry, economics, English, world language and literature, geography, geology, history, interdisciplinary studies, international studies, Latino/Latin American studies, mathematics, medical humanities, philosophy, physics, political science, psychology, religion, sociology, and women and gender studies. A student meeting the requirements in each of two fields may present a double major in these fields, provided that the disciplines do not overlap significantly in requirements and a total of at least 27 credit hours of upper-division work (3000 or 4000-level courses) is completed.

For Bachelor of Arts students, world language through the intermediate level is required, as described in the next paragraph.

World Language

For Bachelor of Arts degree-seeking students only, students must complete 16 credit hours of college work in one world language, American Sign Language, or equivalent. This is generally accomplished by completing levels I, II, III, and IV of any one world language. One course may be used toward the BA and general education requirements.

Special circumstances:

- Students with prior experience in a world language may satisfy the BA world language requirement in fewer than 16 credits with successful completion of level IV in a college world language.
- High school language coursework may satisfy the BA world language requirement if successfully completed through the equivalent of a level IV college world language.
- Speakers of native languages should consult their advisor to discuss options.
- For unusual circumstances, please contact the Arts and Sciences Advising Center.

To enroll in any French, German, Japanese, or Spanish course beyond 1110, a student who has not successfully completed the prerequisite courses at UNO must take the appropriate placement exam and qualify for the desired course. All students are subject to this requirement, including transfer students (including those from UNK/UNL). The Department of World Languages and Literature reserves the right to cancel the registration of any student who has not met the prerequisites for a course. Transfer courses at the 3000/4000 level are subject to the approval of a departmental adviser.

and the department chair. All world language courses must be completed with a grade of "C-" or better to continue to the next course.

The Department of World Languages and Literature will grant retroactive credit for French, German, Japanese, or Spanish 1110, 1120, 2110, or 2120 subject to the following conditions:

- a student who completes any French, German, Japanese, or Spanish course in the 1120-2120 sequence with a grade of "C-" (1.67) or better at UNO without having completed the previous courses may be granted retroactive credit for those previous courses;
- a student who completes a 3000-level course in French, German, or Spanish with a grade of "C-" (1.67) or better at UNO without having completed the 1110-2120 sequence may be granted retroactive credit for any of the courses 1110, 1120, 2110, and 2120 for which credit has not already been earned.
- Please refer to the Department of World Languages and Literature for questions and assistance with retroactive credits.

Requirements for the Bachelor of Science Degree

The Bachelor of Science degree provides greater opportunity for concentrated and specialized study in a particular field, generally in the natural or social sciences. The requirements for the Bachelor of Science degree are the same as those for the Bachelor of Arts degree except as follows: Each degree candidate must complete a major including at least 18 credit hours of upper-division work (3000 or 4000-level) designated as appropriate by the faculty in one of the following fields: biology, black studies, chemistry, economics, environmental science, general science, geography, geology, history, interdisciplinary studies, mathematics, medical humanities, molecular and biomedical biology, neuroscience, pharmaceutical sciences, physics, political science, psychology, and sociology. A student meeting the requirements in each of two fields may present a double major in these fields, provided that the disciplines do not overlap significantly in requirements and a total of at least 27 credit hours of upper-division work (3000 or 4000-level courses) is completed.

World language is not required for students completing a B.S. degree. Instead, students must complete cognate courses as described in the next paragraph.

Cognate Courses

Each Bachelor of Science degree requires a minimum of 15 credit hours from cognate fields outside the student's major department. One course may be used toward the general education requirements. These cognate courses should complement the student's work within the major. Cognate coursework may not also be applied toward the minor or double major satisfying the College of Arts and Sciences Breadth Requirement unless explicitly approved by the Educational Policy Committee of the College. Beyond these criteria, the major department will determine the approval of cognate coursework for each student. See the respective departmental requirements for details.

Transfer Credit Policy

The University allows the transfer of a maximum of 64 credit hours from community colleges. STEM majors may transfer 67 credit hours from community colleges. The Arts and Sciences Advising Center should be contacted for information on the transferability of courses applying to College of Arts and Sciences requirements. Students may be referred to departmental advisors for transferability of courses toward major or minor requirements.

Courses taken at a community college that are upper-division level courses in the College of Arts and Sciences may not be counted as equivalent to upper-division Arts and Sciences courses. At the discretion of the advisor

and the department, these courses may be used toward required or elective coursework but may not be used to meet upper-division requirements.

Unacceptable Credits

Remedial, developmental, or technical coursework may not be used toward the fulfillment of the 120 credit hour requirement.

Retroactive Credit Policy

Placement Exams and Credit by Department Policies/Practices

<https://nextcatalog.unomaha.edu/aboutuno/student-services-a-z/testing-center/> (p. 63)

Residency Requirement

At least 30 of the last 36 credits of a student's bachelor's degree must be taken at UNO. A maximum number of transfer credits may be applied to Arts and Sciences majors and minors. Please consult the Arts and Sciences Advising Center for further information.

Quality of Work

Students seeking a degree must maintain an average grade of at least "C" (2.0) in all college work, including work transferred from other institutions. Students must earn a grade of at least "C-" (1.67) in all coursework intended to satisfy general education, major or minor requirements, however some majors may require a minimum of a "C" (2.0). (Courses passed with less than a C- can still count as elective credit used towards the 120 credits needed to graduate, but will not satisfy specific requirements.) To qualify for a grade of "CR" in any course in the College of Arts and Sciences, a student must earn a grade of at least "C-" (1.67) in that course. All grades reported by the faculty to the registrar become part of the students' permanent records and are included in the computation of their grade point averages, even though some of these grades may be for work done in excess of the 120 hours required for graduation. In order to graduate, students must attain a minimum cumulative GPA of 2.0 ("C"). The only exception to this rule is provided in the section of these requirements entitled "Amnesty Clause."

Appeal Process

Summary

The College of Arts and Sciences establishes the following procedures for review of grade appeal cases for all Arts & Sciences courses. In keeping with *The University of Nebraska Board of Regents Bylaws and Policies*, the College provides an appeals procedure for students who believe that evaluation of their academic progress has been prejudiced or capricious.

If all attempts at informal resolution fail, a student may file a formal written grade appeal with the appropriate department chair or program administrator within the first four weeks of the next regular semester.^[1] (https://www.unomaha.edu/college-of-arts-and-sciences/information/grade-appeal.php#_ftn1) If either a student or an instructor wishes to appeal a department or program grade appeal decision, the student or instructor may file a formal appeal with the College. The College appeal (<https://www.unomaha.edu/college-of-arts-and-sciences/information/grade-appeal.php#college>) is the final level of grade appeal.

I. Department or Program-level Procedure

1. A student wishing to contest a grade should first consult the instructor for the course to make certain that the disputed grade is not the result of simple error or misunderstanding. It is recommended that the student contact the instructor immediately after the final course grade is posted. If the instructor is unavailable, the student should contact the department chair or program administrator.
2. If the student and instructor are unable to resolve the conflict informally, the student should contact the department chair or program administrator who may attempt informal mediation. It is recommended that all informal consultations be concluded within the first two to three weeks of the next regular semester. Timeline (<https://www.unomaha.edu/college-of-arts-and-sciences/information/grade-appeal.php#timeline>)
3. If attempts at informal resolution fail, a student may file a formal written appeal with the department chair or program administrator within the first four weeks of the next regular semester. The written appeal must include explanation and evidence of prejudice or caprice in grading and an explicit statement regarding the outcome the student seeks. Evidence should include pertinent course materials, such as the course outline or syllabus, written instructions for assignments, and graded student work. The chair or administrator will form a grade appeal committee and provide a copy of the written appeal to the instructor.
4. Following receipt of the written appeal, the instructor has up to one week to provide a written response to the appeal to the department or program committee.
5. The department or program appeal committee must conclude appeal deliberations and communicate a decision to the student and instructor within two weeks of receipt of the instructor's response. The appeal committee must be composed of at least three faculty and at least one student. If the committee finds that prejudice or caprice affected the final grade, the department chair or program administrator will change the student's grade.
6. The department or program committee must submit a report to the associate dean of undergraduate education for the College of Arts & Sciences. Submissions may be sent to the Dean's Office at unocasdean@unomaha.edu or Arts & Sciences Hall, Room #280 within one week of its final decision. The report must include the following:

- the student appeal
- the instructor response
- a list of all grade appeal committee members
- copies of any documents consulted in developing the final grade appeal decision
- a statement from the chair, administrator, or grade appeal committee chair including an explanation of how the department's procedures were followed, a timeline of the appeals process, a rationale for the final decision, and an explanation of how the final course grade was calculated.

[1] Regular semesters are fall and spring semesters. To appeal a grade from a fall course, the student must file a written appeal within the first four weeks of the next spring semester. To appeal a grade from a spring course, the student must file a written appeal within the first four weeks of the next fall semester. To appeal a grade from a summer course, the student must file a written appeal within the first four weeks of the next fall semester.

II. College-level Procedure

A. UNO Graduate Studies (graduate courses)
Students and faculty wishing to file an appeal of a department or program grade appeal decision for a graduate course should contact the Graduate Studies Office at UNO (<https://www.unomaha.edu/graduate-studies/>) for information on Graduate College procedure. The following College of Arts & Sciences procedure does not apply.

B. College of Arts & Sciences (undergraduate courses)

1. Any student or instructor wishing to file an appeal of a department or program appeal committee decision must submit a written appeal to the associate dean of undergraduate education for the College of Arts & Sciences within one week after that decision. Such appeals may be sent to the Dean's Office at unocasdean@unomaha.edu or Arts & Sciences Hall, Room #280 and must include the following:
 - an account of the facts surrounding the awarding of the disputed grade;
 - a complete account of steps taken at the department or program level to resolve the dispute;
 - copies of documents relevant to the grade appeal, including a copy of the course syllabus;
 - an explanation of how the relevant grades were calculated/miscalculated.
2. Upon receiving the written appeal, the associate dean of undergraduate education will notify the chair of the College of Arts & Sciences Educational Policy Committee (EPC) of the need to convene an appeal committee and will forward the department's report as well as the written appeal to the EPC chair. The associate dean of undergraduate education will also notify the dean of the need to appoint two student committee members.
3. The College appeal committee will include all members of the EPC who are not members of the department in question and at least two student members who are appointed by the dean. A final decision on the appeal by this committee will be due two weeks after the EPC chair receives the written appeal and the department or program report.
4. In ruling on grade appeals, the College committee will not attempt to resolve disputes about a student's knowledge of a particular subject matter. The committee's responsibilities do extend, however, to matters

of both substance and process. Regarding substance, the committee will determine whether evaluation of a student has been prejudiced or capricious. Regarding process, the committee will determine whether or not grade appeal procedures have been followed.

5. In response to an appeal of department or program process, the committee will determine whether grade appeal procedures have been completed in a reasonable manner. If procedures are not complete, the committee may require the department or program appeal committee to reconvene.

6. In response to an appeal based on charges of caprice or prejudice in grading, the committee may determine that it concurs with the judgment of the department or program appeal committee and will adopt the original recommendation on the matter as its own.

OR

The committee may determine that an academic evaluation by an instructor has been improper, or that the instructor's evaluation was wrongly held to be improper as the result of the original grade appeal, and it will advise the dean that the student's grade should be changed accordingly.

Grade Appeal Policy

1. The College of Arts & Sciences will set grade appeal policies and procedures that operate within the University of Nebraska Board of Regents Bylaws and Policies

Bylaws of the University of Nebraska Board of Regents Chapter V–(January 25, 2018) 5.3 Academic Evaluation.

"Each College or school shall provide for a faculty-student appeals committee for students who believe that evaluation of their academic progress has been prejudiced or capricious. Such procedure shall provide for changing a student's evaluation upon the committee's finding that an academic evaluation by a member of a faculty has been improper."

University of Nebraska Board of Regents Policies Chapter 5.– (October 3, 2018) Instructional and Grading Procedures 2b.

"....The faculty of each department, school, or equivalent unit shall provide a committee to consider the appeal of those cases in which a student feels the performance evaluation was unfair. Colleges shall provide standing committees to consider cases in which the student or faculty member chooses to appeal the initial decision. Any of these committees shall have the authority to direct changes in the grade based upon its findings."

2. The College of Arts & Sciences will maintain department and program grade appeal policies and procedures that operate within the University of Nebraska at Omaha Graduate Office grade appeal policies and procedures so that, at the department/program level, there is one procedure for both undergraduate and graduate appeals.
3. The College of Arts & Sciences will operate within the parameters set by the Board of Regents and the Graduate Office but will set additional requirements and deadlines.
4. The College of Arts & Sciences will set deadlines and procedures for grade appeals that will allow resolution of both the department/program appeal and the undergraduate college appeal within the first ten weeks of regular semesters, allowing students filing appeals to make informed decisions for early registration and to move forward with their academic careers.

5. Departments and programs within the College of Arts & Sciences will maintain grade appeal policies and procedures that operate within the *College of Arts & Sciences Grade Appeal Policies and Procedures for Departments and Programs*.

Academic Amnesty

Academic Amnesty provides relief from a poor academic record acquired within the University of Nebraska system by excluding substandard coursework with a final grade of "D" or "F" from a student's cumulative grade point average (GPA) calculation. Academic Amnesty will not remove course(s) or grade(s) from the transcript but once granted, will not count as part of the overall GPA.

To be eligible for Academic Amnesty, students must:

- Have been out of the Nebraska system for at least one calendar year (12-month period).
- Have substandard coursework ("F" or "D" grades) earned within the University of Nebraska system (UNO, UNL, UNK, UNMC) prior to the year out (substandard grades earned after the year out will not be included in the Academic Amnesty contract).
- Be admitted as a degree-seeking student at the University of Nebraska.

Amnesty Requirements:

- Academic Amnesty will begin with the first course(s) taken upon return to UNO.
- Students may apply for Academic Amnesty at any time after taking the one-year break.
- After returning from the one-year break, demonstrate academic success in new UNO coursework.
- Academic success may be demonstrated by one of the following:
 - Completing at least 12 semester hours (simultaneous or sequential) with a minimum of 3.0 cumulative GPA,
 - Completing at least 24 semester hours (simultaneous or sequential) with a minimum of 2.5 cumulative GPA.
- Students must maintain continuous enrollment (at least six (6) semester hours completed within any 12-month period).
- Students will work with their academic advisor to select the coursework to be amnestied.
- Students must inform an academic advisor when the Academic Amnesty requirements are met.

Notes:

- All amnestied coursework will remain on the student's academic record (transcript); however, the courses will not be included in calculation of the student's grade point average. Courses will be annotated "Academic Amnesty Excluded from GPA" on the transcript.
- Once Academic Amnesty is granted, students will not be eligible for honors at graduation. Students are still eligible for Dean's List and Chancellor's List honors.
- While demonstrating academic success, no changes are made to the student's academic record. If a student's cumulative GPA is still below standard, the students will continue to be reported as "continued on probation." Should the student revert to substandard academic performance while working on Academic Amnesty, the student can still be suspended. Academic Amnesty is intended to provide relief from the past without providing immunity from future substandard academic performance.
- Students must still meet all university and college requirements to graduate.

This policy will be in effect in the College of Arts and Sciences beginning with the 2022-2023 academic year.

Academic Probation and Suspension

Reinstatement Policy Following Academic Suspension

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

Academic Advising

Advising in the College of Arts and Sciences is structured through a combination of professional and faculty advisors in advising centers and departments.

Current students will find academic advisor contact information on their MavLINK (<https://www.unomaha.edu/my/mavlink.php>) homepage within the "Contact My Advisor" section.

Incoming first-year students for the fall semesters generally enroll with professional advisors on an in-person Enrollment Day during the summer months. The First-Year Student Orientation (<https://www.unomaha.edu/student-life/achievement/new-student-and-family-programs/orientation/first-year-student-sign-up.php>) webpage is an excellent resource for further instructions.

Transfer students for all degree-granting majors in the College of Arts and Sciences are assisted by the A&S Advising Center (<https://www.unomaha.edu/college-of-arts-and-sciences/academic-advising-center/make-an-appointment/mavtrack.php>) for advising and enrollment coordination.

All students interested in pursuing a career in healthcare have access to professional advisors in the Health Careers Resource Center for career and enrollment advising. Pre-dental hygiene, pre-medical imaging, and pre-nursing students should contact the HCRC as their primary advising resource. Pre-health students earning a bachelor's degree (some examples include pre-dental, pre-medicine, pre-physician assistant, and pre-occupational therapy) can visit the HCRC (<https://www.unomaha.edu/college-of-arts-and-sciences/health-careers-resource-center/>) for pre-health-specific guidance at any time throughout their academic career at UNO.

Advising Holds

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/enrollment/> (p. 30)

Student Holds

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/enrollment/> (p. 30)

Senior/Graduation Check

After completing 91 credit hours of coursework, students must request a Senior Check/Graduation Check from the Arts & Sciences Advising Center. Provided that the student follows the guidance on the form and assuming satisfactory completion of all approved courses, this process will ensure the student's graduation date. Should this procedure not be followed, responsibility for meeting graduation requirements falls on the student; if errors are made, they can prevent graduation at the anticipated date. Multiple options exist for Senior Checks to be conducted, and are outlined on the Arts and Sciences Advising Center website (<https://www.unomaha.edu/college-of-arts-and-sciences/academic-advising-center/>).

Ancient Mediterranean Studies Minor

Description

The interdisciplinary Ancient Mediterranean Studies (AMS) minor was designed to give students an in-depth understanding of the history of the Mediterranean and Ancient Near East from the beginning of the Bronze Age through the Roman Empire in the West, and the Byzantine Empire in the East.

Other Information

All coursework taken for the Ancient Mediterranean Studies minor must be completed with a grade of C- or better.

Contact

Jeanne Reames, PhD, Ancient Mediterranean Studies Director
mreames@unomaha.edu

Website (<http://www.unomaha.edu/ams/>)

Ancient Mediterranean Studies Minor Requirements

Undergraduate students will be expected to complete 15 credit hours of AMS courses with a grade of C- or higher from at least three departments, including art history, black studies, English, history, philosophy, political science, or religious studies. Twelve hours of these must be courses at the 3000-4000 level. A course in another department other than those listed may be permissible with review and approval by AMS faculty. See below for a list of approved courses.

While a language is not required for the minor, taking one is strongly recommended, especially for graduate students and any undergraduates who have plans to continue their studies in graduate school. See the director for suggestions of relevant languages.

WRWS 4000	FORM AND THEORY (approved per focus ^)	
Total Credits		15

Note: Courses in FREN, GERM, and SPAN may be taught in the original languages (French, German, and Spanish). Students will need to meet the prerequisites for these or any of the other upper-division courses.

Sustainability Minor

Sustainability is an interdisciplinary field that explores the interconnectedness of every system on the planet from multiple perspectives, and the ways we can maintain and improve earth's resources for current and future generations. The natural sciences provide the basis for understanding Earth's systems and how humans impact them. The humanities value our physical and ethical connection to these systems.

Finally, the social sciences allow us to understand political, economic, and cultural sustainability, as well as formulate workable policies for a sustainable future.

Sustainability integrates a broad range of topics, including:

- green business practices
- ecology
- natural resources management
- city planning (including land development, housing, transportation, and urban infrastructure)
- international law, policy, and politics
- ethics, values, and environmental justice
- energy and international development
- food security
- human health and quality of life.

A minor in sustainability can be combined with any major in any college at UNO, offering students a flexible and interdisciplinary curriculum. Students who complete this minor will be able to:

- Understand sustainability, its various sub-disciplines, major themes, and analytical techniques as it relates to virtually any career field
- Recognize the political, economic, and cultural forces acting upon the global ecosystem
- Appreciate the significant value of the global ecosystem services provided by a healthy environment
- Identify ways to advance equity, improve quality of life, and lower our personal and collective environmental footprint, on campus and in the community.

Other Information

All coursework taken for the sustainability minor must be completed with a grade of "C-" or better.

Sustainability Minor Requirements

Undergraduate students will be expected to complete at least 15 credit hours of Sustainability courses, including an introductory course in Sustainability, one course in environmental science, and advanced sustainability coursework. Nine credit hours must be upper division (3000 or higher) courses. No more than six credit hours will be accepted as transfer credit.

Code	Title	Credits
^Course requires pre-requisite(s)		
Required Course		3
SUST 1000	INTRODUCTION TO SUSTAINABILITY	
Select one of the following approved courses in environmental science:		3-4
BIOL 1330	ENVIRONMENTAL BIOLOGY	
CHEM 1010	CHEMISTRY IN THE ENVIRONMENT AND SOCIETY	
GEOG 1030	OUR DYNAMIC PLANET: INTRODUCTION TO PHYSICAL GEOGRAPHY	
GEOG 1050	HUMAN-ENVIRONMENT GEOGRAPHY	
GEOL 1010	ENVIRONMENTAL GEOLOGY	
GEOL 1100	EARTH SYSTEM SCIENCE	
Plus a minimum of 9 credit hours selected from the following. Courses can only be applied to one area.		
Select one of the following in the economic and public policy aspects of sustainability:		3
ECON 4320	NATURAL RESOURCE ECONOMICS	
ECON 4330	ENVIRONMENTAL ECONOMICS AND BUSINESS STRATEGY	
ENVN 4820	INTRODUCTION TO ENVIRONMENTAL LAW & REGULATIONS	
GEOG 4160	URBAN SUSTAINABILITY

BIOL 4120	CONSERVATION BIOLOGY
ENVN 4310	OUR ENERGY FUTURE: SOCIETY, THE ENVIRONMENT AND SUSTAINABILITY
ENVN 4320	ECOLOGICAL SUSTAINABILITY AND HUMAN HEALTH
GEOG 3020	HEALTH & MEDICAL GEOGRAPHY
GEOG 3440	NEBRASKA NATURAL RESOURCES MANAGEMENT
GEOG 4010	CONSERVATION OF NATURAL RESOURCES
GEOG 4230	GREAT PLAINS & NEBRASKA
GEOG 4320	CLIMATOLOGY
GEOG 4340	WATER RESOURCES
GEOG 4350	GLOBAL CLIMATE CHANGE

3-4

Code	Title	Credits
Students may also pursue the following options, as approved by the director of the minor:		
SUST 4090	SPECIAL TOPICS IN SUSTAINABILITY	
SUST 4800	SUSTAINABILITY INTERNSHIP	
SUST 4900	INDEPENDENT STUDY	

Other courses can be substituted with the approval of the minor director.

Students minoring in Sustainability may count one lower-level course and one upper-level course for both the major and minor.

Biology

The biology degree allows students to explore biological topics that span the breadth of biology. Diverse course offerings enable students to obtain broad expertise or to specialize within the discipline. The biology major prepares students for a wide range of career choices.

Other Information

All coursework taken for the Biology major or minor must be completed with a grade of "C-" or better, and a grade of "C-" or better is required in prerequisites of Biology courses.

Double Majors

For a double major in **Biology and Molecular and Biomedical Biology**, beyond BIOL 1450, BIOL 1750, BIOL 2140 and BIOL 3020, no other biology courses may count for both majors.

For a double major in **Biology and Bioinformatics**, beyond BIOL 1450, BIOL 1750, BIOL 2140, and BIOL 3020, no other biology courses may count for both majors.

For a double major in **Biology and Environmental Sciences with a Concentration in Life Science**, beyond BIOL 1450, BIOL 1750, BIOL 2140, and BIOL 3340, no other biology courses may count for both majors.

For a double major in **Biology and Psychology or Biology and Neuroscience**, beyond the required fundamentals courses, students cannot use a 3000/4000 level course to count toward both majors.

For a double major in **Biology and Chemistry**, 3000/4000 level courses may count toward both majors. In cases where students are earning **two distinct degrees** (a BA and BS) with one degree in Biology and the other in Chemistry, 3000/4000 level courses will **not** count toward both programs.

Majors and Minors

For a major in **Biology and a minor in Psychology**, with the exception of PSYC 3130, students cannot use a 3000/4000 level course to count toward both programs.

For a major in **Neuroscience and a minor in Biology**, students cannot use a 3000/4000 level elective course to count toward both programs.

For a major in **Bioinformatics and a minor in Biology**, students cannot use a 3000/4000 level elective course to count towards both programs.

For a major in **Biology and a minor in Bioinformatics**, students cannot use a 3000/4000 level elective course to count towards both programs.

For a major in **Environmental Science with a Concentration in Life Science and a minor in Biology**, students cannot use a 3000/4000 level elective course to count toward both programs.

For a major in **Biology and a minor in Environmental Science**, students cannot use a 3000/4000 level elective course to count toward both programs.

For a major in **Biology and a minor in Chemistry**, 3000/4000 level courses may count toward both programs.

Students may not earn a **Molecular and Biomedical Biology major and a Biology minor, or a Biology major and a Molecular and Biomedical Biology minor**.

Residency Requirement for Biology Majors

To fulfill degree requirements, 3000/4000 level laboratory courses must be taken at UNO.

Website (<http://www.unomaha.edu/college-of-arts-and-sciences/biology/>)

Degrees Offered

Students may choose to pursue a Bachelor of Arts in Biology or a Bachelor of Science in Biology. Each degree option requires at least 36 credits of biology courses of which 18 credits must be 3000-4000 level courses.

- Biology, Bachelor of Arts (p. 80)
- Biology, Bachelor of Science (p. 82)
- Biology, Bachelor of Science with a Concentration in Education (p. 86)

Minors Offered

- Biology Minor (p. 89)

Biology is the science of life, both present and past, encompassing many areas of specialization. The curriculum provides a foundation across the discipline with opportunities for in-depth training in such specializations as molecular and cell biology, animal and plant biology, genetics, and ecology. The curriculum emphasizes hands-on laboratory and research experiences.

- Laboratory research technician
- Genetic counselor
- Health communications
- Wildlife biologist
- Research scientist
- Technical writer
- Environmental consultant
- Health professions
- Educator

Biology, Bachelor of Arts

To obtain a BA with a major in Biology, a student must fulfill university, college, and departmental requirements.

Biology, Bachelor of Arts Requirements

Code	Title	Credits
GENERAL EDUCATION REQUIREMENTS - 34 Hours Required		
Minimum of "C-" required		
Fundamental Skills		15
Writing – 6 hrs.		
ENGL 1150	ENGLISH COMPOSITION I	
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	
Oral Communication – 3 hrs.		
CMST 1110	PUBLIC SPEAKING FUNDS	
or CMST 2120	ARGUMENTATION AND DEBATE	
Quantitative Literacy – 3 hrs.		
MATH 1120	INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING	
or MATH 1130	QUANTITATIVE LITERACY	
or MATH 1140	QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS	
or MATH 1300	COLLEGE ALGEBRA WITH SUPPORT	
Data Literacy – 3 hrs.		
Select one from the following:		
STAT 1100	DATA LITERACY AND VISUALIZATION	
STAT 1530	ELEMENTARY STATISTICS	
Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.		
Breadth of Knowledge		13
Social Science – 3 hrs.		
Humanities – 3 hrs.		
Natural & Physical Science (must complete a lab) – 4 hrs.		
Arts – 3 hrs.		
Individual and Social Responsibility		6
Cultural Knowledge – 3 hrs.		
Civic Knowledge and Engagement – 3 hrs.		
Major Requirements - 61-71 Hours Required		
**Course will satisfy UNO's General Education requirement		
^Course requires pre-requisite(s)		
Required Biology Coursework:		18
BIOL 1450	BIOLOGY I (**)	
BIOL 1750	BIOLOGY II (^)	
BIOL 2140	GENETICS (^)	

BIOL 3340	ECOLOGY (^)	
Additional Biology Coursework - 18 Hours Required		18
The remaining 18 credits in biology should be chosen in consultation with a biology advisor and must include at least 14 credits from BIOL 3000-4000 level courses, including at least one lab course (in addition to BIOL 3340). Up to three credits of BIOL 4030, up to three credits of either BIOL 4050 or BIOL 4800 and one credit of BIOL 4040 can be included. BIOL 3150 may not be used to satisfy the requirement for 3000-4000 level biology credits. Courses at the 1000-2000 level are restricted to BIOL 2440, BIOL 2740, and BIOL 2840.		
Required Chemistry Coursework		14-16
Select one of the following sequences in Chemistry		
Sequence 1		
CHEM 1140 & CHEM 1144	FUNDAMENTALS OF COLLEGE CHEMISTRY and FUNDAMENTALS OF COLLEGE CHEMISTRY LABORATORY (**^)	
CHEM 2210 & CHEM 2214	FUNDAMENTALS OF ORGANIC CHEMISTRY and FUNDAMENTALS OF ORGANIC CHEMISTRY LABORATORY (^)	
CHEM 3650 & CHEM 3654	FUNDAMENTALS OF BIOCHEMISTRY and FUNDAMENTALS OF BIOCHEMISTRY LABORATORY (^)	
Sequence 2		
CHEM 1180 & CHEM 1184	GENERAL CHEMISTRY I and GENERAL CHEMISTRY I LABORATORY (** ^)	
CHEM 1190 & CHEM 1194	GENERAL CHEMISTRY II and GENERAL CHEMISTRY II LABORATORY (^)	
CHEM 2250	ORGANIC CHEMISTRY I (^)	
CHEM 2260	ORGANIC CHEMISTRY II (^)	
CHEM 2274	ORGANIC CHEMISTRY LABORATORY (^)	
Sequence 3		
CHEM 1180 & CHEM 1184	GENERAL CHEMISTRY I and GENERAL CHEMISTRY I LABORATORY (** ^)	
CHEM 1190 & CHEM 1194	GENERAL CHEMISTRY II and GENERAL CHEMISTRY II LABORATORY (^)	
CHEM 2210 & CHEM 2214	FUNDAMENTALS OF ORGANIC CHEMISTRY and FUNDAMENTALS OF ORGANIC CHEMISTRY LABORATORY (^)	
CHEM 3650 & CHEM 3654	FUNDAMENTALS OF BIOCHEMISTRY and FUNDAMENTALS OF BIOCHEMISTRY LABORATORY (^)	
Required Physics Coursework		5-10
Select one of the following Sequences in Physics:		
Sequence 1		
PHYS 1050 & PHYS 1054	INTRODUCTION TO PHYSICS and INTRODUCTION TO PHYSICS LABORATORY (** ^)	
Sequence 2		
PHYS 1110 & PHYS 1154	PHYSICS FOR LIFE SCIENCE I and GENERAL PHYSICS LABORATORY I (** ^)	
PHYS 1120 & PHYS 1164	PHYSICS FOR LIFE SCIENCE II and GENERAL PHYSICS LABORATORY II (^)	

Sequence 3		
PHYS 2110 & PHYS 1154	GENERAL PHYSICS I - CALCULUS LEVEL and GENERAL PHYSICS LABORATORY I (** ^)	
PHYS 2120 & PHYS 1164	GENERAL PHYSICS II-CALCULUS LEVEL and GENERAL PHYSICS LABORATORY II (^)	
Select one of the following courses in Mathematics or Computer Science		3-5
MATH 1300	COLLEGE ALGEBRA WITH SUPPORT (**)	
MATH 1320	COLLEGE ALGEBRA (^)	
MATH 1330	TRIGONOMETRY (^)	
MATH 1340	ALGEBRA AND TRIGONOMETRY FOR CALCULUS (^)	
MATH 1930	CALCULUS FOR THE MANAGERIAL, LIFE, AND SOCIAL SCIENCES (^)	
MATH 1940	CALCULUS FOR BIOMEDICINE (^)	
MATH 1950	CALCULUS I (^)	
CSCI 1200	COMPUTER SCIENCE PRINCIPLES (** ^)	
CSCI 1620	INTRODUCTION TO COMPUTER SCIENCE II (^)	
CIST 1400	INTRODUCTION TO COMPUTER SCIENCE I (^)	
Select one of the following courses in Statistics		3-4
BIOL 2020	STATISTICS FOR LIFE AND ENVIRONMENTAL SCIENCE (^)	
PSYC 3130	STATISTICS FOR THE BEHAVIORAL SCIENCES (^)	
SOC 2130	SOCIAL STATISTICS (^)	
STAT 3000	STATISTICAL METHODS I (^)	
College Breadth (choose one option)		15-30+
Option 1: Complete any UNO minor or undergraduate certificate - 15+ Hours		
Option 2: Additional General Education Requirements - 18+ Hours		
Additional quantitative literacy - 3 hours		
Additional Social Science Gen. Ed. from another Discipline - 3 hours		
Additional Humanities Gen. Ed. from another Discipline - 3 hours		
HIST 1000 and HIST 1010 - 6 hours		
Additional Nat. and Physical Science w/ or without Lab - 3-5 hours		
Option 3: CAS comprehensive major (50+ hours) OR any second UNO major (30+ hours)		
Bachelor Arts Language Requirements		16
FREN, GERM, Or SPAN, 1110, 1120, 2110, 2120		
Electives		
Elective hours as required to reach a total of 120 hours

Credits		15
Total Credits		120-122

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study.

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Biology, Bachelor of Science

To obtain a BS with a major in Biology, a student must fulfill university, college, and departmental requirements.

Elective if needed to reach 120	3

Request letters of recommendation from faculty for jobs or grad school. Attend the All-Majors Career Fair with a plan to network. Meet with your advisor or submit for a graduation check-in to review remaining degree requirements. Make advising appointment for summer and fall: February – March.

Credits **17**

Total Credits **117-123**

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study.

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Biology, Bachelor of Science with a Concentration in Education

To obtain a BS with a major in Biology with a concentration in Education, a student must fulfill university, College of Arts & Sciences, College of Education, Health and Human Sciences, and departmental requirements.

Bachelor of Science in Biology with a Concentration in Education Requirements

Code	Title	Credits
GENERAL EDUCATION REQUIREMENTS - 34 Hours Required		
Minimum of "C-" required		
Fundamental Skills		15
Writing – 6 hrs.		
ENGL 1150	ENGLISH COMPOSITION I	
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	
Oral Communication – 3 hrs.		
CMST 1110	PUBLIC SPEAKING FUNDS	
or CMST 2120	ARGUMENTATION AND DEBATE	
Quantitative Literacy – 3 hrs.		
MATH 1120	INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING	
or MATH 1130	QUANTITATIVE LITERACY	
or MATH 1140	QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS	
or MATH 1300	COLLEGE ALGEBRA WITH SUPPORT	
Data Literacy – 3 hrs.		
Select one from the following:		
STAT 1100	DATA LITERACY AND VISUALIZATION	
STAT 1530	ELEMENTARY STATISTICS	
Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.		
Breadth of Knowledge		13
Social Science – 3 hrs.		
Humanities – 3 hrs.		
Natural & Physical Science (must complete a lab) – 4 hrs.		
Arts – 3 hrs.		
Individual and Social Responsibility		6
Cultural Knowledge – 3 hrs.		
Civic Knowledge and Engagement – 3 hrs.		
MAJOR REQUIREMENTS		

A Bachelor of Science in Biology with a Concentration in Education requires a minimum of 37 credits of coursework in Biology. At least 18 Biology credits must be at the 3000 or 4000 level.

A minimum of 42 credits in the College of Education, Health, and Human Sciences are required for the Concentration and state aligned certification requirements.

^Course requires pre-requisite(s)

Biology Major	
Required Biology Coursework - 37-38 Hours Required	
All of the following:	34
BIOL 1450	BIOLOGY I (** ^)
BIOL 1750	BIOLOGY II (^)
BIOL 2140	GENETICS (^)
BIOL 2740	HUMAN ANATOMY AND PHYSIOLOGY I (^)
BIOL 3020	MOLECULAR BIOLOGY OF THE CELL (^)
BIOL 3240	INTRODUCTION TO IMMUNOLOGY (^)
BIOL 3340	ECOLOGY (^)
BIOL 3830	BIOLOGY OF PATHOGENIC MICROORGANISMS (^)
BIOL 4230	EVOLUTION (^)
Additional Biology Coursework	3-4
Students must take at least one course, together with the associated laboratory, from one of the following groups to obtain at least 3 credits of advanced study beyond the above Biology core requirements.	
Group I - Cellular and Molecular Biology	
BIOL 4130	MOLECULAR GENETICS (^)
BIOL 4140	CELLULAR BIOLOGY (^)
BIOL 4450 & BIOL 4454	VIROLOGY and VIROLOGY LABORATORY (^)
BIOL 4640 & BIOL 4644	MOLECULAR MICROBIOLOGY and MOLECULAR MICROBIOLOGY LAB (^)
BIOL/CHEM 4650	BIOCHEMISTRY I (^ with following lab)

Total Credits 132-134

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

GPA Requirements: Cumulative 2.5 GPA for Educator Preparation Program initial acceptance, cumulative 2.75 GPA for formal admission and graduation.

Graduation Requirements: Students must have a cumulative GPA of at least 2.75, no grade lower than "C" in required courses, and no incomplete in required courses to be recommended for graduation.

Additional Information About this Plan:

University Degree Requirements: An undergraduate degree from UNO requires a minimum 120 credit hours, and completion of 30 credit hours per year, on average, is needed to finish in four years. Please review the requirements specific to your program.

Placement Exams: For Math, English, and World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

**Transfer credit or placement exam scores may change suggested plan of study

Biology Minor

Biology Minor Requirements

A minor in biology requires a minimum of 21 semester credit hours. All courses counted toward a minor in biology must be applicable toward a major in biology. Students may not earn a Biology minor and a Molecular and Biomedical Biology major.

Students majoring in neuroscience, psychology, bioinformatics, or environmental science with a concentration in life science may not count any upper-division biology courses toward both disciplines.

Code	Title	Credits
Required Courses		14
BIOL 1450	BIOLOGY I	
BIOL 1750	BIOLOGY II	
BIOL 2140	GENETICS	
or BIOL 3340	ECOLOGY	

In addition, at least 7 credit hours of courses at the 3000- or 4000-level are required. At least one of the 3000- or 4000-level courses must have a laboratory; BIOL 3340 (Ecology) may not be used to fill this requirement. Students transferring biology credits are required to take a minimum of two 3000- or 4000-level biology courses at UNO.

7

Black Studies

The central mission of the Black Studies discipline is to prepare students to critically understand and interpret complex global histories, cultures, and societies of Africana people, which includes continental and diasporic Africans. We situate this knowledge within an interdisciplinary general discourse that teaches us about the totality of human experiences involving universal struggles for valued collective and individual identities. Students will employ research, methodology and theories drawn out of the collective Black experience to address relevant issues on behalf of global African communities and the whole of humanity.

Other Program Related Information

Fast Track

The Master of Science in Urban Studies program has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor's degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to nine (9) graduate hours toward the completion of their undergraduate program as well as the graduate degree program.

Program Specifics:

- This program is available for undergraduate students pursuing any of the following who wish to pursue a MS in urban studies:
 - BS in Emergency Management
 - BS in Black Studies
 - Bachelor of Multidisciplinary Studies.

- Students must be within at least 30 undergraduate credits yet to complete their undergraduate degree. Exceptional students who do not meet this requirement may be considered.
- Students must have a minimum undergraduate GPA of 3.5.
- Students must complete the Fast Track Approval form and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course
- Students will work with their undergraduate advisor to register for the graduate courses.
- Students must consult with the urban studies advisor prior to enrollment in one of the courses listed below.
- A minimum cumulative GPA of 3.5 is required to remain in good standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the MS in Urban Studies program is required. The application fee will be waived, the applicant will need to contact the Office of Graduate Studies for a fee waiver code.
 - Admission to Fast Track does NOT guarantee admission to the graduate program.
 - For this program, if students maintain at least a grade of B+ in courses taken, they will be recommended for admission to the MS in urban studies.
 - The admit term must be after the completion term of the undergraduate degree.

The following courses may be taken under the Fast Track program

- UBNS 8000:Seminar in Urban Studies
- UBNS 8060:Introduction to Urban Planning
- UBNS 8020:Race, Ethnicity and American Urban Culture**
- UBNS 8200:Community Organizing and Development**
- PA 8010:The Public Economy (Must have completed or be concurrently enrolled in UBNS 8000)

Other Information

All coursework taken for the Black Studies major or minor must be completed with a minimum grade of "C-" or better. Credits not considered applicable toward the completion of the Black Studies major or minor include those graded less than "C-", "I" (incomplete), "AU" (audit), "CR/NC" (credit/no-credit), or "S/U" (satisfactory/unsatisfactory).

Degrees Offered

- Black Studies, Bachelor of Science (p. 90)

Minors Offered

- Black Studies Minor (p. 92)

The central mission of the UNO Black Studies discipline is to prepare students to critically understand and interpret the complex histories,

societies, and cultures of African people across the globe, and to employ theoretical and methodological tools drawn out of the collective Black experience in addressing relevant natural and social global issues on behalf of humanity. We situate this knowledge within a general discourse concerning what it teaches us about the totality of the human experience.

- Business, Entrepreneurship, Marketing
- Cultural Resources Manager
- Education
- Government
- Law & Criminal Justice
- Literature
- Media & Journalism
- Medicine & Health
- Performing Arts & Entertainment
- Politics
- Professor
- Religion
- Social & Community Services
- Visual & Decorative Arts

Black Studies, Bachelor of Science

The central mission of the Black Studies discipline is to prepare students to critically understand and interpret complex global histories, cultures, and societies of African people, which includes continental and diasporic populations. We situate this knowledge within an interdisciplinary general discourse that teaches us about the totality of human experiences involving universal struggles for valued collective and individual identities. Students will employ research, methodology and theories drawn out of the collective Black experience to address relevant issues on behalf of global African communities and the whole of humanity.

Degree Student Learning Objectives

Students will be able to demonstrate global knowledge of Africana histories, civilizations, and social movements, and their impact on global cultures, civilizations, and societies. Through written research and oral communication skills, students will synthesize and employ research methods and theories that demonstrate comprehension of the Black Studies discipline.

Total Credits	120-121

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study.

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Majors are encouraged to complete a community-based activity that includes at one or more of the following:

- a local community-based study project;
- a service-learning connected course;
- a study abroad experience;
- a local community-based internship experience.

Exit Survey Requirements:

For departmental assessment purposes, each major must complete an Exit Survey/questionnaire that will be available to all seniors prior to graduation.

Exit Survey must be completed or scheduled to be completed prior to graduation.

Black Studies Minor

Black Studies Minor Requirements

A Black Studies minor may be obtained by successful completion of fifteen (15) credits of course work, of which at least nine (9) hours must be composed of upper division (3000 - 4000 level) departmental courses.

Chemistry

The Department of Chemistry, which is approved by the American Chemical Society (ACS), offers both Bachelor of Science (B.S.) and Bachelor of Arts (B.A.) degrees. Students can choose among three B.S. degree options. The B.S. degree in Chemistry is designed for majors planning to be industrial or government chemists, planning to pursue a graduate degree in chemistry or biochemistry, or considering professional degrees in fields such as medicine. The B.S. degree with Concentration in Medicinal Chemistry is designed for students interested in health fields, graduate programs in life sciences or professional study such as pharmacy or medicine. The B.S. degree with Concentration in Education is designed for students planning to teach high school chemistry or plan to teach at a more advanced level and want to develop their teaching skills as part of their undergraduate education. The B.A. degree is appropriate for chemical technologists and pre-professional students, particularly fields other than the health sciences.

Other Information

Students working toward a degree in Chemistry or a Chemistry minor must earn a grade of "C-" or better in all courses used to fulfill Chemistry major or minor requirements. A GPA of 2.0 or higher in chemistry and cognate courses is required to graduate with a Chemistry major or minor.

The department highly encourages students to engage in undergraduate research with a faculty mentor. Students can start undergraduate research with CHEM 2950 or CHEM 4950 depending on their background and the needs of their faculty supervisor.

To make room for students making regular academic progress, those students who have been enrolled in a course three or more times: 1) will not be allowed to enroll prior to the first week of classes; and 2) will need permission of the instructor to enroll.

High school students who have successfully completed advanced high school chemistry courses (AP and/or IB) and are considering a modified course of study should consult with the department.

Chemistry and double majors, minors

Pharmaceutical Sciences majors

- may not add a Chemistry minor
- may add a Chemistry major or dual degree (BA Chemistry; BS Pharmaceutical Sciences), without overlapping restrictions.

Molecular and Biomedical Biology and Chemistry

- MBB majors may add a Chemistry minor or double major (no concentration) without overlapping restrictions
- MBB and Chemistry-Medicinal Chemistry as double majors may not count CHEM 4660-4664 Biochemistry II Lecture and Lab toward both majors.
- Chemistry-Medicinal Chemistry majors may add a Molecular and Biomedical Biology minor without overlapping restrictions

Biology and Chemistry

- Dual degrees with Biology and Chemistry (one being the BA, the other a BS) may not use the same 3000-4000 level Chemistry course toward both programs.
- One degree (BA or BS) with two majors (double major) of Biology and Chemistry may count the same 3000-4000 level Chemistry courses toward both programs.
- A Chemistry major and Biology minor may overlap 3000-4000 level Chemistry courses.
- A Biology major and Chemistry minor may overlap 3000-4000 level Chemistry courses.

Student Groups

The Department of Chemistry has an active student led Chemistry Club. Please visit our dedicated student organizations website (<https://www.unomaha.edu/college-of-arts-and-sciences/chemistry/student-opportunities/student-organizations.php>) for more information.

Contact Information

337 Durham Science Center
402.554.2651

Website (<http://www.unomaha.edu/college-of-arts-and-sciences/chemistry/>)

Degrees Offered

- Chemistry, Bachelor of Arts (p. 93)
- Chemistry, Bachelor of Science (p. 96)
- Chemistry, Bachelor of Science with a Concentration in Medicinal Chemistry (p. 101)
- Chemistry, Bachelor of Science with a Concentration in Chemistry Education (p. 98)

Minors Offered

- Chemistry Minor (p. 105)

Love chemistry? Take the challenge and become a chemistry major! A career in chemistry is exciting. Most of our graduate majors go to professional schools (medical, dental, pharmacy schools, and other health related careers), some pursue graduate schools, and the rest land a job in industry. Companies that hire chemists include pharmaceutical companies, bulk commodity chemical companies, food manufacturers, personal, and household care product companies, and some of our students enjoy teaching in the K-12 schools!

Career options include, but are not limited to

- Healthcare professional (medical doctor, nurse, pharmacist, and dentist)*
- Professor after graduate schools*
- Lab chemist
- Lab technician

- Quality assurance specialist
- Science teacher

*Advanced Degree Required

Chemistry, Bachelor of Arts

To obtain a B.A. with a major in Chemistry, a student must fulfill university, college, and departmental requirements.

Chemistry, Bachelor of Arts Requirements

Code	Title	Credits
GENERAL EDUCATION REQUIREMENTS - 34 Hours Required		
Minimum of "C-" required		
Fundamental Skills		15
Writing – 6 hrs.		
ENGL 1150	ENGLISH COMPOSITION I	
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	
Oral Communication – 3 hrs.		
CMST 1110	PUBLIC SPEAKING FUNDS	
or CMST 2120	ARGUMENTATION AND DEBATE	
Quantitative Literacy – 3 hrs.		
MATH 1120	INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING	
or MATH 1130	QUANTITATIVE LITERACY	
or MATH 1140	QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS	
or MATH 1300	COLLEGE ALGEBRA WITH SUPPORT	
Data Literacy – 3 hrs.		
Select one from the following:		
STAT 1100	DATA LITERACY AND VISUALIZATION	
STAT 1530	ELEMENTARY STATISTICS	
Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.		
Breadth of Knowledge		13
Social Science – 3 hrs.		
Humanities – 3 hrs.		
Natural & Physical Science (must complete a lab) – 4 hrs.		
Arts – 3 hrs.		
Individual and Social Responsibility		6
Cultural Knowledge – 3 hrs.		
Civic Knowledge and Engagement – 3 hrs.		
MAJOR REQUIREMENTS		
**Course will satisfy UNO's General Education requirement		
^Course requires pre-requisite(s)		
Chemistry Major - 55 Hours Required		
Required Chemistry Coursework		23
CHEM 1180 & CHEM 1184	GENERAL CHEMISTRY I and GENERAL CHEMISTRY I LABORATORY (^)	
CHEM 1190 & CHEM 1194	GENERAL CHEMISTRY II and GENERAL CHEMISTRY II LABORATORY (^)	
CHEM 2250	ORGANIC CHEMISTRY I (^)	

CHEM 2260 & CHEM 2274	ORGANIC CHEMISTRY II and ORGANIC CHEMISTRY LABORATORY (^)	
CHEM 2400 & CHEM 2404	QUANTITATIVE ANALYSIS and QUANTITATIVE ANALYSIS LAB (^)	
CHEM 2500	INTRODUCTION TO INORGANIC CHEMISTRY (^)	
CHEM 4900	SENIOR ASSESSMENT IN CHEMISTRY	
Select two of the following:		8
CHEM 3350 & CHEM 3354	PHYSICAL CHEMISTRY I and PHYSICAL CHEMISTRY I LABORATORY (^)	
CHEM 3360 & CHEM 3364	PHYSICAL CHEMISTRY II and PHYSICAL CHEMISTRY II LABORATORY (^)	
CHEM 4650 & CHEM 4654	BIOCHEMISTRY I and BIOCHEMISTRY I LABORATORY (^)	
Additional credit hours of chemistry must come from the chemistry courses approved for the B.S. in Chemistry degree		5
Other Required Coursework*		9
MATH 1950	CALCULUS I (^)	
MATH 1960	CALCULUS II (^)	
*MATH 1970, Calculus III, is recommended but not required		
To graduate with an ACS certified degree, see your chemistry advisor for proper course selection.		
Select one of the following sequences		10
Sequence A		
PHYS 2110 & PHYS 1154	GENERAL PHYSICS I - CALCULUS LEVEL and GENERAL PHYSICS LABORATORY I (** ^)	
PHYS 2120 & PHYS 1164	GENERAL PHYSICS II-CALCULUS LEVEL and GENERAL PHYSICS LABORATORY II (^)	
Sequence B		
PHYS 1110 & PHYS 1154	PHYSICS FOR LIFE SCIENCE I and GENERAL PHYSICS LABORATORY I (** ^)	
PHYS 1120 & PHYS 1164	PHYSICS FOR LIFE SCIENCE II and GENERAL PHYSICS LABORATORY II (^)	
College Breadth (choose one option)		15-30+
Option 1: Complete any UNO minor or undergraduate certificate - 15+ hours		
Option 2: Additional General Education Requirements - 18+ hours		
Additional quantitative literacy - 3 hours		
Additional Social Science Gen. Ed. from another Discipline - 3 hours		
Additional Humanities Gen. Ed. from another Discipline - 3 hours		
HIST 1000 and HIST 1010 - 6 hours		
Additional Nat. and Physical Science w/ or without Lab - 3-5 hours		
Option 3: CAS comprehensive major (50+ hours) OR any second UNO major (30+ hours)		
BA Language Requirement		16
FREN, GERM, Or SPAN, 1110**, 1120, 2110, 2120		
ELECTIVES		
Elective hours as required to reach a total of 120 hours

CHEM 2260 & CHEM 2274	ORGANIC CHEMISTRY II and ORGANIC CHEMISTRY LABORATORY (^)
CHEM 2400 & CHEM 2404	QUANTITATIVE ANALYSIS and QUANTITATIVE ANALYSIS LAB (^)
CHEM 2500	INTRODUCTION TO INORGANIC CHEMISTRY (^)
CHEM 3350 & CHEM 3354	PHYSICAL CHEMISTRY I and PHYSICAL CHEMISTRY I LABORATORY (^)
CHEM 3360	PHYSICAL CHEMISTRY II (^)
CHEM/BIOL 4650	BIOCHEMISTRY I (^)
CHEM/BIOL 4654	BIOCHEMISTRY I LABORATORY (^)
CHEM 4900	SENIOR ASSESSMENT IN CHEMISTRY

Additional credit hours of chemistry must come from the following 5

Analytical	
CHEM 3030	ENVIRONMENTAL CHEMISTRY (^)
CHEM 3424	SPECTROMETRIC CHARACTERIZATIONS (^)
CHEM 4400	INSTRUMENTAL ANALYSIS (^)

CHEM 4404	INSTRUMENTAL ANALYSIS LABORATORY (^)
-----------	--------------------------------------

Biochemistry

CHEM/BIOL 4660	BIOCHEMISTRY II (^ with the following lab)
CHEM/BIOL 4664	BIOCHEMISTRY II LABORATORY (^)
CHEM 4670	PROTEIN PURIFICATION AND CHARACTERIZATION (^)

Chemistry Education

CHEM 3720	CHEMISTRY TEACHING STRATEGIES
-----------	-------------------------------

Inorganic

CHEM 3514	INORGANIC PREPARATIONS (^)
CHEM 4500	ADVANCED INORGANIC CHEMISTRY (^)
CHEM 4510	SOLID STATE INORGANIC CHEMISTRY (^)
CHEM 4540	GEOCHEMISTRY (^)

Medicinal

CHEM 3710	ESSENTIALS OF MEDICINAL CHEMISTRY (^)
-----------	---------------------------------------

Nuclear

CHEM 4320	NUCLEAR CHEMISTRY (^)
-----------	-----------------------

Organic

CHEM 3210	INTRODUCTION TO MOLECULAR MODELING (^)
CHEM 4230	ADVANCED ORGANIC CHEMISTRY - SYNTHESIS (^)
CHEM 4240	ADVANCED ORGANIC CHEMISTRY - MECHANISM (^)
CHEM 4250	ADVANCED ORGANIC CHEMISTRY: MECHANISMS AND MODELING (^)

Physical

CHEM 3364	PHYSICAL CHEMISTRY II LABORATORY (^)
-----------	--------------------------------------

Polymer

CHEM 4310	POLYMER CHEMISTRY (^)
-----------	-----------------------

Research

CHEM 4950	CHEMISTRY PROJECTS (^)
CHEM 4960	CHEMISTRY PROBLEMS (^)

Internship

CHEM 4810	CHEMISTRY INTERNSHIP (^)
-----------	--------------------------

Special Topics

CHEM 4930	SPECIAL TOPICS IN CHEMISTRY (^)
-----------	---------------------------------

Select all of the following Educator Preparation Program Requirements 39

SPED 3800	DIFFERENTIATION AND INCLUSIVE PRACTICES (^)
TED 2100	EDUCATIONAL FOUNDATIONS (^)
TED 2200	HUMAN RELATIONS FOR BIAS-FREE CLASSROOMS (** ^)
or TED 2060	EQUITY, LANGUAGE, AND CULTURAL LITERACY
TED 2380	DEVELOPMENT AND LEARNING IN ADOLESCENCE (^)
TED 2400	PLANNING FOR EFFECTIVE TEACHING (^)
TED 3550	SECONDARY CLASSROOM MANAGEMENT (^)
TED 3690	LITERACY AND LEARNING (^)
TED 4000	SPECIAL METHODS IN THE CONTENT AREA (^)
TED 4600	CLINICAL PRACTICE AND SEMINAR: ELEMENTARY OR SECONDARY LEVEL (^)

To graduate certified to teach high school chemistry, a biology and geology course are required. BIOL 1450 is required and CHEM 4540/GEOL 1104 are recommended.

Other Required Coursework 9

MATH 1950 CALCULUS I (^)

MATH 1960 CALCULUS II (^)

Select one of the following sequences 10

Sequence I

PHYS 2110 & PHYS 1154 GENERAL PHYSICS I - CALCULUS LEVEL and GENERAL PHYSICS LABORATORY I (** ^)

PHYS 2120 & PHYS 1164 GENERAL PHYSICS II-CALCULUS LEVEL and GENERAL PHYSICS LABORATORY II (^)

Sequence II

PHYS 1110 & PHYS 1154 PHYSICS FOR LIFE SCIENCE I and GENERAL PHYSICS LABORATORY I (** ^)

PHYS 1120 & PHYS 1164 PHYSICS FOR LIFE SCIENCE II and GENERAL PHYSICS LABORATORY II (^)

To graduate with an ACS certified degree, see your chemistry advisor for proper course selection.

College Breadth

College of Arts and Sciences' college breadth requirement satisfied by this major

BS Cognate Requirement 0

See major.

ELECTIVES

Elective hours as required to reach a total of 120 hours

Chemistry, Bachelor of Science with a Concentration in Chemistry Education Four-year Plan

Freshman

Fall Credits 4

CHEM 1180 & CHEM 1184 GENERAL CHEMISTRY I and GENERAL CHEMISTRY I LABORATORY

ENGL 1150 ENGLISH COMPOSITION I 3

MATH 1950 CALCULUS I 5

CMST 1110 PUBLIC SPEAKING FUNDS 3
or CMST 2120 or ARGUMENTATION AND DEBATE

Attend Durango Days; other campus events.

Set up a Handshake account and take the Pathway U career assessment.

Attend the Student Involvement & Volunteer Fair to explore student organizations.

Make advising appointment for spring: Sept-Oct.

Work with your advisor to develop your Pathway in Stellic.

Credits 15

Spring

CHEM 1190 & CHEM 1194 GENERAL CHEMISTRY II and GENERAL CHEMISTRY II LABORATORY 4

MATH 1960 CALCULUS II 4

TED 2100 EDUCATIONAL FOUNDATIONS 3

TED 2200 or TED 2060 HUMAN RELATIONS FOR BIAS-FREE CLASSROOMS or EQUITY, LANGUAGE, AND CULTURAL LITERACY 3

Attend campus events such as major exploration week to get an idea of interests and career paths.

Schedule a resume review with UNO Career Services.

Visit faculty office hours and ask about undergraduate research opportunities.

Make advising appointment for summer and fall: February – March.

Credits 14

Summer

ENGL 1160 COLLEGE RESEARCH AND INFORMATION LITERACY 3

PHYS 2110 or PHYS 1110 GENERAL PHYSICS I - CALCULUS LEVEL or PHYSICS FOR LIFE SCIENCE I 4

PHYS 1154 GENERAL PHYSICS LABORATORY I 1

Credits 8

Sophomore

Fall

CHEM 2250 ORGANIC CHEMISTRY I 3

CHEM 2400 & CHEM 2404 QUANTITATIVE ANALYSIS and QUANTITATIVE ANALYSIS LAB 4

General Education Course or Elective 3

General Education Course or Elective 3

Attend the Career & Internship Fair to start networking with employers.

Look for volunteer, research, or part-time work to gain experience.

Join a student organization or club related to your field or interests.

Make advising appointment for spring: Sept. - Oct.

Credits 13

Spring

CHEM 2260 & CHEM 2274 ORGANIC CHEMISTRY II and ORGANIC CHEMISTRY LABORATORY 5

TED 2380 DEVELOPMENT AND LEARNING IN ADOLESCENCE 3

TED 2400 PLANNING FOR EFFECTIVE TEACHING 6

General Education Course or Elective 3

Attend a career fair for informational and networking purposes.

Update your resume and LinkedIn profile with new experiences.

Investigate and apply for summer internships, research, or study abroad programs.

Make advising appointment for summer and fall: February – March.

Credits 17

Summer

PHYS 2120 or PHYS 1120 GENERAL PHYSICS II-CALCULUS LEVEL (*) or PHYSICS FOR LIFE SCIENCE II 4

PHYS 1164 GENERAL PHYSICS LABORATORY II (*) 1

General Education Course or Elective 3

Credits 8

Junior**Fall**

BIOL 1450	BIOLOGY I	5
CHEM 3350 & CHEM 3354	PHYSICAL CHEMISTRY I and PHYSICAL CHEMISTRY I LABORATORY	4
CHEM 4650 & CHEM 4654	BIOCHEMISTRY I and BIOCHEMISTRY I LABORATORY	4
General Education Course or Elective		3
Apply for a paid internship or research assistantship. Attend a mock interview workshop or use online interview tools with Career Services.		
Start researching and visiting graduate programs or professional schools.		
Visit Career Center, continue updating resume.		
Make advising appointment for spring: Sept-Oct.		

Credits **16**

Spring

CHEM 2500	INTRODUCTION TO INORGANIC CHEMISTRY	3
CHEM 3360	PHYSICAL CHEMISTRY II	3
TED 3550	SECONDARY CLASSROOM MANAGEMENT	3
TED 3690	LITERACY AND LEARNING	3
Advanced Chemistry Elective(s) towards the requisite additional 5 credit hours		1-4
Request letters of recommendation from faculty for jobs or grad school.		
Attend the All-Majors Career Fair with a plan to network. Meet with your advisor or submit for a graduation check-in to review remaining degree requirements		
Make advising appointment for summer and fall: February – March.		

Credits **13-16**

Senior**Fall**

GEOL 1170	INTRODUCTION TO PHYSICAL GEOLOGY	4
SPED 3800	DIFFERENTIATION AND INCLUSIVE PRACTICES	3
TED 4000	SPECIAL METHODS IN THE CONTENT AREA	3
Advanced Chemistry Elective		1-3
General Education Course or Elective		3
Check in with Career Center for networking tips.		
Finalize graduate school applications or job search strategy. Attend a career fair and start applying for full-time jobs.		
Prepare for interviews and salary negotiations with Career Services.		
Make advising appointment for spring: Sept. - Oct.		

Credits **14-16**

Spring

CHEM 4900	SENIOR ASSESSMENT IN CHEMISTRY	0
TED 4600	CLINICAL PRACTICE AND SEMINAR: ELEMENTARY OR SECONDARY LEVEL	12
Complete your final advising check before graduation.		
Polish your resume, cover letters, and LinkedIn profile.		
Stay connected by joining alumni networks and professional organizations.		

Apply for graduation via MavLink.

Credits **12**

Total Credits **130-135**

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

**Transfer credit or placement exam scores may change suggested plan of study

Chemistry, Bachelor of Science with a Concentration in Medicinal Chemistry

To obtain a B.S. with a major in Chemistry and a concentration in Medicinal Chemistry, a student must fulfill university, college, and departmental requirements.

Chemistry, Bachelor of Science with a Concentration in Medicinal Chemistry Requirements

Code	Title	Credits
GENERAL EDUCATION REQUIREMENTS - 34 Hours Required		
Minimum of "C-" required		
Fundamental Skills		15
Writing – 6 hrs.		
ENGL 1150	ENGLISH COMPOSITION I	
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	
Oral Communication – 3 hrs.		
CMST 1110 or CMST 2120	PUBLIC SPEAKING FUNDS ARGUMENTATION AND DEBATE	
Quantitative Literacy – 3 hrs.		
MATH 1120 or MATH 1130	INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING QUANTITATIVE LITERACY	

or MATH 1140	QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS
or MATH 1300	COLLEGE ALGEBRA WITH SUPPORT

Data Literacy – 3 hrs.

Select one from the following:

STAT 1100	DATA LITERACY AND VISUALIZATION
STAT 1530	ELEMENTARY STATISTICS

Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.

Breadth of Knowledge 13

Social Science – 3 hrs.

Humanities – 3 hrs.

Natural & Physical Science (must complete a lab) – 4 hrs.

Arts – 3 hrs.

Individual and Social Responsibility 6

Cultural Knowledge – 3 hrs.

Civic Knowledge and Engagement – 3 hrs.

MAJOR REQUIREMENTS

**Course will satisfy UNO's General Education requirement

^Course requires pre-requisite(s)

Chemistry Major with a Concentration in Medicinal Chemistry - 70-71 Hours Required**Required Chemistry Coursework 34**

CHEM 1180 & CHEM 1184	GENERAL CHEMISTRY I and GENERAL CHEMISTRY I LABORATORY (** ^)
CHEM 1190 & CHEM 1194	GENERAL CHEMISTRY II and GENERAL CHEMISTRY II LABORATORY (^)
CHEM 2250	ORGANIC CHEMISTRY I (^)
CHEM 2260 & CHEM 2274	ORGANIC CHEMISTRY II and ORGANIC CHEMISTRY LABORATORY (^)
CHEM 2400 & CHEM 2404	QUANTITATIVE ANALYSIS and QUANTITATIVE ANALYSIS LAB (^)
CHEM 2500	INTRODUCTION TO INORGANIC CHEMISTRY (^)
CHEM 3350 & CHEM 3354	PHYSICAL CHEMISTRY I and PHYSICAL CHEMISTRY I LABORATORY (^)
CHEM 3710	ESSENTIALS OF MEDICINAL CHEMISTRY (^)
CHEM/BIOI 4650	BIOCHEMISTRY I (^ with the following lab)
CHEM/BIOI 4654	BIOCHEMISTRY I LABORATORY (^)
CHEM 4900	SENIOR ASSESSMENT IN CHEMISTRY

Additional Lecture

Select one of the following: 3-4

CHEM 3210	INTRODUCTION TO MOLECULAR MODELING (^)
CHEM 4230	ADVANCED ORGANIC CHEMISTRY - SYNTHESIS (^)
CHEM 4240	ADVANCED ORGANIC CHEMISTRY - MECHANISM (^)
CHEM 4250	ADVANCED ORGANIC CHEMISTRY: MECHANISMS AND MODELING (^)
CHEM/BIOI 4660	BIOCHEMISTRY II (^ Must take CHEM 4664 as the required additional lab.)

Additional Lab

Select one of the following: 1

CHEM 3424	SPECTROMETRIC CHARACTERIZATIONS (^)
CHEM/BIOI 4664	BIOCHEMISTRY II LABORATORY (Must take CHEM 4660 for required additional lecture)
CHEM 4950	CHEMISTRY PROJECTS

Required Biology Courses 9

BIOL 1450	BIOLOGY I (**)
BIOL 2140	GENETICS (^)

ADVANCED COURSEWORK: Select 4 additional credits from the following options in chemistry and biology: 4

Analytical	
CHEM 3030	ENVIRONMENTAL CHEMISTRY (^)
CHEM 3424	SPECTROMETRIC CHARACTERIZATIONS (^)
CHEM 4400	INSTRUMENTAL ANALYSIS (^)
CHEM 4404	INSTRUMENTAL ANALYSIS LABORATORY (^)

Biochemistry

CHEM/BIOI 4660	BIOCHEMISTRY II (^ with the following lab)
CHEM/BIOI 4664	BIOCHEMISTRY II LABORATORY (^)
CHEM 4670	PROTEIN PURIFICATION AND CHARACTERIZATION (^)

Chemistry Education

CHEM 3720	CHEMISTRY TEACHING STRATEGIES
-----------	-------------------------------

Inorganic

CHEM 3514	INORGANIC PREPARATIONS (^)
CHEM 4500	ADVANCED INORGANIC CHEMISTRY (^)
CHEM 4510	SOLID STATE INORGANIC CHEMISTRY (^)
CHEM 4540	GEOCHEMISTRY (^)

Nuclear

CHEM 4320	NUCLEAR CHEMISTRY (^)
-----------	-----------------------

Organic

CHEM 3210	INTRODUCTION TO MOLECULAR MODELING (^)
CHEM 4230	ADVANCED ORGANIC CHEMISTRY - SYNTHESIS (^)
CHEM 4240	ADVANCED ORGANIC CHEMISTRY - MECHANISM (^)
CHEM 4250	ADVANCED ORGANIC CHEMISTRY: MECHANISMS AND MODELING (^)

Physical Chemistry

CHEM 3360	PHYSICAL CHEMISTRY II (^)
CHEM 3364	PHYSICAL CHEMISTRY II LABORATORY (^)

Polymer

CHEM 4310	POLYMER CHEMISTRY (^)

Internship

CHEM 4810	CHEMISTRY INTERNSHIP (^)
-----------	--------------------------

Special Topics

CHEM 4930	SPECIAL TOPICS IN CHEMISTRY (^)
-----------	---------------------------------

Biology

BIOL 3020	MOLECULAR BIOLOGY OF THE CELL
-----------	-------------------------------

BIOL 3240	INTRODUCTION TO IMMUNOLOGY
BIOL 3830	BIOLOGY OF PATHOGENIC MICROORGANISMS
BIOL 4130	MOLECULAR GENETICS
BIOL 4140	CELLULAR BIOLOGY
BIOL 4450	VIROLOGY (with or without the following lab)
BIOL 4454	VIROLOGY LABORATORY
BIOL 4640	MOLECULAR MICROBIOLOGY
BIOL 4730	VERTEBRATE ENDOCRINOLOGY
BIOL 4850	DEVELOPMENTAL BIOLOGY
BIOL 4860	COMPARATIVE GENOMICS

Other Required Coursework* **9**

MATH 1950	CALCULUS I (^)
MATH 1960	CALCULUS II

*MATH 1970, Calculus III, is recommended but not required

Select one of the following sequences **10**

Sequence A	
PHYS 2110 & PHYS 1154	GENERAL PHYSICS I - CALCULUS LEVEL and GENERAL PHYSICS LABORATORY I (** ^)
PHYS 2120 & PHYS 1164	GENERAL PHYSICS II-CALCULUS LEVEL and GENERAL PHYSICS LABORATORY II (^)

Sequence B	
PHYS 1110 & PHYS 1154	PHYSICS FOR LIFE SCIENCE I and GENERAL PHYSICS LABORATORY I (** ^)
PHYS 1120 & PHYS 1164	PHYSICS FOR LIFE SCIENCE II and GENERAL PHYSICS LABORATORY II (^)

To graduate with an ACS certified degree, see your chemistry advisor for proper course selection.

College Breadth (choose one option) **15-30+**

Option 1: Complete any UNO minor or undergraduate certificate - 15+ hours

Option 2: Additional General Education Requirements - 18+ hours

Additional quantitative literacy - 3 hours
Additional Social Science Gen. Ed. from another Discipline - 3 hours
Additional Humanities Gen. Ed. from another Discipline - 3 hours
HIST 1000 and HIST 1010 - 6 hours
Additional Nat. and Physical Science w/ or without Lab - 3-5 hours

Option 3: CAS comprehensive major (50+ hours) OR any second UNO major (30+ hours)

Bachelor of Science Requirement **0**

See major.

ELECTIVES

Elective hours as required to reach a total of 120 hours

Chemistry, Bachelor of Science with a Concentration in Medicinal Chemistry Four-year Plan

Freshman

Fall		Credits
CHEM 1180 & CHEM 1184	GENERAL CHEMISTRY I and GENERAL CHEMISTRY I LABORATORY ()	4

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper-level credits throughout the degree with at least 18 upper-level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation

plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Chemistry Minor

Chemistry Minor Requirements

A minor in chemistry requires 18 credit hours of approved chemistry courses.

All chemistry courses counted toward a minor must be taken from classes approved for chemistry majors. In addition to General Chemistry I and II, students must take 10 additional hours of chemistry courses from the list below, with at least 7 hours at the 2000 level or higher taken in residence at UNO.

Code	Title	Credits
REQUIRED COURSES:		8
CHEM 1180	GENERAL CHEMISTRY I (*)	
CHEM 1184	GENERAL CHEMISTRY I LABORATORY (*)	
CHEM 1190	GENERAL CHEMISTRY II (*)	
CHEM 1194	GENERAL CHEMISTRY II LABORATORY (*)	
Select 10 additional hours of chemistry courses from the below options, with at least 7 hours taken in residence at UNO:		10
ANALYTICAL		
CHEM 2400	QUANTITATIVE ANALYSIS (3 hrs)	
CHEM 2404	QUANTITATIVE ANALYSIS LAB (1 hr)	
CHEM 3030	ENVIRONMENTAL CHEMISTRY (3 hrs)	
CHEM 3424	SPECTROMETRIC CHARACTERIZATIONS (1 hr)	
CHEM 4400 & CHEM 4404	INSTRUMENTAL ANALYSIS and INSTRUMENTAL ANALYSIS LABORATORY (4 hrs including lab)	
BIOCHEMISTRY		
CHEM 4610	BIOCHEMISTRY OF METABOLISM (4 hrs)	
CHEM/BIOLOG 4650	BIOCHEMISTRY I (3 hrs)	
CHEM/BIOLOG 4654	BIOCHEMISTRY I LABORATORY (1 hr)	
CHEM/BIOLOG 4660	BIOCHEMISTRY II (3 hrs)	
CHEM/BIOLOG 4664	BIOCHEMISTRY II LABORATORY (1 hr)	
CHEM 4670	PROTEIN PURIFICATION AND CHARACTERIZATION (2 hrs)	
CHEMISTRY EDUCATION		
CHEM 3720	CHEMISTRY TEACHING STRATEGIES (3 hrs)	
INORGANIC		
CHEM 2500	INTRODUCTION TO INORGANIC CHEMISTRY (3 hrs)	
CHEM 3514	INORGANIC PREPARATIONS (1 hr)

SPECIAL TOPICS	
CHEM 4930	SPECIAL TOPICS IN CHEMISTRY (1-3 hrs)

Economics

Economists are problem solvers. The profession has produced methods to better match organ recipients with donors (saving countless lives), improved the financial savings rate for U.S. veterans, and reduced crime through small incentives.

The field is a method of studying humans using models and data; it is not a series of facts about the economy you memorize. While economics includes the study of what people buy and how products are produced, the field is far more expansive. Economics can be applied to numerous fields including art, education, law, medicine, psychology, sociology, and urban studies. Further, economics is the foundational science on which all business fields are built.

Economics is a systematic and scientific way of looking at human choices.

Economics has been the steppingstone to a future career for many of the nation's most ambitious people. In addition to numerous CEOs and U.S. Presidents, economics is the most popular degree at six out of the eight Ivy League schools (Business Insider, "The three most popular majors at every Ivy League school").

Career opportunities are vast when you hold an economics degree. Warren Buffett (Berkshire Hathaway), Sheryl Sandberg (Meta/Facebook), Sandra Day O'Connor (former Associate Justice of the U.S. Supreme Court), and Nate Silver (FiveThirtyEight) all hold economics degrees. While their careers are very different, they all use the methods and data analysis tools taught in economics to further their success.

Economists are employed by private businesses, public sectors, and non-profit organizations and are among the highest paid disciplines. In businesses, economists' duties include various forms of analysis to help make business decisions. Common job titles include Data Analyst, Data Scientist, Market Research Analyst, Financial Analyst, Technical Analyst, and Research Associate.

Here at UNO, we offer three different undergraduate programs in economics: A STEM-designated Bachelor of Science in Economics (<https://catalog.unomaha.edu/undergraduate/college-arts-sciences/economics/economics-bs/>), a Bachelor of Arts in Economics (<https://catalog.unomaha.edu/undergraduate/college-arts-sciences/economics/economics-ba/>), and a Bachelor of Science in Business Administration - Economics Concentration (<https://catalog.unomaha.edu/undergraduate/college-business-administration/bs-business-administration/economics/>). These programs contain nearly the same economics courses: which degree makes the most sense for you depends on your other interests.

In addition, economics is superb preparation for graduate work in areas such as business, law, political science, international relations, gerontology, and public administration. Economics also is an excellent dual **major** or **minor** for other areas of study.

Other Information

All coursework taken for the Economics major or minor must be completed with a grade of "C" or better.

Option for Degree Completion

The Department of Economics has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor's degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to 9 graduate hours toward the completion of their undergraduate program as well as the graduate degree program.

Program Specifics:

- The program is available for undergraduate students pursuing the Bachelor of Science in Business Administration (with a concentration in Economics), Bachelor of Science in Economics, or Bachelor of Arts in Economics, desiring to pursue a Master of Science in Economics.
- Students must have completed no less than 60 undergraduate hours.
- Students must have a minimum undergraduate GPA of 3.50.
- Students must complete the Fast Track Approval form and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course.
- Students will work with their undergraduate advisor to register for the graduate courses.
- A minimum cumulative GPA of 3.0 is required for graduate coursework to remain in good standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. The application fee will be waived, the applicant will need to contact the Office of Graduate Studies for a fee waiver code.
 - Admission to Fast Track does NOT guarantee admission to the graduate program.
 - The admit term must be after the completion term of the undergraduate degree.

Students in the Fast Track program must only enroll in dual-level ECON courses (ECON 8xx6) as their graduate coursework prior to admittance to the graduate program.

Student Groups

Economics Club

The main purpose of the UNO Economics Club (Econ Club, for short) is to increase awareness and knowledge of economic issues among Econ Club members and the overall UNO community. The organization also provides a

venue for student-members to examine issues related to academic success, career success, and related matters. The organization shall work towards increasing the membership's engagement with the Omaha community.

Degrees Offered

- Economics, Bachelor of Arts (p. 106)
- Economics, Bachelor of Science (p. 109)

Minors Offered

- Economics Minor (p. 111)

By nature, Liberal Arts majors make great employees in any field because of their ability to communicate effectively, think critically and solve complex problems. These timeless skills make them attractive to employers in all walks of society. Specifically though, Economics majors often pursue careers as a:

- Commodities broker
- Credit analyst
- Data analyst
- Data scientist
- Economic forecaster
- Financial analyst
- Insurance underwriter
- Management consultant
- Market research analyst
- Public relations/media organizer
- Securities broker

Economics, Bachelor of Arts

To obtain a BA with a major in Economics in the College of Arts & Sciences, a student must fulfill university, college, and departmental requirements.

Economics, Bachelor of Arts Requirements

Code	Title	Credits
GENERAL EDUCATION REQUIREMENTS - 34 Hours Required		
Minimum of "C-" required for general education requirements.		
Fundamental Skills		15
Writing – 6 hrs.		
ENGL 1150	ENGLISH COMPOSITION I	
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	
Oral Communication – 3 hrs.		
CMST 1110 or CMST 2120	PUBLIC SPEAKING FUNDS ARGUMENTATION AND DEBATE	
Quantitative Literacy – 3 hrs.		
MATH 1120 or MATH 1130	INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING QUANTITATIVE LITERACY	

or MATH 1140	QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS
or MATH 1300	COLLEGE ALGEBRA WITH SUPPORT

Data Literacy – 3 hrs.

Select one from the following:

STAT 1100 DATA LITERACY AND VISUALIZATION

STAT 1530 ELEMENTARY STATISTICS

Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.

Breadth of Knowledge 13

Social Science – 3 hrs.

Humanities – 3 hrs.

Natural & Physical Science (must complete a lab) – 4 hrs.

Arts – 3 hrs.

Individual and Social Responsibility 6

Cultural Knowledge – 3 hrs.

Civic Knowledge and Engagement – 3 hrs.

MAJOR REQUIREMENTS - 30 Hours Required

Minimum "C" grade required for all major courses.

**Course will satisfy UNO's General Education requirement

^Course requires pre-requisite(s)

Total Credits **120**

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Economics Minor

Economics Minor Requirements

A minor in Economics may be secured by completing the following:

Code	Title	Credits
All of the following:		6
ECON 2200	PRINCIPLES OF ECONOMICS (MICRO)	
ECON 2220	PRINCIPLES OF ECONOMICS (MACRO)	
Select 12 hours of upper division courses in Economics		12

Any course that may be used for the major may be used for the minor.

A grade of “C” (2.0) or better is required in each course counting toward the minor.

English

The Department of English is a vibrant academic community where students are at the center of their learning experience. We strive to create an environment where every voice is valued, and connections among peers are forged through meaningful engagement. English majors are trained to write well, to think critically, to engage empathetically, and to develop arguments.

Our concentrations—Literatures in English, Language Studies, Creative Nonfiction, and Secondary English Teaching—offer diverse pathways for students to explore their interests and develop specialized expertise. Our commitment to excellence in education extends beyond the classroom, providing students with the tools they need to succeed in their chosen careers and make meaningful contributions to society.

Other Information

All coursework taken for the English major or minor must be completed with a grade of “C-” or better.

Student Groups

Sigma Tau Delta (English Honor Society)

Option for Degree Completion—Fast Track Program

The Department of English has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor’s degree and a master’s degree in an accelerated time frame.

With Fast Track, students may count up to 9 graduate hours toward the completion of their undergraduate program as well as the graduate degree program.

Program Specifics:

- This program is available for undergraduate students pursuing the BA degree in English desiring to pursue an MA in English
- Students must have completed no less than 60 undergraduate hours
- Students must have a minimum undergraduate GPA of 3.5
- Students must complete the Fast Track Approval form (Advisor, GPC Chair) and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course
- Students will work with their undergraduate advisor to register for the graduate courses
- A minimum cumulative GPA of 3.0 is required to remain in good standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid

How to apply: Near the end of the undergraduate program, formal application to the graduate program is required. The application fee will be waived, the applicant will need to contact the Office of Graduate Studies for a fee waiver code. Admission to Fast Track does NOT guarantee admission

to the graduate program. The admit term must be after the completion term of the undergraduate degree.

Note: Students may enroll in dual-level courses for Fast-Track graduate credit, but not seminars.

Contact

192 Arts and Sciences Hall
402.554.2635

Website (<http://www.unomaha.edu/college-of-arts-and-sciences/english/>)

Degrees Offered

- English, Bachelor of Arts (p. 112)

Minors Offered

- English Minor (p. 122)

Certificates Offered

- Certificate in Course in Teaching English to Speakers of Other Languages (TESOL) (p. 121)

Our graduates emerge as versatile professionals sought after by a diverse range of industries, including publishing, non-profits, media networks, marketing firms, and government agencies. Employers, graduate schools, and professional programs recognize the value of English majors for their ability to adapt their expertise in writing, critical analysis, editing, and research to various fields, such as law, business, media, medicine, and public service.

Although the skills gained with an English major are applicable to many fields, English graduates most commonly pursue and succeed in fields such as:

- Marketing
- Editing and Publishing
- Teaching
- Technical Writing
- Research Analyst
- Insurance Underwriter
- Copywriting
- Grant Writing
- Medical Writing
- Public Relations

English, Bachelor of Arts

Each concentration has its own core requirements including ENGL 2410 or ENGL 2420, foundational English courses. All concentrations also include a literature, language studies, or creative nonfiction course. All concentrations require a capstone experience, including an internship, the senior paper/project, or student teaching.

English, Bachelor of Arts Requirements

The Bachelor of Arts degree with a major in English may be completed through one of three concentrations, each with some overlap in course requirements to allow students to migrate efficiently between concentrations.

- Literatures in English (p. 118)
- Creative Nonfiction (p. 113)
- Language Studies (p. 115)

Concentration in Secondary English Teaching (p. 121) (available exclusively as a double major with the BSED degree through CEHHS)

The English major with a concentration in Creative Nonfiction, Language Studies, or Literatures in English may be added as a double major for students with a primary program of study in or outside the College of Arts and Sciences. For students pursuing a BSED through the College of Education, Health and Human Sciences, the English major is commonly added as a double major. Students should work with an advisor to ensure requirements for both programs are met through a careful selection of courses.

Students wishing to complete the Nebraska State Certification requirements to teach English at the 7-12 level now have the option to also earn a second major in English without adding additional time to their program of study. This partnership between CEHHS and the College of Arts and Sciences creates an efficient path for students who would like to earn the English major and prepare for Nebraska State Certification to teach in this area. Students declare the Bachelor of Science in Education with a major in Secondary Education (Secondary English 7-12 Endorsement) as their primary degree and program of study. They may then add English as a double major (not a dual degree) with a concentration in Secondary English Teaching. For details, see the Concentration in Secondary English Teaching.

Creative Nonfiction Concentration

English, Bachelor of Arts with a Concentration in Creative Nonfiction

Elective 3

Complete your final advising check before graduation.

Polish your resume, cover letters, and LinkedIn profile.

Stay connected by joining alumni networks and professional organizations.

Apply for graduation via MavLink.

Credits **15**

Total Credits **120-123**

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Language Studies Concentration

English, Bachelor of Arts with a Concentration in Language Studies

Code	Title	Credits
------	-------	---------

GENERAL EDUCATION REQUIREMENTS - 34 Hours Required

Minimum of "C-" required

Fundamental Skills **15**

Writing – 6 hrs.

ENGL 1150 ENGLISH COMPOSITION I

ENGL 1160 COLLEGE RESEARCH AND INFORMATION LITERACY

Oral Communication – 3 hrs.

CMST 1110 PUBLIC SPEAKING FUNDS

or CMST 2120 ARGUMENTATION AND DEBATE

Quantitative Literacy – 3 hrs.

Complete your final advising check before graduation. Polish your resume, cover letters, and LinkedIn profile. Stay connected by joining alumni networks and professional organizations. Apply for graduation via MavLink.

Credits 15

Total Credits 120-123

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Secondary English Teaching Concentration

English, Double Major with a Concentration in Secondary English Teaching

Code	Title	Credits
This concentration is available only to those pursuing a BS in Secondary Education, with an endorsement in Secondary English 7-12, from UNO's College of Education. By taking just three more English courses (at the 3000 or 4000 level) than are required for this endorsement, a student can graduate with a BS in Secondary Education and a double major in English. This type of degree, indicating enhanced critical thinking and writing skills, will help make those who choose this concentration extremely attractive to a wide range of potential employers, both inside and outside the educational field		
Minimum grade of "C" required (this is different from the English Department's requirement of a minimum grade of C- or above).		
**Course will satisfy UNO's General Education requirement		
^Course requires pre-requisite(s)		
Secondary English Teaching Concentration - 36 Hours Required		
Required Coursework:		12
ENGL 2410	CRITICAL APPROACHES TO LITERATURE (^)	
or ENGL 2420	CRITICAL APPROACHES TO LANGUAGE STUDIES	
ENGL 2310	INTRODUCTION TO BRITISH LITERATURE I (** ^)	
or ENGL 2320	INTRODUCTION TO BRITISH LITERATURE II	
ENGL 2450	AMERICAN LITERATURE I (** ^)	
or ENGL 2460	AMERICAN LITERATURE II	
ENGL 4060	THE AMERICAN NOVEL (^)	
or ENGL 4490	GREAT WORKS OF BRITISH LITERATURE	
Select one from the following		3
ENGL 2250	THE SHORT STORY (** ^)	
ENGL 2260	BLACK SHORT STORY (** ^)	
ENGL 2280	INTRODUCTION TO LANGUAGE (** ^)	
ENGL 2470	SURVEY OF NATIVE AMERICAN LITERATURE (** ^)	
ENGL 2490	LATINO/A LITERATURE (** ^)	
ENGL 4250	WOMEN'S STUDIES IN LITERATURE (^)	
Select one from the following		3
ENGL 3100	NATIVE AMERICAN LITERATURE: MAJOR FIGURES (^)	
ENGL 3280	IRISH LITERATURE I (** ^)

ENGL 4860	THE MODERN FAMILIAR ESSAY (^)	
ENGL 4340	SHAKESPEARE (^)	
Any three 3-credit English (ENGL) courses at the 3000 level or above		9

(Note: Students can take English 4960 multiple times as long as they are on different Special Topics)

Teaching English to Speakers of Other Languages (TESOL) Certificate

Vision Statement

In the United States, the need for well-prepared language teachers is constant. Teachers are more likely than ever to have the opportunity to teach students who come from a variety of cultural and linguistic backgrounds.

The Department of English offers students the opportunity to obtain a certificate in Teaching English to Speakers of Other Languages (TESOL). This is a 15-hour/5-course certificate. Normally, students are able to complete the certificate requirements within three or four semesters.

The TESOL faculty have designed the certificate to help students get up to speed on language theory and pedagogy. You'll start with ENGL 3610 *Introduction to Linguistics*, which sets the foundation for upper-division courses. Then, you'll learn specifics about the English language so that you can explain sounds, words, sentences, and meanings to your students. In addition, you'll study theories about how adults learn languages as well as strategies for teaching language and designing curriculum.

A TESOL certificate does not certify a graduate to teach in Nebraska public schools. Instead, it is an academic credential meant (1) for teachers already certified in other areas, (2) for people who plan to teach in venues other than public schools, and (3) for anyone who works in some capacity with non-native speakers of English. The TESOL Certificate is a rigorous program that will make you very attractive to future employers, whether you remain in the U.S. or work overseas. But learning how to be a good teacher isn't easy. Are you ready for the challenge?

Students in Teacher Education or in Speech/Language Pathology should contact the TESOL director before applying to this program.

Program Contact Information

Sarah Osborn, PhD, Director
189S Arts & Sciences Hall (ASH)
srfsosborn@unomaha.edu

Program Website (<https://www.unomaha.edu/college-of-arts-and-sciences/english/academics/undergraduate-programs.php>)

Application Deadlines

Applications for this program are accepted on a rolling basis. To apply, write an email to the TESOL Director (srfsosborn@unomaha.edu) and include the following information:

- Your major (and minor if applicable)
- Your overall GPA at UNO
- Your reasons for wanting to complete the TESOL Certificate.

If you're accepted into the program, you will see this change reflected in your UNO DegreeWorks within a few days.

Note that UNO also offers a Graduate TESOL Certificate, which has a separate application process. Visit the Graduate Studies page for more information. (<https://catalog.unomaha.edu/graduate/degree-programs-certificates-minors/english/teaching-english-speakers-other-languages-certificate/index.html#text> (<https://catalog.unomaha.edu/graduate/degree-programs-certificates-minors/english/teaching-english-speakers-other-languages-certificate/#text>))

Teaching English to Speakers of Other Languages (TESOL) Certificate Requirements

Students seeking a certificate in Teaching English to Speakers of Other Languages (TESOL) must take one course from each of the five categories below for a total of 15 credit hours.

Students in Teacher Education or in Speech/Language Pathology should contact the TESOL director before applying to this program.

Code	Title	Credits
Take one course from each of the 5 categories below:		15
Category I		
ENGL 3610	INTRODUCTION TO LINGUISTICS	
Category II		
ENGL 4640	APPLIED LINGUISTICS	
Category III		
ENGL 4650	STRUCTURE OF ENGLISH	
Category IV		
ENGL 3770	WRITING CENTER THEORY, PEDAGOGY, AND RESEARCH ¹	
ENGL 4750	COMPOSITION THEORY & PEDAGOGY ¹	
Category V		
ENGL 4620	HISTORY OF ENGLISH	
ENGL 4670	SOCIOLINGUISTICS	
ENGL 4800	ENGLISH INTERNSHIP (with a TESOL Placement)	

¹ With a TESOL-focused project.

- Note 1: Under some circumstances, the TESOL Certificate Director may allow substitute courses.
- Note 2: Students who earn less than a B in ENGL 3610 Introduction to Linguistics may be disenrolled from the program.

The linguistics faculty strongly recommends that students become proficient in a second language.

English Minor

English Minor Requirements

Code	Title	Credits
Select 6 credits of English at the 1000 level or higher (except ENGL 1140, ENGL 1150 and ENGL 1160)		6

Select 9 credits of English at the 3000 level or higher	9
Total Credits	15

Environmental Studies

The field of Environmental Studies recognizes that finding solutions to the environmental challenges facing our society requires individuals with experience and training in a broad array of disciplines. Success in the field requires not only a scientific background to develop technical solutions but also an understanding of the social and economic implications of solutions and decisions. The Environmental Studies Program at UNO offers interdisciplinary undergraduate degrees that provide students with training in the breadth of disciplines required to understand the complex nature of solving environmental challenges, as well as the scientific expertise needed to successfully pursue a career relating to the environment.

Other Information

All coursework taken for the Environmental Science major or minor must be completed with a grade of "C-" or better.

Double Counting

ENVN–Geography & Planning and Geography double majors: Students may not count the same 3000-4000 level Geography courses towards both majors, with the exception of GEOG 3530 and 4050.

ENVN–Geography and Planning major with Geography minors: may not use the same 3000/4000 level course for both programs.

ENVN–Earth Sciences major and Geology minors: GEOL 1170 and one 2000-level or higher course may count toward both programs.

ENVN–Earth Sciences major and Geography minors: one upper-level GEOG/GEOL course may count toward both programs.

ENVN–Life Sciences and Biology double majors: With the exceptions of BIOL 1450 (<https://catalog.unomaha.edu/search/?P=BIOL%201450>), BIOL 1750 (<https://catalog.unomaha.edu/search/?P=BIOL%201750>), BIOL 2140 (<https://catalog.unomaha.edu/search/?P=BIOL%202140>), and BIOL 3340, no other biology courses may count for both majors.

BS/BA Geology major with ENVN minor: no 3000/4000 level courses may overlap.

Fast Track Program (for students seeking the BS in Environmental Science with a concentration in Geography and Planning)

The Department of Geography/Geology has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor's degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to 9 graduate hours toward the completion of their undergraduate program as well as the graduate degree program.

Program Specifics:

- This program is available for undergraduate students pursuing a BS in Environmental Science (Geography & Planning Option) desiring to pursue an MS in Geography.
- Students must have completed no less than 60 undergraduate hours.
- Students must have a minimum undergraduate GPA of 3.0.

- Students must have a graduate faculty member in the department of Geography/Geology provide a short letter of support for their application to Fast Track as a faculty sponsor/mentor.
- Students must complete the Fast Track Approval form and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course.
- Students will work with their undergraduate advisor to register for the graduate courses
- A minimum cumulative GPA of 3.0 for graduate coursework is required to remain in good standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. The application fee will be waived; the applicant will need to contact the Office of Graduate Studies for a fee waiver code.
 - Admission to Fast Track does NOT guarantee admission to the graduate program.
 - The admit term must be after the completion term of the undergraduate degree.

Contact

Dr. David Manning, Director

Website (<http://www.unomaha.edu/college-of-arts-and-sciences/environmental-studies/>)

Degrees Offered

- Environmental Science, Bachelor of Science with a Concentration in Analytical Sciences (p. 124)
- Environmental Science, Bachelor of Science with a Concentration in Earth Sciences (p. 127)
- Environmental Science, Bachelor of Science with a Concentration in Geography and Planning (p. 129)
- Environmental Science, Bachelor of Science with a Concentration in Life Sciences (p. 132)

Core Requirements

All students majoring in Environmental Science will complete a common set of core requirements, in addition to courses specific to their concentration. Core requirements include the following:

Code	Title	Credits
ENVN 2010	ENVIRONMENTAL PROBLEMS AND SOLUTIONS	2
Two additional approved introductory environmental science courses		6-7
ENVN/GEOL/BIOL 4610	ENVIRONMENTAL MONITORING AND ASSESSMENT	3
A minimum of 1 credit hour in ENVN 4800 (up to 3 credits can be applied to the major)		
ENVN/BIOL 4800	INTERNSHIP IN ENVIRONMENTAL MANAGEMENT AND PLANNING	1-3
ENVN/GEOG 4820	INTRODUCTION TO ENVIRONMENTAL LAW & REGULATIONS	3
An approved course in statistics		3-4
An approved GIS course		1-4

An approved course focusing on the human dimensions of environmental studies

3

Total Credits

22-29

Minors Offered

- Environmental Science Minor (p. 135)

The Environmental Studies Program at UNO offers interdisciplinary undergraduate degrees that provide students with training in the breadth of disciplines required to understand the complex nature of solving environmental challenges. Students acquire the scientific expertise to effectively pursue a career relating to the environment by focusing on one of four areas of concentration. The Environmental Studies Program is committed to preparing students for careers helping to meet the environmental challenges facing us locally, nationally and globally.

Environmental Science – Analytical Sciences concentration

The analytical sciences concentration is designed to produce environmental scientists with a strong background in chemistry preparing them to find solutions to problems associated with chemical pollutants that are being released into the air, earth and water environments of our planet.

Environmental Science – Earth Sciences concentration

The earth sciences concentration is designed to prepare students for a career in environmental geology, working on land, soil, and water conservation.

Environmental Science – Geography and Planning concentration

The geography and planning concentration is designed to produce local and regional planning specialists who understand the best approaches for preventing environmental problems.

Environmental Science – Life Sciences concentration

The life sciences concentration is designed to prepare a student for jobs as environmental biologists protecting natural ecosystems and promoting a healthy environment.

Some career options

- Air and Water quality scientist
- City and Regional Planning aide
- Conservation Biologist
- Environmental consultant
- Environmental educator
- Natural Resource Manager
- Environmental and Public Health Specialist
- Geospatial Information Systems technician
- Restoration Ecologist
- Soil and Water Conservationist
- Sustainability Coordinator
- Wildlife & Fisheries Biologist

Complete your final advising check before graduation. Polish your resume, cover letters, and LinkedIn profile. Stay connected by joining alumni networks and professional organizations. Apply for graduation via MavLink.

Credits 14

Total Credits 120-122

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

ENVN/GEOG/PA 4820	INTRODUCTION TO ENVIRONMENTAL LAW & REGULATIONS (^)
----------------------	--

Select one of the following Statistics courses 3-4

BIOL 4110	STATISTICS FOR BIOLOGICAL SCIENCES (^)
-----------	---

ENVN 2020	STATISTICS FOR LIFE AND ENVIRONMENTAL SCIENCE (^)
-----------	--

STAT 1530	ELEMENTARY STATISTICS (** ^)
-----------	------------------------------

STAT 3000	STATISTICAL METHODS I (^)
-----------	---------------------------

PSYC 3130	STATISTICS FOR THE BEHAVIORAL SCIENCES (^)
-----------	---

SOC 2130	SOCIAL STATISTICS (^)
----------	-----------------------

Select one of the following GIS courses 1-4

ENVN 4600	GIS APPLICATIONS FOR ENVIRONMENTAL SCIENCE (^)
-----------	---

GEOG 1090	INTRODUCTION TO GEOSPATIAL SCIENCES (^)
-----------	--

GEOG 4050	GEOGRAPHIC INFORMATION SYSTEMS I (^)
-----------	---

Select one of the following courses on the human dimensions of Environmental Studies 3

ANTH 4250	ENVIRONMENTAL ANTHROPOLOGY AND NATIVE PEOPLES OF THE GREAT PLAINS (^)
-----------	---

ECON 3320	ENVIRONMENTAL ECONOMICS AND BUSINESS STRATEGY (^)
-----------	--

ENVN/PHIL 3180	ENVIRONMENTAL ETHICS (^)
----------------	--------------------------

ENVN/SPAN 3310	SUSTAINABILITY AND THE ENVIRONMENT IN THE SPANISH- SPEAKING WORLD (^)
----------------	---

ENVN/PSCI 4270	GLOBAL ENVIRONMENTAL POLITICS (^)
----------------	-----------------------------------

ENVN 4390	THE NATURE OF THE PAST: AMERICAN ENVIRONMENTAL HISTORY, PRE- HISTORY TO THE PRESENT (^)
-----------	---

SOC 4760	ENVIRONMENTAL SOCIOLOGY (^)
----------	-----------------------------

Earth Sciences Concentration 4

GEOL 1170	INTRODUCTION TO PHYSICAL GEOLOGY (**)
-----------	--

Select one of the following covering surface processes 4

GEOL/GEOG 4260	PROCESS GEOMORPHOLOGY (^)
----------------	---------------------------

GEOL/GEOG 4330	SOIL GENESIS, MORPHOLOGY AND CLASSIFICATION
----------------	--

GEOL/GEOG 4640	CRITICAL ZONE SCIENCE
----------------	-----------------------

Select an additional 27 hours of geography/geology/ environmental science courses from the following 27

ENVN/BIOL 4410	WETLAND ECOLOGY AND MANAGEMENT (^)
----------------	---------------------------------------

GEOL 1180	INTRODUCTION TO HISTORICAL GEOLOGY (^)
-----------	---

GEOL 2300	GEOSCIENCE DATA ANALYSIS AND MODELING (^)
-----------	--

GEOL 2500	SPECIAL TOPICS IN GEOGRAPHY- GEOLOGY
-----------	---

GEOL 2750 & GEOL 2754	MINERALOGY and MINERALOGY LABORATORY (^)
--------------------------	---

GEOL 2760 & GEOL 2764	IGNEOUS AND METAMORPHIC PETROLOGY and IGNEOUS AND METAMORPHIC PETROLOGY LABORATORY (^)	
GEOL 3300 & GEOL 3310	STRUCTURAL GEOLOGY and STRUCTURAL GEOLOGY FIELD METHODS (^)	
GEOL 3400	INTRODUCTION TO SEDIMENTARY GEOLOGY (^)	
GEOL/GEOG 4200	WATER QUALITY (^)	
GEOL/GEOG 4260	PROCESS GEOMORPHOLOGY (^)	
GEOL/PHYS 4400	GEOPHYSICS (^)	
GEOL/GEOG 4640	CRITICAL ZONE SCIENCE (^)	
GEOG 3510	METEOROLOGY (**)	
GEOG 4010	CONSERVATION OF NATURAL RESOURCES (^)	
GEOG/BIOG/GEOL 4100	BIOGEOGRAPHY (^)	
GEOG 4320	CLIMATOLOGY (^)	
GEOG/GEOL 4330	SOIL GENESIS, MORPHOLOGY AND CLASSIFICATION (^)	
GEOG/ENVN 4350	GLOBAL CLIMATE CHANGE (^)	
GEOG 4630	ENVIRONMENTAL REMOTE SENSING (^)	
Select one of the following chemistry sequences		13
Sequence One		
CHEM 1140 & CHEM 1144	FUNDAMENTALS OF COLLEGE CHEMISTRY and FUNDAMENTALS OF COLLEGE CHEMISTRY LABORATORY (** ^)	
CHEM 2210 & CHEM 2214	FUNDAMENTALS OF ORGANIC CHEMISTRY and FUNDAMENTALS OF ORGANIC CHEMISTRY LABORATORY (^)	
GEOL/CHEM 4540	GEOCHEMISTRY (^)	
Sequence Two		
CHEM 1180 & CHEM 1184	GENERAL CHEMISTRY I and GENERAL CHEMISTRY I LABORATORY (** ^)	
CHEM 1190 & CHEM 1194	GENERAL CHEMISTRY II and GENERAL CHEMISTRY II LABORATORY (^)	
CHEM 2210 & CHEM 2214	FUNDAMENTALS OF ORGANIC CHEMISTRY and FUNDAMENTALS OF ORGANIC CHEMISTRY LABORATORY (^)	
Select one of the following physics lecture and laboratory combinations		5
PHYS 1050 & PHYS 1054	INTRODUCTION TO PHYSICS and INTRODUCTION TO PHYSICS LABORATORY (** ^)	
PHYS 1110 & PHYS 1154	PHYSICS FOR LIFE SCIENCE I and GENERAL PHYSICS LABORATORY I (** ^)	
PHYS 2110 & PHYS 1154	GENERAL PHYSICS I - CALCULUS LEVEL and GENERAL PHYSICS LABORATORY I (** ^)	
College Breadth		0

ELECTIVES

Elective hours as required to reach a total of 120 hours

Environmental Science, Bachelor of Science with a Concentration in Earth Sciences Four Year Plan

Freshman

Fall		Credits
BIOL 1330	ENVIRONMENTAL BIOLOGY	3
CHEM 1010	CHEMISTRY IN THE ENVIRONMENT AND SOCIETY	3
ENGL 1150	ENGLISH COMPOSITION I	3
MATH 1300 or MATH 1320	COLLEGE ALGEBRA WITH SUPPORT or COLLEGE ALGEBRA	3-4
General Education Course or Elective		3
Attend Durango Days; other campus events. Set up a Handshake account and take the Pathway U career assessment. Attend the Student Involvement & Volunteer Fair to explore student organizations. Make advising appointment for spring: Sept-Oct. Work with your advisor to develop your Pathway in Stellic.		

Credits 15-16**Spring**

CMST 1110 or CMST 2120	PUBLIC SPEAKING FUNDS or ARGUMENTATION AND DEBATE	3
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	3
ENVN 2010	ENVIRONMENTAL PROBLEMS AND SOLUTIONS	2
GEOL 1170	INTRODUCTION TO PHYSICAL GEOLOGY	4
General Education Course or Elective		3
Attend campus events such as major exploration week to get an idea of interests and career paths. Schedule a resume review with UNO Career Services. Visit faculty office hours and ask about undergraduate research opportunities. Make advising appointment for summer and fall: February – March.		

Credits 15**Sophomore**

Fall		
CHEM 1140 & CHEM 1144	FUNDAMENTALS OF COLLEGE CHEMISTRY and FUNDAMENTALS OF COLLEGE CHEMISTRY LABORATORY	5
Approved GEOG/GEOL/ENVN Elective		3
Approved GEOG/GEOL/ENVN Elective		4
General Education Course or Elective		3
Attend the Career & Internship Fair to start networking with employers. Look for volunteer, research, or part-time work to gain experience. Join a student organization or club related to your field or interests. Make advising appointment for spring: Sept. - Oct.		

Credits 15**Spring**

CHEM 2210 & CHEM 2214	FUNDAMENTALS OF ORGANIC CHEMISTRY and FUNDAMENTALS OF ORGANIC CHEMISTRY LABORATORY	5
Approved GEOG/GEOL/ENVN Elective		4

Approved GEOG/GEOL/ENVN Elective	3
General Education Course or Elective	3
Attend a career fair for informational and networking purposes. Update your resume and LinkedIn profile with new experiences. Investigate and apply for summer internships, research, or study abroad programs. Make advising appointment for summer and fall: February – March.	
Credits	15

Junior**Fall**

GEO 4540	GEOCHEMISTRY	3
Approved GIS Course		4
Approved GEOG/GEOL/ENVN Elective		4
General Education Course or Elective		3

Apply for a paid internship or research assistantship. Attend a mock interview workshop or use online interview tools with Career Services. Start researching and visiting graduate programs or professional schools. Visit Career Center, continue updating resume. Make advising appointment for spring: Sept-Oct.

Credits **14**

Spring

PHYS 1050	INTRODUCTION TO PHYSICS	5
& PHYS 1054	and INTRODUCTION TO PHYSICS LABORATORY	
Approved GEOG/GEOL/ENVN Elective		4
General Education Course or Elective		3
Elective		3

Request letters of recommendation from faculty for jobs or grad school. Attend the All-Majors Career Fair with a plan to network. Meet with your advisor or submit for a graduation check-in to review remaining degree requirements. Make advising appointment for summer and fall: February – March.

Credits **15**

Summer

ENVN 4800	INTERNSHIP IN ENVIRONMENTAL MANAGEMENT AND PLANNING	1
-----------	---	---

Credits **1**

Senior**Fall**

ENVN/GEOL/GEOL/BIOL 4610	ENVIRONMENTAL MONITORING AND ASSESSMENT	3
ENVN 4820	INTRODUCTION TO ENVIRONMENTAL LAW & REGULATIONS	3
Approved GEOG/GEOL/ENVN Elective		3
Approved GEOG/GEOL/ENVN Elective		3
Elective course		3

Check in with Career Center for networking tips. Finalize graduate school applications or job search strategy. Attend a career fair and start applying for full-time jobs. Prepare for interviews and salary negotiations with Career Services. Make advising appointment for spring: Sept. - Oct.

Credits **15**

Spring

Approved GEOG/GEOL/ENVN Elective	3
Statistics course	3
An approved course focusing on the human dimensions of environmental studies	3
Elective course	3

Elective	3
----------	---

Complete your final advising check before graduation. Polish your resume, cover letters, and LinkedIn profile. Stay connected by joining alumni networks and professional organizations. Apply for graduation via MavLink.

Credits **15**

Total Credits **120-121**

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Environmental Science, Bachelor of Science with a Concentration in Geography and Planning

Environmental Science, Bachelor of Science with a Concentration in Geography and Planning Requirements

Code	Title	Credits
------	-------	---------

GENERAL EDUCATION REQUIREMENTS - 34 Hours Required

Minimum of "C-" required

Fundamental Skills **15**

Writing – 6 hrs.

ENGL 1150 ENGLISH COMPOSITION I

ENGL 1160 COLLEGE RESEARCH AND INFORMATION LITERACY

Oral Communication – 3 hrs.

CMST 1110 PUBLIC SPEAKING FUNDS

or CMST 2120 ARGUMENTATION AND DEBATE

Quantitative Literacy – 3 hrs.

MATH 1120	INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING
or MATH 1130	QUANTITATIVE LITERACY
or MATH 1140	QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS
or MATH 1300	COLLEGE ALGEBRA WITH SUPPORT
Data Literacy – 3 hrs.	
Select one from the following:	
STAT 1100	DATA LITERACY AND VISUALIZATION
STAT 1530	ELEMENTARY STATISTICS
Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.	
Breadth of Knowledge 13	
Social Science – 3 hrs.	
Humanities – 3 hrs.	
Natural & Physical Science (must complete a lab) – 4 hrs.	
Arts – 3 hrs.	
Individual and Social Responsibility 6	
Cultural Knowledge – 3 hrs.	
Civic Knowledge and Engagement – 3 hrs.	
MAJOR REQUIREMENTS	
**Course will satisfy UNO's General Education requirement	
^Course requires pre-requisite(s)	
Environmental Science Major with a Geography and Planning - 71-82 Hours Required	
Required coursework 12-14	
(Note that in the case of cross-listed courses, Environmental Science majors must enroll in the ENVN section)	
ENVN 2010	ENVIRONMENTAL PROBLEMS AND SOLUTIONS (^)
ENVN/GEOG/GEOL/BIO 4610	ENVIRONMENTAL MONITORING AND ASSESSMENT
GEOL 1010	ENVIRONMENTAL GEOLOGY (**)
ENVN/BIO 4800	INTERNSHIP IN ENVIRONMENTAL MANAGEMENT AND PLANNING
ENVN/GEOG/PA 4820	INTRODUCTION TO ENVIRONMENTAL LAW & REGULATIONS
Select one of the following Statistics courses 3-4	
BIO 4110	STATISTICS FOR BIOLOGICAL SCIENCES (^)
ENVN 2020	STATISTICS FOR LIFE AND ENVIRONMENTAL SCIENCE
STAT 1530	ELEMENTARY STATISTICS (** ^)
STAT 3000	STATISTICAL METHODS I (^)
PSYC 3130	STATISTICS FOR THE BEHAVIORAL SCIENCES (^)
SOC 2130	SOCIAL STATISTICS (^)
Select one of the following courses on the Human Dimensions of Environmental Studies 3	
ANTH 4250	ENVIRONMENTAL ANTHROPOLOGY AND NATIVE PEOPLES OF THE GREAT PLAINS
ECON 3320	ENVIRONMENTAL ECONOMICS AND BUSINESS STRATEGY
ENVN/PHIL 3180	ENVIRONMENTAL ETHICS (^)
ENVN/SPAN 3310	SUSTAINABILITY AND THE ENVIRONMENT IN THE SPANISH-SPEAKING WORLD
ENVN/PSCI 4270	GLOBAL ENVIRONMENTAL POLITICS (^)

ENVN 4390	THE NATURE OF THE PAST: AMERICAN ENVIRONMENTAL HISTORY, PRE-HISTORY TO THE PRESENT
SOC 4760	ENVIRONMENTAL SOCIOLOGY (^)
Introductory GIS lecture and lab 4	
GEOG 3530	CARTOGRAPHY AND DATA VISUALIZATION (^)
Geography and Planning Concentration requirements:	
Select one physical geography course from the following 4	
GEOG 1030	OUR DYNAMIC PLANET: INTRODUCTION TO PHYSICAL GEOGRAPHY (**)
GEOG 1050	HUMAN-ENVIRONMENT GEOGRAPHY (**)
Select three courses from the following in Human Geography and Planning 9	
GEOG 1020	INTRODUCTION TO HUMAN GEOGRAPHY (**)
GEOG 4120	URBAN GEOGRAPHY
GEOG 4160	URBAN SUSTAINABILITY
ENVN 4330	INTRODUCTION TO GREEN INFRASTRUCTURE
Or alternative courses approved by advisor.	
Select three courses in Physical Geography 9-12	
GEOL/GEOG 4200	WATER QUALITY
GEOG 3440	NEBRASKA NATURAL RESOURCES MANAGEMENT
GEOG 3510 & GEOG 3514	METEOROLOGY and INTRODUCTION TO METEOROLOGY LABORATORY (**) ¹
GEOG/BIO/GEOL 4100	BIOGEOGRAPHY (^)
GEOG/GEOL 4260	PROCESS GEOMORPHOLOGY
GEOG 4320	CLIMATOLOGY
GEOG/GEOL 4330	SOIL GENESIS, MORPHOLOGY AND CLASSIFICATION
GEOG 4340	WATER RESOURCES
GEOG/ENVN 4350	GLOBAL CLIMATE CHANGE
GEOG/GEOL 4640	CRITICAL ZONE SCIENCE
¹ Both GEOG 3510 and GEOG 3514 must be completed and count as a single course towards this requirement.	
Select two additional courses in Geospatial Sciences 6-8	
GEOG 4020	SPATIAL ANALYSIS IN GEOGRAPHY
GEOG 4030	COMPUTER MAPPING AND VISUALIZATION (^)
GEOG 4050	GEOGRAPHIC INFORMATION SYSTEMS I (^)
GEOG 4630	ENVIRONMENTAL REMOTE SENSING (^)
GEOG 4660	GEOGRAPHIC INFORMATION SYSTEMS II (^)
Required courses: 7	
BIO 1330	ENVIRONMENTAL BIOLOGY (**)
CHEM 1010 & CHEM 1014	CHEMISTRY IN THE ENVIRONMENT AND SOCIETY and CHEMISTRY IN THE ENVIRONMENT AND SOCIETY LABORATORY (** ^)
Select one computer science course from the following 3	
CIST 1300	INTRODUCTION TO WEB DEVELOPMENT
ISQA 3310	MANAGING THE DATABASE ENVIRONMENT (^)

Select two additional courses in Biology from the following 6-9

BIOL 1020	PRINCIPLES OF BIOLOGY (**)
BIOL 3340	ECOLOGY (^)
BIOL 3530	FLORA OF THE GREAT PLAINS (^)
BIOL 4120	CONSERVATION BIOLOGY (^)
BIOL 4180	FRESHWATER ECOLOGY (^)
BIOL 4210	FIRE ECOLOGY (^)
BIOL/ENVN 4410	WETLAND ECOLOGY AND MANAGEMENT
ENVN 3030	MICROBIAL ECOLOGY
ENVN 4320	ECOLOGICAL SUSTAINABILITY AND HUMAN HEALTH

Physics lecture and lab: 5

PHYS 1050 & PHYS 1054	INTRODUCTION TO PHYSICS and INTRODUCTION TO PHYSICS LABORATORY (** ^)
--------------------------	---

1 With approval from the Environmental Studies Program

2 May be used to satisfy the statistics requirement or can count towards the required biology and environmental Science courses, but not both.

Required chemistry courses: 3

CHEM 1010	CHEMISTRY IN THE ENVIRONMENT AND SOCIETY (** ^)
or CHEM 3030	ENVIRONMENTAL CHEMISTRY

In addition, select one of the following chemistry sequences 10-13

Sequence One:

CHEM 1140 & CHEM 1144	FUNDAMENTALS OF COLLEGE CHEMISTRY and FUNDAMENTALS OF COLLEGE CHEMISTRY LABORATORY (** ^)
CHEM 2210 & CHEM 2214	FUNDAMENTALS OF ORGANIC CHEMISTRY and FUNDAMENTALS OF ORGANIC CHEMISTRY LABORATORY (^)

Sequence Two:

CHEM 1180 & CHEM 1184	GENERAL CHEMISTRY I and GENERAL CHEMISTRY I LABORATORY (** ^)
CHEM 1190 & CHEM 1194	GENERAL CHEMISTRY II and GENERAL CHEMISTRY II LABORATORY (^)

CHEM 2210 & CHEM 2214	FUNDAMENTALS OF ORGANIC CHEMISTRY and FUNDAMENTALS OF ORGANIC CHEMISTRY LABORATORY (^)	
Complete one additional approved physical science course in Chemistry, Geology, Physical Geography, or Physics		3-5
CHEM 3650 & CHEM 3654	FUNDAMENTALS OF BIOCHEMISTRY and FUNDAMENTALS OF BIOCHEMISTRY LABORATORY (^)	
PHYS 1050 & PHYS 1054	INTRODUCTION TO PHYSICS and INTRODUCTION TO PHYSICS LABORATORY (** ^)	
PHYS 1110	PHYSICS FOR LIFE SCIENCE I (** ^)	
GEOL 1170	INTRODUCTION TO PHYSICAL GEOLOGY (**)	
GEOL 2300	GEOSCIENCE DATA ANALYSIS AND MODELING (^)	
GEOL/GEOG 4200	WATER QUALITY (^)	
GEOL/GEOG 4260	PROCESS GEOMORPHOLOGY (^)	
GEOL/GEOG 4330	SOIL GENESIS, MORPHOLOGY AND CLASSIFICATION (^)	
GEOL/CHEM 4540	GEOCHEMISTRY (^)	
GEOL/GEOG 4640	CRITICAL ZONE SCIENCE (^)	
GEOG 4010	CONSERVATION OF NATURAL RESOURCES (^)	
GEOG 4320	CLIMATOLOGY (^)	
GEOG 4340	WATER RESOURCES (^)

Total Credits	120-121

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Total Credits **17-18**

General Science

The Bachelor of Science in General Science is available with or without a concentration. Without a concentration, the major includes coursework from multiple disciplines—biology, chemistry, physics, mathematics, geography, and geology—making it ideal for students who prefer a broad scientific foundation rather than specializing in a single field.

For students planning to apply to UNMC's Medical Laboratory Science program, the Medical Laboratory Science concentration offers more focused coursework tailored to meeting program prerequisites. This

option also allows students to earn a dual degree upon completing their professional program at UNMC.

Degrees Offered

- General Science, Bachelor of Science (p. 136)

All coursework taken for the General Science major must be completed with a grade of "C-" or better.

The General Science major provides students with a broad scientific foundation while developing essential mathematics and science skills. Although few students choose this major initially, many transition to it after discovering that their original science major requires a degree of specialization beyond what is necessary or desired for their intended career path.

The General Science major is designed for students preparing for careers in various health professions (such as Pre-Occupational Therapy, Pre-Physical Therapy, Pre-Nursing, and Pre-Medical Laboratory Science), those planning to pursue graduate studies at the master's or doctoral level, students seeking teacher certification, and individuals preparing for employment in a wide range of science-related fields.

When combined with other complementary, more specific majors or minors, a degree in general science can also be excellent preparation for careers in law, business, public relations, and writing careers in science, technology or natural history.

Career options include, but are not limited to:

- Healthcare
- Technical Writing
- Research
- Environmental Science
- Natural History
- Business
- Public Relations
- Law
- High School Science Teacher

OR		
GEOL 1100 & GEOL 1104	EARTH SYSTEM SCIENCE and EARTH SYSTEM SCIENCE LAB (**)	
GEOG 1030	OUR DYNAMIC PLANET: INTRODUCTION TO PHYSICAL GEOGRAPHY (**)	
Select one of the following (PHYS) Physics Options		10
PHYS 1110 & PHYS 1154	PHYSICS FOR LIFE SCIENCE I and GENERAL PHYSICS LABORATORY I (** ^)	
PHYS 1120 & PHYS 1164	PHYSICS FOR LIFE SCIENCE II and GENERAL PHYSICS LABORATORY II (^)	
OR		
PHYS 2110 & PHYS 1154	GENERAL PHYSICS I - CALCULUS LEVEL and GENERAL PHYSICS LABORATORY I (** ^)	
PHYS 2120 & PHYS 1164	GENERAL PHYSICS II-CALCULUS LEVEL and GENERAL PHYSICS LABORATORY II (^)	
Mathematics and Statistics Requirement - choose one option		5-6

Option 1 - select one of the following calculus courses:		
MATH 1940	CALCULUS FOR BIOMEDICINE (^)	
MATH 1950	CALCULUS I (^)	
OR Option 2 - take both of the following courses:		
MATH 1930	CALCULUS FOR THE MANAGERIAL, LIFE, AND SOCIAL SCIENCES (^)	
AND one advisor-approved STATISTICS course		
Select 12 additional credits of 2000-level coursework from at least two of the following subjects: Biology, Chemistry, Geography, Geology, and Physics.		12
College Breadth (choose one option)		15-30+
Option 1: Complete any UNO minor or undergraduate certificate - 15+ hours		
Option 2: Additional General Education Requirements - 18+ hours		
Additional quantitative literacy - 3 hours		
Additional Social Science Gen. Ed. from another Discipline - 3 hours		
Additional Humanities Gen. Ed. from another Discipline - 3 hours		
HIST 1000 and HIST 1010 - 6 hours		
Additional Nat. and Physical Science w/ or without Lab - 3-5 hours		
Option 3: CAS comprehensive major (50+ hours) OR any second UNO major (30+ hours)		
Bachelor of Science Cognate Requirement		15

Students pursuing the B.S. in General Science must complete 15 hours of cognate coursework—a field of specialization outside their major that aligns with their interests and career goals. Cognates are designed by the student in consultation with an undergraduate advisor. For General Science majors, 3000-4000 level coursework is recommended to fulfill this College of Arts and Sciences (CAS) requirement.

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study.

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Medical Laboratory Science Concentration

General Science, Bachelor of Science - Medical Laboratory Sciences Concentration Requirements

The B.S. in General Science is offered with a concentration in medical laboratory science for students planning to apply to UNMC's Medical Laboratory Science Program (MLS). This program was designed in collaboration with UNMC to allow a student to complete two Bachelor's degrees in as little as 122 credits. Students will apply to UNO's College of Arts and Sciences for the BS degree with General Science major. It is imperative for students intending to follow this pathway to work closely with each of the lead advisors in the Health Careers Resource Center and Arts and Sciences Advising Center before declaring a concentration in Medical Laboratory Science.

Following the guide below allows the student to complete UNO's general education requirements and UNMC's MLS pre-requisite coursework in no more than three years. Near the beginning of the student's third year of UNO studies, they will need to apply to UNMC's MLS program. Provided that the student has collaborated with the A&S and HCRC's lead advisor and maintained a cumulative or math/science GPA of 3.0, he/she will be guaranteed an interview with UNMC's MLS program.

Should the student be accepted into UNMC's MLS program, they will take at least 43 credits of professional MLS coursework over the span of 11 months, which they must transfer back to UNO toward the completion of this additional UNO degree—a B.S. in general science—medical laboratory science concentration. During the last semester in the MLS program at UNMC, students must apply for graduation at both institutions and request a final transcript from UNMC be sent to UNO within 15 business days following UNO's commencement. Students must have a minimum of 30 credits in residence at UNO and of those, 15 credits must come from the natural and physical sciences.

If the student is not accepted to UNMC, the MLS concentration will be removed and the student may opt to satisfy the General Science non-concentration version of the major in A&S. If so, the following will need to be added to complete the GSCI major: GEOG 1030; GEOL 1100 and GEOL 1104 (or GEOL 1170); PHYS 1110 (<https://catalog.unomaha.edu/>

[search/?P=PHYS%201110](https://catalog.unomaha.edu/)) or PHYS 2110; PHYS 1154; PHYS 1120 or PHYS 2120; PHYS 1164; a minor or additional College of Arts & Sciences general education courses, and electives to reach 120 credits total. Students must have a minimum of 27 upper-level credits throughout the degree.

Coursework to be taken prior to making application to UNMC's B.S. MLS program:

Code	Title	Credits
Fundamental Skills - Required Pathway Courses		9-10

Elective to reach full-time standing, depending on courses taken.		3

It is suggested that students have a parallel plan involving another major or at least a minor. Taking a course toward that major or minor here or an upper-level elective is suggested.

Credits **13**

Summer

AT UNMC

After taking the above 3 years worth of courses, upon acceptance to the Bachelor of Science in Medical Laboratory Science program at UNMC, students will take at least 43 credits of professional MLS coursework to transfer back toward the completion of this additional UNO degree—a B.S. in general science—medical laboratory science concentration.		43
---	--	----

If the student is not accepted to UNMC, the MLS concentration will be removed and the student may opt to satisfy the General Science non-concentration version of the major in A&S. If so, the following will need to be added to complete the GSCI major: GEOG 1030; GEOL 1100 and GEOL 1104 (or GEOL 1170); PHYS 1110 or PHYS 2110; PHYS 1154; PHYS 1120 or PHYS 2120; PHYS 1164; a minor or additional College of Arts & Sciences general education courses, and electives to reach 120 credits total. Students must have a minimum of 27 upper-level credits throughout the degree.

Credits	43
Total Credits	120-121

Students completing this concentration within the General Science major are required to meet with the Health Careers Resource Center semesterly. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

**Transfer credit or placement exam scores may change suggested plan of study

Graduation Requirements: The B.S. in general science is offered with a concentration in medical laboratory science for students planning to apply to UNMC's Medical Laboratory Science Program (MLS). This program was designed in collaboration with UNMC to allow a student to complete two bachelor's degrees in as little as 122 credits. Students will apply to UNO's General Science program and add on the medical laboratory science concentration. Following the guide below allows the student to complete UNO's general education requirements and UNMC's MLS prerequisite coursework in no more than three years. Near the beginning of the student's third year of UNO studies, they will need to apply to UNMC's MLS program. Provided that the student has followed the curriculum, for example, as laid out above, maintained a cumulative or math/science GPA of 3.0, he/she will be guaranteed an interview with UNMC's MLS program. Upon acceptance into UNMC's MLS program, students will complete 11 months of studies in specific MLS courses. After completion of the MLS program at UNMC, students may transfer their UNMC coursework back to UNO to earn a dual degree of BS MLS from UNMC/ BS GSCI-MLS concentration from UNO. Students must have a minimum of 30 credits in residence at UNO and of those, 15 credits must come from the natural and physical sciences.

Geography

The Department offers a Bachelor of Arts and a Bachelor of Science in Geography. We also offer optional concentrations in Geographic Information Science and Technology (BA, BS), Travel & Tourism (BA, BS), and Physical Geography (BS only), as well as a minor in Geography. The

geography program at UNO prepares students for careers in urban and environmental planning, geographic information systems, cartography, remote sensing, and other areas of geographic research.

Other Information

All coursework taken for the Geography major or minor must be completed with a grade of "C-" or better.

Double-counting rules between Geography and Environmental Science-Geography and Planning:

Students pursuing both majors may not count the same 3000-4000 level Geography courses towards both programs, with the exception of GEOG 3530 and 4050.

The **Environmental Science-Geography and Planning** major with Geography minor may not use the same 3000/4000 level course for both programs.

Double-counting rules between Geography and Geology:

Only one course at the upper level may be counted as credit for both the Geography major and Geology minor, or Geology major and Geography minor. All other upper-level courses can only count in either the major or minor.

Geography may also be studied through the College of Public Affairs and Community Service in the Division of Continuing Studies. Students interested in this degree program must meet with an advisor in the Division of Continuing Studies. The concentration consists of a minimum of 30 credit hours in geography, details of which are provided here (<https://www.unomaha.edu/college-of-public-affairs-and-community-service/division-of-continuing-studies/academics/areas-of-study/geography.php>).

Option for Degree Completion Fast Track Program

The Department of Geography/Geology has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor's degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to 9 graduate hours toward the completion of their undergraduate program as well as the graduate degree program.

Program Specifics:

- This program is available for undergraduate students pursuing a BA/BS in Geography desiring to pursue an MS in Geography.
- Students must have completed no less than 60 undergraduate hours.
- Students must have a minimum undergraduate GPA of 3.0.
- Students must have a graduate faculty member in the department of Geography/Geology provide a short letter of support for their application to Fast Track as a faculty sponsor/mentor.
- Students must complete the Fast Track Approval form and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course.
- Students will work with their undergraduate advisor to register for the graduate courses.
- A minimum cumulative GPA of 3.0 for graduate coursework is required to remain in good standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. The application fee will be waived, the applicant will need to contact the Office of Graduate Studies for a fee waiver code.
 - Admission to Fast Track does NOT guarantee admission to the graduate program.

- The admit term must be after the completion term of the undergraduate degree.

Degrees Offered

- Geography, Bachelor of Arts (p. 142)
- Geography, Bachelor of Science (p. 148)

Minors Offered

Available on campus and online.

- Geography Minor (p. 155)

Geographers are on the front line, tackling some of the most urgent issues facing our world, such as climate change, rapid urbanization, and the spread of infectious diseases. Want to make a difference in our world? – become a geographer!

Geography is the study of the earth as the home to humans, from the environment and landscape to the ways in which humans depend on, adapt to, and modify our world. It mixes the physical sciences (landforms, climate, biology), with the social sciences (population, land use, culture, economic development), using cutting-edge spatial technologies (geographic information systems, global positioning systems, remote sensing). We are interested not only in where things are, but why they are there, and “why should we care?” To study geography means honing both observational and analytical skills. With these skills, our graduates work in a wide range of fields, including:

- urban planning
- environmental management (for state and federal agencies)
- cartography and spatial analysis (for state and federal agencies as well as private companies)
- geospatial data science (for community development, marketing, and infrastructure planning)
- emergency planning and preparedness
- climatology and meteorology
- education
- natural resource management(groundwater, rivers, soil and air)
- environmental conservation and preservation (local state and national park rangers, historical preservation, and environmental education)

Geography, Bachelor of Arts

Students who wish more concentrated applications in geography may choose an optional concentration of either Geographic Information Science and Technology or Travel and Tourism. The specific course requirements for these concentrations may also be used to satisfy the major requirements where the overlap of course options occurs.

Geography, Bachelor of Arts Requirements

Complete your final advising check before graduation. Polish your resume, cover letters, and LinkedIn profile. Stay connected by joining alumni networks and professional organizations. Apply for graduation via MavLink.

Credits **15**

Total Credits **119-122**

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

College Breadth (choose one option) 15-30+

Option 1: Complete any UNO minor or undergraduate certificate - 15+ hours

Option 2: Additional General Education Requirements - 18+ hours

Additional quantitative literacy - 3 hours

Additional Social Science Gen. Ed. from another Discipline - 3 hours

Additional Humanities Gen. Ed. from another Discipline - 3 hours	
HIST 1000 and HIST 1010 - 6 hours	
Additional Nat. and Physical Science w/ or without Lab - 3-5 hours	
Option 3: CAS comprehensive major (50+ hours) OR any second UNO major (30+ hours)	
Bachelor of Arts Language Requirement	16
FREN, GERM, Or SPAN, 1110, 1120, 2110, 2120	
ELECTIVES	
Elective hours as required to reach a total of 120 hours	

Geography, Bachelor of Science

Students pursuing the Bachelor of Science degree may choose an optional concentration in one of the following areas: Geographic Information Science and Technology, Travel and Tourism, or Physical Geography. Where course options overlap, credits may count toward both the concentration and the major requirements.

Geography, Bachelor of Science Requirements

Code	Title	Credits
GENERAL EDUCATION REQUIREMENTS - 34 Hours Required		
Minimum of "C-" required		
Fundamental Skills		15
Writing – 6 hrs.		
ENGL 1150	ENGLISH COMPOSITION I	
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	
Oral Communication – 3 hrs.		
CMST 1110	PUBLIC SPEAKING FUNDS	
or CMST 2120	ARGUMENTATION AND DEBATE	
Quantitative Literacy – 3 hrs.

Bachelor of Science Cognate Requirement		15
In consultation with a departmental advisor, students select 15 credits of complementary coursework, with at least 6 credits from approved computer science courses.		
ELECTIVES		
Elective hours as required to reach a total of 120 hours		

Geography, Bachelor of Science Optional Concentrations

Geography majors have the option to declare a concentration. Students pursuing the Bachelor of Science degree may choose an optional concentration in one of the following areas: Geographic Information Science and Technology, Travel and Tourism, or Physical Geography. Each

concentration requires a minimum of 15 credit hours. Courses used to fulfill concentration requirements may also be applied toward the Geography major's requirements, where appropriate.

- Geographic Information Science and Technology Concentration (p. 150)
- Travel and Tourism Concentration (p. 153)
- Physical Geography Concentration (p. 152)

Geography, Bachelor of Science Four Year Plan

Freshman

Fall		Credits
GEOG 1020	INTRODUCTION TO HUMAN GEOGRAPHY	3
GEOG 1030	OUR DYNAMIC PLANET: INTRODUCTION TO PHYSICAL GEOGRAPHY	4
ENGL 1150	ENGLISH COMPOSITION I	3
MATH 1300	COLLEGE ALGEBRA WITH SUPPORT	4
General Education Course or Elective		3
Attend Durango Days; other campus events. Set up a Handshake account and take the Pathway U career assessment. Attend the Student Involvement & Volunteer Fair to explore student organizations. Make advising appointment for spring: Sept-Oct. Work with your advisor to develop your Pathway in Stellic.		
Credits		17

Spring

GEOG 1000	WORLD REGIONAL GEOGRAPHY	3
GEOG 1050	HUMAN-ENVIRONMENT GEOGRAPHY	4
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	3
CMST 1110 or CMST 2120	PUBLIC SPEAKING FUNDS or ARGUMENTATION AND DEBATE	3
STAT 1530	ELEMENTARY STATISTICS	3
Attend campus events such as major exploration week to get an idea of interests and career paths. Schedule a resume review with UNO Career Services. Visit faculty office hours and ask about undergraduate research opportunities. Make advising appointment for summer and fall: February – March.		
Credits		16

Sophomore

Fall		Credits
CIST 1300	INTRODUCTION TO WEB DEVELOPMENT (or other approved computer science course)	3.00
General Education Course or Elective		3
General Education Course or Elective		3
Elective Course		3
Attend the Career & Internship Fair to start networking with employers. Look for volunteer, research, or part-time work to gain experience. Join a student organization or club related to your field or interests. Make advising appointment for spring: Sept. - Oct.		
Credits		12

Spring

GEOG 3530	CARTOGRAPHY AND DATA VISUALIZATION	4
Advisor-approved computer science course		3

General Education Course or Elective	3
General Education Course or Elective	3
General Education Course or Elective	3

Attend a career fair for informational and networking purposes. Update your resume and LinkedIn profile with new experiences. Investigate and apply for summer internships, research, or study abroad programs. Make advising appointment for summer and fall: February – March.

Credits **16**

Junior

Fall

General Education Course or Elective	3
Physical Geography Course	3-4
Global Perspectives Geography Course	3
Cognate Course	3
Elective	3

Apply for a paid internship or research assistantship. Attend a mock interview workshop or use online interview tools with Career Services. Start researching and visiting graduate programs or professional schools. Visit Career Center, continue updating resume. Make advising appointment for spring: Sept-Oct.

Credits **15-16**

Spring

Human Geography Course	3
General Education Course or Elective	3
General Education Course or Elective	3
Cognate Course	3
Elective	3

Request letters of recommendation from faculty for jobs or grad school. Attend the All-Majors Career Fair with a plan to network. Meet with your advisor or submit for a graduation check-in to review remaining degree requirements. Make advising appointment for summer and fall: February – March.

Credits **15**

Senior

Fall

North American Perspectives Geography Course	3
Geospatial Science Course	3-4
General Education Course or Elective	3
Cognate Course or Elective	3
Elective	3

Check in with Career Center for networking tips. Finalize graduate school applications or job search strategy. Attend a career fair and start applying for full-time jobs. Prepare for interviews and salary negotiations with Career Services. Make advising appointment for spring: Sept. - Oct.

Credits **15-16**

Spring

GEOG 4620	GEOGRAPHICAL FIELD STUDIES	3
Elective		3
Elective		3
Elective		3
Elective		2

Complete your final advising check before graduation. Polish your resume, cover letters, and LinkedIn profile. Stay connected by joining alumni networks and professional organizations. Apply for graduation via MavLink.

Credits **14**

Total Credits **120-122**

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Geographic Information Science and Technology Concentration

Geography, Bachelor of Science with a Concentration in Geographic Information Science and Technology Requirements

Code	Title	Credits
GENERAL EDUCATION REQUIREMENTS - 34 Hours Required

GENERAL EDUCATION REQUIREMENTS - 34 Hours Required		
Minimum of "C-" required		
Fundamental Skills		15
Writing – 6 hrs.		
ENGL 1150	ENGLISH COMPOSITION I	
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	
Oral Communication – 3 hrs.		
CMST 1110	PUBLIC SPEAKING FUNDS	
or CMST 2120	ARGUMENTATION AND DEBATE	
Quantitative Literacy – 3 hrs.		

MATH 1120	INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING
or MATH 1130	QUANTITATIVE LITERACY
or MATH 1140	QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS
or MATH 1300	COLLEGE ALGEBRA WITH SUPPORT

Data Literacy – 3 hrs.

Select one from the following:

STAT 1100	DATA LITERACY AND VISUALIZATION
STAT 1530	ELEMENTARY STATISTICS

Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.

Breadth of Knowledge 13

Social Science – 3 hrs.

Humanities – 3 hrs.

Natural & Physical Science (must complete a lab) – 4 hrs.

Arts – 3 hrs.

Individual and Social Responsibility 6

Cultural Knowledge – 3 hrs.

Civic Knowledge and Engagement – 3 hrs.

MAJOR REQUIREMENTS

**Course will satisfy UNO's General Education requirement

^Course requires pre-requisite(s)

Geography Major with a Concentration in Travel and Tourism- 39-61 Hours Required**Required Coursework 24**

GEOG 1000	WORLD REGIONAL GEOGRAPHY (**)
GEOG 1020	INTRODUCTION TO HUMAN GEOGRAPHY (**)
GEOG 1030	OUR DYNAMIC PLANET: INTRODUCTION TO PHYSICAL GEOGRAPHY (**)
GEOG 1050	HUMAN-ENVIRONMENT GEOGRAPHY (** ^)
GEOG 3530	CARTOGRAPHY AND DATA VISUALIZATION
GEOG 4620	GEOGRAPHICAL FIELD STUDIES (Can also apply to the upper-level Global or North American category, depending on the field study destination) ¹
STAT 1530	ELEMENTARY STATISTICS (** ^)

1 Geographical Field Studies Requirement

Optional method of completing GEOG 4620: Students who have completed study abroad, or military service for more than six months outside the USA can complete the course without going on the multiple day field trip. Contact the department for the details regarding this alternative method.

TRAVEL AND TOURISM CONCENTRATION**Required Course 3**

GEOG 3000	TRAVEL STUDY IN GEOGRAPHY
-----------	---------------------------

Select four of the following* 12

ECON 1200	SURVEY OF ECONOMICS (** ^)
or ECON 2200	PRINCIPLES OF ECONOMICS (MICRO)
or ECON 2220	PRINCIPLES OF ECONOMICS (MACRO)
GEOG/ECON 3130	ECONOMIC GEOGRAPHY
GEOG 3230	GEOGRAPHY OF EUROPE
GEOG 3240	GEOGRAPHY OF RUSSIA AND ITS NEIGHBORS
GEOG 3330	UNITED STATES & CANADA

GEOG 4230	GREAT PLAINS & NEBRASKA
-----------	-------------------------

GEOG 4620	GEOGRAPHICAL FIELD STUDIES
-----------	----------------------------

*Can double-count with Geography diversity courses below

GEOGRAPHY DIVERSITY REQUIREMENTS

Select a minimum of one course from each of the groups of Geography Diversity courses below

Choose at least one course in Physical Geography 3-4

GEOG 3440	NEBRASKA NATURAL RESOURCES MANAGEMENT (^)
GEOG 3510 & GEOG 3514	METEOROLOGY and INTRODUCTION TO METEOROLOGY LABORATORY (** ^)
GEOG 4010	CONSERVATION OF NATURAL RESOURCES
GEOG/GEOL 4040	GEOARCHAEOLOGY
GEOG/BIOL/GEOL 4100	BIOGEOGRAPHY (^)
GEOG/GEOL 4200	WATER QUALITY
GEOG/GEOL 4260	PROCESS GEOMORPHOLOGY
GEOG 4320	CLIMATOLOGY
GEOG/GEOL 4330	SOIL GENESIS, MORPHOLOGY AND CLASSIFICATION
GEOG 4340	WATER RESOURCES
GEOG/ENVN 4350	GLOBAL CLIMATE CHANGE
GEOG/ENVN/GEOL/BIOL 4610	ENVIRONMENTAL MONITORING AND ASSESSMENT
GEOG/GEOL 4640	CRITICAL ZONE SCIENCE

Choose at least one course in Human Geography 3

GEOG 3020	HEALTH & MEDICAL GEOGRAPHY
GEOG/ECON 3130	ECONOMIC GEOGRAPHY
GEOG 3440	NEBRASKA NATURAL RESOURCES MANAGEMENT (^)
GEOG 4010	CONSERVATION OF NATURAL RESOURCES
GEOG 4120	URBAN GEOGRAPHY
GEOG 4130	POLITICAL GEOGRAPHY
GEOG/WGST/ENTR 4150	GEOGRAPHY, GENDER AND ENTREPRENEURSHIP (^)
GEOG 4160	URBAN SUSTAINABILITY (^)
GEOG 4170	ADVANCED CULTURAL GEOGRAPHY
GEOG/WGST 4210	GEOGRAPHIES OF SEXUALITIES
GEOG 4550	GEOGRAPHY OF THE WORLD ECONOMY
GEOG/BIOL/ENVN 4820	INTRODUCTION TO ENVIRONMENTAL LAW & REGULATIONS (^)

Choose at least one course in Global Perspectives 3

GEOG 3000	TRAVEL STUDY IN GEOGRAPHY
GEOG/BLST 3030	GEOGRAPHY OF AFRICA (^)
GEOG 3050	GEOGRAPHY IN FILM (^)
GEOG/LLS 3070	GEOGRAPHY OF LATIN AMERICA (^)
GEOG 3080	EAST & SOUTHEAST ASIA (^)
GEOG 3230	GEOGRAPHY OF EUROPE (^)
GEOG 3240	GEOGRAPHY OF RUSSIA AND ITS NEIGHBORS (^)

Choose at least one course in North American Perspectives 3

GEOG 3330	UNITED STATES & CANADA (North American Perspectives:)
GEOG 4230	GREAT PLAINS & NEBRASKA

GEOG 4530	HISTORICAL GEOGRAPHY OF THE UNITED STATES (North American Perspectives;)	
Choose at least one course in Geospatial Science		3
GEOG 2620	AERIAL PHOTOGRAPHIC INTERPRETATION	
GEOG 4020	SPATIAL ANALYSIS IN GEOGRAPHY	
GEOG 4030	COMPUTER MAPPING AND VISUALIZATION (^)	
GEOG 4050	GEOGRAPHIC INFORMATION SYSTEMS I (^)	
GEOG 4630	ENVIRONMENTAL REMOTE SENSING (^)	
GEOG 4660	GEOGRAPHIC INFORMATION SYSTEMS II (^)	
College Breadth (choose one option)		15-30+
Option 1: Complete any UNO minor or undergraduate certificate - 15+ hours		
Option 2: Additional General Education Requirements - 18+ hours		
Additional quantitative literacy - 3 hours		
Additional Social Science Gen. Ed. from another Discipline - 3 hours		
Additional Humanities Gen. Ed. from another Discipline - 3 hours		
HIST 1000 and HIST 1010 - 6 hours		
Additional Nat. and Physical Science w/ or without Lab - 3-5 hours		
Option 3: CAS comprehensive major (50+ hours) OR any second UNO major (30+ hours)		
Bachelor of Science Cognate Requirement		15
In consultation with a departmental advisor, students select 15 credits of complementary coursework, with at least 6 credits from approved computer science courses.		
ELECTIVES		
Elective hours as required to reach a total of 120 hours		

Geography Minor

Geography Minor Requirements

Available on campus and online.

A minor in geography requires a minimum of 16 credit hours. Required coursework includes:

Code	Title	Credits
All of the following		3
GEOG 1000 or GEOG 1020	WORLD REGIONAL GEOGRAPHY INTRODUCTION TO HUMAN GEOGRAPHY	
Choose one of the following:		4
GEOG 1030	OUR DYNAMIC PLANET: INTRODUCTION TO PHYSICAL GEOGRAPHY	
GEOG 1050	HUMAN-ENVIRONMENT GEOGRAPHY	
GEOG 1090	INTRODUCTION TO GEOSPATIAL SCIENCES	
Select a minimum of 9 credit hours of geography coursework at the 3000 level or higher.		9

Geology

The Geology Program in the Department of Geography/Geology at UNO is dedicated to educating students in the Geological Sciences. This program not only prepares students for a variety of geoscience careers, but also provides a broad education in the Arts & Sciences, which prepares students for careers in other fields and areas.

Other Information

All coursework taken for a Geology major or minor must be completed with a grade of "C-" or better.

Geography majors pursuing a minor in Geology or Geology majors pursuing a minor in Geography may not use more than 3 credits of 3000-4000 level GEOG/GEOL courses toward both programs.

For the GEOL BS/BA and ENVN minor, no 3000/4000 level courses may overlap.

Environmental Studies - Earth Sciences majors and Geology minor: GEOL 1170 and one 2000-level or higher course may count toward both programs.

Environmental Studies - Earth Sciences majors and Geography minor: only one upper-level GEOG/GEOL course may count toward both programs.

Student Groups

University of Nebraska-Omaha Geoscience Society (UNOGS) (<https://www.unomaha.edu/college-of-arts-and-sciences/geology/student-opportunities/student-organizations.php>)

Contact

260 DSC

Website (<http://www.unomaha.edu/college-of-arts-and-sciences/geology/>)

Degrees Offered

- Geology, Bachelor of Arts (p. 156)
- Geology, Bachelor of Science (p. 160)

Minors Offered

- Geology Minor (p. 165)

Graduates from UNO's Geology Program will be well-prepared to enter the workforce and pursue a career in the geosciences field. This could include working in the environmental geology and environmental engineering field, the exploration for energy and mineral resources, the policy and education areas, as well as being prepared to continue on to graduate school. Because our graduates are educated in the broad sciences as well as Geology, they are also uniquely qualified for careers outside of traditional fields (for example, environmental law, administrative positions in science related organizations, K-12 education, etc.).

- Environmental Consulting and Engineering Firms
- Groundwater Management
- Petroleum Exploration
- Geology/Earth Science Education
- Mineral Exploration
- Natural Resource Management

- Museums/Curation of Fossils
- National Park Education or Research

Geology, Bachelor of Arts

To obtain a B.A. with a major in Geology, a student must fulfill university, college, and departmental requirements.

Geology, Bachelor of Arts - Geology General Track Requirements

Total Credits		119-124

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Geology, Bachelor of Science

To obtain a B.S. with a major in Geology, a student must fulfill university, college, and departmental requirements.

Oral Communication – 3 hrs.		
CMST 1110 or CMST 2120	PUBLIC SPEAKING FUNDS ARGUMENTATION AND DEBATE	
Quantitative Literacy – 3 hrs.		
MATH 1120 or MATH 1130 or MATH 1140 or MATH 1300	INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING QUANTITATIVE LITERACY QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS COLLEGE ALGEBRA WITH SUPPORT	
Data Literacy – 3 hrs.		
Select one from the following:		
STAT 1100	DATA LITERACY AND VISUALIZATION	
STAT 1530	ELEMENTARY STATISTICS	

Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.

Breadth of Knowledge 13

Social Science – 3 hrs.

Humanities – 3 hrs.

Natural & Physical Science (must complete a lab) – 4 hrs.

Arts – 3 hrs.

Individual and Social Responsibility 6

Cultural Knowledge – 3 hrs.

Civic Knowledge and Engagement – 3 hrs.

MAJOR REQUIREMENTS

**Course will satisfy UNO's General Education requirement

^Course requires pre-requisite(s)

Geology Major, Geology Career - 65-74 Hours Required

Required Coursework 28

GEOL 1170 INTRODUCTION TO PHYSICAL GEOLOGY (**)

GEOL 1180 INTRODUCTION TO HISTORICAL GEOLOGY (^)

GEOL 2300 GEOSCIENCE DATA ANALYSIS AND MODELING (^)

GEOL 2750 MINERALOGY
& GEOL 2754 and MINERALOGY LABORATORY (^)

GEOL 3300 STRUCTURAL GEOLOGY
& GEOL 3310 and STRUCTURAL GEOLOGY FIELD METHODS (^)

GEOL 3400 INTRODUCTION TO SEDIMENTARY GEOLOGY (^)

GEOL 4620 ADVANCED FIELD COURSE (^)

Select one of the following 4

GEOL/GEOG 4260 PROCESS GEOMORPHOLOGY (^)

GEOL/GEOG 4640 CRITICAL ZONE SCIENCE (^)

GEOL/GEOG 4330 SOIL GENESIS, MORPHOLOGY AND CLASSIFICATION (^)

Select one of the following 3

GEOL 4800 INTERNSHIP IN ENVIRONMENTAL/
REGIONAL PLANNING/EARTH SCIENCE (** ^)

GEOL 4950 SENIOR THESIS (^)

Additional Geology or Geography courses in consultation with advisor 12

Required Chemistry Lecture and Lab: 4

CHEM 1180 GENERAL CHEMISTRY I
& CHEM 1184 and GENERAL CHEMISTRY I LABORATORY (** ^)

Additionally, select one of the following Chemistry options: 3-4

CHEM 1190 GENERAL CHEMISTRY II
& CHEM 1194 and GENERAL CHEMISTRY II LABORATORY (^)

OR

GEOL/CHEM 4540 GEOCHEMISTRY (^)

Select one of the following Mathematics options 3-9

MATH 1950 CALCULUS I (^)

MATH 1960 CALCULUS II

OR

MATH 1930 CALCULUS FOR THE MANAGERIAL, LIFE,
AND SOCIAL SCIENCES (^)

Required Physics Lecture and Lab 5

PHYS 2110 & PHYS 1154 GENERAL PHYSICS I - CALCULUS LEVEL and GENERAL PHYSICS LABORATORY I (** ^)

Additionally, select one of the following Physics options: 3-5

PHYS 2120 & PHYS 1164 GENERAL PHYSICS II-CALCULUS LEVEL and GENERAL PHYSICS LABORATORY II (^)

OR

GEOL/PHYS 4400 GEOPHYSICS (^)

College Breadth (choose one option) 15-30+

Option 1: Complete any UNO minor or undergraduate certificate - 15+ hours

Option 2: Additional General Education Requirements - 18+ hours

Additional quantitative literacy - 3 hours

Additional Social Science Gen. Ed. from another Discipline - 3 hours

Additional Humanities Gen. Ed. from another Discipline - 3 hours

HIST 1000 and HIST 1010 - 6 hours

Additional Nat. and Physical Science w/ or without Lab - 3-5 hours

Option 3: CAS comprehensive major (50+ hours) OR any second UNO major (30+ hours)

Bachelor of Science Cognate Requirement 0-15

See advisor.

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

An additional 9 hours at or above the 3000-level courses from selected optional courses under specific faculty advisement is also required.		9
Total Credits		17

History

The mission of the Department of History is to develop in our students a thorough appreciation of the historical events, personalities, and patterns that have coalesced through the centuries to create the world we live in today. In addition to the all-important sense of perspective and context that an understanding of the past provides, students of history also gain important tangible skills that equip them to succeed in a wide array of careers. Specifically, our majors learn to find and critically analyze source materials, to interpret evidence in subtle and nuanced ways, and to communicate their findings effectively, both orally and in writing. Study after study reveals that these are the skills that employers in countless fields value most in their workforce.

Other Information

All coursework taken for a History major or minor must be completed with a grade of "C-" or better.

Student Groups

Eligible students are encouraged to join the National History Honorary Society, Phi Alpha Theta. Our local chapter sponsors a variety of enrichment activities throughout the year.

Option for Degree Completion-- Fast Track Programs

BA or BS History to MA History Fast Track Program

The Department of History has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor's degree and a master's degree in an accelerated time frame.

With Fast Track, students may count up to 9 graduate hours toward the completion of their undergraduate program as well as the graduate degree program.

Program Specifics:

- This program is available for undergraduate students pursuing a BA/BS in History desiring to pursue an MA in History.
- Students must have completed no less than 95 undergraduate hours.
- Students must have a minimum undergraduate GPA of 3.0.
- Students must complete the Fast Track Approval form and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course.
- Students will work with their undergraduate advisor to register for the graduate courses.

- A minimum cumulative GPA of 3.0 is required for graduate coursework to remain in good academic standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. The application fee will be waived, the applicant will need to contact the Office of Graduate Studies for a fee waiver code.
 - Admission to Fast Track does NOT guarantee admission to the graduate program.
 - If students obtain a minimum GPA of 3.8 in the graduate courses taken within the Fast Track Program, this will be considered a plus factor for admission to the master's degree program.
 - The admit term must be after the completion term of the undergraduate degree.

Additional Fast Track Option

BA or BS History or BA/BS Political Science to MA History and Government Fast Track Program

The Departments of History and Political Science have developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor's degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to nine (9) graduate hours toward the completion of their undergraduate program as well as the graduate degree program.

Program Specifics:

- This program is available for undergraduate students pursuing BA/BS in History or BA/BS in Political Science desiring to pursue a MA in History and Government.
- Students must have completed no less than 95 undergraduate hours.
- Students must have a minimum undergraduate GPA of 3.5.
- Students must complete the Fast Track Approval form and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course.
- Students will work with their undergraduate advisor to register for the graduate courses.
- A minimum cumulative GPA of 3.0 is required for graduate coursework to remain in good academic standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. The application fee will be waived, the applicant will need to contact the Office of Graduate Studies for a fee waiver code.
 - Admission to Fast Track does NOT guarantee admission to the graduate program.
 - If students obtain a minimum GPA of 3.8 in the graduate courses taken within the Fast Track Program, this will be considered a plus factor for admission to the master's degree program.
 - The admit term must be after the completion term of the undergraduate degree.

Contact

287 Arts and Sciences Hall
402.554.2593

Website (<http://www.unomaha.edu/college-of-arts-and-sciences/history/>)

Degrees Offered

- History, Bachelor of Arts (p. 167)
- History, Bachelor of Science (p. 169)

Bachelor of Arts and Bachelor of Science in History

For the Bachelor of Arts or the Bachelor of Science in history, a minimum of 36 hours in history are required. Specific requirements are below.

B.A. degree seeking students must take world language through the intermediate level.

B.S. degree seeking students, in lieu of world language, must complete a 15 hour "cognate field." The cognate should consist of 12 hours at the 3000/4000 level in one or more related disciplines selected to complement the student's interests in history. Additionally, one 3-hour course in logic or statistics or one 3-hour writing course from another department must also be taken. The specific composition of a student's cognate field will be determined in consultation with the student's faculty advisor.

Bachelor of Multidisciplinary Studies

Students who wish to complete a Bachelor of Multidisciplinary Studies degree with a concentration in history should consult with an advisor in the Division of Continuing Studies. This degree requires 30 credit hours in history, of which nine hours must be at the 3000/4000 level. HIST 2980 and HIST 4990 are recommended for every student who plans to pursue a graduate degree in history. Students interested in this degree program must meet with an advisor in the Division of Continuing Studies. The concentration in history (<https://www.unomaha.edu/college-of-public-affairs-and-community-service/division-of-continuing-studies/academics/areas-of-study/history.php>) consists of a minimum of 30 credit hours.

Minors Offered

- History Minor (p. 171)

If you seek to understand how and why the world came to be the way that it is today, then the study of History is your starting point, and the Department of History should become your academic home.

At the most fundamental level, History majors ask "How did we get to this point?" And in seeking the answers to that question, they gain deep and rich insights into both the great diversity and the binding commonalities of the human experience. Ultimately, then, the study of History helps us to define and understand the most essential elements of our own identity – who we are, where we come from, and how we are connected. Who could ask for a more important, dramatic, or rewarding academic endeavor?

- Analyst, Project Manager, or other professional position in a wide variety of industries such as insurance, banking, and marketing
- Attorney or paralegal professional
- Federal, state, and local governments
- Politics
- Teaching
- Federal Bureau of Investigation
- Archivists
- Museum work

- Grant Writing
- Journalism

History, Bachelor of Arts

To obtain a B.A. with a major in History, a student must fulfill university, college, and departmental requirements.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>
 **Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

History, Bachelor of Science

To obtain a B.S. with a major in History, a student must fulfill university, college, and departmental requirements.

History, Bachelor of Science Requirements

Code	Title	Credits
GENERAL EDUCATION REQUIREMENTS - 34 Hours Required		
Minimum of "C-" required		
Fundamental Skills		15
Writing – 6 hrs.		
ENGL 1150	ENGLISH COMPOSITION I	
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	
Oral Communication – 3 hrs.		
CMST 1110	PUBLIC SPEAKING FUNDS	
or CMST 2120	ARGUMENTATION AND DEBATE	
Quantitative Literacy – 3 hrs.		
MATH 1120	INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING	
or MATH 1130	QUANTITATIVE LITERACY	
or MATH 1140	QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS	
or MATH 1300	COLLEGE ALGEBRA WITH SUPPORT	
Data Literacy – 3 hrs.		
Select one from the following:		
STAT 1100	DATA LITERACY AND VISUALIZATION	
STAT 1530	ELEMENTARY STATISTICS	
Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.		
Breadth of Knowledge		13
Social Science – 3 hrs.		
Humanities – 3 hrs.		
Natural & Physical Science (must complete a lab) – 4 hrs.		
Arts – 3 hrs.		
Individual and Social Responsibility		6
Cultural Knowledge – 3 hrs.		
Civic Knowledge and Engagement – 3 hrs.		
MAJOR REQUIREMENTS		
**Course will satisfy UNO's General Education requirement		
^Course requires pre-requisite(s)		
History Major - 36 Hours Required		
Required Coursework		15
HIST 1000	WORLD HISTORY TO 1500 (**)	
HIST 1010	WORLD HISTORY SINCE 1500 (**)	
HIST 1110	AMERICAN HISTORY TO 1865 (**)	
or HIST 1120	AMERICAN HISTORY SINCE 1865	
HIST 2980	HISTORICAL METHODOLOGY	
HIST 4990	SENIOR SEMINAR	
Select one 3-credit (HIST) course at the 1000-2000 Level		3
Select six 3-credit (HIST) courses at the 3000-4000 Level		18
College Breadth (choose one option)		15-30+
Option 1: Complete any UNO minor or undergraduate certificate - 15+ hours		

Option 2: Additional General Education Requirements - 18+ hours

Additional quantitative literacy - 3 hours

Additional Social Science Gen. Ed. from another Discipline - 3 hours

Additional Humanities Gen. Ed. from another Discipline - 3 hours

HIST 1000 and HIST 1010 - 6 hours

Additional Nat. and Physical Science w/ or without Lab - 3-5 hours

Option 3: CAS comprehensive major (50+ hours) OR any second UNO major (30+ hours)

Bachelor of Science Cognate Requirement 15

For the B.S. degree, students are required to complete at least 15 hours of related cognate coursework that must be approved by a History Department Academic Advisor. Students will choose one course in advanced writing or statistics, in consultation with their advisor. Twelve hours must be courses at the 3000/4000 level. Students may choose any UNO Minor to satisfy their upper-level cognate requirement, however this cannot double-count with Option 1 minor for the College of Arts & Sciences Degree Requirements.

ELECTIVES

Elective hours as required to reach a total of 120 hours

Credits 15

Total Credits 120-122

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

History Minor

History Minor Requirements

Students may earn a minor in history by completing 15 hours in history, with at least 9 hours in 3000-4000 level courses.

Holocaust and Genocide Studies Minor

Description

The mission of the Holocaust and Genocide Studies (HGS) Faculty is to promote and facilitate the scholarly study of the Holocaust and other historical genocides throughout history. One of its chief mandates is to provide an interdisciplinary approach in which the topic of the HGS is covered in a variety of departments/programs and from a variety of perspectives. The HGS minor is intended to create a student who is more aware of the importance of genocide in both the past and present and to prepare them for potential careers in fields related to the HGS. The following are key objectives of the minor:

- Learn the history of genocide from a global and comparative perspective
- Learn the history of genocide in an interdisciplinary context
- Master core competencies in other disciplines and majors with the Holocaust and genocide as the subject matter
- Recognize the current relevance of the study of the Holocaust and genocide
- Gain a working knowledge of methods of prevention, intervention, and justice for instances of genocide throughout history
- Develop "moral muscles" that enable students to recognize and react to injustices occurring at home and abroad
- Prepare students for a variety of careers in both the public and private sector that focus on the recognition, prevention, intervention, amelioration, and prosecution of genocide and mass atrocity.

Other Information

All coursework taken for the Holocaust and Genocide Studies minor must be completed with a grade of "C-" or better.

1 PSCI 3920 when taught as Gender and Global Politics
2 RELI 3500 when topic pertains to HGS

Human Rights Studies Minor

Description

The interdisciplinary human rights studies minor provides students with a fuller understanding of the origins, theories, and contemporary realities of human rights through the exploration of multiple intellectual spaces of human rights discourse. Having an understanding of human rights will help students to address issues such as migration and refugees, ethnic cleansing and genocide, discrimination, terrorism, poverty, children's

rights, surveillance, torture, humanitarian intervention, armed conflict, and capital punishment.

Although the breadth of this program complements majors across the disciplinary spectrum, it is particularly valuable for those majoring in fields related to society, politics, and the law, such as sociology, political science, philosophy, religious studies, history, and anthropology. Not only is it relevant to those students seeking careers in the public, private, and non-profit sectors, it is well-suited for those who have an interest in human rights research and advocacy both locally and globally. The human rights studies minor is ideally suited for students who want to put their knowledge and skills to use through local internships and study abroad programs available to UNO students. It will also serve to enhance research skills and experiences for students who plan to pursue further education in graduate programs, as well as law school. The importance of human rights law has been elevated in an age of increasing armed intervention and movement of people across borders.

Other Information

All coursework taken for the human rights studies minor must be completed with a grade of "C" or better.

¹ SPAN 4960 Human Rights Literature in Latin America

Interdisciplinary Studies

The challenges of our complex world—the impact of AI on everyday life and work, climate change and inclusive societies, to name a few—require the ability to integrate knowledge and skills from more than one discipline. Interdisciplinary Studies allows you to design your own major, to think both creatively and critically. You can select complementary minors or majors in disciplines that reflect your interests and career goals, to create a professional profile unique to you.

Core coursework in the major explores diverse subjects that share a strong interdisciplinary theme. By emphasizing the practice of studying complex issues through a synthesis of different research methods and media, these courses equip students with skills in critical and creative thinking, problem-solving, and multi-faceted analysis.

You may choose to pursue either a Bachelor of Science with a cognate requirement or a Bachelor of Arts with a world language requirement in either the Integrative or Individualized Studies concentrations:

Integrative Studies Concentration: This academic plan allows you to create your own major by combining established minor programs of study. Your plan must include two minors (<https://www.unomaha.edu/college-of-arts-and-sciences/academics/minors-at-uno.php>) (or more, depending on the student's interest) from any academic programs in the university to build content knowledge in specific areas of focus. Students must complete all requirements of each minor program of study, with at least 18 credit hours coming from upper-division courses.

Individualized Studies Concentration: This academic plan allows you to create your own major through individual, complementary courses. Your plan must include a total of at least 18 credits of upper-division coursework and 36 total credits from any academic programs in the university to build content knowledge in specific areas of focus. Students are required to draft an intentional plan of study, including a rationale and course outline.

Exploratory Studies Concentration: If you are a first-year student with fewer than 45 credits who has not declared a major or been admitted to the major of your choice, you will be admitted to Exploratory Studies. In this concentration, you will enjoy an immediate academic home that allows you to explore different disciplines and programs by taking Exploratory Studies 1010, designed to give you knowledge about various majors and minors at UNO. You will engage in cross-curricular academic advising, career assessment, guided exploration of majors and careers, mentoring, and programming designed to provide you the support you need as you figure out your best-fit major. You will have the opportunity to interact with advisors, faculty, and peer mentors from different fields to discover your passions and make an informed decision on a major. Exploratory Studies majors are required to declare a major within their first 45 credit hours in any college, which includes the option to switch to either the Integrative Studies or Individualized Studies concentrations in Interdisciplinary Studies (see above).

Declaring the Integrative or Individualized Concentration

Students are required to meet with the Interdisciplinary Studies advisor before declaring.

Double Majors

Double majoring in Interdisciplinary Studies with the Integrative or Individualized concentration offers students an opportunity to explore a second field of interest, to acquire credits required by a graduate program, or to add an area of expertise to their profile, without fulfilling all the requirements of a second major. Those interested in double majoring should pursue another UNO program that does not overlap substantially with their concentration coursework.

Residency

Students choosing either the Integrative or Individualized Studies Concentration must complete INDS 1000 and INDS 4950 and at least 12 additional hours of major requirements at UNO. Students choosing the Integrative Studies Concentration must complete at least 6 hours of coursework in each minor that fulfills the concentration requirements.

- Interdisciplinary Studies, Bachelor of Arts (p. 174)
- Interdisciplinary Studies, Bachelor of Science (p. 178)

Because the Interdisciplinary Studies major is uniquely crafted by each student through either the Individualized or Integrative Concentration, students can apply their skills gained to numerous occupational fields including, but not limited to the following:

- business
- the arts
- non-profit sector
- environmental policy
- urban studies
- language and culture studies
- social justice
- helping professions
- information and technology
- education
- law

- medicine and allied health professions
- human resources
- public service sector

- Concentration in Integrative Studies (p. 176)

Exploratory Studies Concentration

Interdisciplinary Studies, Bachelor of Arts - Exploratory Studies Requirements

If you are a first-year student with fewer than 45 credits who has not declared a major or been admitted to the major of your choice, you will be admitted to Exploratory Studies. In this concentration, you will enjoy an immediate academic home that allows you to explore different disciplines and programs by taking Exploratory Studies 1010, designed to give you knowledge about various majors and minors at UNO. You will engage in cross-curricular academic advising, career assessment, guided exploration of majors and careers, mentoring, and programming designed to provide you the support you need as you figure out your best-fit major. You will have the opportunity to interact with advisors, faculty, and peer mentors from different fields to discover your passions and make an informed decision on a major. Exploratory Studies majors are required to declare a major within their first 45 credit hours in any college

Course Requirement		
EXPL 1000	EXPLORATORY STUDIES	3
or EXPL 1010	EXPLORATORY STUDIES: COLLEGE EXPLORATION AND SUCCESS SEMINAR	

Individualized Studies Concentration

Interdisciplinary Studies, Bachelor of Arts - Individualized Studies Concentration Requirements

This academic plan allows you to create your own major through individual, complementary courses. Your plan must include a total of at least 18 credits of upper-division coursework and 36 total credits from any academic programs in the university to build content knowledge in specific areas of focus. Students must draft an intentional plan of study with the Interdisciplinary Studies advisor before being eligible to declare the Individualized concentration.

Credits **13**

Total Credits **120-121**

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Integrative Studies Concentration

Interdisciplinary Studies, Bachelor of Arts - Integrative Studies Concentration Requirements

This academic plan allows you to create your own major by combining established minor programs of study. Your plan must include two minors (<https://www.unomaha.edu/college-of-arts-and-sciences/academics/minors-at-uno.php>) (or more, depending on the student's interest) from any academic program in the university to build content knowledge in specific areas of focus. Students must complete all requirements of each minor program of study, with at least 18 credit hours coming from upper-division courses.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career

advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

International Studies

The International Studies (INST) Major at UNO is an interdisciplinary program that provides an international focus and foundation for professional careers in the private, nonprofit, and public sectors, as well as graduate studies. Among these careers and further studies are international management and business, diplomacy and foreign service, national security and intelligence, international law and policy, conflict mediation, humanitarian aid, international development, non-profit organizations, international education, and public affairs. The members of the International Studies Faculty encourage students majoring in International Studies to place significant emphasis on the study of world languages and cultures. Many INST majors have a double major or a minor in a world language.

At a minimum, in order to satisfy the INST world language requirement, majors who are completing an Area Studies Concentration must complete the equivalent of three years of one university-level world language study (completion of a minor is recommended) or two years each of two world languages. At least one world language studied by those completing an Area Studies Concentration must be associated with the area chosen.

For students who are completing the general curriculum option, the Global Strategic Studies concentration or the International Management and Business Leadership concentration, the world language requirement will be two years of one world language (16 hours) or one year of world language (10 hours) supplemented with 6 hours of language credits in the same language from studying abroad.

If a student is a native speaker of another language, formal world language study may not be required.

Student Groups

Sigma Iota Rho (International Studies Honorary Society)

Fast Track Program - Master of Science in Political Science for International Studies Majors

The Department of Political Science has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor's degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to 9 graduate hours toward the completion of their undergraduate program as well as the graduate degree program.

Program Specifics:

- This program is available for undergraduate students pursuing BA/BS in Political Science or BA in International Studies and desiring to pursue a Master of Science in Political Science.
- Students must have completed no less than 60 undergraduate hours
- Students must have a minimum undergraduate GPA of 3.0.
- Students must complete the Fast Track Approval form and obtain all signatures and submit it to the Office of Graduate Studies prior to first enrollment in a graduate course.
- Students will work with their undergraduate advisor to register for the graduate courses.
- A minimum cumulative GPA of 3.0 for graduate coursework is required to remain in good standing

- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. The application fee will be waived, the applicant will need to contact the Office of Graduate Studies for a fee waiver code.
 - Admission to Fast Track does NOT guarantee admission to the graduate program.
 - The admit term must be after the completion term of the undergraduate degree.

Degrees Offered

- International Studies, Bachelor of Arts (p. 184)

Minors Offered

- International Studies Minor (p. 194)

As an International Studies major, a world of opportunities open up that span the globe. The International Studies major cultivates skills that are translatable across continents and cultures. Even within the United States, there are a wealth of possibilities for International Studies Majors.

College graduates need to be prepared for a new world - one digitally linked, partnered in trade, and demanding transnational solutions. UNO's International Studies Major (INST), an interdisciplinary Bachelor of Arts degree program, provides undergraduate students with the necessary background in global affairs and intercultural communications. The degree is individualized, flexible and marketable.

Career Opportunities

By nature, International Studies majors make exceptional employees in virtually any field because of their ability to communicate effectively, think critically and solve complex problems. These timeless skills make them attractive to employers from all walks of society. Specifically, International Studies majors tend to pursue careers in the following fields:

- Diplomacy and Foreign Service
- Security and Intelligence Analysis
- Public Service
- Conflict Mediation
- Communications
- Cultural Diversity Training
- Economics
- English as a Second Language (ESL) Teaching
- Sustainable Development
- Executive
- Human Resources
- Humanitarian Relief
- Human Rights
- Immigration
- International Commerce/Global Business
- International Development
- International Education

- International Law and Policy
- International Non-profit Sector
- Lobbyist
- Military
- Peace Corps

International Studies, Bachelor of Arts

A major in International Studies must meet or exceed the requirements for a major as specified by the College of Arts and Sciences. Beyond the core courses and foreign language classes, the curriculum for INST majors is constructed of those courses that have an international focus in disciplines such as history, political science, information technology, geography, sociology, management, marketing, economics, philosophy and religion, English, and related courses in the fine arts and humanities.

INST majors can choose either a general curriculum INST degree or choose a concentration in Global Strategic Studies, Area Studies or International Management and Business Leadership.

All coursework taken for the International Studies major must be completed with a grade of "C-" or better.

Total Credits		120-121

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study.

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career

advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

International Studies Minor

International Studies, Minor Requirements

The International Studies minor will open up a world of opportunities. Research confirms that employers today look for people who understand diversity, can connect multidisciplinary perspectives, and think critically to create transnational solutions to complex problems. The International Studies minor demonstrates that you are ready for work at a 21st-century organization.

Total Credits**18**

¹ Note: RELI 3500 when taught as an Islamic Studies topic.

Other courses may be acceptable toward the Islamic Studies minor, as approved by the Islamic Studies director.

Islamic Studies Minor

The Islamic Studies Program is an interdisciplinary program that is focused on Islam and Muslim societies across the globe.

The program aims to equip undergraduate students with knowledge on Muslim states and societies through its minor program. To this end, the program continuously increases the number of courses at UNO about Islam and Muslims.

Given the importance of Islam in world politics and the global economy, our minor program is beneficial for those students who plan to pursue a career in business, education, history, anthropology, international studies, religious studies, communication, political science, social work, public administration, art and art history, medicine, criminal justice, sociology and other fields.

Other Information

All coursework taken for the Islamic Studies minor must be completed with a grade of "C" or better.

Latino/Latin American Studies (LLS)

The Latino/Latin American Studies (LLS) Major is an interdisciplinary program housed in the Office of Latino/Latin American Studies (<https://www.unomaha.edu/college-of-arts-and-sciences/ollas/>) (OLLAS) that prepares students to work, live, and thrive in a culturally and demographically changing environment in an increasingly multicultural and transnational United States. The LLS Major provides students with a broad foundation for professional careers in public service, non-profit and community organizations, education, law, health, counseling, and business, among others. The LLS Major offers student research opportunities and internship opportunities which help prepare them for their chosen careers and/or professional and graduate school.

The bookend of the LLS curriculum is the Senior Capstone. In this course, students need to complete an internship in a relevant community organization, in any of the areas of the Office of Latino/Latin American Studies, or as a research assistant for an OLLAS faculty member. Students also will develop a portfolio that will prepare them to enter the labor market with an in-depth knowledge of the Latino experience in the Midwest and the United States and in Latin America.

The LLS curriculum includes courses from programs such as World Languages (Spanish), Political Sciences, History, International Studies, and Sociology/Anthropology making it very simple for students to obtain double majors with these and/or other programs through strategic overlapping of course requirements for both programs. Examples of programs and the maximum amount of allowable credit overlapping are below. Students interested in these, or other program combinations will need to work closely with their programmatic advisor(s).

- Double Major in LLS and International Studies. Students enrolled in the Area Studies Concentration can count up to 18 LLS credits in approved coursework toward the 33 credits required for the International Studies major.
- Double Major in LLS and Sociology: Students can count between 9 and 12 LLS credits in approved coursework towards the 33 credits required credits for the Sociology major.
- Double Major in LLS and Political Science: Students can count between 9 and 12 LLS credits in approved coursework towards the 33 credits required for the Political Science major.
- Major in LLS and World Languages & Literature (Spanish concentration): Students can count up to 12 LLS credits in approved coursework towards the 30 credits required for the World Languages

& Literature major with a Spanish concentration or with a Spanish for Health Sciences concentration.

Fast Track Program

The Office of Latino and Latin American Studies has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor's degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to 9 graduate hours toward the completion of their undergraduate program.

Program Specifics:

- This program is available for undergraduate students pursuing Bachelor of Arts in Latino and Latin American Studies desiring to pursue a Master of Arts in Critical and Creative Thinking.
- Students must have completed no less than 60 undergraduate hours.
- Students must have a minimum undergraduate GPA of 3.0.
- Students must complete the Fast Track Approval form and obtain all signatures and submit them to the Office of Graduate Studies prior to first enrollment in a graduate course.
- Students will work with their undergraduate advisor to register for the graduate courses.
- A minimum cumulative GPA of 3.0 is required to remain in good standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. The application fee will be waived, the applicant will need to contact the Office of Graduate Studies for a fee waiver code.
- Admission to Fast Track does NOT guarantee admission to the graduate program.
 - The admit term must be after the completion term of the undergraduate degree.
 - Students seeking this option should work with their advisor to select appropriate graduate level courses.

The Office of Latino/Latin American Studies

The Office of Latino/Latin American Studies (<https://www.unomaha.edu/college-of-arts-and-sciences/ollas/>) (OLLAS) is a bilingual and interdisciplinary academic program established in 2003. OLLAS is the only specialized unit within the University of Nebraska System focused on education, research, and community engagement of Latinos in the Midwest and on the interconnections between Nebraska, the Midwest Region, and Latin America. OLLAS mission is to advance understanding of Latin American and Latino cultures and societies through a commitment to social inclusion, interdisciplinary student-centered education, community-engaged research, cultural programming, and the forging of collaborative partnerships with local, state, national, and international organizations. Our main goals are to 1) create learning opportunities for students and communities beyond the classroom and across borders, 2) develop policy-oriented and community-relevant research, and 3) establish strategic and egalitarian community partnerships to strengthen our capacity to address local and global concerns. In accomplishing these goals, we seek to assist Nebraska and the Great Plains region, as well as the growing Latino population, in reaching a shared prosperous present and future in a context of cultural understanding, respect of differences, and the promotion of human rights.

LLS majors and minors are invited to join our OLLAS Learning Community, volunteer in our multiple community events, and develop networks and collaborations with other students, with close to thirty OLLAS faculty (<https://www.unomaha.edu/college-of-arts-and-sciences/ollas/about->

[us/directory/](#)) from many UNO departments and from UNMC, and with community organizations and their leaders.

Although the Office of Latino/Latin American Studies (OLLAS) does not yet offer a graduate degree, it does offer a number of graduate courses. Students pursuing graduate programs in other colleges and departments are encouraged to concentrate on Latinos or Latin America and take advantage of Latino/Latin American Studies course offerings.

Degrees Offered

- Latino/Latin American Studies, Bachelor of Arts (p. 197)

Minors Offered

- Chicano/Latino Studies Minor (p. 200)

Our major uses an interdisciplinary approach to prepare our students for multiple careers that require a cultural, historical, social, and political grounded knowledge of Latinos in the United States and the Latin American region. In an ever-changing world, our program prepares critical thinkers, researchers, and practitioners, ready to engage with the fastest-growing minority in the United States and with a world region of historical relevance to the nation.

Among other areas, our majors are well prepared to work in:

- Community-based non-profit organizations
- Private small business with interests in the Latino community
- Large companies in areas of diversity training and company/community relations
- Large companies with business interests in Latin America
- Large private foundations
- Schools
- Law offices
- Local, state, and federal government
- Hospitals

Our students are also well prepared to continue graduate and professional programs in the social sciences and the humanities, including sociology, political sciences, history, public health, social work, and law among others. In addition, when chosen as a complementary major, we provide an excellent set of tools to those pursuing careers in education, the arts, local and international business, diplomacy, medical sciences, technology design, and government to name a few.

Latino/Latin American Studies, Bachelor of Arts

In the major in Latino/Latin American Studies (LLS) students learn about critical issues such as: urban segregation; education; health and socioeconomic disparities; environmental justice; political mobilization; human rights; migration; language shifts; and cultural creations both in Latin America and how these affect the Latino community in the United States.

The requirements of the LLS major are flexible, incorporating courses from programs such as world languages (Spanish), Political Sciences, History, International Studies, and Sociology/Anthropology to facilitate obtaining **double majors** with these and/or other programs.

To obtain a B.A. with a major in LLS, a student must fulfill university, college, and departmental requirements. All coursework taken for the LLS major must be completed with a grade of "C-" or better

The major requires a total of 30 credit hours. Not included in the 30 credit hours: at least 16 credit hours of Spanish or Portuguese (also fulfill Arts & Sciences language requirement). Students whose primary major is in a college other than Arts & Sciences must complete at least two semesters in Spanish or Portuguese. **Native/heritage speakers of Spanish may be exempt from this requirement. Such students should contact the World Languages & Literature Department for correct placement to determine if additional coursework is necessary.

Residency requirement: No student may transfer into the major more than 9 credits. Students must complete at least 21 of the 30 credit hours at UNO.

Credits **16**

Total Credits **120-122**

Language Requirement:

The LLS major requires 16 credit hours of Spanish or Portuguese. Since Portuguese is not offered at UNO, most students fulfill this requirement with Spanish coursework.

- Students starting from the beginning typically take SPAN 1110, 1120, 2110, and 2120.
- Students who have completed four years (Level IV) of high school Spanish are exempt from taking Spanish at UNO but do not earn credit. They may take the Spanish Placement Exam to test into a higher level; if they complete the course they place into with a C- or better, they may be eligible for free retroactive credit.

Native Speakers:

Native speakers of Spanish or Portuguese are exempt from the requirement but do not earn credit. Native Spanish speakers may take SPAN 3010 – Spanish for Heritage Speakers, and upon passing, may request up to 16 hours of retroactive credit.

Note:

Students who meet the requirement through high school or native fluency but do not take any Spanish courses at UNO must make up the 16 credit hours with other approved coursework. Please consult your advisor for options.

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Chicano/Latino Studies Minor

Chicano(a)/Latino(a) Studies Minor Requirements

The OLLAS minor is a perfect complement to a wide variety of majors across campus, such as Public Health, Medical Humanities, Business and Finance, Social Work, Criminal Justice, Journalism, Education, and Fine Arts, among others, where the work of the discipline intersects with the growing presence and importance of Latinos (Mexicanos, Chicanos, Central Americans, and South Americans) in the United States and our local communities.

Residency requirement: No student may transfer into the minor more than 6 credits. Students must complete at least 12 of the 18 credit hours at UNO.

A total of 18 credit hours to include:

Code	Title	Credits
Required Course		3
LLS 1020	INTRODUCTION TO CHICANO/LATINO STUDIES	
Select from LLS approved courses		15

LLS approved courses:

An additional 15 hours of LLS approved courses from the list below. A maximum of 9 of the 15 hours may be taken from a single department. At least 12 of the 15 credit hours must be taken at the 3000 or 4000 level. Other courses relating to Latinos or Latin America may be accepted as LLS courses if approved by the OLLAS Director. All coursework taken for the CLS minor must be completed with a grade of "C-" or better.

At least four 3-credit (LLS) Latino/Latin American Studies courses need to be from List A Latina/o Studies and no more than one 3-credit (LLS) Latino/Latin American Studies courses from List B Latin American Studies. No more than three courses can be from the same discipline.

Mathematics

Students interested in specializing in mathematics and intending to do either graduate work in Mathematics or work in business or industry will be interested in this degree. The Department of Mathematics and Statistical Sciences Degree Program prepares students for employment in the private or public sector, graduate school, and scientific research. Studying mathematics naturally develops quantitative thinking and analytical problem solving, talents with universal application. Demand will always be high for individuals with these universal talents to solve society's diverse and complex problems.

Seven concentrations and a No Concentration Option are available for a Bachelor of Arts and a Bachelor of Science.

Other Information

All coursework taken for the Mathematics major or minor must be completed with a grade of C- or better.

At least one MATH or STAT course at the 3000 level or higher (excluding STAT 3000) must be taken at UNO to establish residency for the Mathematics major or minor.

Double Majors

If planned correctly, some disciplines, such as computer science and math 6-12 teaching endorsement, require few to no additional math courses beyond what is required for the major. Talk to your advisor about double majoring with Mathematics to expand your educational opportunities!

Student Groups

Math Club

Pi Mu Epsilon National Mathematics Honorary Society

Putnam Competition

Fast Track Program

Other Program Related Information

Fast Track Program

The Department of Mathematics and Statistical Sciences has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor's degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to 9 graduate hours toward the completion of their undergraduate program as well as the graduate degree program.

Program Specifics:

- This program is available for undergraduate students pursuing a BA/BS in Mathematics or pursuing a double-major with BA/BS in Mathematics as the primary or secondary major desiring to pursue a MA/MS/MAT in Mathematics.
- Students must have completed no less than 60 undergraduate hours
- Students must have a minimum undergraduate GPA of 3.0.
- Students must complete the Fast Track Approval form, obtain all signatures, and submit to the Office of Graduate Studies prior to first enrollment in a graduate course.
- Students will work with their undergraduate advisor to register for the graduate courses.
- A minimum cumulative GPA of 3.0 is required for graduate coursework to remain in good academic standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. The application fee will be waived, the applicant will need to contact the Office of Graduate Studies for a fee waiver code.
 - Admission to Fast Track does NOT guarantee admission to the graduate program.
 - The admit term must be after the completion term of the undergraduate degree.

Bachelor of Arts and Bachelor of Science in Mathematics

The B.A. and B.S. Degrees with a major in Mathematics consists of 46 credits of required courses in Mathematics. Approved Statistics courses may also be included. Either degree option has eight possible concentrations and a No Concentration Option. The concentrations are defined by the required upper division courses.

Degrees Offered

- Mathematics, Bachelor of Arts (p. 202)
- Mathematics, Bachelor of Science (p. 219)

The Bachelor of Arts Degree requires a world language through the intermediate level (16 credits).

The Bachelor of Science Degree requires at least 15 hours of related Cognate coursework that must be approved by the Math Academic Advisor/Coordinator. Students can also choose a UNO Minor to satisfy

their Cognate requirement; however, this Cognate minor cannot double-count as the Option 1 minor for the College of Arts & Sciences College Breadth Requirement. A Computer Science Minor cannot satisfy the Cognate requirement for Mathematics. No more than 6 credits of Cognate coursework may double-count within the general education requirements.

Minors Offered

- Mathematics Minor (p. 236)

The Department Mathematics and Statistical Sciences Degree Program prepares students for employment in the private or public sector, graduate school, and scientific research. Studying Mathematics naturally develops quantitative thinking and analytic problem solving, skills with universal application. Mathematics majors learn to make critical observations, organize, analyze, and interpret data, and extract information and patterns. Demand will always be high for individuals with these universal skills to solve society's diverse and complex problems.

Mathematics majors often pursue careers as a:

- Cryptanalyst – developing encryption for cyber security for the Defense Department.
- Data scientist – analyzing data to make predictive decisions for a retailer.
- Operations research analyst – optimally determining which aircraft an airline should purchase.
- Teacher – teaching Math at the 7-12 level.
- Actuary – evaluating risk and helping companies make decisions.

When the Mathematics major is matched with complementary minors and thoughtful internships, new possibilities arise. A few examples are:

- Math + Biology = Biomathematician: modeling biological processes for a Biotech company.
- Math + Graphic Design = Animator: making realistic graphics for a movie.
- Math + Forensics = Forensics Analyst: solve crimes for the FBI.
- Math + Geology = Hydrologist: solving problems related to water quantity, quality, and availability for the U.S. Geological Survey.
- Math + English = Technical writer: writing documents for industries that need writers fluent with numbers and calculations.

Mathematics, Bachelor of Arts

Mathematics, Bachelor of Arts Requirements

Code	Title	Credits
GENERAL EDUCATION REQUIREMENTS - 34 Hours Required		
Minimum of "C-" required		
Fundamental Skills		15
Writing – 6 hrs.		
ENGL 1150	ENGLISH COMPOSITION I	
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	
Oral Communication – 3 hrs.		
CMST 1110 or CMST 2120	PUBLIC SPEAKING FUNDS ARGUMENTATION AND DEBATE	
Quantitative Literacy – 3 hrs.		

MATH 1120	INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING
or MATH 1130	QUANTITATIVE LITERACY
or MATH 1140	QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS
or MATH 1300	COLLEGE ALGEBRA WITH SUPPORT

Data Literacy – 3 hrs.

Select one from the following:

STAT 1100	DATA LITERACY AND VISUALIZATION
STAT 1530	ELEMENTARY STATISTICS

Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.

Breadth of Knowledge 13

Social Science – 3 hrs.

Humanities – 3 hrs.

Natural & Physical Science (must complete a lab) – 4 hrs.

Arts – 3 hrs.

Individual and Social Responsibility 6

Cultural Knowledge – 3 hrs.

Civic Knowledge and Engagement – 3 hrs.

MAJOR REQUIREMENTS

**Course will satisfy UNO's General Education requirement

ELECTIVE 3

ELECTIVE 3

ELECTIVE 3

ELECTIVE 3

Complete your final advising check before graduation. Polish your resume, cover letters, and LinkedIn profile. Stay connected by joining alumni networks and professional organizations. Apply for graduation via MavLink.

Credits 15**Total Credits 120**

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

----------------------	------------

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: TED 2100 and TED 2200 require a 2.50 GPA. TED 2380 and TED 2400 as well as Admission into the Teacher Prep Program require a 2.75 GPA.

Graduation Requirements: 2.75 GPA.

Total Credits **120**

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Option 1: Complete any UNO minor or undergraduate certificate - 15+ hours

Option 2: Additional General Education Requirements - 18+ hours

Additional quantitative literacy - 3 hours

Additional Social Science Gen. Ed. from another Discipline - 3 hours

Additional Humanities Gen. Ed. from another Discipline - 3 hours

HIST 1000 and HIST 1010 - 6 hours

Additional Nat. and Physical Science w/ or without Lab - 3-5 hours

Option 3: CAS comprehensive major (50+ hours) OR any second UNO major (30+ hours)

Bachelor of Science Cognate Requirement 15

The Bachelor of Science Degree requires at least 15 hours of advisor-approved, complementary Cognate coursework.

ELECTIVES

Elective hours as required to reach a total of 120 hours

Mathematics, Bachelor of Science with a Concentration in Data Science Four Year Plan

Freshman

Fall		Credits
CMST 1110	PUBLIC SPEAKING FUNDS	3
or CMST 2120	or ARGUMENTATION AND DEBATE	
ENGL 1150	ENGLISH COMPOSITION I	3
MATH 1950	CALCULUS I	5
General Education Course or Elective		3

Attend Durango Days; other campus events. Set up a Handshake account and take the Pathway U career assessment. Attend the Student Involvement & Volunteer Fair to explore student organizations. Make advising appointment for spring: Sept-Oct. Work with your advisor to develop your Pathway in Stellic.

Credits 14

Spring

ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	3
MATH 1960	CALCULUS II	4
General Education Course or Elective		4
General Education Course or Elective		3
Elective		1

Attend campus events such as major exploration week to get an idea of interests and career paths. Schedule a resume review with UNO Career Services. Visit faculty office hours and ask about undergraduate research opportunities. Make advising appointment for summer and fall: February – March.

Credits 15

Sophomore

Fall		
MATH 1970	CALCULUS III	4
MATH 2050	APPLIED LINEAR ALGEBRA	3
General Education Course or Elective		3

Spring

STAT 4420	EXPLORATORY DATA VISUALIZATION AND QUANTIFICATION 3
Data Science Course or approved Math/STAT course from major list	3
Elective	3
Elective	3
Cognate Course	3

Complete your final advising check before graduation. Polish your resume, cover letters, and LinkedIn profile. Stay connected by joining alumni networks and professional organizations. Apply for graduation via MavLink.

Credits **15**

Total Credits **120**

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Mathematics Education Concentration

Mathematics, Bachelor of Science with a Concentration in Mathematics Education Requirements

Code	Title	Credits
GENERAL EDUCATION REQUIREMENTS - 34 Hours Required		
Minimum of "C-" required		
Fundamental Skills		15
Writing – 6 hrs.		
ENGL 1150	ENGLISH COMPOSITION I	
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	
Oral Communication – 3 hrs.		
CMST 1110 or CMST 2120	PUBLIC SPEAKING FUNDS ARGUMENTATION AND DEBATE	
Quantitative Literacy – 3 hrs.		

MATH 1120	INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING
or MATH 1130	QUANTITATIVE LITERACY
or MATH 1140	QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS
or MATH 1300	COLLEGE ALGEBRA WITH SUPPORT
Data Literacy – 3 hrs.	
Select one from the following:	
STAT 1100	DATA LITERACY AND VISUALIZATION
STAT 1530	ELEMENTARY STATISTICS
Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.	
Breadth of Knowledge	13
Social Science – 3 hrs.	
Humanities – 3 hrs.	
Natural & Physical Science (must complete a lab) – 4 hrs.	
Arts – 3 hrs.	
Individual and Social Responsibility	6
Cultural Knowledge – 3 hrs.	
Civic Knowledge and Engagement – 3 hrs.	
MAJOR REQUIREMENTS	
**Course will satisfy UNO's General Education requirement	
^Course requires pre-requisite(s)	
Mathematics Major with a Concentration in Mathematics Education - 46 Hours Required	
This concentration is recommended for students interested in pursuing a career in Secondary Education. In some cases it is possible to simultaneously earn a B.S. or a B.A. in Math and a B.S. in Secondary Education.	
Required Coursework	25
MATH 1950	CALCULUS I (^)
MATH 1960	CALCULUS II
MATH 1970	CALCULUS III
MATH 2050	APPLIED LINEAR ALGEBRA
MATH 2230	INTRODUCTION TO ABSTRACT MATH
MATH 2350	DIFFERENTIAL EQUATIONS
MATH 3230	INTRODUCTION TO ANALYSIS
Select one of the following	3
CIST 1400	INTRODUCTION TO COMPUTER SCIENCE I
MATH 2200	MATHEMATICAL COMPUTING I (Recommended for Mathematics Education Concentration)
MATH 3250	INTRODUCTION TO NUMERICAL METHODS
Select all of the following Mathematics Education Concentration courses	12
MATH 3640	MODERN GEOMETRY
MATH 3850	HISTORY OF MATHEMATICS
MATH 4030	MODERN ALGEBRA
MATH 4740	INTRODUCTION TO PROBABILITY AND STATISTICS I
Select two of the following Mathematics Education Concentration courses	6
MATH 3100	APPLIED COMBINATORICS
MATH 3200	MATHEMATICAL COMPUTING II
MATH 4050	LINEAR ALGEBRA
MATH 4560	NUMBER THEORY & CRYPTOGRAPHY

MATH 4610	INTRODUCTION TO TOPOLOGY
Select all of the following Educator Preparation Program Requirements	
TED 2100	EDUCATIONAL FOUNDATIONS (^)
TED 2200	HUMAN RELATIONS FOR BIAS-FREE CLASSROOMS (** ^)
or TED 2060	EQUITY, LANGUAGE, AND CULTURAL LITERACY
TED 2380	DEVELOPMENT AND LEARNING IN ADOLESCENCE
TED 2400	PLANNING FOR EFFECTIVE TEACHING
TED 3550	SECONDARY CLASSROOM MANAGEMENT (^)
TED 3690	LITERACY AND LEARNING (^)
TED 4000	SPECIAL METHODS IN THE CONTENT AREA (^)
SPED 3800	DIFFERENTIATION AND INCLUSIVE PRACTICES (^)
For those who want a Nebraska Math 6-12 Teaching Certificate	12
TED 4600	CLINICAL PRACTICE AND SEMINAR: ELEMENTARY OR SECONDARY LEVEL (^)

College Breadth

College of Arts and Sciences' college breadth requirement satisfied by this major's concentration

Bachelor of Science Cognate Requirement

The BS Cognate is satisfied within this concentration.

Total Credits		120

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study.

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Mathematics Minor

Mathematics, Minor Requirements

All coursework must be completed with a grade of C- or better. At least one MATH course 3000-level or higher or STAT course 3800 level or higher must be completed at UNO to establish residency. A minor in mathematics may be obtained by successful completion of 18-19 credits in mathematics courses consisting of:

Code	Title	Credits
MATH 1950	CALCULUS I	5
MATH 1960	CALCULUS II	4
Any two MATH/STAT courses at the 1970 level or above ^{1,2}		6-7
One additional MATH/STAT course at the 3000 level or above ^{1,2}		3

¹ MATH 2200, MATH 3200, and STAT 3000 do not count towards the Mathematics Minor.

² ECEN 305 will count towards the Mathematics Minor for Engineering majors.

If planned correctly, some disciplines require few, if any, additional math courses beyond what is required for the major. Please contact your academic advisor to discuss how a Mathematics Minor could be integrated into your degree plans.

Medical Humanities

General Information

The Medical Humanities major helps students increase their understanding of the nature of illness, health, wellness, healing, and medicine by exploring these topics in three blocks of classes that share a commonality of focus. The Major in Medical Humanities is intentionally flexible and

interdisciplinary, reflecting both the needs of students and the nature of the field.

To ensure cohesion, all majors take the introductory course, a Medical Humanities Commons course, which is an interdisciplinary examination of a single relevant topic (e.g. "Suffering" or "Compliance") and a Capstone course in Medical Humanities that includes a project integrating their chosen coursework with community engagement.

Block 1: Inclusivity & Diversity: Courses in this block allow students to explore how race, ethnicity, gender, sex, age and income affect the experience of health, illness and medicine. Demographically, the population of the United States is aging and diversifying and this affects who seeks health care and how they interact with the system. Poverty has an enormous impact on the health and well-being of individuals, communities and populations. Students pursuing careers in health care will therefore benefit from a foundational understanding of these concepts and perspectives.

Block 2: Ethics, Religion & Culture: Courses in this block provide students with a foundation in the values, beliefs and concepts that define how health, illness, disease and medicine are experienced at a social and cultural level by individuals and societies. It prepares students to confront ethical questions of meaning and value that arise in the context of medical research and practice. Spirituality and religion for many patients, practitioners and communities are the heart of health care. Exploring cross-cultural perspectives on medical beliefs, practices and systems encourages students to reflect on the diverse ways humans approach, experience and solve problems of health and health care delivery.

Block 3: Narrative Medicine, Communication & Fine Arts: Courses in this block allow students the opportunity to explore different ways of observing, communicating and understanding health, illness and healing. Narrative medicine encourages students to write, reflect and find meaning in their own and others experiences with health and medicine. Literature introduces students to life situations associated with illness and disability in an intimate and intuitive way. Communication skills are essential for interprofessional teams, and working with clients and patients. Music, visual art and drama courses encourage students to express and experience the human condition in unique ways, as well as improving listening, observation and communication skills.

Other Information

All coursework taken for the medical humanities major must be completed with a grade of "C-" or better.

Residency

A maximum of three credit hours can be transferred from another university to count towards the medical humanities major, unless the Director agrees to additional credit transfer.

Contact Information

Dustin Pendley
dpendley@unomaha.edu

Website (<http://www.unomaha.edu/college-of-arts-and-sciences/medical-humanities/>)

- Medical Humanities, Bachelor of Arts (p. 237)
- Medical Humanities, Bachelor of Science (p. 240)
- Medical Humanities Minor (p. 243)

An education with a humanities perspective on health and medicine shapes individuals to think critically, compassionately and knowledgeably about the human condition, appreciate and respect diverse communities, and develop reflective and resilient habits of the mind. A major in Medical Humanities prepares graduates for health care occupations through its focus on the

humanistic aspects of medicine that promote patient centered care and resilient professionals.

Students could benefit from this program if they are planning careers in

- medicine
- public health
- mental health
- counseling
- nursing
- health education
- bioethics
- health care administration
- health communications and public relations
- patient advocacy
- human resources
- wellness
- chaplaincy

Medical Humanities, Bachelor of Arts

To obtain a B.A. with a major in Medical Humanities, a student must fulfill university, college, and program requirements.

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Medical Humanities, Bachelor of Science

To obtain a B.S. with a major in Medical Humanities, a student must fulfill university, college, and program requirements.

Medical Humanities, Bachelor of Science Requirements

Code	Title	Credits
GENERAL EDUCATION REQUIREMENTS - 34 Hours Required		
Minimum of "C-" required		
Fundamental Skills		15
Writing – 6 hrs.		
ENGL 1150	ENGLISH COMPOSITION I	
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	
Oral Communication – 3 hrs.

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Medical Humanities Minor Description

Medical humanities is an interdisciplinary field that explores, from multiple perspectives, connections between humans, cultures, medicine and allied health sciences. Medical humanities complements the health sciences, and encompasses the humanities, social sciences and the arts. It includes topics related to: health and illness; the interactions between health practices and conceptions of personhood, gender, and community; beliefs; practices, healing and ethics across cultures; the nature of suffering; and models of wellness.

The minor in medical humanities provides students who are interested in careers in medicine, nursing, public health, psychology, social work, health education, and other allied health sciences, with courses that complement and support their studies. The minor is intentionally flexible and interdisciplinary, reflecting both the needs of students and the nature of the discipline. It includes options and opportunities such as distance education and service learning. The medical humanities minor helps students to increase their understanding of the nature of illness, health, wellness, healing and medicine by exploring these topics in relation to:

- inclusivity and diversity
- ethics, religion and culture
- narrative medicine, communication, fine arts

Other Information

All coursework taken for the medical humanities minor must be completed with a grade of "C-" or better.

Contact Information

Dustin Pendley,
dpendley@unomaha.edu

Website (<http://www.unomaha.edu/college-of-arts-and-sciences/medical-humanities/>) Medical Humanities Minor Requirements

Undergraduate students seeking to minor in medical humanities must complete at least 15 credit hours of medical humanities courses with a grade of C- or higher and include at least one course from each of three core areas or blocks related to the study and practice of medical humanities: Block 1) inclusivity and diversity; Block 2) ethics, religion and culture; Block 3) narrative medicine, communication, fine arts.

A minimum of 9 out of the 15 credit hours of coursework must be upper division (3000 or higher) courses. Excluding MEDH courses, a maximum of

6 credit hours may be taken from a single discipline. For example, a student may count only 6 credits hours with an ENGL prefix toward the minor.

Courses Fulfilling the Core Area/Block Requirements

Students must choose at least one course from each of the three core areas or blocks below. The rest of the 15 credit minor requirement may consist of coursework chosen from the medical humanities minor full course listings. No less than 9 out of the 15 total credit hours for the minor must be taken at the 3000-4000 level.

Block Requirement Options

MEDH 1000 Introduction to Medical Humanities will fulfill one Block requirement. That is, a MEDH minor taking MEDH 1000 may use it to satisfy the requirement of three hours of coursework from Block 1, 2, or 3.

MEDH 3000 Medical Humanities Commons will fulfill one Block requirement. Attribution to Block 1, 2, or 3 will be handled through advisement, as the topic may change from semester to semester.

Recommended Courses

Recommended courses for students interested in pursuing a minor in Medical Humanities (but not counting directly toward the minor) include:

Code	Title	Credits
ANTH 1050	INTRODUCTION TO ANTHROPOLOGY	
BLST 1000	INTRODUCTION TO BLACK STUDIES	
CMST 4170	ORGANIZATIONAL COMMUNICATION AND LEADERSHIP	
CMST 4530	INTERCULTURAL COMMUNICATION & POWER	
CMST 4700	INTERPERSONAL CONFLICT	
GERO 2000	INTRODUCTION TO GERONTOLOGY	
NAMS 1100	INTRODUCTION TO NATIVE AMERICAN STUDIES	
PHIL 1210	CRITICAL REASONING	
PSYC 1010	INTRODUCTION TO PSYCHOLOGY I	
PSYC 1020	INTRODUCTION TO PSYCHOLOGY II	
RELI 1010	RELIGIONS OF THE WORLD	
SOC 1010	INTRODUCTORY SOCIOLOGY	
WGST 2010	INTRODUCTION TO WOMEN'S AND GENDER STUDIES: SOCIAL AND BEHAVIORAL SCIENCE	

MEDH 1000Introduction to Medical Humanities will fulfill one Block requirement. That is, a MEDH minor taking MEDH 1000 may use it to satisfy the requirement of three hours of coursework from Block 1,2, or 3.

MEDH 3000Medical Humanities Commons will fulfill one Block requirement. Attribution to Block 1, 2, or 3 will be handled through advisement as the topic may change from semester to semester.

Medieval/Renaissance Studies Minor

The minor in Medieval/Renaissance Studies is designed to help students understand and appreciate the thirteen centuries belonging to the Middle Ages and the Renaissance through the disciplines of history, English and other European languages, art history, history of music, theatre, history of science, Middle Eastern studies, philosophy, and theology. Students explore the Medieval and Renaissance era and their crucial developments, from the invention of eyeglasses to the printing by moveable type, from Gothic cathedrals to the discovery of America, from the birth of university to the development of all the modern European vernacular languages, from King Arthur and Robin Hood to Shakespeare's plays and Michelangelo's paintings and sculpture.

Minors Offered

Medieval/Renaissance Studies Minor

Other Information

All coursework taken for the Medieval/Renaissance Studies minor must be completed with a grade of "C" or better.

Contact

Martina Saltamacchia, PhD, Medieval and Renaissance Studies Director
msaltamacchia@unomaha.edu
402.554.4826

Website (<http://www.unomaha.edu/mrs/>) Medieval/Renaissance Studies Minor Requirements

Undergraduate students seeking to minor in Medieval and Renaissance Studies must complete **at least 15 credit hours of coursework** from at least three of the four following areas: 1) Fine and Performing Arts; 2) Literature and Language; 3) History; and 4) Philosophy and Religion. See below for a list of approved courses. **A minimum of 9 credits must be at the upper-division (3000/4000) level.**

Please note: As new courses are being added to this minor on an on-going basis, students should select Medieval/Renaissance Studies courses in consultation with their minor advisor or with the minor director, who will provide them with the most recent list of course options.

Fine and Performing Arts

Code	Title	Credits
^Course requires pre-requisite(s)		
ART 3760	RESEARCH, WRITING, AND COMMUNICATION FOR CAREERS IN ART (^)	
ART 3770	HISTORY OF ARCHITECTURE TO 1850 (^)	
ART 4750	LATE ROMAN AND BYZANTINE ART HISTORY (^)	
ART 4770	EARLY MEDIEVAL ART (^)	
ART 4780	LATE MEDIEVAL ART HISTORY (^)	
ART 4810	NORTHERN EUROPEAN RENAISSANCE ART HISTORY (^)	
ART 4830	ITALIAN RENAISSANCE ART HISTORY (^)	

ART 4850	BAROQUE AND ROCOCO ART HISTORY (^)
ART 4930	SPECIAL TOPICS IN ART HISTORY (^ Blood, Bones and Bricks; British Study Abroad with medieval project; Technical Art History)
MUS 4540	RENAISSANCE MUSIC LITERATURE (^)
THEA 4020	ADVANCED PROJECTS IN THEATRE (^)
THEA 4050	SHAKESPEARE ON FILM: THE ART OF INTERPRETATION (^)

Literature and Language

Code	Title	Credits
^Course requires pre-requisite(s)		
ENGL 2310	INTRODUCTION TO BRITISH LITERATURE I (^)	
ENGL 2510	GLOBAL EXPLORATIONS: MEDIEVAL TO EARLY MODERN WORLD (^)	
ENGL 3280	IRISH LITERATURE I (^)	
ENGL 3400	JUNIOR TOPICS IN BRITISH/IRISH/ ANGLOPHONE LITERATURE (^ King Arthur through the Ages)

ENGL 4960	TOPICS IN LANGUAGE AND LITERATURE (^ Medieval Women Writers)	
HIST 2710	A HISTORY OF RUSSIA FROM KIEVAN RUS' TO THE CRIMEAN WAR	
LATN 1110	ELEMENTARY LATIN I (^ A total of 3 maximum credits in Latin may be applied to the minor.)	
or LATN 1120	ELEMENTARY LATIN II	
or LATN 2110	INTERMEDIATE LATIN I	
or LATN 2120	INTERMEDIATE LATIN II	
SPAN 3170	SURVEY OF SPANISH LITERATURE I (^)	
SPAN 4950	PRO-SEMINAR: LITERATURE AND/OR FILM (^ Topic: Medieval and Golden Age)	
SPAN 4960	PRO-SEMINAR: CULTURE AND SOCIETY (^ Don Quijote)	

History

Code	Title	Credits
^Course required pre-requisite(s)		
HIST 4530	EUROPE: RENAISSANCE & REFORMATION (^)	
HIST 4540	MEDIEVAL EUROPE (^)	
HIST 4610	TUDOR AND STUART ENGLAND (^)	
HIST 4910	TOPICS IN HISTORY (^ Byzantine History 330-1453, Building Cathedrals, Castles & Cathedrals, The Crusades, The Medieval University, Women in Europe 1300-1800)	

Philosophy and Religion

Code	Title	Credits
^Course requires pre-requisite(s)		
PHIL 3500	PROBLEMS IN PHILOSOPHY (^)	

PSCI 4320	EARLY MODERN POLITICAL THOUGHT (^)
RELI 3060	RELIGIONS OF THE WEST
RELI 3200	ISLAM AND MUSLIMS
RELI 3500	TOPICS IN RELIGIOUS STUDIES (Qur'an)
RELI 4170	HISTORY OF CHRISTIANITY I
RELI 4180	HISTORY OF CHRISTIANITY II

No more than 3 credits of independent study, directed readings, or internships may be applied toward the minor, and such study is subject to approval by the program director.

Only one course in Latin may be applied to the minor, for a maximum of 3 credits.

Molecular and Biomedical Biology

Students seeking biomedical careers can pursue specialized studies in cellular and molecular biology. Molecular and Biomedical Biology majors gain real-world experience in biomedical research during the required biotechnology internship under the Molecular Biotechnology Pathway. Under the Biomedical Humanities Pathway, Molecular and Biomedical Biology majors explore perspectives that connect the human condition to biomedicine. The Molecular and Biomedical Biology major is an outstanding way to prepare for graduate programs in cellular and molecular biology, a career in the biotechnology industry, or the health professions.

Other Information

All coursework taken for the Molecular and Biomedical Biology major or minor must be completed with a grade of "C-" or better.

Overlapping Restrictions

Students may not earn a Molecular & Biomedical Biology major and Biology minor, nor a Biology major and Molecular & Biomedical Biology minor.

For a double major in Biology and Molecular & Biomedical Biology -Beyond: BIOL 1450, BIOL 1750, BIOL 2140 and BIOL 3020, no other biology courses may count for both majors.

Molecular & Biomedical Biology with a double major in Bioinformatics: -Beyond BIOL 1450, BIOL 1750, BIOL 2140, and BIOL 3020, no other biology courses may satisfy the requirements for both majors.

Molecular & Biomedical Biology with a double major in Neuroscience: -Beyond BIOL 1450, BIOL 1750, and BIOL 2140, no other biology courses may satisfy requirements for both majors.

Molecular and Biomedical Biology and Chemistry:

- MBB majors may add a Chemistry minor or double major (no concentration) without overlapping restrictions
- MBB and Chemistry-Medicinal Chemistry as double majors may not count CHEM 4660-4664 Biochemistry II Lecture and Lab toward both majors.
- Chemistry-Medicinal Chemistry majors may add a Molecular and Biomedical Biology minor without overlapping restrictions

Residency

Residency Requirement for Molecular and Biomedical Biology Majors
To fulfill degree requirements, 3000/4000 level laboratory courses must be taken at UNO.

Contact Information

Allwine Hall 114

Website (<https://www.unomaha.edu/college-of-arts-and-sciences/biology/academics/molecular-biomedical-biology.php>)

Degrees Offered

- Molecular and Biomedical Biology, Bachelor of Science (p. 248)

Minors Offered

- Molecular and Biomedical Biology, Minor (p. 253)

At a most basic level molecular and biomedical biology involves the use of biological organisms, systems, or processes to develop technologies and products to improve the quality of life. Nowhere is this more apparent than in healthcare and new avenues to diagnose, treat, and study disease. The curriculum focuses on molecular biology, genetics and genomics, cellular biology, and biochemistry. Through the Molecular Biotechnology track, students are able to participate in research through a semester-long internship in an academic, commercial, clinical, or government laboratory in the region. Within the Biomedical Humanities track, students are exposed to perspectives that connect the human condition to biomedicine.

- Laboratory Technologist
- Research Technician
- Biomedical Scientist
- Pharmaceutical/Medical Product Sales Representative
- Health Professional
- Health Educator
- Data Analyst

Specialized fields include:

- Agricultural or animal biotechnology
- Bio-based fuels
- Pharmaceuticals
- Conservation and the environment
- Medical technology
- Healthcare
- Biomedical consulting

Molecular and Biomedical Biology, Bachelor of Science

To obtain a BS in Molecular and Biomedical Biology (MBB), a student must fulfill university, college, and department requirements. Students choose one of two tracks: Molecular Biotechnology or Biomedical Humanities.

Molecular and Biomedical Biology, Bachelor of Science - Molecular Biotechnology Requirements

Code	Title	Credits
GENERAL EDUCATION REQUIREMENTS - 34 Hours Required		
Minimum of "C-" required		
Fundamental Skills		15
Writing – 6 hrs.		
ENGL 1150	ENGLISH COMPOSITION I

6	
Cultural Knowledge – 3 hrs.	
Civic Knowledge and Engagement – 3 hrs.	
MAJOR REQUIREMENTS	
**Course will satisfy UNO's General Education requirement	
^Course requires pre-requisite(s)	
Molecular and Biomedical Biology Major, Molecular Biotechnology - 70-75 Hours Required	
Requirements	
The Bachelor of Science in Molecular and Biomedical Biology degree requires 36-45 credits of biology courses of which 18 credits must be 3000-4000 level courses. The course requirements are below.	
All of the following:	
20	
BIOL 1450	BIOLOGY I (** ^)
BIOL 1750	BIOLOGY II (^)
BIOL 2140	GENETICS (^)
BIOL 3020	MOLECULAR BIOLOGY OF THE CELL (^)
BIOL 3240	INTRODUCTION TO IMMUNOLOGY (^)
Biochemistry Requirement: Select one of the following options	
4	
BIOL/CHEM 4650	BIOCHEMISTRY I (^ must also take the following lab)
BIOL/CHEM 4654	BIOCHEMISTRY I LABORATORY (^)
or	
CHEM 4610	BIOCHEMISTRY OF METABOLISM (^)
Select three of the following, at least two must be lab-based	
10-13	
BIOL 4130	MOLECULAR GENETICS (^ lab-based)
BIOL 4140	CELLULAR BIOLOGY (^ lab-based)
BIOL 4450 & BIOL 4454	VIROLOGY and VIROLOGY LABORATORY (^)
BIOL 4460	COMPARATIVE IMMUNOLOGY (^ lab-based)

BIOL 4640 & BIOL 4644	MOLECULAR MICROBIOLOGY and MOLECULAR MICROBIOLOGY LAB (^)
BIOL 4810	BEHAVIORAL GENETICS (^ lab-based)
BIOL 4850 & BIOL 4830	DEVELOPMENTAL BIOLOGY and DEVELOPMENTAL GENETICS (^ lab- based. BIOL 4850 concurrent or prior to BIOL 4830)
BIOL 4860	COMPARATIVE GENOMICS (^)
BIOL/CHEM 4660	BIOCHEMISTRY II (^ with the following lab)
BIOL/CHEM 4664	BIOCHEMISTRY II LABORATORY (^)
BIOL 4760	GENOME TECHNOLOGY AND ANALYSIS (^)
BIOL/NEUR 4870	MOLECULAR AND CELLULAR NEUROBIOLOGY (^)

Required Chemistry and Physics Sequence 21

CHEM 1180 & CHEM 1184	GENERAL CHEMISTRY I and GENERAL CHEMISTRY I LABORATORY (** ^)
CHEM 1190 & CHEM 1194	GENERAL CHEMISTRY II and GENERAL CHEMISTRY II LABORATORY (^)
CHEM 2250	ORGANIC CHEMISTRY I (^)
CHEM 2260	ORGANIC CHEMISTRY II (^)
CHEM 2274	ORGANIC CHEMISTRY LABORATORY (^)
PHYS 1110 or PHYS 2110	PHYSICS FOR LIFE SCIENCE I (** ^) GENERAL PHYSICS I - CALCULUS LEVEL
PHYS 1154	GENERAL PHYSICS LABORATORY I (** ^)

Mathematics

Two courses in mathematics or statistics are required and must include one of the following calculus courses 6-8

MATH 1930	CALCULUS FOR THE MANAGERIAL, LIFE, AND SOCIAL SCIENCES (^)
MATH 1940	CALCULUS FOR BIOMEDICINE (^)
MATH 1950	CALCULUS I (^)

Molecular Biotechnology Focus Area

This focus area will position students to excel in graduate, medical, business, or law schools, as well as industry careers. Students will have about 10 hours of free electives with this focus area.

Internship 3

BIOL 4550	MOLECULAR AND BIOMEDICAL BIOLOGY INTERNSHIP (^)
-----------	--

Six hours in Information, Innovation, and Development 6

BIOI 3000	APPLIED BIOINFORMATICS (^)
ACMP 2220	CREATIVITY AND INNOVATION
ENTR 3710	ENTREPRENEURIAL FOUNDATIONS (^)
ENTR 4740	TECHNOLOGY AND INNOVATION MANAGEMENT (^)
ACCT 2010	PRINCIPLES OF ACCOUNTING I (^)
MGMT 3490	MANAGING PEOPLE AND ORGANIZATIONS (^)
STAT 4410	INTRODUCTION TO DATA SCIENCE (^)

College Breadth (choose one option) 15-30+

Option 1: Complete any UNO minor or undergraduate certificate - 15+ hours

Option 2: Additional General Education Requirements - 18+ hours

Additional quantitative literacy - 3 hours

Additional Social Science Gen. Ed. from another Discipline - 3 hours

Additional Humanities Gen. Ed. from another Discipline - 3 hours

HIST 1000 and HIST 1010 - 6 hours

Additional Nat. and Physical Science w/ Lab or without lab- 3-5 hours

Option 3: CAS comprehensive major (50+ hours) OR any second UNO major (30+ hours)

Bachelor of Science Cognate Requirement 0-15

See advisor

BIOL 4850 & BIOL 4830	DEVELOPMENTAL BIOLOGY and DEVELOPMENTAL GENETICS (^ BIOL 4850 concurrent or prior to BIOL 4830)
BIOL 4860	COMPARATIVE GENOMICS (^)
BIOL/CHEM 4660	BIOCHEMISTRY II (^ must take BIOL 4664)
BIOL/CHEM 4664	BIOCHEMISTRY II LABORATORY (^ must take with BIOL 4660)
BIOL 4760	GENOME TECHNOLOGY AND ANALYSIS (^)
BIOL/NEUR 4870	MOLECULAR AND CELLULAR NEUROBIOLOGY (^)

Required Chemistry and Physics Sequence 21

CHEM 1180 & CHEM 1184	GENERAL CHEMISTRY I and GENERAL CHEMISTRY I LABORATORY (** ^)
CHEM 1190 & CHEM 1194	GENERAL CHEMISTRY II and GENERAL CHEMISTRY II LABORATORY (^)
CHEM 2250	ORGANIC CHEMISTRY I (^)
CHEM 2260	ORGANIC CHEMISTRY II (^)
CHEM 2274	ORGANIC CHEMISTRY LABORATORY (^)
PHYS 1110 or PHYS 2110	PHYSICS FOR LIFE SCIENCE I (** ^)
PHYS 1154	GENERAL PHYSICS I - CALCULUS LEVEL LABORATORY I (** ^)

Mathematics

Two courses in mathematics or statistics are required and must include one of the following calculus courses 6-8

MATH 1930	CALCULUS FOR THE MANAGERIAL, LIFE, AND SOCIAL SCIENCES (Requires MATH 1320 or MATH 1300 ^)
MATH 1940	CALCULUS FOR BIOMEDICINE (^)
MATH 1950	CALCULUS I (^)

Biomedical Humanities Focus Area 15

This is a path to prepare students for success in healthcare and affiliated training programs. Students will have approximately 4 hours of free electives with this track. Requires completion of minor in Medical Humanities. Nine credits must be in upper division (3000 or higher) courses.

College Breadth (choose one option) - 15-30+ Hours Required

The College Breadth requirement is satisfied by completing the minor in Medical Humanities

Bachelor of Science Cognate Requirement - 0-15 Hours Required

See advisor

ELECTIVES

Elective hours as required to reach a total of 120 hours

Math or Statistics		3
General Education Course or Elective		3

Attend a career fair for informational and networking purposes. Update your resume and LinkedIn profile with new experiences. Investigate and apply for summer internships, research, or study abroad programs. Make advising appointment for summer and fall: February - March.

Credits **14**

Junior Fall

CHEM 4650 & CHEM 4654	BIOCHEMISTRY I and BIOCHEMISTRY I LABORATORY	4
BIOL 3240	INTRODUCTION TO IMMUNOLOGY	3
General Education Course or Elective		3
Social Sciences		3
Elective		3

Credits **16**

Spring

Upper Level BIOL course with Lab (see catalog)		4
PHYS 1110 & PHYS 1154	PHYSICS FOR LIFE SCIENCE I and GENERAL PHYSICS LABORATORY I	5
Course in Information, Innovation, and Development (see catalog)		3
Elective		3

Request letters of recommendation from faculty for jobs or grad school. Attend the All-Majors Career Fair with a plan to network. Meet with your advisor or submit for a graduation check-in to review remaining degree requirements. Make advising appointment for summer and fall: February - March.

Credits **15**

Senior Fall

Upper Level BIOL Course with lab (see catalog)		4
Course in Information, Innovation, and Development (see catalog)		3
General Education Course or Elective		3
General Education Course or Elective		3
Elective		2

Check in with Career Center for networking tips. Finalize graduate school applications or job search strategy. Attend a career fair and start applying for full-time jobs. Prepare for interviews and salary negotiations with Career Services. Make advising appointment for spring: Sept. - Oct.

Credits **15**

Spring

BIOL 4550	MOLECULAR AND BIOMEDICAL BIOLOGY INTERNSHIP (**)	3
Upper Level BIOL Course (see catalog)		3
General Education Course or Elective		3
Elective		3
Elective		2

Check in with Career Center for networking tips. Finalize graduate school applications or job search strategy. Attend a career fair and start applying for full-time jobs. Prepare for interviews and salary negotiations with Career Services. Make advising appointment for spring: Sept. - Oct.

Credits **14**

Total Credits **120-122**

Molecular and Biomedical Biology, Bachelor of Science - Biomedical Humanities Four Year Plan

Freshman

Fall		Credits
ENGL 1150	ENGLISH COMPOSITION I	3
CMST 1110 or CMST 2120	PUBLIC SPEAKING FUNDS or ARGUMENTATION AND DEBATE	3
MATH 1320/ or MATH 1300	COLLEGE ALGEBRA or COLLEGE ALGEBRA WITH SUPPORT	3-4
BIOL 1450	BIOLOGY I	5

Attend Durango Days; other campus events. Set up a Handshake account and take the Pathway U career assessment. Attend the Student Involvement & Volunteer Fair to explore student organizations. Make advising appointment for spring: Sept-Oct. Work with your advisor to develop your Pathway in Stellic.

Credits **14-15**

Spring

ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	3
General Education Course or Elective		3
CHEM 1180 & CHEM 1184	GENERAL CHEMISTRY I and GENERAL CHEMISTRY I LABORATORY	4
BIOL 1750	BIOLOGY II	5

Attend campus events such as major exploration week to get an idea of interests and career paths. Schedule a resume review with UNO Career Services. Visit faculty office hours and ask about undergraduate research opportunities. Make advising appointment for summer and fall: February - March.

Credits **15**

Sophomore**Fall**

CHEM 1190 & CHEM 1194	GENERAL CHEMISTRY II and GENERAL CHEMISTRY II LABORATORY	4
Medical Humanities Minor Course – Lower Level		3
General Education Course or Elective		3
General Education Course or Elective		3
Calculus Course*		3-5

*Calculus options include: MATH 1930, 1940, 1950.

Attend the Career & Internship Fair to start networking with employers. Look for volunteer, research, or part-time work to gain experience. Join a student organization or club related to your field or interests. Make advising appointment for spring: Sept. - Oct.

Credits 16-18

Spring

CHEM 2250	ORGANIC CHEMISTRY I	3
BIOL 2140	GENETICS	4
General Education Course or Elective		3
General Education Course or Elective		3
Elective		2-3

Attend a career fair for informational and networking purposes. Update your resume and LinkedIn profile with new experiences. Investigate and apply for summer internships, research, or study abroad programs. Make advising appointment for summer and fall: February – March.

Credits 15-16

Junior**Fall**

CHEM 2260 & CHEM 2274	ORGANIC CHEMISTRY II and ORGANIC CHEMISTRY LABORATORY	5
BIOL 3020	MOLECULAR BIOLOGY OF THE CELL	3
Elective		3
Ethical/Religious/Cross-cultural course for minor*		3

*The Medical Humanities minor requires 15 credits, of which 9 must be 3000-4000 level. Take an upper or lower level course, accordingly.

Apply for a paid internship or research assistantship. Attend a mock interview workshop or use online interview tools with Career Services. Start researching and visiting graduate programs or professional schools. Visit Career Center, continue updating resume. Make advising appointment for spring: Sept-Oct.

Credits 14

Spring

CHEM 4610	BIOCHEMISTRY OF METABOLISM	4
BIOL 3240	INTRODUCTION TO IMMUNOLOGY	3
Upper Level BIOL course with Lab (see catalog)		4
Race/Ethnicity/Gender/Sex/Age course for MEDH minor (see catalog)		3
Elective		1

Request letters of recommendation from faculty for jobs or grad school. Attend the All-Majors Career Fair with a plan to network. Meet with your advisor or submit for a graduation check-in to review remaining degree requirements. Make advising appointment for summer and fall: February – March.

Credits 15

Senior**Fall**

Upper Level BIOL Course (see catalog)		3
PHYS 1110 & PHYS 1154	PHYSICS FOR LIFE SCIENCE I and GENERAL PHYSICS LABORATORY I	5
Medical humanities minor course (see catalog)		3
Elective or Medical humanities minor course		1-3
Elective		3

Check in with Career Center for networking tips. Finalize graduate school applications or job search strategy. Attend a career fair and start applying for full-time jobs. Prepare for interviews and salary negotiations with Career Services. Make advising appointment for spring: Sept. - Oct.

Credits 15-17

Spring

Upper Level BIOL Course with Lab (see catalog)	4
Narrative medicine/Communication course for MEDH minor	3
General Education Course or Elective	3
Elective	3
Elective	1

Request letters of recommendation from faculty for jobs or grad school. Attend the All-Majors Career Fair with a plan to network. Meet with your advisor or submit for a graduation check-in to review remaining degree requirements. Make advising appointment for summer and fall: February – March.

Credits 14

Total Credits 118-124

College Breadth: Students in the Biotechnology track should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement. Students in the Biomedical Humanities track have satisfied this requirement by completing the minor in Medical Humanities.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study.

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Molecular and Biomedical Biology, Minor

Molecular and Biomedical Biology Minor Requirements

A minor in molecular and biomedical biology requires a minimum of 21 semester credit hours. All courses counted toward a minor in molecular and biomedical biology, must be applicable toward a major in molecular and biomedical biology. These hours must include:

Code	Title	Credits
Required courses:		17
BIOL 1450	BIOLOGY I	
BIOL 1750	BIOLOGY II	
BIOL 2140	GENETICS	
BIOL 3020	MOLECULAR BIOLOGY OF THE CELL	
In addition, select one 4000-level Biology lecture + lab course from the Molecular and Biomedical Biology major course options, listed below:		4-5
BIOL 4130	MOLECULAR GENETICS (4 hrs for lec + lab)	
BIOL 4140	CELLULAR BIOLOGY (4 hrs for lec + lab)	
BIOL 4450 & BIOL 4454	VIROLOGY and VIROLOGY LABORATORY (4450 lec + 4454 lab, 4 hrs total)	
BIOL 4460	COMPARATIVE IMMUNOLOGY (4 hrs for lec + lab)	
BIOL 4640	MOLECULAR MICROBIOLOGY (4 hrs for lec + lab)	
BIOL/CHEM 4650	BIOCHEMISTRY I (4650 lec + following 4654 lab, 4 hrs total)	
BIOL/CHEM 4654	BIOCHEMISTRY I LABORATORY (1 hr)	
BIOL/CHEM 4660	BIOCHEMISTRY II (4660 lec + following 4664 lab, 4 hrs total)	
BIOL/CHEM 4664	BIOCHEMISTRY II LABORATORY (1 hr)	
BIOL 4810	BEHAVIORAL GENETICS (4 hrs for lec + lab)	
BIOL 4850 & BIOL 4830	DEVELOPMENTAL BIOLOGY and DEVELOPMENTAL GENETICS (4850 lec + 4830 lab, 5 hrs total)	

Students transferring biology credits are required to take a minimum of two 3000 or 4000-level courses at UNO. Students may not earn a molecular and biomedical biology minor if they earn a biology major.

Native American Studies Minor

Mission

Native American Studies offers students an opportunity to learn about Native American Tribal Nations, cultures, literatures, histories, arts, values, lifeways, spirituality, and social and political institutions. Our program has a long-standing tradition of activism on contemporary issues and includes a focus on urban Indigenous issues, providing students with the opportunity to engage in meaningful community-based research.

Minors Offered

Native American Studies minor

Other Information

All coursework taken for the Native American Studies minor must be completed with a grade of "C" or better.

Students may also elect to pursue a Native American Studies concentration (30 hours) through the Bachelor of Multidisciplinary Studies program (College of Public Affairs and Community Service). This program should be initiated by the beginning of the junior year.

Contact

Brady DeSanti, Ph.D., Native American Studies Director

bdesanti@unomaha.edu

Website (<http://www.unomaha.edu/college-of-arts-and-sciences/native-american-studies/>)

Native American Studies Minor Requirements

The Native American Studies minor requires 15 credit hours, a minimum 9 hours must be 3000 and/or 4000 level. Introduction to Native American Studies (NAMS 1100) is required.

Code	Title	Credits
NAMS 1100	INTRODUCTION TO NATIVE AMERICAN STUDIES	3
At least 12 hours of courses approved for credit in the Native American Studies Program. (9 must be 3000 and/or 4000 level.)		12

Neuroscience

The study of neuroscience is one of the most rapidly growing areas in the sciences, reflecting the importance of the fundamental and applied interest in how the nervous system is coordinated and regulated. The field of neuroscience examines the physiology, anatomy, pharmacology, development, growth, maintenance, and evolution of nervous system processes. As an interdisciplinary major, students explore how neuroscience blends with associated fields leading to health careers, graduate school, and direct-to-career goals.

Students working toward completion of this degree choose coursework in Molecular/Cellular Neuroscience and Behavioral/Cognitive Neuroscience along with Pathway coursework in a choice of Pre-Health/Traditional Neuroscience, Philosophy, Medical Humanities, Computer Science, or Criminal Justice. Two optional Concentrations are available. The Medical, Health Sciences, and Research Concentration focuses students toward our neuroscience coursework particularly suited for health careers, graduate school and MCAT studying. The Computing and Neurotechnology Concentration focuses students toward careers or graduate studies in Applied Computing and Bioinformatics. The major provides both content and hands-on experience in various areas of neuroscience. An excellent choice for students with interests in pursuing neuroscience-related graduate programs, health careers (for example, students with post-graduate aspirations for attending medical, PA, dental, veterinary, or nursing school), or careers in private industry. Students will emerge from the major with the ability to think across disciplines, to formulate questions and seek answers, to interpret data and draw conclusions, and to effectively communicate the outcome of these processes to a larger audience. This suite of skills makes neuroscience majors eligible for a variety of career opportunities both within and outside the discipline of neuroscience.

Other Information

All coursework taken for the neuroscience major must be completed with a grade of "C-" or better.

Note for Double Majors in Neuroscience and Biology:
Beyond the neuroscience fundamentals courses, students cannot use a 3000/4000 level course to count toward both majors.

Note for Double Majors in Neuroscience and Psychology: Beyond the neuroscience fundamentals courses, students cannot use a 3000/4000 level course to count toward both majors. Students may overlap 3000/4000 level PSYC courses between the Psychology Neuroscience & Behavior concentration and the Neuroscience major.

Note for Students Completing a Neuroscience Major and Psychology Minor:

No psychology coursework will be allowed to count toward both programs.

Note for Students Completing a Neuroscience Major and Biology Minor:
No 3000/4000 level course(s) may count toward both programs.

Additional Laboratory Experiences

Students wishing additional laboratory experiences can enroll in Experiential Study in Neuroscience (NEUR 4960) or seek independent research opportunities with faculty conducting neuroscience research at UNO, UNMC, Creighton University, or Boys Town National Research Hospital.

Fast Track

The Neuroscience faculty have developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor's degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to 9 graduate hours toward the completion of their undergraduate program as well as the graduate degree program.

Program Specifics:

- This program is available for undergraduate students pursuing a BS in neuroscience desiring to pursue a MA in psychology, MS in human-centered computing or a MS in biomedical informatics.
- Students must have completed no less than 60 undergraduate hours.
- Students must have a minimum undergraduate GPA of 3.2.
- Students must complete the Fast Track Approval form and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course.
- Students will work with their undergraduate advisor to register for the graduate courses.
- A minimum cumulative GPA of 3.0 is required for graduate coursework to remain in good standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. The application fee will be waived, the applicant will need to contact the Office of Graduate Studies for a fee waiver code.
 - Admission to Fast Track does NOT guarantee admission to the graduate program.
 - The admit term must be after the completion term of the undergraduate degree.

Special Note: Eligible undergraduate students may enroll in any dual level psychology or neuroscience course (PSYC 8xx6, NEUR 8xx6).

Student Groups

Nu Rho Psi – National Honor Society in Neuroscience
<http://nurhopsi.org>

Canvas Site – Neuroscience Majors should join the UNO Neuroscience Student Interest Group Canvas Site. If you are a Neuroscience Major and would like to be added to the Canvas page, email Dr. Sollars.

Contact

Neuroscience Director, Dr. Suzanne Sollars: 402.554.3981

Contact by email is best: ssollars@unomaha.edu

Website (<http://www.unomaha.edu/college-of-arts-and-sciences/neuroscience/>)

Degrees Offered

- Neuroscience, Bachelor of Science (p. 255)
- Neuroscience Minor (p. 263)

Neuroscience is a rapidly growing field, with a much higher than average projected jobs growth of in the next ten years (U.S. Department of Labor). Students in our program have been highly successful in admissions to graduate and medical schools and obtaining employment in neuroscience-related fields. Alumni from our Neuroscience Program have outstanding jobs as physicians, researchers, nurses, physician assistants, teachers, dentists, medical industry experts, technicians, and CEOs of neuroscience-related businesses.

Within your Neuroscience Program, you will gain knowledge in all aspects of how the brain and body function, with coursework in cellular, molecular, behavioral and cognitive neuroscience. The Pathway choices you have will build interdisciplinary strengths in Pre-Medicine, Pre-Health, Pre-Law, Philosophy, Medical Humanities, Computer Science, and careers in Criminal Justice fields. Built within the curriculum are opportunities for hands-on experimental experiences. We currently have neuroscience faculty with expertise in neuropharmacology, neuroimmunology, development, endocrinology, gerontology, genetics, sensory systems, behavior, philosophy, and biomechanics. Your curriculum will focus on understanding and engaging with new and innovative research within neuroscience, science writing, data analysis, and applications of the latest concepts in the field.

Career Opportunities:

- Physician & Other Healthcare Fields
- Data Analysis
- Research & Development
- Genetic Counseling
- Hospitals - Technology, Business, & Healthcare
- Universities/Colleges - Faculty, Research, Teaching, Administration
- Laboratories – Research Technicians & Research Associates
- Government Agencies
- Pharmaceutical & Other Science Industries
- Laboratory Software and Equipment
- Science Writing
- Neuroscience Consultancies
- Medical Illustrators, Neuroaesthetics, and Neuroarts

Neuroscience, Bachelor of Science

To obtain a BS with a major in Neuroscience, a student must fulfill university, college, and departmental requirements. As an interdisciplinary major, Neuroscience major requirements meet the college breadth requirement.

Neuroscience Bachelor of Science Requirements

Code	Title	Credits
GENERAL EDUCATION REQUIREMENTS - 34 Hours Required		
Minimum of "C-" required		
Fundamental Skills		15
Writing – 6 hrs.		
ENGL 1150	ENGLISH COMPOSITION I	
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	
Oral Communication – 3 hrs.		
CMST 1110	PUBLIC SPEAKING FUNDS	
or CMST 2120	ARGUMENTATION AND DEBATE	
Quantitative Literacy – 3 hrs.		
MATH 1120	INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING	
or MATH 1130	QUANTITATIVE LITERACY	
or MATH 1140	QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS	
or MATH 1300	COLLEGE ALGEBRA WITH SUPPORT	
Data Literacy – 3 hrs.		
Select one from the following:		
STAT 1100	DATA LITERACY AND VISUALIZATION	
STAT 1530	ELEMENTARY STATISTICS	
Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.		
Breadth of Knowledge		13
Social Science – 3 hrs.		
Humanities – 3 hrs.		
Natural & Physical Science (must complete a lab) – 4 hrs.		
Arts – 3 hrs.		
Individual and Social Responsibility		6
Cultural Knowledge – 3 hrs.		
Civic Knowledge and Engagement – 3 hrs.		
MAJOR REQUIREMENTS		
**Course will satisfy UNO's General Education requirement		
^Course requires pre-requisite(s)		
Note: BIOL 1450 may be used either in Core or in Path, not both		
Neuroscience Major - 50-59 Hours Required		
Required Neuroscience Fundamentals Courses (Core)		20-23
NEUR 1000	SUPERHEROES, ZOMBIES, CYBORGS AND DROIDS: COULD THEY LIVE AMONG US? (** ^)	
or BIOL 1450	BIOLOGY I	
NEUR 1520	INTRODUCTION TO NEUROSCIENCE I (^)	
NEUR 1540	INTRODUCTION TO NEUROSCIENCE II (^)

Criminal Justice Path 12-14 credit hours

NEUR 1560	NEUROSCIENCE PATHWAYS TO DISCOVERY
or BIOL 1450	BIOLOGY I
or BIOL 1750	BIOLOGY II
or BIOL 2140	GENETICS
CRCJ 1010	CRIME TO COURTROOM: THE JUSTICE JOURNEY (**)

Choose two of the following

CRCJ 3350	CRIMINOLOGY (^)
CRCJ 4000	MENTAL HEALTH AND THE CRIMINAL JUSTICE SYSTEM (^)
CRCJ 4500	DRUGS AND CRIME (^)
CRCJ 4510	VIOLENCE (^)

Advanced Neuroscience Courses 18-19

In addition to the required fundamentals courses, 18-19 credit hours as a combination from the Cornerstone Neuroscience Lecture (3 credits), Laboratory (3 – 4 credits), and Block I, Block II, and Block III Courses (12 credits) from the lists below must be selected. Within the 12-hour credit selection, at least 3 credits must come from Block I and at least 3 credits must come from Block II. To complete the 18 credits required, a minimum of 6 credits can be taken from a combination of Block I, Block II, and Block III. No more than three hours of Experiential Study in Neuroscience (NEUR 4960) may be applied to the Additional Neuroscience Courses category. NEUR 4910, NEUR 4920, and NEUR 4930 may be taken more than once as long as they are different topics. No courses can double-count within this 18-credit hour group.

Select one of the following Cornerstone lab courses -

NEUR 4200	ADVANCED NEUROSCIENCE LABORATORY (^)
NEUR/BIOL 4810	BEHAVIORAL GENETICS (^)
PSYC/BIOL 4280	ANIMAL BEHAVIOR LABORATORY (^)

Select one of the following Cornerstone lecture courses that has not already been used to satisfy the Neuroscience Block Courses requirement below

NEUR 4000	SYSTEMS NEUROSCIENCE (^)
NEUR 4160	NEUROPHARMACOLOGY (^)
NEUR 4330	SOCIAL NEUROSCIENCE (^)
NEUR 4480	NEUROIMMUNOLOGY (^)
NEUR/BIOL 4870	MOLECULAR AND CELLULAR NEUROBIOLOGY (^)
NEUR/BIOL 4890	GENES, BRAIN, AND BEHAVIOR (^)

PSYC/BIOL 4320 HORMONES & BEHAVIOR (^)

Block I, II, and III Courses**Select at least one of the following from Block I Neuroscience Choices: Molecular and Cellular Neuroscience**

NEUR 4000	SYSTEMS NEUROSCIENCE (^)
NEUR 4160	NEUROPHARMACOLOGY (^)
NEUR 4290	NEUROETHOLOGY (^)
NEUR 4340	ADVANCED BEHAVIORAL NEUROSCIENCE (^)
NEUR 4480	NEUROIMMUNOLOGY (^)
NEUR 4640	NEURAL MECHANISMS OF SUBSTANCE USE DISORDERS (^)
NEUR 4840	GLIA IN HEALTH AND DISEASE (^)
NEUR 4850	NEUROBIOLOGY OF LEARNING AND MEMORY (^)
NEUR 4870	MOLECULAR AND CELLULAR NEUROBIOLOGY (^)
NEUR/BIOL 4890	GENES, BRAIN, AND BEHAVIOR (^)
NEUR 4910	SPECIAL TOPICS IN NEUROSCIENCE - BLOCK 1 (^)

Select at least one of the following from Block II Neuroscience Choices: Behavioral and Cognitive Neuroscience

NEUR/BIOL/GERO 3500	BIOLOGICAL PRINCIPLES OF AGING (^)
NEUR/GERO 4050	ADVANCED BIOLOGY OF AGING
NEUR/PSYC 4230	BEHAVIORAL NEUROSCIENCE (^)
NEUR 4330	SOCIAL NEUROSCIENCE (^)
NEUR/BMCH 4650	NEUROMECHANICS OF HUMAN MOVEMENT (^)
NEUR 4710	AI IN HEALTHCARE AND NEUROSCIENCE
NEUR 4920	SPECIAL TOPICS IN NEUROSCIENCE - BLOCK 2 (^)
PSYC 4090	COGNITIVE NEUROSCIENCE (^)
PSYC 4210	SENSATION AND PERCEPTION (^)
PSYC/PHIL 4250	LIMITS OF CONSCIOUSNESS (^)
PSYC/BIOL 4270	ANIMAL BEHAVIOR (^)
PSYC/BIOL 4320	HORMONES & BEHAVIOR (^)

Block III Additional Neuroscience Choices:

NEUR 4930	SPECIAL TOPICS IN NEUROSCIENCE - NEURO ELECTIVE BLOCK (^)
NEUR 4960	EXPERIENTIAL STUDY IN NEUROSCIENCE (^)

College Breadth

College of Arts and Sciences' college breadth requirement satisfied by this major

Bachelor Science Cognate Requirement 15

Students must complete 15 credits worth of a cognate set of courses (see below) OR may choose a minor of at least 15 hours or a double major. Courses taken within the major may not also be used toward the completion of cognate coursework. One cognate course may double-count with your Gen Ed requirements. No more than 6 hours of cognate coursework may be at the 1000 level. At least 3 hours of cognate coursework must be at the 3000-4000 level. Note that some classes have prerequisites.

ANTH 1050 INTRODUCTION TO ANTHROPOLOGY (**)

ANTH 3910	INTRODUCTION TO PHYSICAL ANTHROPOLOGY (** ^)
ANTH 4230	ETHNOMEDICINES OF THE AMERICAS (^)
ANTH 4240	MEDICAL ANTHROPOLOGY
BIOI 1000	DIGITAL HEALTH AND BIOLOGICAL SYSTEMS (**)
BIOL 2740	HUMAN ANATOMY AND PHYSIOLOGY I (^)
BIOL 2840	HUMAN ANATOMY AND PHYSIOLOGY II (^)
BIOL 3020	MOLECULAR BIOLOGY OF THE CELL (^)
BIOL 3240	INTRODUCTION TO IMMUNOLOGY (^)
BIOL 4110	STATISTICS FOR BIOLOGICAL SCIENCES (^)

PSYC 4470	MENTAL HEALTH AND AGING (^)
PSYC 4990	SENIOR THESIS (^)

ELECTIVES

Elective hours as required to reach a total of 120 hours

Concentration Offered

- Computing & Neurotechnology (p. 259)
- Medical, Health Sciences, and Research Concentration in Neuroscience (p. 261)

Neuroscience Bachelor of Science Four Year Plan**Freshman**

Fall		Credits
NEUR 1000 or BIOL 1450	SUPERHEROES, ZOMBIES, CYBORGS AND DROIDS: COULD THEY LIVE AMONG US? or BIOLOGY I	3-5
ENGL 1150	ENGLISH COMPOSITION I	3
MATH 1120 or MATH 1130 or MATH 1140 or MATH 1300	INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING (See advisor for other options) or QUANTITATIVE LITERACY or QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS or COLLEGE ALGEBRA WITH SUPPORT	3-4
NEUR 1520	INTRODUCTION TO NEUROSCIENCE I	3
Attend Durango Days; other campus events. Set up a Handshake account and take the Pathway U career assessment. Attend the Student Involvement & Volunteer Fair to explore student organizations. Make advising appointment for spring: Sept-Oct. Work with your advisor to develop your Pathway in Stellic.		

Credits 12-15**Spring**

ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	3
NEUR 1540	INTRODUCTION TO NEUROSCIENCE II	3
Neuroscience Pathway Course		3-5
Neuroscience Pathway Course		3-5

Attend campus events such as major exploration week to get an idea of interests and career paths. Schedule a resume review with UNO Career Services. Visit faculty office hours and ask about undergraduate research opportunities. Make advising appointment for summer and fall: February – March.

Credits 12-16**Sophomore**

Fall		
CHEM 1140 & CHEM 1144	FUNDAMENTALS OF COLLEGE CHEMISTRY and FUNDAMENTALS OF COLLEGE CHEMISTRY LABORATORY (^)	5
PSYC 3130	STATISTICS FOR THE BEHAVIORAL SCIENCES	3
Neuroscience Block 2 Course		3

General Education Course or Elective	3
*CHEM 1140: Taking both CHEM 1180-1184 and 1190-1194 will substitute for CHEM 1140-1144. Alternatively, students may take PHYS 1110-1154 in lieu of Chemistry coursework.	
Attend the Career & Internship Fair to start networking with employers. Look for volunteer, research, or part-time work to gain experience. Join a student organization or club related to your field or interests. Make advising appointment for spring: Sept. - Oct.	

Credits 14

Spring

CMST 1110 or CMST 2120	PUBLIC SPEAKING FUNDS or ARGUMENTATION AND DEBATE	3
NEUR 3600 or PSYC 3140	RESEARCH METHODS IN NEUROSCIENCE or RESEARCH METHODS IN PSYCHOLOGY	3-4

Neuroscience Pathway Course	3-5
General Education Course or Elective	3

Attend a career fair for informational and networking purposes. Update your resume and LinkedIn profile with new experiences. Investigate and apply for summer internships, research, or study abroad programs. Make advising appointment for summer and fall: February – March.

Credits 12-15

Junior**Fall**

Neuroscience Pathway Course or Elective	3-4
Neuroscience Block 1 Course	3
Cognate Course	3
General Education Course or Elective	3
Elective	3

Apply for a paid internship or research assistantship. Attend a mock interview workshop or use online interview tools with Career Services. Start researching and visiting graduate programs or professional schools. Visit Career Center, continue updating resume. Make advising appointment for spring: Sept-Oct.

Credits 15-16

Spring

NEUR 4200	ADVANCED NEUROSCIENCE LABORATORY	3-4
-----------	-------------------------------------	-----

OR

PSYC/BIOL 4280 ANIMAL BEHAVIOR LABORATORY

OR

NEUR/BIOL 4810 BEHAVIORAL GENETICS

Cornerstone Neuroscience Lecture Course	3
General Education Course or Elective	3
General Education Course or Elective	3
Cognate Course	3

Request letters of recommendation from faculty for jobs or grad school. Attend the All-Majors Career Fair with a plan to network. Meet with your advisor or submit for a graduation check-in to review remaining degree requirements. Make advising appointment for summer and fall: February – March.

Credits 15-16

Senior**Fall**

Neuroscience coursework (Block 1, 2, or 3)	3
General Education Course or Elective	3

Cognate Course	3
Cognate Course	3
Elective	3

Check in with Career Center for networking tips. Finalize graduate school applications or job search strategy. Attend a career fair and start applying for full-time jobs. Prepare for interviews and salary negotiations with Career Services. Make advising appointment for spring: Sept. - Oct.

Credits 15

Spring

Neuroscience coursework (Block 1, 2, or 3)	3
Cognate Course	3
Elective	3
Elective	3
Elective	3

Request letters of recommendation from faculty for jobs or grad school. Attend the All-Majors Career Fair with a plan to network. Meet with your advisor or submit for a graduation check-in to review remaining degree requirements. Make advising appointment for summer and fall: February – March.

Credits 15

Total Credits 110-122

College Breadth: The Neuroscience major satisfies Option 3 of the CAS Breadth Requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study.

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Computing & Neurotechnology Concentration

Neuroscience, Bachelor of Science with a Concentration in Computing and Neurotechnology Requirements

Code	Title	Credits
GENERAL EDUCATION REQUIREMENTS - 34 Hours Required		
Minimum of "C-" required		
Fundamental Skills		15
Writing – 6 hrs.		
ENGL 1150	ENGLISH COMPOSITION I	
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	
Oral Communication – 3 hrs.		
CMST 1110	PUBLIC SPEAKING FUNDS	
or CMST 2120	ARGUMENTATION AND DEBATE	
Quantitative Literacy – 3 hrs.		
MATH 1120	INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING	
or MATH 1130	QUANTITATIVE LITERACY	
or MATH 1140	QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS	
or MATH 1300	COLLEGE ALGEBRA WITH SUPPORT	
Data Literacy – 3 hrs.		
Select one from the following:		
STAT 1100	DATA LITERACY AND VISUALIZATION	
STAT 1530	ELEMENTARY STATISTICS	
Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.		
Breadth of Knowledge		13
Social Science – 3 hrs.		
Humanities – 3 hrs.		
Natural & Physical Science (must complete a lab) – 4 hrs.		
Arts – 3 hrs.		
Individual and Social Responsibility		6
Cultural Knowledge – 3 hrs.		
Civic Knowledge and Engagement – 3 hrs.		
MAJOR REQUIREMENTS		
**Course will satisfy UNO's General Education requirement		
^Course requires pre-requisite(s)		
Neuroscience Major - 53-57 Hours Required		
Required Neuroscience Fundamentals Courses (Core)		20-23
NEUR 1000	SUPERHEROES, ZOMBIES, CYBORGS AND DROIDS: COULD THEY LIVE AMONG US? (**^)	
or BIOL 1450	BIOLOGY I	
NEUR 1520	INTRODUCTION TO NEUROSCIENCE I (^)	
NEUR 1540	INTRODUCTION TO NEUROSCIENCE II (^)	

PSYC 3130	STATISTICS FOR THE BEHAVIORAL SCIENCES (^)
or STAT 3000	STATISTICAL METHODS I
NEUR 3600	RESEARCH METHODS IN NEUROSCIENCE (^)
or PSYC 3140	RESEARCH METHODS IN PSYCHOLOGY
Select one of the following:	
CHEM 1140 & CHEM 1144	FUNDAMENTALS OF COLLEGE CHEMISTRY and FUNDAMENTALS OF COLLEGE CHEMISTRY LABORATORY (** ^)
or	
PHYS 1110 & PHYS 1154	PHYSICS FOR LIFE SCIENCE I and GENERAL PHYSICS LABORATORY I (** ^)
or both	
CHEM 1180 & CHEM 1184	GENERAL CHEMISTRY I and GENERAL CHEMISTRY I LABORATORY (** ^)
and	
CHEM 1190 & CHEM 1194	GENERAL CHEMISTRY II and GENERAL CHEMISTRY II LABORATORY (^)
Required Courses	
6	
*indicates also a Computing Path course	
CIST 1600	INTRODUCTION TO PROGRAMMING USING PRACTICAL SCRIPTING (^, *, SUB HCC 8006 FOR FAST TRACK)
or CIST 1400	INTRODUCTION TO COMPUTER SCIENCE I
BIOI 1000	DIGITAL HEALTH AND BIOLOGICAL SYSTEMS (** (^) Sub HCC 8006 for Fast Track)
Select 2 from the following courses (At least one from ACMP or BIOI)	
6	
ACMP 1100	INTRODUCTION TO INFORMATION SECURITY (**)
ACMP 1200	HUMAN-CENTERED COMPUTING (**)
ACMP 2900	SPECIAL TOPICS IN APPLIED COMPUTING AND INFORMATICS
ACMP 3200	DATA STRUCTURES AND ALGORITHMS FOR APPLIED COMPUTING AND INFORMATICS (^)
ACMP 3220	CREATIVITY AND INNOVATION
ACMP 3330	DESIGN METHODS AND PROTOTYPING (^)
ACMP 4000	SPECIAL TOPICS IN IT INNOVATION
ACMP/CSCI 4260	USER EXPERIENCE DESIGN (SUB HCC/ CSCI 8266 FOR FAST TRACK STUDENTS)
BIOI 3000	APPLIED BIOINFORMATICS (^,*)
BIOI 4890	COMPUTERIZED GENETIC SEQUENCE ANALYSIS (SUB BIOI 8896 FOR FAST TRACK STUDENTS)
NEUR 4000	SYSTEMS NEUROSCIENCE (^)
NEUR 4160	NEUROPHARMACOLOGY (^)
NEUR 4330	SOCIAL NEUROSCIENCE (^)
NEUR 4340	ADVANCED BEHAVIORAL NEUROSCIENCE (^)
NEUR 4480	NEUROIMMUNOLOGY (^)
NEUR 4840	GLIA IN HEALTH AND DISEASE (^)
NEUR 4870	MOLECULAR AND CELLULAR NEUROBIOLOGY (^)

Other courses in NEUR, BIOL or ACMP approved by advisor. Students who have applied for the Fast Track Programs may take graduate versions of these courses. Nine credit hours of graduate-level coursework may count toward the Neuroscience Major for students in the Fast Track Program of study.

In addition to the required fundamentals courses, 18-19 credit hours as a combination from the Cornerstone Neuroscience Lecture (3 credits), Laboratory (3 – 4 credits), and Block I, Block II, and Block III Courses (12 credits) from the lists below must be selected. Within the 12-hour credit selection, at least 3 credits must come from Block I and at least 3 credits must come from Block II. To complete the 18 credits required, a minimum of 6 credits can be taken from a combination of Block I, Block II, and Block III. No more than three hours of Experiential Study in Neuroscience (NEUR 4960) may be applied to the Additional Advanced Neuroscience Courses category. NEUR 4910, NEUR 4920, and NEUR 4930 may be taken more than once as long as they are different topics. No courses can double-count within this 18-credit hour group.

Advanced Neuroscience Coursework (18-19)

In addition to completing the required fundamentals courses, students must select 18–19 credit hours from the following components:

Cornerstone Neuroscience Lecture

3

Select one of the following lecture courses, unless it has already been used to satisfy the Supporting Neuroscience Block Courses requirement:

NEUR 4000	SYSTEMS NEUROSCIENCE (^)
NEUR 4160	NEUROPHARMACOLOGY (^)
NEUR 4330	SOCIAL NEUROSCIENCE (^)
NEUR 4480	NEUROIMMUNOLOGY (^)
NEUR/BIOL 4870	MOLECULAR AND CELLULAR NEUROBIOLOGY (^)
NEUR/BIOL 4890	GENES, BRAIN, AND BEHAVIOR (^)
PSYC/BIOL 4320	HORMONES & BEHAVIOR (^)

Cornerstone Neuroscience Laboratory

3-4

NEUR 4200	ADVANCED NEUROSCIENCE LABORATORY
NEUR/BIOL 4810	BEHAVIORAL GENETICS
PSYC/BIOL 4280	ANIMAL BEHAVIOR LABORATORY

Block I, II, and III Courses

12

Complete 12 credits total across Blocks I, II, and III, according to these rules:

At least one course (3 credits) must be from Block I (Molecular and/or Cellular Neuroscience)

At least one course (3 credits) must be from Block II (Behavioral and/or Cognitive Neuroscience)

The remaining credits (6 or more) may be selected from any combination of Blocks I, II, or III to reach the 12-credit total.

Block I (Molecular and/or Cellular Neuroscience)

NEUR 4000	SYSTEMS NEUROSCIENCE (^)
NEUR 4160	NEUROPHARMACOLOGY (^)
NEUR 4290	NEUROETHOLOGY (^)
NEUR 4340	ADVANCED BEHAVIORAL NEUROSCIENCE (^)
NEUR 4480	NEUROIMMUNOLOGY (^)
NEUR 4640	NEURAL MECHANISMS OF SUBSTANCE USE DISORDERS (^)
NEUR 4840	GLIA IN HEALTH AND DISEASE (^)
NEUR 4850	NEUROBIOLOGY OF LEARNING AND MEMORY (^)

NEUR 4870 MOLECULAR AND CELLULAR NEUROBIOLOGY (^)

NEUR/BIOL 4890 GENES, BRAIN, AND BEHAVIOR (^)

NEUR 4910 SPECIAL TOPICS IN NEUROSCIENCE - BLOCK 1 (^)

Block II (Behavioral and/or Cognitive Neuroscience)

NEUR/BIOL/GERO 3500 BIOLOGICAL PRINCIPLES OF AGING (^)

NEUR/GERO 4050 ADVANCED BIOLOGY OF AGING

NEUR/PSYC 4230 BEHAVIORAL NEUROSCIENCE (^)

NEUR 4330 SOCIAL NEUROSCIENCE (^)

NEUR 4650 NEUROMECHANICS OF HUMAN MOVEMENT (^)

or BMCH 4650 NEUROMECHANICS OF HUMAN MOVEMENT

NEUR 4710 AI IN HEALTHCARE AND NEUROSCIENCE (^)

NEUR 4920 SPECIAL TOPICS IN NEUROSCIENCE - BLOCK 2 (^)

PSYC 4090 COGNITIVE NEUROSCIENCE (^)

PSYC 4210 SENSATION AND PERCEPTION (^)

PSYC/PHIL 4250 LIMITS OF CONSCIOUSNESS (^)

PSYC/BIOL 4270 ANIMAL BEHAVIOR (^)

PSYC/BIOL 4320 HORMONES & BEHAVIOR (^)

Block III (Additional Advanced Neuroscience Choices)

NEUR 4930 SPECIAL TOPICS IN NEUROSCIENCE - NEURO ELECTIVE BLOCK (^)

NEUR 4960 EXPERIENTIAL STUDY IN NEUROSCIENCE (^)

Important Notes:

No more than 3 credits of NEUR 4960 (Experiential Study in Neuroscience) may count toward these 18–19 credits.

NEUR 4910, NEUR 4920, and NEUR 4930 may be repeated for credit provided the topics are different.

Courses cannot be “double-counted” within this set of 18–19 credits (i.e., each course may only fulfill one requirement in this category).

College Breadth

0

Neuroscience majors satisfy College of Arts and Sciences' Option 3 for college breadth, a CAS interdisciplinary major.

Bachelor Science Cognate Requirement

15

Students must complete 15 credits worth of a cognate set of courses (see below) OR may choose a minor of at least 15 hours or a double major. Courses taken within the major may not also be used toward the completion of cognate coursework. Six (6) hours of cognate coursework may double-count with your Gen Ed requirements. No more than 6 hours of cognate coursework may be at the 1000 level. At least 3 hours of cognate coursework must be at the 3000-4000 level. Note that some classes have prerequisites.

ANTH 1050 INTRODUCTION TO ANTHROPOLOGY (**)

ANTH 3910 INTRODUCTION TO PHYSICAL ANTHROPOLOGY (** ^)

ANTH 4230 ETHNOMEDICINES OF THE AMERICAS (^)

ANTH 4240 MEDICAL ANTHROPOLOGY

BIOL 1000 DIGITAL HEALTH AND BIOLOGICAL SYSTEMS (**)

BIOL 2740 HUMAN ANATOMY AND PHYSIOLOGY I (^)

BIOL 2840	HUMAN ANATOMY AND PHYSIOLOGY II (^)

Refer to Neuroscience Bachelor of Science for required 12-17 hours of pathway courses

MEDICAL, HEALTH SCIENCES, AND RESEARCH CONCENTRATION IN NEUROSCIENCE REQUIREMENTS:

Select 1 from the Following. Note: BIOL 1450 may be used either in Core requirement or concentration, not both. **3-5**

These courses can count toward 3-5 hours in the pathways	
NEUR 1560	NEUROSCIENCE PATHWAYS TO DISCOVERY
BIOL 1450	BIOLOGY I (**)
BIOL 2140	GENETICS (^)

Select 3 from the Following Courses: **9**

These courses can count toward the 18-19 Advanced Neuroscience Lecture Courses	
NEUR 4000	SYSTEMS NEUROSCIENCE (^)
NEUR 4160	NEUROPHARMACOLOGY (^)
NEUR 4330	SOCIAL NEUROSCIENCE (^)
NEUR 4340	ADVANCED BEHAVIORAL NEUROSCIENCE (^)
NEUR 4480	NEUROIMMUNOLOGY (^)
NEUR 4640	NEURAL MECHANISMS OF SUBSTANCE USE DISORDERS (^)
NEUR 4840	GLIA IN HEALTH AND DISEASE (^)
NEUR 4870	MOLECULAR AND CELLULAR NEUROBIOLOGY (^)
NEUR 4890	GENES, BRAIN, AND BEHAVIOR (^)
NEUR 4910	SPECIAL TOPICS IN NEUROSCIENCE - BLOCK 1 (^)

Other courses in NEUR approved by advisor.

Advanced Neuroscience Courses **18-19**

In addition to the required fundamentals courses, 18-19 credit hours as a combination from the Cornerstone Neuroscience Lecture (3 credits), Laboratory (3 – 4 credits), and Block I, Block II, and Block III Courses (12 credits) from the lists below must be selected. Within the 12 hour credit selection, at least 3 credits must come from Block I and at least 3 credits must come from Block II. To complete the 18 credits required, a minimum of 6 credits can be taken from a combination of Block I, Block II, and Block III. No more than three hours of Experiential Study in Neuroscience (NEUR 4960) may be applied to the Additional Neuroscience Courses category. NEUR 4910, NEUR 4920, and NEUR 4930 may be taken more than once as long as they are different topics. No courses can double-count within this 18 credit hour group.

Select one of the following Cornerstone lab courses -

NEUR 4200	ADVANCED NEUROSCIENCE LABORATORY (^)
NEUR/BIOL 4810	BEHAVIORAL GENETICS (^)
PSYC/BIOL 4280	ANIMAL BEHAVIOR LABORATORY (^)

Select one of the following Cornerstone lecture courses that has not already been used to satisfy the Neuroscience Block Courses requirement below

NEUR 4000	SYSTEMS NEUROSCIENCE (^)
NEUR 4160	NEUROPHARMACOLOGY (^)
NEUR 4330	SOCIAL NEUROSCIENCE (^)
NEUR 4480	NEUROIMMUNOLOGY (^)
NEUR/BIOL 4870	MOLECULAR AND CELLULAR NEUROBIOLOGY (^)
NEUR/BIOL 4890	GENES, BRAIN, AND BEHAVIOR (^)
PSYC/BIOL 4320	HORMONES & BEHAVIOR (^)

Block I, II, and III Courses

Select at least one of the following from Block I Neuroscience Choices: Molecular and Cellular Neuroscience

NEUR 4000	SYSTEMS NEUROSCIENCE (^)
NEUR 4160	NEUROPHARMACOLOGY (^)
NEUR 4290	NEUROETHOLOGY (^)
NEUR 4340	ADVANCED BEHAVIORAL NEUROSCIENCE (^)
NEUR 4480	NEUROIMMUNOLOGY (^)
NEUR 4640	NEURAL MECHANISMS OF SUBSTANCE USE DISORDERS (^)
NEUR 4840	GLIA IN HEALTH AND DISEASE (^)
NEUR 4850	NEUROBIOLOGY OF LEARNING AND MEMORY (^)
NEUR 4870	MOLECULAR AND CELLULAR NEUROBIOLOGY (^)
NEUR 4890	GENES, BRAIN, AND BEHAVIOR (^)
NEUR 4910	SPECIAL TOPICS IN NEUROSCIENCE - BLOCK 1 (^)

Select at least one of the following from Block II Neuroscience Choices: Behavioral and Cognitive Neuroscience

NEUR/BIOL/GERO 3500	BIOLOGICAL PRINCIPLES OF AGING (^)
NEUR/GERO 4050	ADVANCED BIOLOGY OF AGING
NEUR/PSYC 4230	BEHAVIORAL NEUROSCIENCE (^)
NEUR 4330	SOCIAL NEUROSCIENCE (^)
NEUR/BMCH 4650	NEUROMECHANICS OF HUMAN MOVEMENT (^)

NEUR 4920	SPECIAL TOPICS IN NEUROSCIENCE - BLOCK 2 (^)
PSYC 4090	COGNITIVE NEUROSCIENCE (^)
PSYC 4210	SENSATION AND PERCEPTION (^)
PSYC/PHIL 4250	LIMITS OF CONSCIOUSNESS
PSYC/BIOL 4270	ANIMAL BEHAVIOR (^)
PSYC/BIOL 4320	HORMONES & BEHAVIOR (^)
Block III Additional Advanced Neuroscience Choices:	
NEUR 4930	SPECIAL TOPICS IN NEUROSCIENCE - NEURO ELECTIVE BLOCK (^)
NEUR 4960	EXPERIENTIAL STUDY IN NEUROSCIENCE (^)
College Breadth	
Neuroscience majors satisfy College of Arts and Sciences' Option 3 for college breadth, a CAS comprehensive major.	
Bachelor Science Cognate Requirement	
Students must complete 15 credits worth of a cognate set of courses (see below) OR may choose a minor of at least 15 hours or a double major. Courses taken within the major may not also be used toward the completion of cognate coursework. Six (6) hours of cognate coursework may double-count with your Gen Ed requirements. No more than 6 hours of cognate coursework may be at the 1000 level. At least 3 hours of cognate coursework must be at the 3000-4000 level. Note that some classes have prerequisites.

ELECTIVES

Elective hours as required to reach a total of 120 hours

Neuroscience Minor

Neuroscience Minor Requirements

A minor in Neuroscience requires 15 credit hours. Students are able to complete the minor with combination of online and in-person coursework. All coursework will need to be completed with a grade of C- or better. No coursework in the minor will be allowed to double-count with a major or minor in Psychology or Biology.

Students are required to complete NEUR 1520 and NEUR 1540, plus 9 credit hours in selected 4000-level Neuroscience electives.

Code	Title	Credits
Required courses		6
NEUR 1520	INTRODUCTION TO NEUROSCIENCE I	
NEUR 1540	INTRODUCTION TO NEUROSCIENCE II	
Select 9 credit hours from the following:		9
NEUR 4000	SYSTEMS NEUROSCIENCE	
NEUR 4160	NEUROPHARMACOLOGY	
NEUR 4290	NEUROETHOLOGY	
NEUR 4330	SOCIAL NEUROSCIENCE	
NEUR 4340	ADVANCED BEHAVIORAL NEUROSCIENCE	

NEUR 4480	NEUROIMMUNOLOGY
NEUR 4640	NEURAL MECHANISMS OF SUBSTANCE USE DISORDERS
NEUR 4840	GLIA IN HEALTH AND DISEASE
NEUR 4850	NEUROBIOLOGY OF LEARNING AND MEMORY
NEUR 4870	MOLECULAR AND CELLULAR NEUROBIOLOGY
NEUR 4890	GENES, BRAIN, AND BEHAVIOR
NEUR 4910	SPECIAL TOPICS IN NEUROSCIENCE - BLOCK 1
NEUR 4920	SPECIAL TOPICS IN NEUROSCIENCE - BLOCK 2
NEUR 4930	SPECIAL TOPICS IN NEUROSCIENCE - NEURO ELECTIVE BLOCK
NEUR 4960	EXPERIENTIAL STUDY IN NEUROSCIENCE

Pharmaceutical Sciences

The UNO Bachelor of Science degree with a major in Pharmaceutical Sciences is a partnership between faculty in the Chemistry department (CHEM) within the College of Arts and Sciences at the University of Nebraska at Omaha (UNO), and the College of Pharmacy (CoP) within the University of Nebraska Medical Center (UNMC). It is intended to provide a comprehensive undergraduate education for students interested in Doctor of Pharmacy or Pharmaceutical Sciences graduate programs, or entry-level careers requiring a Bachelor of Science degree, such as sales representatives or pharmaceutical research technicians. Graduates of the program will have the sort of skills today's workforce demands, including communication, computer competencies, and teamwork skills, and will receive targeted skills in a professional field that is changing as healthcare practices and drug delivery development evolves.

Future researchers in drug development and future pharmacists will benefit from a pharmacy education that begins at the undergraduate level. Students will receive an education that propels them into programs and entry-level positions, ready to engage with other healthcare providers in the complexities of delivering patient-centered healthcare or ready to collaborate as a medical scientist in a team-oriented work environment. The partnership between UNO and UNMC will provide students with opportunities to interact with a broader base of academic and clinical faculty and staff than is typical for undergraduate students. Undergraduates in the program will engage with Chemistry or College of Pharmacy faculty to complete programmatic research requirements.

Graduates of the pharmaceutical sciences major will also have the prerequisites for entrance into UNMC's College of Pharmacy's PharmD program.

Other Information

Students working toward a degree in pharmaceutical sciences must earn a grade of "C" or better in all courses used to fulfill the major and cognate requirements. A GPA of 2.0 or higher in major and cognate courses is required to graduate with a B.S. in pharmaceutical sciences.

High school students who have successfully completed advanced high school chemistry courses (AP and/or IB) and are considering a modified course of study should consult with their advisor.

IMPORTANT OVERLAPPING RESTRICTIONS

Pharmaceutical Sciences majors:

- may not add a Chemistry minor

- may add a Chemistry major or dual degree (BA Chemistry; BS Pharmaceutical Sciences) without overlapping restrictions.

Degrees Offered

- Pharmaceutical Sciences Bachelor of Science (p. 264)

The B.S. degree in pharmaceutical sciences prepares graduates for a variety of entry-level positions in the pharmaceutical and medical industry related to drug therapy, medicine production and drug delivery. These are often high wage, high demand, and high skills jobs (H3) and include some of the following:

- Sales and marketing
- Drug research and development
- Clinical research
- Quality assurance
- Pharmaceutical manufacturing
- Chemical manufacturing
- Food and beverage manufacturing
- Testing laboratories for biomedical and bioscience.

The B.S. in pharmaceutical sciences also prepares graduates interested in pursuing further professional education with the goal of providing patient care as a pharmacist (through completion of a PharmD degree), and to graduates interested in pursuing advanced education and training to become a medical research scientist through a Master of Science (M.S.) or Doctor of Philosophy (Ph.D.) degree. The program also provides students who plan to enter health professional schools another option of a major in addition to the commonly selected majors, such as biology, chemistry, molecular and biomedical biology, and neuroscience.

Credits **15**

Total Credits **119-120**

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study.

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Philosophy

The study of philosophy is an attempt to understand the world in as unified and general a way as possible. Philosophers want to know what there is, how it works, how we know, how we should live, what is good, what is immoral, whether or not there is a God, and many other things—and, especially, how all these things fit together. One reason the study of philosophy is useful is that the methodology of philosophy—careful reasoning, precise application of logic, and thorough analysis of concepts—is applicable to any subject matter whatsoever.

The philosophy major may be earned in one of three ways: (1) the traditional major surveys core areas of critical reasoning and logic, ethics and value theory, metaphysics and epistemology, (2) the major with a concentration in the philosophy of brains, minds, and machines focuses on questions at the intersection of philosophy, psychology, neuroscience, computer science and artificial intelligence, and (3) the major with a concentration in ethics, law, and social/political philosophy centers on questions regarding the basis and nature of morality, the foundations of the law and the goals of criminal justice, our obligations with respect to the environment, and the like. The philosophy minor offers options for electives suited to nearly any companion major. The interdisciplinary ethics minor enhances and complements most other degrees.

Other Information

All coursework taken for the philosophy major or minor must be completed with a grade of "C-" or better.

No more than 6 hours counted as credit toward a major or another minor may be counted as credit toward the **ethics** minor.

Residency Requirement

A maximum of three credit hours can be transferred from another university to count towards the philosophy major, unless the chair agrees to additional credit transfer.

Student Groups

Philosophy Club (<https://www.unomaha.edu/college-of-arts-and-sciences/philosophy/student-opportunities/student-organizations.php>)

Website (<http://www.unomaha.edu/college-of-arts-and-sciences/philosophy/>)

Degrees Offered

- Philosophy, Bachelor of Arts (p. 267)
- Philosophy, Bachelor of Arts Concentration in the Philosophy of Brains, Minds, and Machines (p. 270)
- Philosophy, Bachelor of Arts Concentration in Ethics, Law, and Social-Political Philosophy (p. 272)

Minors Offered

- Philosophy Minor (p. 275)
- Ethics Minor (p. 275)

Philosophy builds the core skills that employers most value: critical thinking, creative thinking, and analytic writing. This means that study in Philosophy provides a solid foundation for a career in almost anything that you can imagine.

Just a few examples...

- Law: Philosophy majors have among the highest average scores on the Law School Admission Exam (LSAT) and have among the highest acceptance rates to law school.
- Medicine: Philosophy and other humanities majors have among the highest average scores on the Medical College Admission Test (MCAT) and among the highest acceptance rates to medical school.
- Business: Philosophy majors have among the highest average scores on the Graduate Management Admission Test (GMAT).
- Graduate School: Philosophy majors have among the highest average scores on the Graduate Record Examination (GRE) and have the highest average scores on the both the verbal section and the analytic writing section.
- Technology: Philosophy majors often go to work in technology related fields such as computer programming and artificial intelligence (AI) where their background in logic and language, as well as ethics, is highly prized. In particular, philosophy courses are a central part of prestigious programs in Artificial Intelligence.
- Public administration and social services
- Criminal Justice
- Education

When the study of Philosophy is paired with other areas of study, the foundation for success is even greater. In short, double-majoring in Philosophy multiplies the skills and knowledge provided by both majors. This is an especially attractive option since a double-major in Philosophy only requires 30 credit hours.

Philosophy, Bachelor of Arts

To obtain a B.A. with a major in Philosophy, a student must fulfill university, college, and departmental requirements.

PHIL 4220	NEUROETHICS
PHIL 4240	PHILOSOPHY OF EMOTION
PHIL 4260	MORAL PSYCHOLOGY
PHIL 4610	PHILOSOPHY OF LANGUAGE
PSYC 4070	COGNITIVE PSYCHOLOGY (^)
PSYC 4090	COGNITIVE NEUROSCIENCE (^)
PSYC 4210	SENSATION AND PERCEPTION (^)
PSYC 4230	BEHAVIORAL NEUROSCIENCE (^)
PSYC 4520	PSYCHOLOGY OF LANGUAGE
NEUR 1520	INTRODUCTION TO NEUROSCIENCE I (^)
NEUR 1540	INTRODUCTION TO NEUROSCIENCE II (^)
NEUR 4330	SOCIAL NEUROSCIENCE (^)
NEUR 4890	GENES, BRAIN, AND BEHAVIOR

Additional PSYC, NEUR, and CSCI courses upon approval of the Chair of the Department of Philosophy.

Select one 3-credit course from 3000/4000 (PHIL) Philosophy 3

At least twenty-one (21) of the total hours in the major must be upper-level Philosophy (i.e., 3000/4000 PHIL)

College Breadth (choose one option) 15-30+

Option 1: Complete any UNO minor or undergraduate certificate - 15+ hours

Option 2: Additional General Education Requirements - 18+ hours

Additional quantitative literacy - 3 hours

Additional Social Science Gen. Ed. from another Discipline - 3 hours

Additional Humanities Gen. Ed. from another Discipline - 3 hours

HIST 1000 and HIST 1010 - 6 hours

Additional Nat. and Physical Science w/ or without Lab - 3-5 hours

Option 3: CAS comprehensive major (50+ hours) OR any second UNO major (30+ hours)

Bachelor of Arts Language Requirement 16

FREN, GERM, Or SPAN, 1110, 1120, 2110, 2120

ELECTIVES

Elective hours as required to reach a total of 120 hours

Philosophy, Bachelor of Arts Requirements with a Concentration in Brains, Minds, and Machines Four Year Plan

Freshman

Fall		Credits
ENGL 1150	ENGLISH COMPOSITION I	3
MATH 1120	INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING	3-4
or MATH 1130	or QUANTITATIVE LITERACY	
or MATH 1140	or QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS	
or MATH 1300	or COLLEGE ALGEBRA WITH SUPPORT	

PHIL 1030	INTRODUCTION TO PHILOSOPHY: BRAINS, MINDS, AND MACHINES	3
-----------	---	---

Elective 1

World Language Course 1110 5

Attend Durango Days; other campus events. Set up a Handshake account and take the Pathway U career assessment. Attend the Student Involvement & Volunteer Fair to explore student organizations. Make advising appointment for spring: Sept-Oct. Work with your advisor to develop your Pathway in Stellic.

Credits 15-16

Spring

ENGL 1160 COLLEGE RESEARCH AND INFORMATION LITERACY 3

PHIL 2030 INTRODUCTION TO ETHICS 3

World Language Course 1120 5

General Education Course or Elective 4

Attend campus events such as major exploration week to get an idea of interests and career paths. Schedule a resume review with UNO Career Services. Visit faculty office hours and ask about undergraduate research opportunities. Make advising appointment for summer and fall: February – March.

Credits 15

Sophomore

Fall

CMST 1110 PUBLIC SPEAKING FUNDS 3
or CMST 2120 or ARGUMENTATION AND DEBATE

PHIL 2010 SYMBOLIC LOGIC 3

PHIL/PSYC 4250 LIMITS OF CONSCIOUSNESS 3

World Language Course 2110 3

General Education Course or Elective 3

Attend the Career & Internship Fair to start networking with employers. Look for volunteer, research, or part-time work to gain experience. Join a student organization or club related to your field or interests. Make advising appointment for spring: Sept. - Oct.

Credits 15

Spring

PHIL 3000 PHILOSOPHY WRITING SEMINAR 3

PHIL 3650 PHILOSOPHY OF MIND 3

World Language Course 2120 3

General Education Course or Elective 3

General Education Course or Elective 3

Attend a career fair for informational and networking purposes. Update your resume and LinkedIn profile with new experiences. Investigate and apply for summer internships, research, or study abroad programs. Make advising appointment for summer and fall: February – March.

Credits 15

Junior

Fall

Upper-level Philosophy course (i.e., PHIL 3000/4000) from Brains, Minds, and Machines approved list, such as PHIL 3600 Epistemology 3

General Education Course or Elective 3

General Education Course or Elective 3

General Education Course or Elective 3

Elective 3

Apply for a paid internship or research assistantship. Attend a mock interview workshop or use online interview tools with Career Services. Start researching and visiting graduate programs or professional schools. Visit Career Center, continue updating resume. Make advising appointment for spring: Sept-Oct.	
Credits	15
Spring	
Upper-level Philosophy course (i.e., PHIL 3000/4000) from Brains, Minds, and Machines approved list such as PHIL 4240 Philosophy of Emotion	3

Complete your final advising check before graduation. Polish your resume, cover letters, and LinkedIn profile. Stay connected by joining alumni networks and professional organizations. Apply for graduation via MavLink.	
Credits	15
Total Credits	120-122

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Philosophy, Bachelor of Arts Concentration in Ethics, Law and Social-Political Philosophy

Philosophy, Bachelor of Arts with a Concentration in Ethics, Law, and Social-Political Philosophy Requirements

Code	Title	Credits
GENERAL EDUCATION REQUIREMENTS - 34 Hours Required		
Minimum of "C-"required		
Fundamental Skills		15
Writing – 6 hrs.		
ENGL 1150	ENGLISH COMPOSITION I	
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	
Oral Communication – 3 hrs.		
CMST 1110	PUBLIC SPEAKING FUNDS	
or CMST 2120	ARGUMENTATION AND DEBATE	
Quantitative Literacy – 3 hrs.

LAWS 3170	ETHICS IN BUSINESS
LAWS 3940	LEGAL AND ETHICAL APPLICATIONS

SPED 2100	PROFESSIONALISM & ETHICS OF INTERPRETING
Total Credits	15

Physics

The Physics Department at UNO is a vibrant program well-known for offering quality education, diverse research activities, and broad community outreach programs.

The variety of options students have in the physics program makes our graduates well prepared to thrive in modern industries. Additionally, about a third of physics graduates are accepted into top graduate degree programs where they can pursue a master’s or doctoral degree in physics, physics education, engineering, chemistry, astrophysics, biophysics and medical physics. Our curriculum is flexible and provides students with a number of options to better prepare them for the career of their choice.

In addition to our Bachelors of Science program we offer concentrations in Biomedical Physics and Physics Education. The Physics Department emphasizes involving its physics majors in undergraduate research as well as the education process. Working closely with the faculty provides students a valuable experience. Beyond-the-classroom learning opportunities engage students and create a sense of community. Research projects are available in the following areas: astrophysics, biophysics, medical physics, computational physics, quantum computing, materials for energy applications, solid-state physics, and physics education.

Other Information

All coursework taken for the Physics major or minor must be completed with a grade of “C-” or better.

Physics majors must also take the two assessment tests (Major Field Test and Local Test) and complete the exit interview.

Apart from PHYS 1154, PHYS 1164, and PHYS 1950, no 1000-level courses may count toward the major requirements in physics. However, they do count as electives for various other college degrees.

Physics majors should strive to take as many of the courses in modern physics (PHYS 4210, PHYS 4220, PHYS 4230) and electronics (PHYS 3500) as their program will permit.

The **senior project** must be approved and the department chair notified at least eight months prior to graduation as a Physics major and the student must register for either PHYS 4950 or PHYS 4960.

Upper division courses (3000-level or higher) will assume that students have at least some experience with, and ability to use, computers for solving physics problems.

Physics is also offered as a concentration in the Division of Continuing Studies.

Website (<http://www.physics.unomaha.edu/>)

Degrees Offered

- Physics, Bachelor of Arts (p. 276)
- Physics, Bachelor of Science (p. 279)
- Physics, Bachelor of Science with a Concentration in Biomedical Physics (p. 281)

- Physics, Bachelor of Science with a Concentration in Physics Education (p. 283)

Minors Offered

- Physics Minor (p. 285)

Physics is one of the broadest scientific disciplines. Most students develop expertise with a great variety of hands-on experiences with instrumentation, fabrication, analytical techniques and computer modeling. These practical skills make physicists attractive to employers in physics, engineering, financial and computer science fields.

Particular skills include: research and problem solving, fluency in using scientific equipment, refined mathematical skills, programming, modeling and simulation, and quality control protocol.

“Soft skills” are also vital to successful career. Soft skills you would be trained in at the university include: cultivating strategic written and oral communication skills, learning to work well on a team, and being a good listener.

Some common jobs for those who have a bachelor’s degree in physics include:

- Design or process engineer
- Software engineer
- Applications engineer
- Inside sales engineer
- Research analyst
- Lab technician
- IT developer (administrator, consultant)
- Programmer
- High school science teacher
- Accelerator operator
- Data analyst
- Systems analyst
- Technical specialist.

If students choose to continue and receive a graduate degree the 10 most common jobs are

- Research scientist (at tech companies, national laboratories or universities)
- Professor, physics teacher
- Data scientist
- Lab manager
- Medical physicist
- Aerospace engineer
- Astronomer
- Environmental scientist
- Geophysicist.

or CMST 2120	ARGUMENTATION AND DEBATE
Quantitative Literacy – 3 hrs.	
MATH 1120	INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING
or MATH 1130	QUANTITATIVE LITERACY
or MATH 1140	QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS
or MATH 1300	COLLEGE ALGEBRA WITH SUPPORT
Data Literacy – 3 hrs.	
Select one from the following:	
STAT 1100	DATA LITERACY AND VISUALIZATION
STAT 1530	ELEMENTARY STATISTICS
Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.	
Breadth of Knowledge	13
Social Science – 3 hrs.	
Humanities – 3 hrs.	
Natural & Physical Science (must complete a lab) – 4 hrs.	
Arts – 3 hrs.	
Individual and Social Responsibility	6
Cultural Knowledge – 3 hrs.	
Civic Knowledge and Engagement – 3 hrs.	
MAJOR REQUIREMENTS	
**Course will satisfy UNO's General Education requirement	
^Course requires pre-requisite(s)	
Physics Bachelor Arts - 49 Hours Required	
Required coursework	48
PHYS 1950	PHYSICS GATEWAY COURSE
PHYS 2110 & PHYS 1154	GENERAL PHYSICS I - CALCULUS LEVEL and GENERAL PHYSICS LABORATORY I (**)
PHYS 2120 & PHYS 1164	GENERAL PHYSICS II-CALCULUS LEVEL and GENERAL PHYSICS LABORATORY II
PHYS 2130	MODERN PHYSICS
PHYS 3250	MATHEMATICAL METHODS OF PHYSICS
MATH 1950	CALCULUS I (^)
MATH 1960	CALCULUS II
MATH 1970	CALCULUS III
PHYS 3450	CLASSICAL MECHANICS
PHYS 3600	THERMODYNAMICS AND STATISTICAL PHYSICS
PHYS 3750	ELECTRICITY AND MAGNETISM I
PHYS 3800	OPTICS
PHYS 4200	INTRODUCTION TO QUANTUM MECHANICS
PHYS 3504	EXPERIMENTAL PHYSICS I
PHYS 4950	PROBLEMS IN PHYSICS
or PHYS 4960	PROBLEMS IN PHYSICS
Select one of the following	1
PHYS 3524	EXPERIMENTAL MATERIALS SCIENCE
PHYS 3544	EXPERIMENTAL PHYSICS III
PHYS 3564	EXPERIMENTAL PHYSICS IV

*Students taking a number of 2000-level mathematics courses may be permitted to waive PHYS 3250 or PHYS 3260.

College Breadth (choose one option) 15-30+

Option 1: Complete any UNO minor or undergraduate certificate - 15+ hours

Option 2: Additional General Education Requirements - 18+ hours

Additional quantitative literacy - 3 hours

Additional Social Science Gen. Ed. from another Discipline - 3 hours

Additional Humanities Gen. Ed. from another Discipline - 3 hours

HIST 1000 and HIST 1010 - 6 hours

Additional Nat. and Physical Science w/ or without Lab - 3-5 hours

Option 3: CAS comprehensive major (50+ hours) OR any second UNO major (30+ hours)

Bachelor Arts Language Requirements 16

FREN, GERM, Or SPAN, 1110, 1120, 2110, 2120

ELECTIVES

Elective hours as required to reach a total of 120 hours

Physics, Bachelor of Arts Four Year Plan

Freshman

Fall		Credits
ENGL 1150	ENGLISH COMPOSITION I	3
MATH 1950	CALCULUS I	5
PHYS 1950	PHYSICS GATEWAY COURSE	1
World Language Course 1110		5
Elective		1
Attend Durango Days; other campus events. Set up a Handshake account and take the Pathway U career assessment. Attend the Student Involvement & Volunteer Fair to explore student organizations. Make advising appointment for spring: Sept-Oct. Work with your advisor to develop your Pathway in Stellic.		

Credits 15

Spring

MATH 1960	CALCULUS II	4
PHYS 2110 & PHYS 1154	GENERAL PHYSICS I - CALCULUS LEVEL and GENERAL PHYSICS LABORATORY I	5
World Language Course 1120		5

Attend campus events such as major exploration week to get an idea of interests and career paths. Schedule a resume review with UNO Career Services. Visit faculty office hours and ask about undergraduate research opportunities. Make advising appointment for summer and fall: February – March.

Credits 14

Sophomore

Fall		
MATH 1970	CALCULUS III	4
CMST 1110	PUBLIC SPEAKING FUNDS	3
or CMST 2120	or ARGUMENTATION AND DEBATE	
PHYS 2120 & PHYS 1164	GENERAL PHYSICS II-CALCULUS LEVEL and GENERAL PHYSICS LABORATORY II	5
World Language Course 2110		3

Attend the Career & Internship Fair to start networking with employers. Look for volunteer, research, or part-time work to gain experience. Join a student organization or club related to your field or interests. Make advising appointment for spring: Sept. - Oct.

Credits		15
Spring		
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	3

Elective		3
Elective		3
Elective		3
Complete your final advising check before graduation. Polish your resume, cover letters, and LinkedIn profile. Stay connected by joining alumni networks and professional organizations. Apply for graduation via MavLink.		
Credits		13-15
Total Credits		120-122

Graduation Requirements: Physics majors must also take the two assessment tests (Major Field Test and Local test) and complete the exit interview.

The senior project must be approved and the department chair notified at least eight months prior to graduation as a Physics major and the student must register for either PHYS 4950 (<https://catalog.unomaha.edu/search/?P=PHYS%204950>) or PHYS 4960 (<https://catalog.unomaha.edu/search/?P=PHYS%204960>).

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>. Transfer credit or placement exam scores may change suggested plan of study.

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

MAJOR REQUIREMENTS		
**Course will satisfy UNO's General Education requirement		
^Course requires pre-requisite(s)		
Physics Major with a Concentration in Physics Education - 95 Hours Required		
A Bachelor of Science in physics with a concentration in education leads to a physics teaching certificate at the secondary-school level. In some cases, it is possible to earn both a B.S. in physics and a B.S. in secondary education.		
Required Coursework		56
PHYS 1350 & PHYS 1354	PRINCIPLES OF ASTRONOMY and INTRODUCTORY ASTRONOMY LAB	
PHYS 1950	PHYSICS GATEWAY COURSE	
PHYS 2110 & PHYS 1154	GENERAL PHYSICS I - CALCULUS LEVEL and GENERAL PHYSICS LABORATORY I (**)	
PHYS 2120 & PHYS 1164	GENERAL PHYSICS II-CALCULUS LEVEL and GENERAL PHYSICS LABORATORY II	
PHYS 2130	MODERN PHYSICS	

PHYS 3250	MATHEMATICAL METHODS OF PHYSICS
PHYS 3300	INTRODUCTION TO BIOMEDICAL PHYSICS
PHYS 3450	CLASSICAL MECHANICS
PHYS 3504	EXPERIMENTAL PHYSICS I
PHYS 3600	THERMODYNAMICS AND STATISTICAL PHYSICS
PHYS 3750	ELECTRICITY AND MAGNETISM I
GEOL 1170	INTRODUCTION TO PHYSICAL GEOLOGY (**)
MATH 1950	CALCULUS I (Requires MATH 1330 or MATH 1340)
MATH 1960	CALCULUS II
MATH 1970	CALCULUS III
CHEM 1180 & CHEM 1184	GENERAL CHEMISTRY I and GENERAL CHEMISTRY I LABORATORY (**)

Additional Requirements for Educator Preparation include a Major Field Test and Local Test

Select all of the following Educator Preparation Program Requirements **27**

TED 2100	EDUCATIONAL FOUNDATIONS (^)
TED 2200	HUMAN RELATIONS FOR BIAS-FREE CLASSROOMS (** ^)
or TED 2060	EQUITY, LANGUAGE, AND CULTURAL LITERACY
TED 2380	DEVELOPMENT AND LEARNING IN ADOLESCENCE
TED 2400	PLANNING FOR EFFECTIVE TEACHING
TED 3550	SECONDARY CLASSROOM MANAGEMENT (^)
TED 3690	LITERACY AND LEARNING (^)
TED 4000	SPECIAL METHODS IN THE CONTENT AREA (^)
SPED 3800	DIFFERENTIATION AND INCLUSIVE PRACTICES (^)

In addition, earning the grades 6-12 Nebraska Teaching Certificate requires a semester of Clinical Practice **12**

TED 4600	CLINICAL PRACTICE AND SEMINAR: ELEMENTARY OR SECONDARY LEVEL (^)
----------	--

College Breadth

College of Arts and Sciences' college breadth requirement satisfied by this major

Bachelor Science Cognate Requirement

Cognate requirement is satisfied within the major.

ELECTIVES

Elective hours as required to reach a total of 120 hours

Physics, Bachelor of Science with a Concentration in Physics Education Four Year Plan

Freshman

		Credits
Fall		
PHYS 1350 & PHYS 1354	PRINCIPLES OF ASTRONOMY and INTRODUCTORY ASTRONOMY LAB	4

Complete your final advising check before graduation. Polish your resume, cover letters, and LinkedIn profile. Stay connected by joining alumni networks and professional organizations. Apply for graduation via MavLink.

Credits **12**

Total Credits **120**

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study.

GPA Requirements: 2.75

Graduation Requirements: Major Field Test, Local Test. For Teaching Certificate: Completion of Praxis CORE

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Physics Minor

Physics Minor Requirements

The physics minor requires 18 credit hours in physics coursework, as outlined below. Minimum grade required for each course is "C-".

Code	Title	Credits
Required Courses:		9
PHYS 2110	GENERAL PHYSICS I - CALCULUS LEVEL (4 cr)	
PHYS 2120	GENERAL PHYSICS II-CALCULUS LEVEL (4 cr)	
PHYS 1154 or PHYS 1164	GENERAL PHYSICS LABORATORY I (1 cr) or GENERAL PHYSICS LABORATORY II	
Students must select 9 credit hours with a minimum of 6 credits at the 3000/4000 level.		
Select 6 credits from the following:		6
PHYS 3450	CLASSICAL MECHANICS (3 cr)	
PHYS 3600	THERMODYNAMICS AND STATISTICAL PHYSICS (3 cr)	
PHYS 3750	ELECTRICITY AND MAGNETISM I (3 cr)	
PHYS 3800	OPTICS (3 cr)	
PHYS 4200	INTRODUCTION TO QUANTUM MECHANICS (3 cr)	
Select an additional 3 credits in physics from 1000-4000 level, excluding PHYS 1030, 1034, 1050, 1054, 1110 and 1120.		3

Note: PHYS 3250 is a common prerequisite to other physics courses and could be a helpful free elective. Additionally, MATH 1950 and MATH 1960 are required for PHYS 2110 and PHYS 2120 respectively, with MATH 1970 being a common prerequisite to other physics courses.

Political Science

A major in political science prepares students for a rich and rewarding career. Political science graduates are well equipped for professions both at home and abroad in the fields of law, business, criminal justice, education, journalism, and government service at the local, state, and federal levels. In fact, many political science graduates have reached the pinnacle of their respective professions.

Political science is a flexible major, with the curriculum available **on campus or entirely online**. Political science is among the most popular liberal arts majors and is highly suitable for combination as a **double major** with other disciplines such as business, economics, foreign languages, history, international studies, philosophy, psychology, and sociology, among others.

The Bachelor of Arts and Bachelor of Science degrees may be obtained with or without a concentration. Students may pursue concentrations in government affairs and civic engagement, foreign and national security affairs, law and the courts, political thought, and race, ethnicity and gender politics.

Public Service

The political science major provides students with the tools to become effective and politically active citizens and leaders. Students learn to process the endless flow of ideas, rhetoric and data that are an inescapable feature of the information age. By polishing valuable skills in analysis, communication, research, and writing, political science classes challenge students to think independently, with an informed awareness of current affairs and tolerance for other points of view. With these skills political science graduates are always among the leaders in community organizations and electoral politics.

Pre-Law

Political science continues to be the single most popular major among students who apply to law school. Law schools emphasize the importance of a course of study that develops the following skills: an understanding of human nature and human institutions, clarity in written and oral communication, and creative and critical thinking. Political science offers such an education, plus a number of courses that provide undergraduates with a rigorous introduction to legal concepts and arguments, as well as to the operation of the American legal system. Students who are interested in majoring in political science as a preparation for law school are encouraged to pursue a concentration in law and the courts and they are invited to consult with the department's pre-law advisor.

Other Information

A political science major or minor must earn at least a "C-" in all political science and cognate courses presented in satisfaction of the major or minor.

For the political science minor, 9 credits must be taken in residence at UNO.

For the political science major, 15 credits must be taken in residence at UNO.

Political Science may also be studied through the College of Public Affairs and Community Service in the Division of Continuing Studies. Students interested in this degree program must meet with an advisor in the Division of Continuing Studies. The concentration consists of a minimum of 30 credit hours in political science, details of which are found here (<https://www.unomaha.edu/college-of-public-affairs-and-community-service/division-of-continuing-studies/academics/areas-of-study/political-science.php>).

Student Groups (<https://www.unomaha.edu/college-of-arts-and-sciences/political-science/student-opportunities/student-organizations.php>)

UNO Pre-Law Society

Option for Degree Completion Fast Track Program

The Department of Political Science has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor's degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to 9 graduate hours toward the completion of their undergraduate program as well as the graduate degree program.

Program Specifics:

- This program is available for undergraduate students pursuing BA/BS in Political Science or BA in International Studies desiring to pursue a MS in Political Science.
- Students must have completed no less than 60 undergraduate hours.
- Students must have a minimum undergraduate GPA of 3.5.
- Students must complete the Fast Track Approval form and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course.
- Students will work with their undergraduate advisor to register for the graduate courses.
- A minimum cumulative GPA of 3.0 is required for graduate coursework to remain in good standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. The application fee will be waived, the applicant will need to contact the Office of Graduate Studies for a fee waiver code.
 - Admission to Fast Track does NOT guarantee admission to the graduate program.
 - The admit term must be after the completion term of the undergraduate degree.

Notes:

- 8000-level courses taken at the undergraduate level without having been accepted into the integrated program will not count towards a graduate program.
- Students accepted into the Fast Track program may be denied entry into the graduate program due to, but not limited to poor performance, academic integrity issues, and other violations of the student code of conduct.
- Before starting graduate work, students are expected to complete all PSCI subfield introductory courses (1100, 2000, 2210, 2310, and 2500) and 2-3 (3000/4000) level political science courses.
- Please inquire with the Department of Political Science graduate advisor for more information about this program.

Other Program Related Information

The Departments of History and Political Science have developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor's degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to nine (9) graduate hours toward the completion of their undergraduate program as well as the graduate degree program.

Program Specifics:

- This program is available for undergraduate students pursuing BA/BS in History or BA/BS in Political Science desiring to pursue a MA in History and Government.
- Students must have completed no less than 95 undergraduate hours.
- Students must have a minimum undergraduate GPA of 3.5.
- Students must complete the Fast Track Approval form and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course.
- Students will work with their undergraduate advisor to register for the graduate courses.
- A minimum cumulative GPA of 3.0 is required for graduate coursework to remain in good academic standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. The application fee will be waived, the applicant will need to contact the Office of Graduate Studies for a fee waiver code.
 - Admission to Fast Track does NOT guarantee admission to the graduate program.
 - If students obtain a minimum GPA of 3.8 in the graduate courses taken within the Fast Track Program, this will be considered a plus factor for admission to the master's degree program.
 - The admit term must be after the completion term of the undergraduate degree.

Contact Information

275 Arts & Sciences Hall

Website (<http://www.unomaha.edu/college-of-arts-and-sciences/political-science/>)

Degrees Offered

- Political Science, Bachelor of Arts (p. 287)
- Political Science, Bachelor of Science (p. 294)

Minors Offered

- Political Science Minor (p. 300)
- Leadership and Public Policy Minor (p. 300)

Political Science majors make great employees in any field because of their ability to communicate effectively, think critically and solve complex problems. These timeless skills make them attractive to employers in all walks of society. Specifically though, Political Science majors often pursue careers in:

- Government
- Public Sector Jobs
- National Security
- Journalism and Media
- Law
- Diplomacy & International Affairs
- Business
- Human Rights
- Education

- Military
- Nonprofit & International Organizations

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study.

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for

the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study.

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Political Science Minor

Political Science, Minor Requirements

An undergraduate minor in political science may be earned by completing
15 hours of political science, 12 of which must be at the 3000 to 4000 level.
All of these courses must be completed with a grade of "C-" or better.The political science minor is offered on campus, entirely online, or a
combination of the two.

Leadership and Public Policy Minor

Description

The leadership and public policy minor is designed to appeal to students
in a wide variety of majors that desire to complement their primary field
of study with practical knowledge that will enable them to serve as public
leaders. The minor will direct students to think critically about the viable
solutions needed to solve problems that require effective leadership for the
public good. It will engage students in learning about leadership for the
public good and effective citizenship.Students in the minor will learn the role of leadership in public policy.
Specifically, they will learn how people in positions of both public
responsibility (such as government officials) and private influence (such

as the heads of for-profit and non-profit organizations) act in the realm of public policy: how demands for changes to public policy are organized and communicated, how social problems are identified and policies to address them are developed, how such policies are formally enacted, how they are implemented, and how they are evaluated.

This minor will offer students a substantive qualification in public policy leadership and will give them a way to demonstrate a specific commitment in this area of expertise to potential employers and graduate programs. It will prepare students for work in public organizations, as well as private for-profit and non-profit organizations, involved in the policy-making process. It will also prepare them for graduate studies in fields such as political science, public administration, and law.

Other Information

All coursework taken for the leadership and public policy minor must be completed with a grade of "C-" or better.

The leadership and public policy minor is intended for majors outside of political science. Should a political science major choose to also minor in leadership and public policy, minor requirements will not double-count within the political science major.

Leadership and Public Policy, Minor Requirements

The minor in leadership and public policy requires a total of 15 credit hours. Students will be required to take the following courses:

Code	Title	Credits
All of the following:		6
PSCI 2110	INTRODUCTION TO PUBLIC POLICY	
PSCI 2120	INTRODUCTION TO LEADERSHIP	
or PA 2000	LEADERSHIP & ADMINISTRATION	
Select three upper division courses in leadership or public policy from the following: ¹		9
PSCI 3010	URBAN POLITICS	
PSCI 3040	GOVERNMENT AND POLITICS OF NEBRASKA	
PSCI 3050	STATE GOVERNMENT AND POLITICS	
BLST/PSCI 3410	LAW AND THE BLACK COMMUNITY	
PSCI 4030	THE PRESIDENCY	
PSCI 4040	CONGRESS AND THE LEGISLATIVE PROCESS	
PSCI 4050	THE JUDICIAL PROCESS	
PA 3200	PROGRAM PLANNING AND EVALUATION	
PA 4300	SEMINAR IN PUBLIC POLICY	
PA 4390	PUBLIC BUDGETING	

¹ Other appropriate upper-division courses may also be used with the permission of an advisor.

Psychology

The Department of Psychology offers the Bachelor of Arts and the Bachelor of Science degrees. The psychology course requirements are identical in these two degree programs, emphasizing training and hands-on experience in the research process centered on a four-course sequence capped by a laboratory in one of six areas of psychology: learning, cognition, development, sensation and perception, behavioral neuroscience, or animal behavior. The B.A. and B.S. degree programs differ in additional course requirements, as described below. Both programs prepare the student for graduate study in psychology.

Psychology majors may declare a concentration in any one of the following eight areas: applied behavior analysis, cognitive science, developmental psychology, forensic psychology, industrial/organizational psychology, mental health, neuroscience and behavior, and school psychology. Each concentration is a minimum of 12 credit hours. A concentration is optional, and only one concentration may be declared.

Other Information

All coursework taken for the psychology major or minor must be completed with a grade of "C-" or better.

For the psychology minor, 9 credits must be taken in residence at UNO.

One of the required non-psychology courses for the B.S. degree may be taken CR/NC.

Neuroscience or Biology majors with Psychology double majors or minors:

Neuroscience and Psychology Double Major: Beyond the neuroscience fundamentals courses, students cannot use a 3000/4000 level course to count toward both majors. Students may overlap 3000/4000 level PSYC courses between the PSYC Neuroscience and Behavior Concentration and the Neuroscience major.

Biology and Psychology Double Major: For a double major in **Biology and Psychology**, beyond the required fundamentals courses, students may not use a 3000/4000 level course to count toward both programs.

Neuroscience major and Psychology minor: No upper-level (3000/4000 level) PSYC courses will be allowed to count toward both programs.

Biology major and Psychology minor: Aside from PSYC 3130, students may not use the same 3000/4000 level Biol/Psyc course toward the completion of both programs.

Student Groups

Psi Chi - Local (<https://www.unomaha.edu/college-of-arts-and-sciences/psychology/student-opportunities/psi-chi.php>); National Honor Society in Psychology (<https://www.psichi.org/default.aspx>)
Nu Rho Psi - National Honor Society in Neuroscience (<https://nurhoppsi.org/>)

Psychology Student Interest Group - Canvas Page where students can learn about events, activities, meetings, or opportunities related to psychology happening on campus or in the Omaha community! Psychology students will automatically receive an invitation to join the canvas page near the start of the semester from the Canvas portal. Students can also request to be added to this group by submitting their email address here (https://unomaha.az1.qualtrics.com/jfe/form/SV_1SUVaqjKEDZGIYd/).

- Psychology, Bachelor of Science (p. 317)

Minors Offered

- Psychology Minor (p. 345)

As most people know, a primary focus in psychology is in the diagnosis and treatment of mental health issues. But that’s just one of many specialties within the field. In addition to Clinical and Counseling Psychology, other popular subdisciplines include Industrial-Organizational Psychology, School Psychology, Applied Behavior Analysis, Behavioral Neuroscience, Developmental Psychology, Social Psychology, and Cognitive Psychology.

Because Psychology is so diverse in its focus and research, a Bachelor’s degree in Psychology prepares students for a wide variety of careers. This major helps students develop universally useful skills like communication, critical-thinking, an understanding of the scientific process, and a proficiency with statistics and data. A Bachelor’s degree in Psychology is also a great choice for those interested in pursuing a graduate degree in Psychology, Counseling, Law and Criminal Justice, Social Work, or Medicine and Health Sciences. So if you’re curious about why we do the things that we do and ready for a rewarding career, join us in Psychology.

Psychology majors who have completed a Bachelor’s degree often pursue careers in the following fields:

- Mental health services
- Social services
- Human resources
- Case management
- Physical health and wellness
- Crisis work
- Rehabilitation services
- Testing and assessment
- Business administration
- Research and data analysis
- Nonprofit and charitable organizations

Fall		Credits
ENGL 1150	ENGLISH COMPOSITION I	3
MATH 1120 or MATH 1300	INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING or COLLEGE ALGEBRA WITH SUPPORT	3-4
PSYC 1010	INTRODUCTION TO PSYCHOLOGY I	3
World Language 1110		5

Attend Durango Days; other campus events. Set up a Handshake account and take the Pathway U career assessment. Attend the Student Involvement & Volunteer Fair to explore student organizations. Make advising appointment for spring: Sept-Oct. Work with your advisor to develop your Pathway in Stellic.

Credits**14-15****Spring**

ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	3
PSYC 1020	INTRODUCTION TO PSYCHOLOGY II (*)	3
PSYC 2000	CAREER PATHS IN PSYCHOLOGY (**)	1

PSYC 2040	EXPLORATIONS IN THE SCIENCE OF PSYCHOLOGY (**)	3
World Language 1120		5
*PSYC 1020: Recommended to take PSYC 2040 concurrently.		
**PSYC 2040: required prior to or concurrent with PSYC 3130. Recommended to take concurrently with PSYC 1020.		
Attend campus events such as major exploration week to get an idea of interests and career paths. Schedule a resume review with UNO Career Services. Visit faculty office hours and ask about undergraduate research opportunities. Make advising appointment for summer and fall: February – March.		

Credits 15

Sophomore

Fall		
CMST 1110 or CMST 2120	PUBLIC SPEAKING FUNDS or ARGUMENTATION AND DEBATE	3
PSYC 3130 or STAT 3000	STATISTICS FOR THE BEHAVIORAL SCIENCES or STATISTICAL METHODS I	3
World Language 2110		3
General Education Course or Elective		4
General Education Course or Elective		3
Attend the Career & Internship Fair to start networking with employers. Look for volunteer, research, or part-time work to gain experience. Join a student organization or club related to your field or interests. Make advising appointment for spring: Sept. - Oct.		

Credits 16

Spring

PSYC 3140	RESEARCH METHODS IN PSYCHOLOGY	4
Psychology Distribution/Upper-Level		3
World Language 2120		3
General Education Course or Elective		3
General Education Course or Elective		3

Credits 16

Junior

Fall		
Psychology Distribution/Upper-Level		3
Psychology Distribution/Upper-Level		3
General Education Course or Elective		3
Elective		3
Elective		3
Apply for a paid internship or research assistantship. Attend a mock interview workshop or use online interview tools with Career Services. Start researching and visiting graduate programs or professional schools. Visit Career Center, continue updating resume. Make advising appointment for spring: Sept-Oct.		

Credits 15

Spring

Psychology Distribution/Upper-Level		3
Psychology Distribution/Upper-Level		3
General Education Course or Elective		3
Elective		3
Elective		3

Attend a career fair for informational and networking purposes. Update your resume and LinkedIn profile with new experiences. Investigate and apply for summer internships, research, or study abroad programs. Make advising appointment for summer and fall: February – March.

Credits 15

Senior

Fall		
PSYC 4890	SENIOR ASSESSMENT IN PSYCHOLOGY (*)	0
Psychology Distribution/Upper-Level/LAB**		3
Elective		3
Elective		3
Elective		3
Elective		3

*Senior Assessment can be completed in either fall or spring semester of senior year.

**An Advanced Psychology Lab will be required for the Psychology major. Students must have already taken a corresponding lecture, and all core major requirements prior to taking the lab. Students must work closely with their major advisor to plan effectively for this requirement and to discuss the best options for their interests and future plans.

Request letters of recommendation from faculty for jobs or grad school. Attend the All-Majors Career Fair with a plan to network. Meet with your advisor or submit for a graduation check-in to review remaining degree requirements. Make advising appointment for summer and fall: February – March.

Credits 14

Total Credits 120-121

Adding an optional concentration to the BA: Students should work with their Psychology advisor(s) if they would like to add a concentration to this plan.

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study.

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Applied Behavior Analysis Psychology, Bachelor of Arts with a Concentration in Applied Behavior Analysis Requirements

PSYC 3130	STATISTICS FOR THE BEHAVIORAL SCIENCES (^)
or STAT 3000	STATISTICAL METHODS I
PSYC 3140	RESEARCH METHODS IN PSYCHOLOGY (^)
PSYC 4560	FORENSIC PSYCHOLOGY (^)
PSYC 4800	LAW & PSYCHOLOGY: ETHICS, RESEARCH & SERVICE
PSYC/SOC 3450	SOCIAL PSYCHOLOGY (^)
PSYC 4440	ABNORMAL PSYCHOLOGY (^)
PSYC 4890	SENIOR ASSESSMENT IN PSYCHOLOGY (^)

*Check with advisor to see if either PSYC 3450 or PSYC 4440 can be replaced with Criminal Justice courses.

Select four 3-credit (PSYC) Psychology courses from four of the five areas below. Some courses taken for the selected concentration will also be applied toward this requirement. See an advisor to plan accordingly. 12

Applied Psychology

PSYC 3510	EDUCATIONAL PSYCHOLOGY (^)
PSYC 4020	LEARNING (^)
PSYC 4310	PSYCHOLOGICAL AND EDUCATIONAL TESTING (^)
PSYC 4510	PSYCHOLOGY IN THE SCHOOLS (^)
PSYC 4560	FORENSIC PSYCHOLOGY (^)
PSYC 4630	ORGANIZATIONAL PSYCHOLOGY (^)
PSYC 4640	PERSONNEL PSYCHOLOGY (^)

Social/Personality/Developmental Psychology

PSYC/SOC 3450	SOCIAL PSYCHOLOGY (^)
PSYC 3520	CHILD PSYCHOLOGY (^)
PSYC 3540	ADOLESCENT PSYCHOLOGY (^)
PSYC 4450	PERSONALITY THEORIES (^)
PSYC/GERO 4460	PSYCHOLOGY OF ADULT DEVELOPMENT AND AGING (^)

Mental Health

PSYC 3410	CLINICAL PSYCHOLOGY (^)
PSYC 3430	PERSONALITY AND ADJUSTMENT (^)
PSYC 4440	ABNORMAL PSYCHOLOGY (^)
PSYC/GERO 4470	MENTAL HEALTH AND AGING (^)
PSYC 4570	BEHAVIOR ANALYSIS AND INTERVENTIONS (^)
PSYC 4590	PSYCHOLOGY OF EXCEPTIONAL CHILDREN (^)
PSYC 4800	LAW & PSYCHOLOGY: ETHICS, RESEARCH & SERVICE (^)

Cognitive Neuroscience

PSYC 4070	COGNITIVE PSYCHOLOGY (^)
PSYC 4090	COGNITIVE NEUROSCIENCE (^)
PSYC 4210	SENSATION AND PERCEPTION (^)
PSYC 4230	BEHAVIORAL NEUROSCIENCE (^)
PSYC/BIOL 4270	ANIMAL BEHAVIOR (^)
PSYC/BIOL 4320	HORMONES & BEHAVIOR (^)
PSYC 4520	PSYCHOLOGY OF LANGUAGE (^)

Additional Perspectives

PSYC/PHIL 3650	PHILOSOPHY OF MIND (^)
PSYC 4010	HISTORY OF PSYCHOLOGY (^)
PSYC 4030	CONCEPTUAL ANALYSIS OF BEHAVIOR (^)
PSYC/PSCI 4110	POLITICAL PSYCHOLOGY (^)
PSYC/BLST 4150	AFRICAN AMERICAN PSYCHOLOGY (** ^)
PSYC/PHIL 4250	LIMITS OF CONSCIOUSNESS (^)
PSYC 4680	POSITIVE PSYCHOLOGY, HEALTH, & WELL-BEING (^)
PSYC 4960	INDEPENDENT STUDY IN PSYCHOLOGY (^)
PSYC 4990	SENIOR THESIS (^) ¹

Select one 3-credit (PSYC) Psychology Laboratory course at the 4000 Level 3

PSYC 4024	LABORATORY IN PSYCHOLOGY: LEARNING (^)
PSYC 4074	LABORATORY IN PSYCHOLOGY: COGNITION, SENSATION AND PERCEPTION (^)
PSYC 4234	LABORATORY IN PSYCHOLOGY: BEHAVIORAL NEUROSCIENCE (^)
PSYC/BIOL 4280	ANIMAL BEHAVIOR LABORATORY (^)
PSYC 4414	LABORATORY IN APPLIED BEHAVIOR ANALYSIS (^)
PSYC 4544	LABORATORY IN DEVELOPMENTAL PSYCHOLOGY (^)
PSYC 4644	LABORATORY IN PSYCHOLOGY: SOCIAL/ INDUSTRIAL-ORGANIZATIONAL (^)
PSYC 4990	SENIOR THESIS (^) ²

Select two 3-credit (PSYC) Psychology courses at the 3000-4000 level. Courses taken for the selected concentration can also be applied toward this requirement. See an advisor to plan accordingly. 6

College Breadth (choose one option) 15-30+

Option 1: Complete any UNO minor or undergraduate certificate - 15+ hours

Option 2: Additional General Education Requirements - 18+ hours

Additional quantitative literacy - 3 hours

Additional Social Science Gen. Ed. from another Discipline - 3 hours	
Additional Humanities Gen. Ed. from another Discipline - 3 hours	
HIST 1000 and HIST 1010 - 6 hours	
Additional Nat. and Physical Science w/ or without Lab - 4-5 hours	
Option 3: CAS comprehensive major (50+ hours) OR any second UNO major (30+ hours)	
Bachelor of Arts Language Requirement	16
FREN, GERM, Or SPAN, 1110, 1120, 2110, 2120	
ELECTIVES	
Elective hours as required to reach a total of 120 hours	

¹ Senior Thesis Part I: Thesis Proposal (**first 3 of 6 credit hours**). Requires special permission from a faculty member and the student must meet the Psychology Senior Thesis criteria.

² Senior Thesis Part II: Data Analysis, Interpretations and Conclusions (second 3 of 6 credit hours). Requires special permission from a faculty member and the student must meet the Psychology Senior Thesis criteria.

Industrial/Organizational Psychology

Psychology, Bachelor of Arts with a Concentration in Industrial/Organizational Psychology Requirements

Code	Title	Credits
GENERAL EDUCATION REQUIREMENTS - 34 Hours Required		
Minimum of "C-" required		
Fundamental Skills		15
Writing – 6 hrs.		
ENGL 1150	ENGLISH COMPOSITION I	
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	
Oral Communication – 3 hrs.		
CMST 1110	PUBLIC SPEAKING FUNDS	
or CMST 2120	ARGUMENTATION AND DEBATE

ELECTIVES

Elective hours as required to reach a total of 120 hours

¹ Senior Thesis Part I: Thesis Proposal (**first 3 of 6 credit hours**). Requires special permission from a faculty member and the student must meet the Psychology Senior Thesis criteria.

² Senior Thesis Part II: Data Analysis, Interpretations and Conclusions (**second 3 of 6 credit hours**). Requires special permission from a faculty member and the student must meet the Psychology Senior Thesis criteria.

Psychology, Bachelor of Science Optional Concentrations

Psychology majors may declare a concentration in any one of the following seven areas. Each concentration is a minimum of 12 credit hours. A concentration is optional, and only one concentration may be declared. The concentration will be noted on the student's transcript.

- Applied Behavior Analysis (p. 321)
- Cognitive Science (p. 324)
- Developmental Psychology (p. 327)
- Forensic Psychology (p. 330)
- Industrial/Organizational Psychology (p. 333)
- Mental Health (p. 336)
- Neuroscience and Behavior (p. 339)
- School Psychology (p. 342)

Psychology, Bachelor of Science Four Year Plan

Freshman

Fall		Credits
ENGL 1150	ENGLISH COMPOSITION I	3
PSYC 1010	INTRODUCTION TO PSYCHOLOGY I	3
General Education Course or Elective		3
General Education Course or Elective		3
Psychology Cognate Course		3
Attend Durango Days; other campus events. Set up a Handshake account and take the Pathway U career assessment. Attend the Student Involvement & Volunteer Fair to explore student organizations. Make advising appointment for spring: Sept-Oct. Work with your advisor to develop your Pathway in Stellic.		
Credits		15

Spring

ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	3
MATH 1120 or MATH 1300	INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING or COLLEGE ALGEBRA WITH SUPPORT	3

Request letters of recommendation from faculty for jobs or grad school. Attend the All-Majors Career Fair with a plan to network. Meet with your advisor or submit for a graduation check-in to review remaining degree requirements. Make advising appointment for summer and fall: February – March.

Credits		12-13
Total Credits		120-121

Adding an optional concentration to the BS: Students should work with their Psychology advisor(s) if they would like to add a concentration to this plan.

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study.

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Applied Behavior Analysis Psychology, Bachelor of Science with a Concentration in Applied Behavior Analysis Requirements

MAJOR REQUIREMENTS

**Course will satisfy UNO's General Education requirement

^Course requires pre-requisite(s)

Psychology Major with a Concentration in Applied Behavior Analysis - 38+ Hours Required**Required Coursework 23**

The first six courses should be taken early in the student's degree program. Concepts learned in these courses will benefit the student in upper-level Psychology classes.

PSYC 1010	INTRODUCTION TO PSYCHOLOGY I (**)
PSYC 1020	INTRODUCTION TO PSYCHOLOGY II (^)
PSYC 2000	CAREER PATHS IN PSYCHOLOGY (^)
PSYC 2040	EXPLORATIONS IN THE SCIENCE OF PSYCHOLOGY
PSYC 3130	STATISTICS FOR THE BEHAVIORAL SCIENCES (^)
or STAT 3000	STATISTICAL METHODS I
PSYC 3140	RESEARCH METHODS IN PSYCHOLOGY (^)
PSYC 4020	LEARNING (^)
PSYC 4570	BEHAVIOR ANALYSIS AND INTERVENTIONS (^)
PSYC 4890	SENIOR ASSESSMENT IN PSYCHOLOGY (^)

Select two 3 or 4-credit (PSYC) Psychology courses from the following Applied Behavior Analysis classes 6-7

PSYC 3150	SMALL-N RESEARCH METHODS (^)
PSYC 4030	CONCEPTUAL ANALYSIS OF BEHAVIOR (^)
PSYC 4350	BASIC/EXPERIMENTAL BEHAVIOR ANALYSIS (^)
PSYC 4414	LABORATORY IN APPLIED BEHAVIOR ANALYSIS (^)
PSYC 4810	PRACTICE AND ETHICS IN BEHAVIOR ANALYSIS (^)
PSYC 4970	PRACTICUM IN PSYCHOLOGY (^)

Select four 3-credit (PSYC) Psychology courses from four of the five areas below. Courses taken for the concentration can be applied toward this requirement. See an advisor to plan accordingly. 12**Applied Psychology**

PSYC 3510	EDUCATIONAL PSYCHOLOGY (^)
PSYC 4020	LEARNING (^)
PSYC 4310	PSYCHOLOGICAL AND EDUCATIONAL TESTING (^)
PSYC 4510	PSYCHOLOGY IN THE SCHOOLS (^)
PSYC 4560	FORENSIC PSYCHOLOGY (^)
PSYC 4630	ORGANIZATIONAL PSYCHOLOGY (^)
PSYC 4640	PERSONNEL PSYCHOLOGY (^)

Social/Personality/Developmental Psychology

PSYC/SOC 3450	SOCIAL PSYCHOLOGY (^)
PSYC 3520	CHILD PSYCHOLOGY (^)
PSYC 3540	ADOLESCENT PSYCHOLOGY (^)
PSYC 4450	PERSONALITY THEORIES (^)
PSYC/GERO 4460	PSYCHOLOGY OF ADULT DEVELOPMENT AND AGING (^)

Mental Health

PSYC 3410	CLINICAL PSYCHOLOGY (^)
PSYC 3430	PERSONALITY AND ADJUSTMENT (^)
PSYC 4440	ABNORMAL PSYCHOLOGY (^)
PSYC/GERO 4470	MENTAL HEALTH AND AGING (^)
PSYC 4570	BEHAVIOR ANALYSIS AND INTERVENTIONS (^)
PSYC 4590	PSYCHOLOGY OF EXCEPTIONAL CHILDREN (^)
PSYC 4800	LAW & PSYCHOLOGY: ETHICS, RESEARCH & SERVICE (^)

Cognitive Neuroscience

PSYC 4070	COGNITIVE PSYCHOLOGY (^)
PSYC 4090	COGNITIVE NEUROSCIENCE (^)
PSYC 4210	SENSATION AND PERCEPTION (^)
PSYC 4230	BEHAVIORAL NEUROSCIENCE (^)
PSYC/BIOL 4270	ANIMAL BEHAVIOR (^)
PSYC/BIOL 4320	HORMONES & BEHAVIOR (^)
PSYC 4520	PSYCHOLOGY OF LANGUAGE (^)

Additional Perspectives

PSYC/PHIL 3650	PHILOSOPHY OF MIND (^)
PSYC 4010	HISTORY OF PSYCHOLOGY (^)
PSYC 4030	CONCEPTUAL ANALYSIS OF BEHAVIOR (^)
PSYC/PSCI 4110	POLITICAL PSYCHOLOGY (^)
PSYC/BLST 4150	AFRICAN AMERICAN PSYCHOLOGY (** ^)
PSYC/PHIL 4250	LIMITS OF CONSCIOUSNESS (^)
PSYC 4680	POSITIVE PSYCHOLOGY, HEALTH, & WELL-BEING (^)
PSYC 4960	INDEPENDENT STUDY IN PSYCHOLOGY (^)
PSYC 4990	SENIOR THESIS (^) ¹

Select one 3-credit Psychology Laboratory course at the 4000 Level. Course taken for the selected concentration can also be applied toward this requirement. See an advisor to plan accordingly. 3

PSYC 4024	LABORATORY IN PSYCHOLOGY: LEARNING (^)
-----------	--

PSYC 4074	LABORATORY IN PSYCHOLOGY: COGNITION, SENSATION AND PERCEPTION (^)	
PSYC 4234	LABORATORY IN PSYCHOLOGY: BEHAVIORAL NEUROSCIENCE (^)	
PSYC/BIOL 4280	ANIMAL BEHAVIOR LABORATORY (^)	
PSYC 4414	LABORATORY IN APPLIED BEHAVIOR ANALYSIS (^)	
PSYC 4544	LABORATORY IN DEVELOPMENTAL PSYCHOLOGY (^)	
PSYC 4644	LABORATORY IN PSYCHOLOGY: SOCIAL/ INDUSTRIAL-ORGANIZATIONAL (^)	
PSYC 4990	SENIOR THESIS (S^) ²	
Select two 3-credit (PSYC) Psychology courses at the 3000-4000 level. Courses taken for the selected concentration can also be applied toward this requirement. See an advisor to plan accordingly.		6
College Breadth (choose one option)		15-30+
Option 1: Complete any UNO minor or undergraduate certificate - 15+ hours		
Option 2: Additional General Education Requirements - 18+ hours		
Additional quantitative literacy - 3 hours		
Additional Social Science Gen. Ed. from another Discipline - 3 hours		
Additional Humanities Gen. Ed. from another Discipline - 3 hours		
HIST 1000 and HIST 1010 - 6 hours		
Additional Nat. and Physical Science w/ or without Lab - 3-5 hours		
Option 3: CAS comprehensive major (50+ hours) OR any second UNO major (30+ hours)		
Bachelor Science Cognate Requirement		15
Students pursuing a BS in psychology must complete 15 credit hours of a cognate set of courses. Students will select one of the five cognate sets below. Course selection must include at least two different departments or programs. No more than 6 hours of courses may be at the 1000 level, with the remaining 9 hours taken at the 2000 level or above. Students may take a minor in place of the cognate under the following circumstances: 1) Students pursuing Option 1 College Requirements, which requires a minor, must take a second minor to satisfy the cognate requirement; OR 2) Students pursuing Option 2 College Requirements, which require additional general education courses, may add a minor to satisfy the cognate requirement

College Breadth (choose one option)

15-30+

Option 1: Complete any UNO minor or undergraduate certificate - 15+ hours

Option 2: Additional General Education Requirements - 18+ hours

Additional quantitative literacy - 3 hours

Additional Social Science Gen. Ed. from another Discipline - 3 hours

Additional Humanities Gen. Ed. from another Discipline - 3 hours

HIST 1000 and HIST 1010 - 6 hours

Additional Nat. and Physical Science w/ or without Lab - 3-5 hours

Option 3: CAS comprehensive major (50+ hours) OR any second UNO major (30+ hours)

Bachelor Science Cognate Requirement

15

Students pursuing a BS in psychology must complete 15 credit hours of a cognate set of courses. Students will select one of the five cognate sets below. Course selection must include at least two different departments or programs. No more than 6 hours of courses may be at the 1000 level, with the remaining 9 hours taken at the 2000 level or above. Students may take a minor in place of the cognate under the following circumstances: 1) Students pursuing Option 1 College Requirements, which requires a minor, must take a second minor to satisfy the cognate requirement; OR 2) Students pursuing Option 2 College Requirements, which require additional general education courses, may add a minor to satisfy the cognate requirement.

PSYC 4644	LABORATORY IN PSYCHOLOGY: SOCIAL/ INDUSTRIAL-ORGANIZATIONAL (^)	
PSYC 4990	SENIOR THESIS (^) ²	
Select two 3-credit (PSYC) Psychology courses at the 3000-4000 level. Courses taken for the selected concentration can also be applied toward this requirement. See an advisor to plan accordingly.		
College Breadth (choose one option)		15-30+
Option 1: Complete any UNO minor or undergraduate certificate - 15+ hours		
Option 2: Additional General Education Requirements - 18+ hours		
Additional quantitative literacy - 3 hours		
Additional Social Science Gen. Ed. from another Discipline - 3 hours		
Additional Humanities Gen. Ed. from another Discipline - 3 hours		
HIST 1000 and HIST 1010 - 6 hours		
Additional Nat. and Physical Science w/ or without Lab - 3-5 hours		
Option 3: CAS comprehensive major (50+ hours) OR any second UNO major (30+ hours)		
Bachelor Science Cognate Requirement		15
Students pursuing a BS in psychology must complete 15 credit hours of a cognate set of courses. Students will select one of the five cognate sets below. Course selection must include at least two different departments or programs. No more than 6 hours of courses may be at the 1000 level, with the remaining 9 hours taken at the 2000 level or above. Students may take a minor in place of the cognate under the following circumstances: 1) Students pursuing Option 1 College Requirements, which requires a minor, must take a second minor to satisfy the cognate requirement; OR 2) Students pursuing Option 2 College Requirements, which require additional general education courses, may add a minor to satisfy the cognate requirement.

Psychology Minor

Psychology, Minor Requirements

An undergraduate minor in psychology may be earned by completing the following:

Code	Title	Credits
PSYC 1010	INTRODUCTION TO PSYCHOLOGY I	3
Select 12 hours of upper division (3000 or 4000 level) Psychology courses.		12
Total Credits		15

A grade of "C-" or better must be earned in all courses submitted for a minor in Psychology, with at least 9 credits taken in residence at UNO.

Religious Studies

"Religious studies" introduces students to the academic study of religion and spirituality as well as the variety of religious traditions around the world (e.g., Hinduism, Buddhism, and Sikhism; Judaism, Christianity, and Islam; Chinese religious traditions; Indigenous religious traditions in North America and in Africa; atheism and agnosticism, pagan and other nature-based traditions). Students with a particular thematic interest may pursue the study of "religion and film," "spirituality and wellness," and/or "religion and human rights." Because religion is deeply implicated in history, culture, politics, literature, and medicine, the study of religion is critical to understanding and explaining complex global issues in both the past and the present. One does not have to be "religious" or "spiritual" to study religion, nor is the study of religion directed toward establishing the truth of one religion over another.

To major in religion (i.e., religious studies) means to engage some of the most profound questions people ask themselves: What does it mean to be human? How are we part of a world of animals and plants, water and earth? What are our responsibilities to other persons and the earth? How do we make decisions about fundamental individual and social issues? Is there a world of invisible agents (e.g., ancestors, spirits, gods, and God) or ultimate meaning and value? If so, what difference does it make? With these questions in mind, we pursue the academic study of religion and spirituality from a variety of theoretical and methodological perspectives, including anthropology, archaeology, cognitive sciences, fine arts, history, philosophy, psychology, sociology, and textual analysis.

Because religious studies is an interdisciplinary field of study, students may use the major in religion in many different ways: as preparation for graduate school; as a stand-alone or second major in a program of study leading to a career in business, healthcare, public service, social services, or teaching; or, simply and most profoundly, to enrich personal knowledge and skills and understanding of others. Students commonly combine religious studies with another major or minor to improve their cultural awareness and enhance their career and civic life.

Consistent with this interdisciplinary emphasis, religious studies faculty teach courses supporting a variety of major and minor programs, including ancient Mediterranean studies, international studies, Islamic studies,

Medieval and Renaissance studies, Latino/a Latin American studies, Native American studies, women's and gender studies, medical humanities, and human rights studies.

Underlying the practical applications in different fields and professions, the basic intellectual purpose of religious studies is to develop an appreciation for, an understanding of, and a critical insight into the rich variety of the world's religious and spiritual traditions in the complex global realities (cultural, social, economic, political, and environmental) of the twenty-first century.

Other Information

All coursework taken for the Religion major or minor must be completed with a grade of "C-" or better.

Online Option

The Religion major and minor are both flexible programs, offering students the option to earn either while taking courses in-person on UNO's campus, entirely online, or as a combination of the two.

Degrees Offered

- Religion, Bachelor of Arts (p. 346)

Minors Offered

- Religion Minor (p. 348)

Religious Studies majors graduate with valuable knowledge and skills, including opportunities to gain experience through service learning classes and internships. A major in Religious Studies at UNO cultivates skills that employers say are particularly important: written and verbal communication, problem-solving, teamwork, and leadership. In diverse professional roles, Religious Studies alums find their knowledge of religious, spiritual, and other cultural traditions extremely helpful in their ability to communicate clearly and respectfully with diverse coworkers, managers, patients, clients, family, and friends.

These advantages can propel students into a number of different careers:

- business
- counseling
- education
- healthcare
- public service
- social services
- writer and/or poet.

UNO Religious Studies graduates may move into masters and doctoral level work in any one of many different fields (e.g., history, political science, sociology/anthropology, social work, etc.). The majority of our graduates have taken their knowledge and experience into a spectrum of careers and professions. Some of these careers currently pursued by graduates, and other former students, of Religious Studies at UNO include:

- accountant
- business owner
- chaplain
- farmer

- musician
- librarian
- non-profit administrator
- physician
- poet and writer
- and university professor

Religion, Bachelor of Arts

To obtain a B.A. with a major in Religious Studies, a student must fulfill university, college, and departmental requirements.

Total Credits 119-121

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>
Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career

advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Religion Minor

Religion Minor Requirements

An undergraduate minor in religion will consist of at least 15 hours in religion, of which at least nine must be upper division (3000-level or above). RELI 1010 is strongly recommended for the minor in religion.

The religion minor may be earned on campus or entirely online.

Sociology & Anthropology

Sociology and Anthropology are the broadest of the social sciences. Sociology is the scientific study of human relationships. Sociologists seek to understand the ways that often unseen social forces shape our lives. Anthropology is the holistic study of human biology and culture across time and place. Anthropologists typically work within one of four sub-disciplines: archaeology, biological anthropology, linguistic anthropology, and socio-cultural anthropology.

These disciplines are particularly useful to graduates entering the 21st century labor force. Our rapidly changing and increasingly diverse world offers both opportunities and monumental challenges. Sociology and Anthropology give students the analytical skills to understand such challenges and the tools to improve our society at all levels – from the neighborhood to the world community.

Other Information

All coursework taken for the Sociology major, minor, and Anthropology minor must be completed with a grade of "C" or better.

Up to six ANTH credits may be double counted toward the minor in anthropology and the major in sociology.

UNO Sociology Club – open to all students interested in discussing all things sociological!

UNO Student Anthropology Society – bring yourself, your lunch, and your interest in Anthropology!

Alpha Kappa Delta (AKD) – the Alpha Chapter of Nebraska of the International Sociological Honor Society for students who meet certain academic requirements.

For more information visit our Student Organizations (<https://www.unomaha.edu/college-of-arts-and-sciences/sociology-and-anthropology/student-opportunities/student-organizations.php>) page.

Option for Degree Completion

Fast Track Program

The Department of Sociology & Anthropology has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor's degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to 9 graduate hours toward the completion of their undergraduate program as well as the graduate degree program.

Program Specifics:

- This program is available for undergraduate students pursuing a Sociology BA/BS major who desire to pursue a Sociology MA degree.
- Students must have completed no less than 60 undergraduate hours.

- Students must have a minimum undergraduate GPA of 3.0 and a GPA of 3.3 in SOC and ANTH courses.
- Students must complete the Fast Track Approval form, obtain all signatures, and submit to the Office of Graduate Studies prior to first enrollment in a graduate course.
- Students will work with their undergraduate advisor to register for the graduate courses.
 - ANTH 1050, SOC 1010, SOC 2120, SOC 2130, SOC 2134 should be completed before enrolling in the first graduate course.
 - SOC 3510 and SOC 3514 should be taken before or concurrently with enrollment in the first graduate course.
- A minimum cumulative GPA of 3.0 is required for graduate coursework to remain in good standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status, including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. The application fee will be waived; the applicant will need to contact the Office of Graduate Studies for a fee waiver code.
 - Admission to Fast Track does NOT guarantee admission to the graduate program.
 - The admit term must be after the completion term of the undergraduate degree.

Website (<http://www.unomaha.edu/college-of-arts-and-sciences/sociology-and-anthropology/>)

Degrees Offered

- Sociology, Bachelor of Arts (p. 349)
- Sociology, Bachelor of Science (p. 355)

Bachelor of Arts (BA) and Bachelor of Science (BS) in Sociology

Students are required to complete 33 hours of coursework for the Sociology BA or BS degree: 21 hours of core required courses and 12 hours of additional sociology or anthropology courses. The department offers five optional concentrations that fulfill the 12 hours of additional coursework: anthropology, families and inequality, health and society, inequality and social justice, and work and organizations.

Students in the BA degree program are required to complete foreign language through the intermediate level.

Students in the BS degree program are required to complete 15 hours of cognate coursework, a field of specialization outside of sociology based on their interests and/or career aspirations. Cognates are designed by the student in consultation with the undergraduate adviser.

Online option

The Sociology BA/BS is available on campus or entirely online. Earning a concentration is not required, but online majors do have the option to select the health and society or work and society concentration.

Minors Offered

- Sociology Minor (p. 362)
- Anthropology Minor (p. 362)

Both the sociology and anthropology minors are available on campus or entirely online.

Sociology is the scientific study of social life that reveals the ways that often unseen social forces shape our lives. Anthropology is the holistic study of human biology and culture across time and place. At a fundamental level, both sociology and anthropology invite us to break through our common sense ideas about the world, allowing us to better understand and potentially improve society. Students who study sociology and anthropology will gain a distinct perspective on social inequality, patterns of behavior, forces for social change and resistance, and how social systems work.

Sociology majors learn the analytical skills needed to understand the challenges of a rapidly changing and increasingly diverse world. And they graduate with the tools to improve our societies at all levels – from the neighborhood to the global community. That’s because a degree in sociology provides students with a well-rounded liberal arts education that emphasizes critical thinking, decision-making skills, and the ability to make connections across disciplines, leading to potential careers in:

- Family and Social Services Program Support
- Business Management and Leadership
- Marketing Analysis and Research
- Survey Research
- Health and Human Services
- Health Care Administration
- Nonprofit Organizational Administration
- Criminal Justice

Elective		2

Complete your final advising check before graduation. Polish your resume, cover letters, and LinkedIn profile. Stay connected by joining alumni networks and professional organizations. Apply for graduation via MavLink.

Credits **15**

Total Credits **120-122**

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study.

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Students in the BS degree program are required to complete 15 hours of cognate coursework, a field of specialization outside of sociology based on their interests and/or career aspirations. Cognates are designed by the student in consultation with the undergraduate adviser.

ELECTIVES

Elective hours as required to reach a total of 120 hours

Sociology Minor

Sociology, Minor Requirements

A minor in sociology requires 15 hours. The sociology minor is available on campus, entirely online, or a combination of the two. Students are required to complete the following:

Code	Title	Credits
SOC 1010	INTRODUCTORY SOCIOLOGY	3
Additionally, select 12 credit hours in sociology electives with a minimum of 9 credit hours at the 3000-4000 level.		12

No more than nine hours will be accepted as transfer credit. All course work satisfying the minor must be completed with a grade of “C” (2.0) or better.

Anthropology Minor

Anthropology, Minor Requirements

A minor in anthropology requires 15 hours. The minor may be completed on campus, entirely online, or a combination of the two. Students are required to complete the following:

Code	Title	Credits
ANTH 1050	INTRODUCTION TO ANTHROPOLOGY	3
Additionally, select 12 credit hours in anthropology electives with a minimum of 9 credit hours at the 3000-4000 level.		12

No more than nine hours will be accepted as transfer credit. All course work satisfying the minor must be completed with a grade of “C” (2.0) or better. Up to six ANTH credits may be double counted toward the minor in anthropology and the major in sociology.

Women's and Gender Studies

Mission

The UNO Women’s and Gender Studies Program offers individuals and communities paths to transformation and empowerment through the collaborative work of students and faculty, who together study and explore all women’s lives and all constructions of gender across time, place, and culture, using a feminist and/or queer lens. Our interdisciplinary faculty teach a curriculum that emphasizes the intersections of gender, race/ethnicity, nationality, socioeconomic class, ability levels, sexuality, and additional dimensions of difference.

We envision a world in which differences offer paths to meaningful and fulfilling contributions. Our program employs the tools of different disciplines, including communication, arts and humanities, social sciences, natural sciences, and history. Graduating students are prepared for many opportunities beyond graduation.

Description

Women’s and Gender Studies is a liberal arts degree that prepares students for a wide variety of career and avocational paths. Majors or minors find employment in a variety of areas, choosing to work in advocacy or social services-related positions, community development, large and small business, and government.

Other Information

All coursework taken for the Women’s and Gender Studies major or minor must be completed with a grade of “C-” or better.

All coursework taken for the LGBTQ-Sexuality Studies minor must be completed with a grade of “C” or better.

Please be advised that students who elect to complete both the WGST minor and LGBTQ-Sexuality Studies minor may count no more than two upper-division courses toward the completion of both minors.

Special Requirements

Courses presented for credit toward the minor or major must have been taught by a member of the Women’s and Gender Studies faculty. Students should select WGST electives in consultation with their major adviser.

Residency

Students may transfer in no more than 9 credits earned at other institutions to the WGS minor and no more than 15 credits earned at other institutions to the WGS major.

Student Groups

Iota Iota Iota (Triota) is a club and honorary society that recognizes excellence in Women's and Gender Studies. Membership is available to any student who has completed two introductory courses in Women's and Gender Studies and has a cumulative GPA of at least 3.0. In addition, students majoring or minoring in Women's and Gender Studies can be involved with campus organizations such as the Women's and Gender Equity Resource Center, and the Queer and Trans Services.

Degree Offered

- Women's and Gender Studies, Bachelor of Arts (p. 363)

Minor Offered

- Women's and Gender Studies Minor (p. 366)
- LGBTQ/Sexuality Studies Minor (p. 366)

Women, gender, and sexuality studies majors may find employment in a variety of areas depending on their skills and experience. Some of our majors pursue post-baccalaureate training in medicine, law, education, and other graduate programs. Others choose employment directly after graduation, following career paths in advocacy or social services-related positions, community development, business, and government. Some career-path examples include:

Business

- Human Resources Manager
- Financial Planner
- Business Manager
- Office Manager
- Convention/Event Planner

Education

- K-12 School Teacher (with additional certification)
- Childcare Center Lead Teacher

Health

- Community Health Outreach Worker
- Community Health Advocate
- Public Health Coordinator
- Health Services Project Administrator

Law

- Victim Assistance Case Manager
- Mediator

Media/Publications

- Magazine Freelance Writer/Researcher
- Independent Film Maker/Producer
- Editor
- Social Media Specialist
- Film Publicist
- Production Artist

Social and Public Service

- Counseling Services Director
- Training Coordinator
- Rape Crisis Center/Community Education Coordinator
- Women's Crisis Support Center Community Educator
- Girl Scouts of America Program Officer
- Food Bank Program Manager
- Community Service Agency Case Manager
- Community Service Resource Navigator
- Grant Writer

120-121

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

Women's and Gender Studies Minor

Women's and Gender Studies Minor Requirements

The WGST minor requires 18 credits, as detailed below. Please be advised that students who elect to complete both the WGST minor and LGBTQ-Sexuality Studies minor may count no more than two upper-division courses toward the completion of both minors.

Code	Title	Credits
All of the following:		6
WGST 2010	INTRODUCTION TO WOMEN'S AND GENDER STUDIES: SOCIAL AND BEHAVIORAL SCIENCE	
WGST 2020	INTRODUCTION TO WOMEN'S AND GENDER STUDIES: HUMANITIES	
Select 12 credits of approved upper-division (3000-4000 level) WGST courses (see below)		12

Approved WGST courses

Code	Title	Credits
ART 4930	SPECIAL TOPICS IN ART HISTORY	
ENGL 4270	WOMEN WRITERS OF THE NORTH AMERICAN WEST	
ENGL 4960	TOPICS IN LANGUAGE AND LITERATURE	
GDRH 3010	SPECIAL TOPICS SEMINAR	
HIST 4910	TOPICS IN HISTORY

WRWS 3000	SELECTED TOPICS IN WRITING
WRWS 4000	FORM AND THEORY

LGBTQ/Sexuality Studies Minor

LGBTQ (lesbian, gay, bisexual, transgender, and queer)/Sexuality Studies is an interdisciplinary field that examines the identities, experiences, and social positions of people often referred to as sexual/gender minorities. The field also examines sexual behaviors, identities, and communities as sex plays a key role in many people's lives. LGBTQ/Sexuality Studies has origins in many disciplines, including anthropology, art, English, history, media studies, psychology, public health, sociology, theatre, and women's and gender studies, among others. The field includes topics such as: identity formation of non-heterosexual sexualities, non-binary gender identities, health and well being of sexual/gender minorities, cultural groups, the politics of identity, and representations of queer lives in popular culture. This minor acknowledges that sexuality is an important distinguishing factor of our lives on par with race, social class, and gender.

The LGBTQ/Sexuality Studies minor will offer students courses that complement and support their majors in many ways. The minor is intentionally flexible and interdisciplinary. Students who complete this minor will gain increased knowledge in the following:

- sexual identity, orientation, and behaviors, including heterosexualities, homosexualities, gay sexualities, lesbian sexualities, bisexualities, queer sexualities, etc.
- gender identities including trans identities, including but not limited to: genderqueer, non-binary, trans man, trans woman, gender non-conforming, gender creative, etc.
- sexology, or the study of sex and sexual behaviors, and human sexuality broadly
- sexual health such as STIs, HIV, and sexual reproduction
- theories of identity development, queer theory, and other social theories related to sexuality
- intersectionality of sexuality with race, class, gender, religion, ability, nationality, and other social characteristics

- diversity of human behavior and experience as it relates to sex and sexuality
- history and diversity of representations of LGBTQ in culture.

Minors Offered

LGBTQ/Sexuality Studies Minor

Other Information

All coursework taken for the LGBTQ/Sexuality Studies minor must be completed with a grade of "C" or better.

Contact

The LGBTQ/Sexuality Studies minor is a minor option under Women's and Gender Studies.

Arts and Sciences Advising Center
220 Arts and Sciences Hall
402.554.2458

LGBTQ/Sexuality Studies Minor Requirements

Undergraduate students will be expected to complete at least 15 credit hours of LGBTQ/Sexuality courses with a grade of C or higher. Nine credit hours must be upper division (3000 or higher) courses. No more than nine credit hours will be accepted as transfer credit.

Courses not on the list can be petitioned to be accepted by approval of the Advisor of the minor.

Code	Title	Credits
Required Courses		9
SOC 3700	INTRODUCTION TO LGBTQ STUDIES

- ² ENGL 2000 and ENGL 3000 when topic is sexuality
- ³ ENGL 4960 when offered as: *Language, Gender, and Sexuality, Writing Women's Lives; Writing Graphic Memoirs*
- ⁴ HONR 3030 when offered as: *LGBTQ Health*
- ⁵ Select sections of PSYC 3540, per approval of the minor advisor.

Please be advised that students who elect to complete both the WGS minor and LGBTQ-Sexuality Studies minor may count no more than two upper-division courses toward the completion of both minors.

World Languages and Literature

The Department of World Languages and Literature (WLL) offers a Bachelor of Arts (B.A.) in World Languages and Literature with concentrations in French, German, Spanish, and Spanish for Health Sciences. A total of 30 upper-division (3000-4000 level) credit hours are required for a concentration in French, German, or Spanish. A total of 31 credit hours (Spanish 1140 and additional upper-division courses) are required for the concentration in Spanish for Health Sciences. These concentrations foster linguistic, cultural, pragmatic, and sociohistorical knowledge/abilities in the target language. The department also offers minors in French, German, Japanese, Spanish, and Spanish for Health Sciences, in addition to introductory courses in Italian and Egyptian hieroglyphs.

It should be noted that the Spanish and German minors may be earned on campus, entirely online, or via a combination of the two.

In addition, the department participates in such interdisciplinary programs as International Studies, Latino and Latin American Studies, Women's and Gender Studies, Medical Humanities, Business, and Sustainability and offers study abroad programs in France, Germany, Canada, Mexico and Spain.

Double Majors for Secondary Education World Language Majors

Students pursuing a B.S. from the College of Education, Health and Human Sciences with a primary major in Secondary Education (World Language-French or German or Spanish 7-12 Endorsement) and working toward Nebraska State Certification to teach in this area may also earn a second major in World Languages and Literature by declaring that major with the College of Arts & Sciences Advising Center (<https://www.unomaha.edu/college-of-arts-and-sciences/academic-advising-center/>) or at the main office for the World Languages and Literature department.

Students will complete 30 credit hours in French, German, or Spanish with grades of C or above (this is different from the World Languages and Literature Department's requirement of a minimum grade of C- or above). Students declaring this second major should work with their advisor to select courses that align with both programs and require no additional coursework on the part of the student.

Other Information

Courses in the 1110 (or 1100), 1120 (or 1200), 2110 (or 2100), 2120 sequences may not be taken out of order. Students must pass the prerequisite course with a grade of “C-” or better before taking the next course in the sequence and may not take an earlier course in any sequence for credit once they have received credit in a later course in any sequence. Spanish 1140 has no prerequisites and students can take it at any point.

All 3000 and 4000 level courses may be taken for honors credit in cooperation with the University Honors Program.

There is a laboratory fee for all world language courses at the 1000 and 2000 levels. Fees are used to support student learning through services that provide opportunities for language practice and communication.

Special Requirements

The Department of World Languages and Literature does not accept transfer credits from any institution for its 1000/2000 level courses except for those as allowed by the College of Arts and Sciences. To enroll in any French, German, or Spanish course beyond 1110, a student who has not successfully completed the prerequisite courses at UNO must take the appropriate placement exam (<https://www.unomaha.edu/college-of-arts-and-sciences/academic-advising-center/placement-information/flng.php>) and qualify for the desired course. Native and heritage speakers of French, German or Spanish wishing to take a course in their language of nurture are exempt from this requirement. They are advised to make an appointment with an advisor (<https://www.unomaha.edu/college-of-arts-and-sciences/world-languages-and-literature/academics/advising.php>) in the Department of World Languages and Literature for appropriate placement. All other students are subject to this requirement including transfer students. UNK/UNL students are not exempt from this requirement. The Department of World Languages and Literature reserves the right to cancel the registration of any student who has not met the prerequisites for a course. Transfer courses at the 3000/4000 level are subject to the approval of a departmental adviser and the department chair. All our language courses must be completed with a grade of C- or better in order for the student to continue to the next course.

Residency

All majors in World Languages and Literature must complete a minimum of 12 credit hours in their major language at the 3000 or 4000 level in residence at UNO.

All minors in World Languages and Literature must complete a minimum of 9 credit hours in their minor language at the 3000 or 4000 level in residence at UNO.

Student Groups

The department of World Languages has active student groups such as: Le Cercle Français, Stammtisch, and Sigma Delta Pi. Visit the department website (<https://www.unomaha.edu/college-of-arts-and-sciences/world-languages-and-literature/>) for more information.

Degrees Offered

World Languages and Literature, Bachelor of Arts (p. 368)

Minors Offered

- French Minor (p. 378)
- German Minor (p. 378) - Available online or on campus
- Japanese Minor (p. 378)
- Spanish Minor (p. 379) - Available online or on campus
- Spanish for Health Sciences Minor (p. 379) - Available online or on campus

In the Department of Foreign Languages and Literature at UNO, our goal is to provide students with the linguistic and cultural proficiency required of a global education. Language study at UNO provides a myriad of opportunities to use the language you are studying both within and outside of the classroom through study abroad opportunities and engagement in the Omaha community. Foreign Languages & Literature majors often pursue career paths such as the following:

- business: human resources, sales, marketing, logistics, international business
- law/law enforcement: police, immigration, law (international, immigration or environmental law)
- government and non-profit services: non-profit management or administration, Peace Corps, Foreign Service, linguistics, social work, environmental justice, research (for think tanks, non-profits, government)
- healthcare: healthcare navigation, patient relations, nursing, medicine, dentistry, speech therapy
- education (p-16): teaching, bilingual assistance, administration (OPS requires that principals be or become bilingual), counseling, special education, library services
- communication/journalism: radio, television, publishing (e.g. newspapers, magazines, blogs, books), and advertising. Specialized areas include writing, editing, proofreading, transcribing, subtitling, voice-over recording
- travel and hospitality: travel agency services, tour guiding, event coordination, concierge services.

Total Credits **119-121**

College Breadth: Students should plan on using at least 15 hours of "Electives" to fulfill Option 1, 2, or 3, of the College of Arts and Sciences' breadth requirement.

Upper Level Credits: Students need 27 upper level credits throughout the degree with at least 18 upper level credits within the major. Electives may need to be selected at the 3000-4000 level to reach these minimums.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, World Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements: 2.0

Note: This plan provides a general guide, but your specific courses, experiences, and career goals may differ. Work with your academic advisor to ensure you're meeting degree requirements and consult with career advisors to explore internships, research opportunities, and post-graduation plans. Regular check-ins will help you stay on track and make the most of your time at UNO!

College of Business Administration (CBA)

College of Business Administration Mission

The mission of the UNO College of Business Administration is to teach and inspire diverse learners and connect them to organizations within and beyond the classroom, emphasizing innovative and career-focused learning, combined with transformative research, business collaboration, and community engagement that advance individual and regional prosperity.

College of Business Administration Vision

The vision of the UNO College of Business Administration is to be the business school of choice for hard-working learners of all backgrounds.

Other Information Relevant to the College of Business Administration

Attendance at First CBA Class Meeting

Students not present at the first class meeting of a College of Business Course, without prior notification to the instructor, may be administratively withdrawn from the course.

Accreditation Information

The UNO College of Business Administration undergraduate and graduate programs are accredited by AACSB International (Association to Advance Collegiate Schools of Business). This is the highest level of accreditation possible for a College of Business.

The Accounting Programs in the UNO College of Business Administration hold supplemental Accounting Accreditation by AACSB. Less than 200 Accounting Programs worldwide have earned this supplemental AACSB Accounting Accreditation.

Major	Degree	Accreditation Body
Accounting	BSBA MAcc	Association to Advance Collegiate Schools of Business (AACSB International)

Beta Gamma Sigma

Beta Gamma Sigma is the international scholastic honor society in the field of business. Election to membership is available to both undergraduate

and graduate students in business. Selection is based upon outstanding scholastic achievement.

Careers

Business is a broad, flexible, and valuable field of study. Students who graduate with a business degree can choose from a variety of professions in numerous industries and fields. Individuals with business degrees may find career opportunities working in government, large, mid-size, and small companies, nonprofit organizations, and institutions of higher education. A business degree prepares students for a wide variety of fulfilling and flexible careers, thus providing the opportunity to match personal interests and skills with professional ambitions, as well as allowing for the opportunity to pivot and flex careers as opportunities arise. Examples of potential business-related careers are provided by each department.

For additional information about Business careers, please contact the CBA Career Center. Website (<https://www.unomaha.edu/college-of-business-administration/career-center/>):

Program Website (<https://www.unomaha.edu/college-of-business-administration/>)

Admission Requirements

Incoming freshman must meet general university admission requirements to be admitted into the College of Business Administration. Transfer students and students with an established NU-system GPA must have a minimum 2.50 cumulative GPA to be admitted into the College of Business Administration.

Bachelor of Science in Business Administration (BSBA) Requirements

To earn a BSBA degree, students must fulfill the university, college, and program requirements including:

- Complete a minimum of 120 credit hours in courses approved by the College of Business Administration (CBA)
- Complete a minimum of 42 credit hours in upper-division (3000- or 4000-level) coursework
- Complete 24 upper-division (3000- or 4000-level) credit hours in the business core curriculum
- Complete 18-24 credit hours in a BSBA concentration

Credit Restrictions

- A maximum of 24 credit hours of non-business courses may be taken on a Credit/No Credit Basis. More information about UNO's Credit/No Credit policy can be found at the following link: <https://>

nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/ (p. 37)

- A maximum of 4 credit hours of physical education activity (PEA) courses may count toward the degree.
- A maximum of 6 hours of professional development courses evaluated by the American Council on Education (ACE) as equivalent to collegiate credit may count toward the degree. Additional information can be found under "Evaluated Non-College Programs."
- All remedial courses and any orientation courses from non-NU-system institutions will not count toward the degree.

Minimum GPA/Additional Requirements

To graduate with a BSBA, students must meet the following GPA and grade requirements:

- Maintain a cumulative GPA of 2.50 or higher across all courses taken in the University of Nebraska system (UNO, UNL, UNK, and UNMC).
- Maintain a cumulative Business GPA of 2.50 or higher.
- For students earning the Accounting concentration or secondary concentration, maintain a cumulative GPA of 2.50 or higher in all upper-division accounting courses (excluding ACCT 3000 (<https://catalog.unomaha.edu/search/?P=ACCT%203000>), ACCT 4500 (<https://catalog.unomaha.edu/search/?P=ACCT%204500>), and ACCT 4510 (<https://catalog.unomaha.edu/search/?P=ACCT%204510>)).

For any BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" or higher.

No grade below a "C" will be counted as satisfactory completion of BSBA degree major requirements, including CBA BSBA business core courses, BSBA concentration courses, business elective courses, ENGL 1150 (<https://catalog.unomaha.edu/search/?P=ENGL%201150>), ENGL 1160 (<https://catalog.unomaha.edu/search/?P=ENGL%201160>), CMST 1110 (<https://catalog.unomaha.edu/search/?P=CMST%201110>), and MATH 1370 (<https://catalog.unomaha.edu/search/?P=MATH%201370>) (or MATH 1930 (<https://catalog.unomaha.edu/search/?P=MATH%201930>)).

Some concentrations require specific foundation courses to be completed with a grade of "C+" or higher, including:

- Business Finance, Banking and Financial Markets, and Investment Science & Portfolio Management Concentrations or Secondary Concentrations: FNBK 3250 (<https://catalog.unomaha.edu/search/?P=FNBK%203250>) and FNBK 3300
- Marketing Concentration or Secondary Concentration: MKT 3310 (<https://catalog.unomaha.edu/search/?P=MKT%203310>)
- Human Resource Management Concentration: MGMT 4030
- Sales Concentration or Secondary Concentration: MKT 3310 (<https://catalog.unomaha.edu/search/?P=MKT%203310>) and MKT 3100 (<https://catalog.unomaha.edu/search/?P=MKT%203100>)

Credit for Prior Learning

Credit for prior learning is evaluated based on institutional, college, and program policies. CBA professional academic advisors assist students in determining how such credits apply toward their degree.

Transfer Credit

Transfer credits are evaluated as follows:

- **Regionally Accredited Institutions:** Coursework equivalent in content and scope to UNO offerings will generally transfer if completed at regionally accredited colleges and universities.
- **Limits on Two-Year College Credits:** Students may apply a maximum of 64 semester credit hours from regionally accredited two-year institutions.

- **Four-Year Institution Credits:** There is no limit on credits transferred from regionally accredited four-year institutions, provided residency requirements are met.

For upper-division courses:

- Credits from AACSB-accredited institutions require a grade of "C" or higher to apply as a BSBA business core course, BSBA concentration course, or BSBA elective course
- Credits from non-AACSB-accredited institutions require a grade of "C" or higher and must be validated by completing an additional upper-division course at an AACSB-accredited institution in the same department to apply as a business core course.

Evaluated Non-College Programs

A maximum of six hours of professional development course credit may be taken from any educational body if evaluated by the American Council on Education (ACE) as equivalent to collegiate credit, and then may be applied toward the degree. Such credit may be used for non-business electives. The department chair must give written approval if a course is to be used for concentration elective hours or as a substitute for a required concentration course. Professional development courses are not applicable to BSBA business core courses.

Military Training and Experience

Army, Coast Guard, Marine Corps and Navy

Students can earn up to 4 credits of Physical Education Activity (PEA) for completing basic training and up to 6 additional credits for ACE-evaluated courses as documented on their Joint Services Transcript (JST).

Air Force

Air Force training is certified by the Community College of the Air Force (CCAF). CCAF is regionally accredited by the Southern Association of Colleges and Schools through Air University, therefore, CCAF courses are considered transfer credits at UNO.

Defense Language Institute (DLI)

Operated by the U.S. Department of Defense (DoD), DLI provides linguistic and cultural instruction to members of the DoD and federal agencies. DLI courses are considered transfer credits at UNO as it is regionally accredited by the Western Association of Schools and Colleges.

Residency Requirement

The last 30 of 36 consecutive semester hours for a degree must be earned following admission to the University of Nebraska at Omaha. A minimum of nine (9) of the twenty-four (24) required business core hours and one-half of the required concentration hours must be completed at UNO.

Retroactive Credit Policy

Placement Exams and Credit by Department Policies/Practices

<https://nextcatalog.unomaha.edu/aboutuno/student-services-a-z/testing-center/> (p. 63)

Quality of Work

Any students earning below a 2.50 cumulative GPA for any semester while enrolled in the BSBA degree program will be placed on a "warning status." No grade below a "C" (2.0) will be counted as satisfactory completion of BSBA degree MAJOR REQUIREMENTS, including CBA BSBA business core courses, BSBA concentration courses, business elective courses, ENGL 1150, ENGL 1160, CMST 1110, and MATH 1370 (or MATH 1930).

Good Academic Standing Policy

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

Credit/No Credit (CR/NC) Grades

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

Completion of Incomplete Grade

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

Repeatable Grades/Courses

Effective Fall 2002, a student may only attempt each required business core course three times.

This policy applies to the following courses:

Code	Title	Credits
ACCT 2010	PRINCIPLES OF ACCOUNTING I	3
ACCT 2020	PRINCIPLES OF ACCOUNTING II	3
BSAD 2130	PRINCIPLES OF BUSINESS STATISTICS	3
BSAD 3160	MANAGERIAL STATISTICS FOR BUSINESS	4
ECON 2200	PRINCIPLES OF ECONOMICS (MICRO)	3
ECON 2220	PRINCIPLES OF ECONOMICS (MACRO)	3
FNBK 3250	PRINCIPLES OF FINANCIAL MANAGEMENT	3
LAWS 3930	BUSINESS LAW FUNDAMENTALS	3
MGMT 3100	MANAGEMENT INFORMATION SYSTEMS	3
MGMT 3490	MANAGING PEOPLE AND ORGANIZATIONS	3
MGMT 4480	CORPORATE AND BUSINESS STRATEGY	3
MKT 3200	BUSINESS COMMUNICATIONS	3
MKT 3310	PRINCIPLES OF MARKETING	3
SCMT 3500	MANAGING OPERATIONS IN THE SUPPLY CHAIN	3

Any grade earned, excluding CR, W, NC, NR, I, IP, AU, S, U or R will count as an attempt for the three times limit.

The Undergraduate Program Council will only consider appeals of the three-attempt rule when the circumstances for the appeal are documented and the reason for the appeal is extraordinary.

Upper-division accounting courses may be taken only twice.

Appeal Process

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

Grade Appeal Policy

Students who wish to appeal a grade which they feel was capriciously or prejudicially awarded shall first discuss the matter with the instructor and/or the department chairperson. If a satisfactory agreement cannot be reached, the student may submit a written appeal to the CBA Associate Dean by the deadlines listed below.

- For a course completed during the fall semester: The last business day in January
- For a course completed during the spring semester: The last business day in June
- For a course completed during any of the summer sessions: the last business day in September

The CBA Undergraduate Grade Appeal Committee will hold a grade appeal hearing to make a final determination based on the facts presented.

Academic Amnesty

A student may remove one or two semester's grades from the student's cumulative GPA and degree consideration by petitioning for academic amnesty in the CBA advising office. Removal of grades via academic amnesty shall be by entire semester(s). Students are allowed a maximum of two (2) semesters of amnesty.

Petitioning students, after the term(s) for which they are seeking amnesty, must have completed 12 consecutive hours with a minimum GPA of 2.75.

Students who are granted academic amnesty will not be eligible for degree with academic honors.

Academic amnesty will remove a CBA core course attempt from the Three-Attempt Rule under Repeatable Grades/Courses. The petition for academic amnesty is submitted to the academic advisor and the advisor will apply this policy to approve or deny the petition on behalf of the Undergraduate Program Council.

Academic Probation and Suspension

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

Reinstatement Policy Following Academic Suspension

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

Academic Advising

The mission of the UNO College of Business Administration Undergraduate Advising Team is to empower and inspire diverse learners to make informed and fulfilling decisions about their academic and professional journeys through individualized support for setting goals, navigating the curriculum, and making meaning of their experiences within and beyond the classroom.

The purpose of academic advising is to help students understand and meet the requirements of their degree program while also clarifying college policies related to academics. In the College of Business Administration, academic advising is provided by CBA's professional undergraduate

advisors. Students are encouraged to contact their academic advisor whenever they have questions about their academic program.

Advising Holds

Advising holds are automatically placed each semester for any student whose GPA is below a 2.5, including students without an NU-system GPA. The purpose of this hold is to ensure students understand degree requirements, make informed decisions about next classes, and connect to other resources on campus.

Student Holds

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/enrollment/> (p. 30)

Declaring a Concentration

Students may declare a BSBA concentration when applying to the university or at any point.

Students who did not declare a BSBA concentration when applying to the university must contact a CBA advisor to declare their concentration.

Senior Check

Students are encouraged to contact their Academic Advisor in the last 30 credit hours to verify their remaining requirements. Final responsibility for scheduling courses and satisfactorily completing curriculum requirements for any degree rests with the student.

Bachelor of Science in Business Administration (BSBA) Degree

Undergraduate students who complete a degree from UNO's College of Business Administration earn a Bachelor of Science in Business Administration (BSBA) with at least one area of concentration. (See the complete list of BSBA concentrations)

To earn a BSBA degree, students must fulfill the university, college, and program requirements including:

- Complete a minimum of 120 credit hours in courses approved by the College of Business Administration (CBA)
- Complete a minimum of 42 credit hours in upper-division (3000- or 4000-level) coursework
- Complete 24 upper-division (3000- or 4000-level) credit hours in the business core curriculum
- Complete 18-24 credit hours in a BSBA concentration

To graduate with a BSBA, students must meet the following GPA and grade requirements:

- Maintain a cumulative GPA of 2.50 or higher across all courses taken in the University of Nebraska system (UNO, UNL, UNK, and UNMC).
- Maintain a cumulative Business GPA of 2.50 or higher.
- For students earning the Accounting concentration or secondary concentration, maintain a cumulative GPA of 2.50 or higher in all upper-division accounting courses (excluding ACCT 3000 (<https://catalog.unomaha.edu/search/?P=ACCT%203000>), ACCT 4500 (<https://catalog.unomaha.edu/search/?P=ACCT%204500>), and ACCT 4510 (<https://catalog.unomaha.edu/search/?P=ACCT%204510>)).

For any BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" or higher.

No grade below a "C" will be counted as satisfactory completion of BSBA degree major requirements, including CBA BSBA business core courses, BSBA concentration courses, business elective courses, ENGL 1150 (<https://catalog.unomaha.edu/search/?P=ENGL%201150>), ENGL 1160 (<https://catalog.unomaha.edu/search/?P=ENGL%201160>), CMST 1110 (<https://catalog.unomaha.edu/search/?P=CMST%201110>), and MATH 1370 (<https://catalog.unomaha.edu/search/?P=MATH%201370>) (or MATH 1930 (<https://catalog.unomaha.edu/search/?P=MATH%201930>)).

Some concentrations require specific foundation courses to be completed with a grade of "C+" or higher, including:

- Business Finance, Banking and Financial Markets, and Investment Science & Portfolio Management Concentrations or Secondary Concentrations: FNBK 3250 (<https://catalog.unomaha.edu/search/?P=FNBK%203250>) and FNBK 3300
- Marketing Concentration or Secondary Concentration: MKT 3310 (<https://catalog.unomaha.edu/search/?P=MKT%203310>)
- Human Resource Management Concentration: MGMT 4030
- Sales Concentration or Secondary Concentration: MKT 3310 (<https://catalog.unomaha.edu/search/?P=MKT%203310>) and MKT 3100 (<https://catalog.unomaha.edu/search/?P=MKT%203100>)

Advising holds are automatically placed each semester for any student whose GPA is below a 2.5, including students without an NU-system GPA. The purpose of this hold is to ensure students understand degree requirements, make informed decisions about next classes, and connect to other resources on campus.

MBA Fast Track

The College of Business Administration MBA program has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a BSBA degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to 9 graduate hours toward the completion of their undergraduate program as well as the graduate degree program.

Program Specifics:

- This program is available for undergraduate students pursuing a BSBA degree and desiring to pursue an MBA
- Students must have completed no less than 60 undergraduate hours
- Students must have a minimum undergraduate GPA of 3.0
- Students must complete the Fast Track Approval form and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course
- Students will work with their undergraduate advisor to register for the graduate courses
- A minimum cumulative GPA of 3.0 is required for graduate coursework to remain in good standing
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. The application fee will be waived, the applicant will need to contact the Office of Graduate Studies for a fee waiver code.
 - Admission to Fast Track does NOT guarantee admission to the graduate program.
 - The admit term must be after the completion term of the undergraduate degree.

Business Administration, Bachelor of Science in Business Administration Degree Requirements

All BSBA students must complete all major requirements. Students must choose at least one area of concentration.

All BSBA students must complete all MAJOR REQUIREMENTS (see below) with a grade of C (2.0) or higher. Students must choose at least one area of concentration.

Code	Title	Credits
GENERAL EDUCATION REQUIREMENTS - 34 Hours Required		
Fundamental Skills		15
Writing – 6 hrs.		
ENGL 1150	ENGLISH COMPOSITION I	
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	
Oral Communication – 3 hrs.		
CMST 1110	PUBLIC SPEAKING FUNDS	
or CMST 2120	ARGUMENTATION AND DEBATE	
Quantitative Literacy - 3 hrs.		
MATH 1120	INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING	
or MATH 1130	QUANTITATIVE LITERACY	
or MATH 1140	QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS	
or MATH 1300	COLLEGE ALGEBRA WITH SUPPORT	
Data Literacy – 3 hrs.		
Select one from the following:		
STAT 1100	DATA LITERACY AND VISUALIZATION	
STAT 1530	ELEMENTARY STATISTICS	
Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.		
Breadth of Knowledge		13
Social Science – 3 hrs.		
Humanities – 3 hrs.		
Natural & Physical Science (must complete a lab) – 4 hrs		
Arts – 3 hrs.		
Individual and Social Responsibility		6

Cultural Knowledge – 3 hrs.

Civic Knowledge and Engagement – 3 hrs.

MAJOR REQUIREMENTS

Minimum of “C” (2.0) required for all MAJOR REQUIREMENTS

**Course will satisfy UNO's General Education requirement

^Course requires pre-requisite(s)

All of the following: **9**

ENGL 1150 ENGLISH COMPOSITION I (** ^)

ENGL 1160 COLLEGE RESEARCH AND INFORMATION LITERACY (** ^)

CMST 1110 PUBLIC SPEAKING FUNDS (**)

Select 1 of the Following **3**

MATH 1370 APPLIED ALGEBRA AND OPTIMIZATION WITH DATA ANALYSIS (^)

MATH 1930 CALCULUS FOR THE MANAGERIAL, LIFE, AND SOCIAL SCIENCES (^)

Required Business Core Courses - 48 Hours

All courses must be completed with a C (2.00) or better.

However, some concentrations or secondary concentrations require a C+ (2.33) or better in a specific core course. See note below for specific details.

All of the following **45**

ECON 2200 PRINCIPLES OF ECONOMICS (MICRO) (** ^)

ECON 2220 PRINCIPLES OF ECONOMICS (MACRO) (** ^)

BSAD 2130 PRINCIPLES OF BUSINESS STATISTICS (^)

Graduating seniors with a 2.5 GPA are given enrollment priority. Must be taken in the graduating semester.		

Students must complete at least six hours of course work beyond the general education Cultural Knowledge requirement with a global perspective. A list of approved International Dimension courses can be found on the student's degree audit.

Students must complete MGMT 4480 their last semester. Students who have not completed FNBK 3250, MKT 3310, MKT 3200 and MGMT 3490 with a C (2.00) or better or who have a GPA below 2.50 will be administratively withdrawn from MGMT 4480. Preference is given to students who will graduate that semester.

The college reserves the right to institute and make effective, after due notice, during the course of a student's work toward a degree, any new ruling which may be necessary for the general good of the college, and to substitute courses currently offered for those no longer offered.

Each student admitted to the college is responsible for becoming familiar with the procedures and regulations in the undergraduate catalog.

Specific requirements for each CBA concentration are identified in the following section of this catalog.

Credits not required under general education requirements, the required business core curriculum, or a BSBA concentration can be taken as electives in business and/or in non-business areas to complete the required 120 hours for the BSBA degree.

Concentrations Offered

- Accounting Concentration (p. 390)
- Banking and Financial Markets Concentration (p. 397)
- Business Analytics Concentration (p. 400)
- Business Finance Concentration (p. 402)
- Certified Financial Planning Concentration (p. 404)
- Economics Concentration (p. 394)
- Entrepreneurship Concentration (p. 419)
- Human Resource Management Concentration (p. 414)
- International Business Concentration (p. 421)
- Investment Science and Portfolio Management Concentration (p. 406)
- Logistics & Supply Chain Management Concentration (p. 416)
- Management & Leadership Concentration (p. 412)
- Marketing Concentration (p. 424)
- Real Estate and Land Use Economics Concentration (p. 409)
- Sales Concentration (p. 426)

Program Certificate Offered

- Internal Audit, Fraud, and Control, Certificate (p. 393)
- UNO Real Estate Certificate (p. 411)

Minors for Non-Business Majors

- Business Analytics for Non-Business Majors Minor (p. 386)
- Business for Non-Business Majors Minor (p. 386)
- Entrepreneurship for Non-Business Majors Minor (p. 386)
- Management & Leadership for Non-Business Majors Minor (p. 387)
- Marketing for Non-Business Majors Minor (p. 387)
- Real Estate and Land Use Economics for Non Business Majors Minor (p. 387)
- Sales Minor for Non-Business Majors (p. 388)
- Logistics & Supply Chain Management for Non-Business Majors Minor (p. 388)

Other Information

Students pursuing a Business for Non-Business Majors Minor can take one of the following courses to meet the MKT 3200 prerequisite for any course that requires it: BIOL 3150, CDIS 3200, CIST 3000, CMST 3340, CRCJ 3100, ENGL 2400, ENGL 2410, ENGL 2420, ENGL 3050, ENGL 3980, FREN 4040, GEOL 4950, GERM 4040, HIST 2980, JMC 2100, MKT 3200, MLTI 4000, PHIL 3000, PHIL 4000, PSCI 2000, PSYC 3140, PSYC 3150, SOC 4900, SPAN 4040, TED 2100, TED 4800, or WRWS 3800.

All other prerequisites must be fulfilled. For more information, please contact Undergraduate Advising in the College of Business Administration at 402.554.3419.

Business Analytics Minor for Non-Business Majors

The Business Analytics Minor for Non-Business majors is intended to provide knowledge in business analytics to students outside of the College of Business Administration. Because these skills are valuable across all business fields, and to anyone who intends to use quantitative analysis to improve their decision-making, the Business Analytics Minor for Non-Business majors provides the flexibility to combine these skills with any major on campus.

BSBA as a Second Bachelor's Degree

All BSBA concentrations require 18 credit hours, except Accounting, which requires 24 credit hours.

Some concentrations or secondary concentrations require students to earn a "C+" or better in specific foundation courses. Specifically, MKT 3310 is the foundation course for the Marketing concentration as well as for the Marketing secondary concentration. MKT 3310 & MKT 3100 are the foundation courses for Sales concentration as well as for the Sales secondary concentration. Finally, FNBK 3250 & FNBK 3300 are the foundation courses for the Business Finance, Banking and Financial Markets, and Investment Science & Portfolio Management concentrations as well as the Business Finance, Banking and Financial Markets, and Investment Science & Portfolio Management secondary concentrations.

To meet requirements for the BSBA degree, students must earn a minimum of 120 credit hours in courses acceptable to the College of Business Administration: 42 of those credits must be upper division courses (3000-4000 level), with the following requirements:

- Business GPA of 2.50 or above
- Cumulative GPA of 2.50 or above
- GPA of 2.50 or above for all upper division accounting courses (excluding ACCT 3000, ACCT 4500, and ACCT 4510) for the accounting concentration and secondary concentration.
- No grade below a "C" (2.0) will be counted as satisfactory completion of BSBA degree MAJOR REQUIREMENTS, including CBA BSBA business core courses, BSBA concentration courses, business elective courses, ENGL 1150, ENGL 1160, CMST 1110 and MATH 1370 (or MATH 1930).

An Advising hold will be placed if a student does not meet the 2.5 GPA. The hold will not be removed until the requirements are met or the student chooses a major outside the College of Business Administration.

Concentration Courses

18-24

ELECTIVES

Elective hours as required to reach a total of 120 hours

Students who previously earned a business degree cannot earn a second business degree. If a student completes all requirements (including any necessary prerequisites) associated with an additional BSBA concentration after earning a business degree, the student's transcript will only list the courses completed, not the additional BSBA concentration. If desired, upon completion of all BSBA concentration requirements, the student may request (through CBA's Undergraduate Advising Office) a letter indicating that the student has completed all requirements for the additional BSBA concentration.

Accounting Mission Statement

The UNO School of Accounting leverages its distinctive metropolitan position to:

- Prepare students for professional accounting and business careers by delivering AACSB Accounting Accredited and IMA Endorsed BSBA-Accounting and Master of Accounting programs,
- Create and disseminate knowledge that impacts students, the academy, and business professionals by engaging in relevant scholarly activities, and
- Enrich relationships among students, faculty, and business professionals in the Omaha region by providing and supporting engagement opportunities.

The UNO School of Accounting has earned supplemental accounting accreditation by the AACSB International (Association to Advance Collegiate Schools of Business) for its undergraduate and graduate programs in accounting. This accreditation is in addition to the UNO College of Business Administration's AACSB business accreditation. Fewer than 200 institutions worldwide hold both AACSB business and accounting accreditation. Information about AACSB accreditation is available here (<https://www.aacsb.edu/educators/accreditation/business-accreditation/>).

The UNO School of Accounting has received the IMA Endorsement of Higher Education from the Institute of Management Accountants for its management accounting curricula. UNO's accounting programs meet the educational standards enabling students to pursue the Certified Management Accountant (CMA) credential and careers in private and public accounting. Information about the IMA's endorsement program

is available here (<https://www.imanet.org/educators/higher-education-endorsement-program/?ssopc=1>).

The UNO School of Accounting is recognized by the Institute of Internal Auditors (IIA) as an IIA Internal Audit Awareness Program School, acknowledging our incorporation of internal auditing concepts in auditing courses. See information about the this IIA program here (<https://www.theiia.org/en/about-us/initiatives-and-awards/academic-relations/internal-audit-academic-awareness-program/>).

Accounting students have the opportunity to acquire an excellent accounting education that provides a foundation to pursue one of the numerous career paths in accounting. Accounting faculty members use appropriate and varied teaching methodologies and who incorporate the most recent developments in their discipline into the curriculum. Accounting instructors seek to create an environment which maximizes the development of critical skills such as problem solving, analysis, technology agility, communication and teamwork. Students are strongly encouraged to continue their professional development and to enhance their careers by seeking a Master of Accounting and one or more professional certifications or designations. Well-recognized and valued accounting certifications include the Certified Public Accountant (CPA), the Certified Management Accountant (CMA), the Certified Internal Auditor (CIA), the Certified Fraud Examiner (CFE), and the Certified Information Systems Auditor (CISA).

Complete information on the MAcc degree program is available online (<https://www.unomaha.edu/college-of-business-administration/accounting/graduate-program/>) or in the UNO graduate catalog. Additional information about the undergraduate accounting program, including links to professional associations and certification resources, is available online (<https://www.unomaha.edu/college-of-business-administration/accounting/>).

BSBA degree candidates may earn a concentration in accounting, and BSBA degree candidates earning a concentration in other business areas may earn a secondary concentration in accounting.

Special Requirements

Course-related items:

1. Students interested in taking the CPA Exam in Nebraska must complete ACCT 4070 or ACCT 8076 or ACCT 8090.
2. Students pursuing an accounting concentration who complete ACCT 3080 with a grade of C or better are not required to take the business core course MGMT 3100.

Concentration-related items:

- A student may enroll only twice in any upper-division accounting course. You are enrolled in a course if your name appears on the final class list published immediately after drop/add week. Therefore, you may drop a course only one time (excluding drops during drop/add week). If you drop the same course twice (or receive any grade below a C twice), you will not be permitted to enroll in this course a third time.
- A minimum GPA of 2.50 overall is required for enrollment in any upper-division (3000-level or 4000-level) accounting course.
- Accounting courses at the 4000-level also require a minimum GPA of 2.50 in all upper-division UNO accounting courses successfully completed to date (excluding ACCT 3000, ACCT 4500, and ACCT 4510).
- Students who wish to contract to take upper-division accounting courses as "honors" courses should contact the course instructor.

Accounting study at UNO provides the skills for numerous career choices in the accounting field as well as an excellent foundation to pursue CPA, CMA, and other types of certifications. Accounting career options include professional positions in the areas of auditing and information systems, financial accounting, management accounting, and taxation. The School of Accounting offers Power Dinners and the annual Meet the Firms Expo as part of its Accounting Careers Program for students to explore numerous

accounting career paths and to engage with accounting professionals.

The School of Accounting's Accounting Career Advisor and Internship Coordinator mentors and advises students and provides guidance for internships and other career opportunities.

Student Groups

Beta Alpha Psi

Beta Alpha Psi (BAP) is an honor organization for financial information students and practicing professionals. The primary objective of Beta Alpha Psi is to encourage and give recognition to scholastic and professional excellence. This includes promoting the study and practice of accounting, finance, and information systems; providing opportunities for self-development, service and the association of members with practicing professionals; and encouraging a sense of ethical, social and civic responsibility. Membership into Beta Alpha Psi is based on scholastic achievement. The UNO BAP chapter also leads the Accounting Careers Program.

¹ Requires English Composition Placement

² This course may or may not be required depending on Math Placement.

³ For this requirement students must choose from the following list: MKT 3100, CMST 2120, CMST 3130, CMST 3140, CMST 3150, or CMST 3160.

⁴ Cumulative upper-division Accounting GPA of at least 2.5 is required for enrollment in any 4000-level accounting course.

⁵ See DegreeWorks or Stellic for approved elective options.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

**Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements:

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

Graduation Requirements:

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" (2.0) or higher.

CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

Internal Audit, Fraud, and Control Certificate

The objective of the Internal Audit, Fraud, and Control Certificate is to provide students with current information in the profession of internal audit, accounting information systems, and fraud risk assessment. The certificate provides a foundation for the Certified Internal Auditor (CIA) examination and certification. Earning this certificate will encourage and prepare students to pursue the CIA credential. This certificate and potential professional certification will help students sharpen their skills and earn a

standard of credibility and recognition of competence in the field. Students interested in pursuing the IAFC certificate may contact CBA Advising (unocbaadvising@unomaha.edu).

Economics

Economists are problem solvers. The profession has produced methods to better match organ recipients with donors (saving countless lives), improved the financial savings rate for U.S. veterans, and reduced crime through small incentives.

The field is a method of studying humans using models and data; it is not a series of facts about the economy you memorize. While economics includes the study of what people buy and how products are produced, the field is far more expansive. Economics can be applied to numerous fields including art, education, law, medicine, psychology, sociology, and urban studies. Further, economics is the foundational science on which all business fields are built.

Economics is a systematic and scientific way of looking at human choices.

Economics has been the steppingstone to a future career for many of the nation's most ambitious people. In addition to numerous CEOs and U.S. Presidents, economics is the most popular degree at six out of the eight Ivy League schools (Business Insider, "The three most popular majors at every Ivy League school").

Career opportunities are vast when you hold an economics degree. Warren Buffett (Berkshire Hathaway), Sheryl Sandberg (Meta/Facebook), Sandra Day O'Connor (former Associate Justice of the U.S. Supreme Court), and Nate Silver (FiveThirtyEight) all hold economics degrees. While their careers are very different, they all use the methods and data analysis tools taught in economics to further their success.

Economists are employed by private businesses, public sectors, and non-profit organizations and are among the highest paid disciplines. In businesses, economists' duties include various forms of analysis to help make business decisions. Common job titles include Data Analyst, Data Scientist, Market Research Analyst, Financial Analyst, Technical Analyst, and Research Associate.

Here at UNO, we offer three different undergraduate programs in economics: A STEM-designated Bachelor of Science in Economics (<https://catalog.unomaha.edu/undergraduate/college-arts-sciences/economics/economics-bs/>), a Bachelor of Arts in Economics (<https://catalog.unomaha.edu/undergraduate/college-arts-sciences/economics/economics-ba/>), and a Bachelor of Science in Business Administration - Economics Concentration (<https://catalog.unomaha.edu/undergraduate/college-business-administration/bs-business-administration/economics/>). These programs contain nearly the same economics courses: which degree makes the most sense for you depends on your other interests.

In addition, economics is superb preparation for graduate work in areas such as business, law, political science, international relations, gerontology, and public administration. Economics also is an excellent dual **major** or **minor** for other areas of study.

Economics Club

The main purpose of the UNO Economics Club is to increase awareness and knowledge of economic issues among Economics Club members and the overall UNO community. The organization also provides a venue for student-members to examine issues related to academic success, career success, and related matters. The organization shall work towards increasing the membership's engagement with the Omaha community.

Membership eligibility includes all currently enrolled students in good standing who pay University Program and Facilities Fees (UPFF) at UNO. Any individual from the community is eligible for membership without voting privileges and the ability to run for office.

Any person who satisfies the eligibility requirements may become a member of the organization by completing an Economics Club Membership Form. The membership form is available at MH 332C or may be downloaded here (<https://www.unomaha.edu/college-of-business-administration/>). Contact phone number: 402.554.2803

Economics Fast Track Program

The Department of Economics has developed a Fast Track program for highly qualified and motivated students providing the opportunity to complete a bachelor's degree and a master's degree in an accelerated time frame. With Fast Track, students may count up to 9 graduate hours toward the completion of their undergraduate program as well as the graduate degree program.

Program Specifics:

- The program is available for undergraduate students pursuing the BS in Business Administration (with a concentration in Economics), BS in Economics, or BA in Economics, desiring to pursue a MS in Economics.
- Students must have completed no less than 60 undergraduate hours.
- Students must have a minimum undergraduate GPA of 3.5.
- Students must complete the Fast Track Approval form and obtain all signatures and submit to the Office of Graduate Studies prior to first enrollment in a graduate course.
- Students will work with their undergraduate advisor to register for the graduate courses.
- A minimum cumulative GPA of 3.0 is required for graduate coursework to remain in good standing.
- Students remain undergraduates until they meet all the requirements for the undergraduate degree and are eligible for all rights and privileges granted undergraduate status including financial aid.
- Near the end of the undergraduate program, formal application to the graduate program is required. The application fee will be waived, the applicant will need to contact the Office of Graduate Studies for a fee waiver code.
 - Admission to Fast Track does NOT guarantee admission to the graduate program.
 - The admit term must be after the completion term of the undergraduate degree.

Students in the Fast Track program must only enroll in dual-level ECON courses (ECON 8xx6) as their graduate coursework prior to admittance to the graduate program.

Optional Focus Areas

Focus Areas are a purposeful collection of economics courses designed to ready students for a particular career. Focus Areas are optional, and do not appear on the transcript, but the department highly recommends students consider them when selecting their additional Economics credits. A Focus Area is completed when students successfully finish nine (9) credits from a given Focus Area.

¹ Requires English Composition Placement

² This course may or may not be required depending on Math Placement.

³ For this requirement students must choose from the following list: MKT 3100, CMST 2120, CMST 3130, CMST 3140, CMST 3150, or CMST 3160.

⁴ This Economics Concentration Elective must be a 3000- or 4000-level course within the Economics department.

⁵ This Economics Concentration Elective must be a 3000- or 4000-level course within the Economics department.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual

sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

****Transfer credit or placement exam scores may change suggested plan of study**

GPA Requirements:

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

Graduation Requirements:

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" (2.0) or higher.
- CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

Finance, Banking and Real Estate

Contact

Chair, Department of Finance, Banking and Real Estate
402.554.2418

Website (<http://www.unomaha.edu/college-of-business-administration/finance-banking-real-estate/>)

Degrees Offered

- Business Administration, Bachelor of Science (<https://catalog.unomaha.edu/undergraduate/college-business-administration/bs-business-administration/>)

Concentrations Offered

- Banking and Financial Markets Concentration (p. 397)
- Business Finance Concentration (p. 402)
- Certified Financial Planning Concentration (p. 404)
- Investment Science and Portfolio Management Concentration (p. 406)
- Real Estate and Land Use Economics Concentration (p. 409)

Secondary Concentrations Offered

- Secondary Concentration in Banking and Financial Markets (p. 397)
- Secondary Concentration in Business Finance (p. 402)

- Secondary Concentration in Investment Science and Portfolio Management (p. 406)
- Secondary Concentration in Real Estate and Land Use Economics (p. 409)

Note: A careful structuring of course work will allow students to obtain a triple concentration in Investment Science and Portfolio Management, Business Finance, and Banking and Financial Markets, without extra courses. In addition, students may earn a concentration in Real Estate and Land Use Economics and a corresponding Finance concentration. Students must complete FNBK 3300 and FNBK 3300 with a C+ or above in order to specialize in any Finance and Banking concentration or secondary concentration.

Certificates Offered

UNO Real Estate Certificate (p. 411)

Finance, Banking, and Real Estate

- Appraiser
- Bank Operations Manager
- Commercial Banking Officer
- Commercial or Residential Broker
- Corporate Financial Officer
- Corporate Lawyer
- Financial Advisor
- Insurance Management
- Investment Analyst
- Mortgage Officer
- Portfolio Manager
- Real Estate Agent
- Retail Banking Officer
- Risk Management Specialist
- Stockbroker
- Underwriting Specialist

Banking and Financial Markets Concentration

The objective of the Banking and Financial Markets concentration is to provide additional study in the areas of financial management of commercial banks including the organization, operation, financing and functions of banks and certain related financial institutions. This program is specifically designed for those students interested in pursuing careers in banking, bank regulatory agencies, or in related financial institutions, such as credit unions, sales and consumer finance companies, and government agencies.

The completion of specified courses in business finance, banking, and investment science and portfolio management may be applied toward concentration requirements in all three areas.

Banking and Financial Markets concentration and secondary concentration students are required to earn a "C+" or better in FNBK 3250 and FNBK 3300.

¹ Requires English Composition Placement

² This course may or may not be required depending on Math Placement.

³ Students with a Banking & Financial Markets concentration must earn a grade of "C+" or better in FNBK 3250.

⁴ For this requirement students must choose from the following list: MKT 3100, CMST 2120, CMST 3130, CMST 3140, CMST 3150, or CMST 3160.

⁵ Students with a Banking & Financial Markets concentration must earn a grade of "C+" or better in FNBK 3300.

⁶ See DegreeWorks or Stellic for approved elective options.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

**Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements:

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

Graduation Requirements:

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" (2.0) or higher.
- CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

Business Analytics Concentration

Because domain knowledge is critical to business analytics, the BSBA Business Analytics concentration is required to be completed together with another BSBA concentration within the College of Business Administration.

BSBA Degree with Business Analytics Concentration Requirements

Business Finance Concentration

The objective of the business finance concentration is to prepare students for careers in such areas as financial management, capital budgeting, and

international financial management. The focus is on the functions of finance in the firm, cash management, sources of financing, the financial system and strategic capital budgeting.

The completion of specified courses in business finance, banking, and investment science and portfolio management may be applied toward concentration requirements in all three areas.

Business Finance concentration and secondary concentration students are required to earn a "C+" or better in FNBK 3250 and FNBK 3300.

¹ Requires English Composition Placement

² This course may or may not be required depending on Math Placement.

³ Students with a Certified Financial Planning concentration must earn a grade of "C+" or better in FNBK 3250.

⁴ For this requirement students must choose from the following list: MKT 3100, CMST 2120, CMST 3130, CMST 3140, CMST 3150, or CMST 3160.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

General Education courses (Humanities, Social Science & Natural Science) must be from at least two different disciplines <https://www.unomaha.edu/general-education/overview/index.php>. Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

**Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements:

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

Graduation Requirements:

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of C (2.00) or above.
- CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

Investment Science and Portfolio Management Concentration

The investment science and portfolio management concentration provides theoretical and practical application of security analysis, asset pricing, and dynamic portfolio management for students interested in the investment management field. Students will have the opportunity to apply theoretical models discussed in class by managing funds in the student managed investment club. Students are encouraged to actively participate in the club early in their academic career.

The completion of specified courses in business finance, banking, and investment science and portfolio management may be applied toward concentration requirements in all three areas.

Investment Science and Portfolio Management concentration and secondary concentration students are required to earn a "C+" or better in FNBK 3250 and FNBK 3300.

Degrees Offered

- Bachelor of Science in Business Administration (<https://catalog.unomaha.edu/undergraduate/college-business-administration/bs-business-administration/>)

Management Concentrations

Management concentrations include Management & Leadership, Human Resource Management, and Supply Chain Management. Managers combine human and material resources to accomplish organizational objectives. Such results are achieved through the managerial processes of planning, leading, organizing and controlling. Today's competitive, global business environment presents many challenges to managers including managing change and innovation, developing a global perspective, becoming an effective leader, and improving organizational performance by focusing on quality and continuous improvement. The management concentrations are designed to prepare students to effectively face these challenges in an environment of risk, uncertainty, and ambiguity. All Management concentrations require a minimum of eighteen (18) credit hours. A student may choose more than one concentration with a resulting increase in the number of required courses.¹

¹ Note: Students completing more than one Management concentration cannot apply more than six common credits to each Management concentration.

Concentrations Offered:

- Management & Leadership Concentration (p. 412)
- Human Resource Management Concentration (p. 414)
- Logistics & Supply Chain Management Concentration (p. 416)

Secondary Concentrations Offered:

- Secondary Concentration in Management & Leadership (p. 412)
- Secondary Concentration in Logistics & Supply Chain Management (p. 416)

Management

- Account Executive
- Business Analyst
- Business Development Manager
- Business Systems Analyst
- Compliance Analyst
- Customer Relationship Manager
- Human Resources and Management Consultant
- Human Resources Executive
- Human Resources Manager
- Logistics Analyst
- Office Manager
- Operations Officer
- Project Manager
- Purchasing Specialist
- Retail Manager
- Training and Development Specialist

Management & Leadership Concentration

The Management & Leadership concentration provides students with opportunities to develop the technical, interpersonal, conceptual, diagnostic, communication, and decision-making skills to effectively carry out management functions. The Management & Leadership concentration is designed with the flexibility to permit students to select management courses that will meet their specific interests and career objectives.

¹ Requires English Composition Placement

² This course may or may not be required depending on Math Placement.

³ For this requirement students must choose from the following list: MKT 3100, CMST 2120, CMST 3130, CMST 3140, CMST 3150, or CMST 3160.

⁴ See DegreeWorks or Stellic for approved elective options.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

****Transfer credit or placement exam scores may change suggested plan of study**

GPA Requirements:

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

Graduation Requirements:

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" (2.0) or higher.

CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration

or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

Human Resource Management Concentration

The Human Resource Management concentration is for students who wish to focus on the human resource management functions of an organization. These functions include workforce staffing (recruitment and selection), talent development (training and development), performance management, total rewards (compensation and benefits), employee and labor relations, and strategic human resource planning.

Students must complete MGMT 4030 (<https://catalog.unomaha.edu/search/?P=MGMT%204030>) with a C+ or above in order to complete the Human Resource Management concentration.

Entrepreneurship Concentration

The Entrepreneurship Concentration is for students interested in starting, owning, and/or operating a business venture as well as students interested in serving entrepreneurial ventures as consultants, bankers, accountants, and marketing professionals. The entrepreneurship concentration has a practical emphasis designed to assist students in developing and operating their new and/or small ventures. Courses in this concentration lead students through the different processes of getting into business, addresses important operating issues relevant to the running of day-to-day activities of a venture, and discuss the important topic of planning for business growth and development.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

**Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements:

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

Graduation Requirements:

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" (2.0) or higher.
- CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

International Business Concentration

A concentration in International Business (IB) provides students with the knowledge, skills and experience necessary for successful careers in the global business environment. BSBA students must combine the International Business Concentration with another BSBA Concentration. With this preparation, graduates will be prepared for employment in many manufacturing, service, or knowledge-based industries with international markets, international suppliers, international sources of finance, or an international workforce.

The completion of specified courses in international business may be applied toward the course requirements in other concentration areas.

BSBA Degree with International Business Concentration Requirements

Code	Title	Credits
General Education Requirements - 34 Hours Required		
Fundamental Skills		15
Writing – 6 hrs.		

¹ Requires English Composition Placement

² This course may or may not be required depending on Math Placement.

³ For this requirement students must choose from the following list: MKT 3100, CMST 2120, CMST 3130, CMST 3140, CMST 3150, or CMST 3160.

ENGL 1150	ENGLISH COMPOSITION I
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY
Oral Communication – 3 hrs.

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

**Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements:

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

Graduation Requirements:

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" (2.0) or higher.
- CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

Marketing Concentration

Students earning a concentration in marketing learn research skills necessary for discovering the needs or desires of their firm's target market. These skills enable marketers to develop a thorough understanding of their target market(s), the marketplace—whether local, national, global or virtual, the firm's competitors, and the competitive environment. Working together with other units in the firm, marketers design products and services that provide benefits and/or solve customer problems better or more efficiently than competitors' products. In other words, marketers contribute to the firm's competitive advantages to avoid being easily copied by competitors. Marketers design and implement strategic marketing plans in order to

1. Communicate effectively with the target market so customers understand the benefits offered by the firm relative to competitors;
2. Distribute products and services in ways that maximize customer satisfaction while simultaneously minimizing the firm's costs; and
3. Provide value to the target market so that customers are satisfied with the benefits received for the price paid, especially when compared to value available from competitors.

Students must complete MKT 3310 (<https://catalog.unomaha.edu/search/?P=MKT%203310>) with a C+ or above in order to take additional marketing courses, to complete the marketing concentration, or to complete the secondary concentration in marketing.

³ Students with a Marketing concentration must earn a grade of "C+" or better in MKT 3310.

⁴ See DegreeWorks or Stellic for approved elective options.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

**Transfer credit or placement exam scores may change suggested plan of study

GPA Requirements:

Courses within the College of Business require students to obtain a minimum NU GPA of 2.5 or better.

Graduation Requirements:

- Students must earn a minimum of 120 credit hours for a BSBA.
- 42 of those credit hours must be in upper division courses.
- For a BSBA business core, BSBA concentration, or business elective course to fulfill BSBA requirements, it must be taken on a letter-grade basis and the student must earn a grade of "C" (2.0) or higher.
- CBA students must earn a minimum NU GPA of 2.50 and a minimum Business GPA of 2.50. If students are earning an accounting concentration or secondary concentration, a minimum upper division accounting GPA of 2.50 is additionally required.

Sales Concentration

The Sales concentration provides students with the opportunity to develop communication, interpersonal, decision-making, and critical-thinking skills that will enable them to effectively carry out sales functions across a

variety of contexts, career paths, and industries. The Sales concentration is specifically designed to develop knowledge and skills in relational and consultative selling.

Sales concentration and Sales secondary concentration students are required to earn a "C+" or better in MKT 3310 or MKT 3100.

College of Communication, Fine Arts and Media

College Vision Statement

The College of Communication, Fine Arts and Media (CFAM) is united by its common conviction that imagination and human communication are inseparable aspects of the same intellectual process. Through innovative and traditional teaching and the use of emerging technologies, the college promotes learning, research, scholarship, creative activity, and service to the profession and to the broader community in all aspects of human communication.

Central to the college's educational mission is the instruction of students in the essential, practical and theoretical knowledge that they will need to succeed in their chosen disciplines. Through its diverse outreach activities, the college is equally committed to the engagement of a broad constituency. The college makes important contributions to the cultural growth and well-being of the people of the region and prepares students to participate in a global community.

General Information

Overview of Degree Programs

The college is structured as three distinct schools: the School of the Arts (Art & Art History, Theatre, Writer's Workshop), the School of Communication and the School of Music.

The College of Communication, Fine Arts and Media (CFAM) offers the following degree programs:

- Bachelor of Arts
- Bachelor of Fine Arts
- Bachelor of Music
- Bachelor of Science
- Graduate Degrees (offered through Graduate Studies)

Accreditation Information

Major	Degree	Accreditation Body
Art History	BA	National Association of Schools of Art and Design (NASAD)
Music	BA	National Association of Music (NASM)
Music Conducting	MM	National Association of Schools of Music (NASM)
Music Education	BM	- National Association of Schools of Music (NASM) - Association for Advancing Quality in Educator Preparation (AAQEP) - Nebraska Department of Education
Music Education	MM	National Association of Schools of Music (NASM)

Studio Art	BASA BFA	National Association of Schools of Art and Design (NASAD)
Studio Art with K-12 Certification	BASA BFA	- National Association of Schools of Art and Design (NASAD) - Association for Advancing Quality in Educator Preparation (AAQEP)- Nebraska Department of Education

Program Contact Information

College of Communication, Fine Arts and Media Dean's Office:
402.554.3857

Program Website (<https://www.unomaha.edu/college-of-communication-fine-arts-and-media/>)

Admission Requirements

Admission to programs in the College of Communication, Fine Arts and Media follow regular admission procedures of the University outlined in the current undergraduate catalog. The application deadline for admission to a degree seeking program is August 1 for fall semester, December 1 for spring semester. Student seeking a degree in music should also consult the School of Music website (<https://www.unomaha.edu/college-of-communication-fine-arts-and-media/music/about-us/area-pages/>) for additional information on admission to the music program.

Students who wish to transfer into CFAM from another college within the University must obtain written permission from and meet with a CFAM Dean's Office advisor. A minimum cumulative grade point average (GPA) of 2.25 is required to transfer into the college.

Academic Requirements for the College Degrees

Number of Hours to Graduate

Students must complete a minimum of 120 semester hours of college credit toward the degree of Bachelor of Science in Communication, Bachelor of Arts in Communication, Bachelor of Arts in Art History, Bachelor of Arts in Studio Art, Bachelor of Fine Arts (Studio Art and Creative Writing), Bachelor of Arts in Theatre, Bachelor of Arts in Music or Bachelor of Music. The minimum credit hour requirement for students in art or music seeking K-12 certification may vary according to current guidelines for teacher certification. Students must maintain close contact with an advisor each semester to insure progress toward fulfillment of their course of study. No student may count more than 87 semester hours of credit in any one discipline toward graduation. Actual limits are determined by faculty in the various disciplines.

General Education Requirements

Students are required to complete the UNO General Education requirements. Specific information about general education can be found here (<https://www.unomaha.edu/general-education/overview/>).

Academic advisors can provide information about the specific course required for each degree program.

Foreign Language Requirement for BA degrees in Music, Theater, and Studio Art degrees

While Bachelor of Arts degrees typically require foreign language as part of the degree requirements, students in music, theatre, and studio arts are exempt from this requirement.

Minimum GPA/Additional Requirements

All students who have not yet earned any college credit and who are eligible to enter the university are accepted for admission to the college. Students who are seeking a degree within the School of Music are also required to complete an entrance audition for admission into the music program.

Admission of transfer students or students who have previously been enrolled at UNO is evaluated on an individual basis. A 2.25 grade point average in previous course work is required.

Application deadline for admission: August 1 for fall semester, December 1 for spring semester

Transfer Credit Policy

Students may apply no more than 96 quarter hours (64 semester hours), transferred from a two year institution, towards a UNO bachelor's degree. Academic advisors retain the right to accept or reject courses based on their transferability and validity to fulfill major requirements.

Unacceptable Credits

Credits in any courses classified as "remedial" or courses in other colleges of the university not approved by the College of Communication, Fine Arts and Media faculty may not be applied toward degrees offered by CFAM.

Other types of transfer credits

Information on credit for Advanced Placement Credit, American Council of Education (ACE) Credit, College Level Examination Credit, Military Credit, Retroactive Credit, International Baccalaureate, or Cambridge International can be found here

Placement Exams and Credit by Department Policies/Practices

At UNO, placement exams may be used to help ensure that you enroll in the correct courses based on your academic skill level. Information

on placement exams can be found here (<https://www.unomaha.edu/enrollment-management/testing-center/information.php>).

Residency Requirement

Thirty (30) of the last 36 hours required for the degree must be registered for and completed at the University of Nebraska at Omaha

Quality of Work

A grade of "C" or higher will be required for any major course accepted for any College of Communication, Fine Arts and Media degree requirement. All students must maintain a minimum 2.0 grade point average (GPA) in all course work, including work transferred from other institutions, to remain in good standing in the college.

The School of Communication requires students to earn a minimum of "C" in all major course work. Furthermore, students who take sophomore level or above journalism and media communication courses, or junior level or above communication studies courses must maintain at least a 2.25 cumulative GPA.

The School of the Arts requires students to earn a minimum of "C" in all major course work. Students pursuing the BFA in Studio Arts must maintain a 3.0 GPA in all art courses including the BFA sequence. Students seeking Art, K-12 certification must adhere to the GPA/grading standards set for the UNO Educator Preparation Program.

The School of Music requires a 2.5 GPA in all music courses. Students enrolled in the Bachelor of Music, performance concentration must maintain a 3.0 average in their major applied field. Students seeking K-12 certification must adhere to the GPA/grading standards set for the UNO Educator Preparation Program

All grades reported by the faculty to the registrar become a part of the student's permanent record and are included in computation of the cumulative grade point average, regardless of the total number required for the degree.

Good Academic Standing Policy

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

Credit/No Credit (CR/NC) Grades

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

Completion of Incomplete Grade

Students have one semester after an incomplete is awarded to complete the course work. After this, the grade changes to a withdrawal. Students who complete the required course work outside of the allotted time frame may still receive credit by re-enrolling and paying tuition for the course. Exceptions are made when a student has been working in good faith continuously to complete the course work, with no breaks in work submitted, or within contracted terms determined by the faculty member.

Repeatable Grades/Courses

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

Appeal Process

<https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/> (p. 37)

Grade Appeal Policy

Undergraduate students wanting to appeal a grade received in a College of Communication, Fine Arts and Media unit course should first discuss the matter directly with the instructor. If a satisfactory agreement is not reached, the student may submit an appeal in writing to the chair/director of the academic unit in which the course is offered.

If the student and chair/director of the academic unit do not reach a satisfactory agreement, the student may submit an appeal in writing to the Dean of the College of Communication, Fine Arts and Media, at which point the appeal may be referred to the Education Policy Committee of the College for review. The student's written appeal to the Dean must be made by the end of the following semester after the academic unit's decision. For example, if the academic unit's decision is made in the fall semester, the student has until the end of the spring semester to submit a written appeal. If the Education Policy Committee of the College reviews the appeal it may request additional information from the student, the instructor, the academic unit or its chair/director as needed. Education Policy Committee members who have voted on the case at the academic unit level must recuse themselves from the Committee's vote. Upon making a decision, the Education Policy Committee will send its recommendation to the Dean's office in writing, and the Dean's office will notify the student of the College's decision.

Academic Amnesty

A student enrolled in the College of Communication, Fine Arts and Media may request to have one or two semesters (taken at UNO, UNL, and/or UNK) removed from their cumulative grade point average and degree consideration by petitioning for academic amnesty. The form for applying for Academic Amnesty can be found here (https://www.unomaha.edu/college-of-communication-fine-arts-and-media/_files/docs/AcademicAmnestyPetition.pdf)

The following conditions for academic amnesty apply:

- Have been out of the Nebraska system for at least one calendar year (12-month period).
- Have substandard coursework ("F" or "D" grades) earned within the University of Nebraska system (UNO, UNL, UNK, UNMC) prior to the year out (substandard grades earned after the year out will not be included in the Academic Amnesty contract).
- Be admitted as a degree-seeking student at the University of Nebraska.

Requirements:

- Academic Amnesty will begin with the first course(s) taken upon return to UNO.
- Students may apply for Academic Amnesty at any time after taking the one-year break.
- After returning from the one-year break, demonstrate academic success in new UNO coursework.
- Academic success may be demonstrated by one of the following:
 - Completing at least 12 semester hours (simultaneous or sequential) with a minimum of 3.0 cumulative GPA,
 - Completing at least 24 semester hours (simultaneous or sequential) with a minimum of 2.5 cumulative GPA.
- Students must maintain continuous enrollment (at least six (6) semester hours completed within any 12-month period).
- Students will work with their academic advisor to select the coursework to be amnestied.
- Students must inform an academic advisor when the Academic Amnesty requirements are met.

Notes:

- All amnestied coursework will remain on the student's academic record (transcript); however, the courses will not be included in calculation of the student's grade point average. Courses will be annotated "Academic Amnesty Excluded from GPA" on the transcript.
- Once Academic Amnesty is granted, students will not be eligible for honors at graduation. Students are still eligible for Dean's List and Chancellor's List honors.
- While demonstrating academic success, no changes are made to the student's academic record. If a student's cumulative GPA is still below standard, the students will continue to be reported as "continued on probation." Should the student revert to substandard academic performance while working on Academic Amnesty, the student can still be suspended. Academic Amnesty is intended to provide relief from the past without providing immunity from future substandard academic performance.
- Students must still meet all university and college requirements to graduate.

Academic Probation and Suspension

[https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/\(p.37\)](https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/(p.37))

Reinstatement Policy Following Academic Suspension

[https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/\(p.37\)](https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/grades/(p.37))

Academic Advising

Each student enrolled in a College of Communication, Fine Arts and Media degree program is encouraged to review requirements for their intended degree with an assigned academic advisor. (<https://www.unomaha.edu/college-of-communication-fine-arts-and-media/academics/advising.php>) Additionally, students can contact academic advisors via MavCONNECT (<https://www.unomaha.edu/enterprise-systems/mavconnect/>). Review of specific degree requirements should be conducted with an advisor each semester in preparation for and prior to each enrollment/registration period.

Advising Holds

[https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/enrollment/\(p.30\)](https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/enrollment/(p.30))

Student Holds

[https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/enrollment/\(p.30\)](https://nextcatalog.unomaha.edu/aboutuno/registration-to-graduation/enrollment/(p.30))

Senior Check

Students who have completed 91+ credit hours toward their chosen degree program are required to have a senior check completed by an academic advisor. This process will assure the student's graduation date, assuming satisfactory completion of all approved courses. All substitutions and/or changes to a student's degree requirements must be noted in writing during the advising process. Should this procedure not be followed, responsibility for meeting graduation requirements falls on the student. Errors made could prevent timely graduation.

School of Communication

Mission

The School of Communication provides a student-centered, dynamic environment designed to elevate, empower, and engage students to become skilled, ethical citizens and professionals who can excel in diverse local and global communities.

Vision

Our vision is to be a recognized leader in innovative teaching, leading-edge research/creative activity, and community-engagement initiatives. We will achieve this by supporting and attracting exceptional faculty and outstanding undergraduate and graduate students from within and outside the metropolitan area.

Other information

For School of Communication majors, courses that have been applied toward general education requirements may also be applied to the major, minor, or second-field of concentration requirements, with the exception of the courses used to fulfill the general education oral communication requirement.

All students who take most sophomore-level or above (2000-, 3000- or 4000-level) journalism and media communication courses (JMC), or junior-level or above (3000- or 4000-level) communication studies (CMST) courses, are required to have a cumulative grade-point average of at least 2.25. Any exceptions will be by written permission of the school. Students will receive a worksheet listing requirements to track their progress toward a degree.

Communication Studies students may not complete more than a total of three hours of credit for forensics activities (CMST 3150 and CMST 3160) or more than a total of six hours of credit for Internships and Independent Study. Exceptions to these limits can be made by the School of Communication director.

Journalism and Media Communication students may not complete more than a total of six hours of credit for Internships and Independent Study. Exceptions to these limits may be made by the School of Communication director.

Students may double major within the School of Communication by completing the requirements for both CMST and JMC programs. Some classes, such as JMC 4970 and CMST 4970 Internship Experience, may count toward both majors with advisor approval.

The Bachelor of Arts in Communication (BAC) degree includes a foreign language requirement (16 credit hours or high school equivalent), while the Bachelor of Science in Communication (BSC) degree includes a minimum of 15 hours in a second field of study (or a minor as specified by a department or school). A second field of study is defined as courses within a single department of the university or as courses that all relate to a single subject area or topic. The second field of study must include at least six hours of upper-level courses (3000- or 4000-level) except as specifically exempted in writing by a school advisor or the school director.

Students must earn at least a "C" in all courses required for the major, as well as in all foreign language courses required for the Bachelor of Arts in Communication and in all classes in the second field of study (or minor) required for the Bachelor of Science in Communication.

Contact

The School of Communication office areas are located in Arts and Sciences Hall Room 140, Room 107, Room 108, and Room 105. Phone: 402.554.2600 or 402.554.2520.

Website (<http://communication.unomaha.edu/>)

Degrees Offered

The School of Communication offers Bachelor of Arts and Bachelor of Science degree programs in the Communication Studies (course prefix is CMST) and Journalism and Media Communication (course prefix is JMC) programs.

- Communication Studies, Bachelor of Arts (p. 433)
- Communication Studies, Bachelor of Science (p. 435)
- Journalism and Media Communication, Bachelor of Arts (p. 436)
- Journalism and Media Communication, Bachelor of Science (p. 441)

Communication Studies

The requirements for the Communication Studies program include 57 credits, plus 15 credits in a second field of study for a Bachelor of Science in Communication and 16 hours in a foreign language for a Bachelor of Arts in Communication. A total of 120 credits are required, including general education requirements and general electives.

Journalism and Media Communication

The requirements for the Journalism and Media Communication program include 57 credits, plus 15 credits in a second field of study for a Bachelor of Science in Communication degree and 16 hours in a foreign language for a Bachelor of Arts in Communication degree. A total of 120 credits are required, including general education requirements and general electives.

Journalism and Media Communication students must select one of two concentrations: Emerging Media or Public Relations and Advertising.

Minors Offered

- Communication Studies Minor (p. 436)
- Journalism and Media Communication Minor (p. 445)
- Public Relations and Advertising (PR/Ad) Minor (p. 445)

Communication Studies

Effective communication, whether written, spoken or non-verbal is essential for success in any career field and Communication Studies students develop and hone these critical skills. Besides strong verbal, nonverbal, and written communication skills, Communication Studies students also develop critical thinking skills including synthesizing information, building a cohesive argument, and analytical proficiency. Students may also apply their classroom knowledge externally by completing internships with nationally and internationally recognized organizations, both profit and non-profit.

Possible careers include:

- Corporate/Organizational Trainer & Facilitator
- Talent developer
- Mediator
- Project Manager
- Human Resources director
- Customer service industry
- Executive director-nonprofit & for profit
- Fundraising/Foundation Officer
- Event planner
- Property Manager
- Corporate Recruiter

Journalism and Media Communication

Journalism and Media Communication provides a comprehensive education in emerging media and public relations and advertising. Coursework in media writing, media production principles, media theory, and communication research provide a strong foundation for any form of mediated communication career.

Beyond the classroom, students get hands-on experiences working in the field through internships; service learning projects; production of *The Omaha News* and *Consider This* - programs produced in the UNO Television studio; working both on-air and behind the scenes at MavRadio (<https://www.mavradio.fm/>) - UNO's student-run radio station; broadcasts of UNO athletic events held at Baxter Arena; and working directly with professional clients the PR and Advertising Capstone course. Regardless of the path a student chooses, the JMC major can lead to multiple career opportunities.

Possible careers include:

- Content creator and influencer
- Strategic communication specialist
- Journalist or magazine writer or editor
- Social media marketer
- Corporate communication director
- Nonprofit or government communication director
- Sports media marketer or broadcaster
- Podcaster
- News broadcaster or producer
- Media researcher

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

**Transfer credit or placement exam scores may change suggested plan of study

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change.

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

**Transfer credit or placement exam scores may change suggested plan of study

Journalism and Media Communication Minor

Journalism and Media Communication Minor Requirements

Students may earn a minor in Journalism and Media Communication with courses selected from JMC offerings. To fulfill the minor, students must complete 18 hours in JMC offerings with 9 of those credit hours in JMC 1500, JMC 2100, and JMC 2200 and 9 credits of chosen courses at

the 3000 or 4000 level. All courses in the minor must be completed with a grade of "C" or higher.

Public Relations and Advertising (PR/Ad) Minor

Public Relations and Advertising (PR/Ad) Minor Requirements

Students may earn a minor in Public Relations and Advertising (PR/Ad) with courses selected from JMC's PR/Ad Concentration offerings. To fulfill the minor, students must complete 18 hours with 12 of those credit hours in JMC 2100, JMC 2500, JMC 3230, and JMC 3620 and 6 credits at the 2000 or higher level of PR/Ad Concentration courses (with 3 of those credits at the 4000 level). All courses in the minor must be completed with a grade of "C" or higher.

School of Music

The School of Music is one of three schools within the College of Communication, Fine Arts, and Media. It is located in the newly renovated Janet A. and Willis S. Strauss Performing Arts Center, which is nestled near the focal point of the campus, a campanile that houses a carillon of forty-seven bells. The complex itself boasts a tunable 420 seat concert hall and 100 seat recital hall, impressive acoustic isolation, recording studio, and well-equipped classrooms and rehearsal spaces. The center serves as a nexus of musical activity not only for the university, but for the city of Omaha as well.

The School of Music has a faculty of 45 full and part time members and is a fully accredited member of the National Association of Schools of Music (NASM). Degrees offered include the Bachelor of Music degree in performance, the Bachelor of Music with K-12 certification and the Bachelor of Arts in Music degree with concentrations in music studies, jazz studies, music technology, and music industry.

Other Information

All students wishing to declare a major in music must be accepted by audition. Audition requirements can be accessed at music.unomaha.edu (<http://music.unomaha.edu>). Prospective majors should contact the Coordinator of Music Outreach and Recruitment at 402.554.2177 to discuss audition requirements.

For students who are not music majors, the School of Music offers many courses that will satisfy the general education requirements for Humanities/Fine Arts as well as Cultural Diversity. Click here (<https://www.unomaha.edu/general-education/overview/distribution-requirements.php>) for a list of music courses that are approved for general education. Additionally, the School of Music has numerous ensembles that are open to both majors and non-majors. Some ensembles require acceptance by audition. Auditions for select ensembles occur during the week before the semester begins. Information on all ensembles can be found online (<https://www.unomaha.edu/college-of-communication-fine-arts-and-media/music/student-involvement/>)

Information for All Students

The specific requirements for the degrees in music are listed below. In addition to the specific music requirements, all students are required to complete the general education requirements found here (<https://www.unomaha.edu/general-education/>)

Contact

402.554.3411

Website (<https://www.unomaha.edu/college-of-communication-fine-arts-and-media/music/>)

Degrees Offered

- Music, Bachelor of Arts (p. 446)
- Music Performance, Bachelor of Music (p. 457)
- Music, Bachelor of Music, K-12 Certification (p. 470)

Bachelor of Music

The professional program in music provides a comprehensive music education that prepares students with the technical skills, historical context, and theoretical knowledge to create meaningful musical contributions.

Students in the music performance track are prepared for advanced graduate study in music while students in the music education track pursue teacher certification to apply their musical skills in the K-12 classroom.

Performance

- Studio musician
- Concert musician
- Tutor/instructor
- Director
- National guard member
- Accompanist

Music, K-12 Education

- Elementary music educator
- Secondary music educator
- Tutor/instructor

Bachelor of Arts in Music

The Bachelor of Arts degrees allow students to develop advanced musical skills within a comprehensive liberal arts degree. Concentrations in instrumental, keyboard, or voice studies train students in classical music repertoire to prepare them for careers in a music field outside the concert hall or classroom. Jazz studies is similar, but focuses specifically on jazz and commercial applications of music. The concentration in music technology prepares students for audio recording, sound editing, and other computer-based applications of music. Finally, the concentration in Entrepreneurial Studies brings skills of innovation and application of business principles in a musical setting.

Jazz Studies

- Recording musician
- Concert musician
- Instructor
- Music librarian
- Composer/arranger

Music Technology

- Audio engineer
- Music producer
- Sound mixing artist
- Broadcast technician
- Multimedia specialist
- Foley artist
- Engraving technician

Music Industry

- Arts administrator
- Music/licensing publisher

- Event planner
- Development specialist
- Publicist

Music Studies

- Music librarian
- Music director
- Entertainment/music attorney
- Critic
- Music therapist

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual

sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

**Transfer credit or placement exam scores may change suggested plan of study

Music Studies Instrumental Concentration

Music, Bachelor of Arts Music - Concentration in Music Studies Instrumental Requirements

Code	Title	Credits
GENERAL EDUCATION REQUIREMENTS - 34 Hours Required		
Minimum of "C-" required		
Fundamental Skills		15
Writing – 6 hrs.		
ENGL 1150	ENGLISH COMPOSITION I	
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	
Oral Communication – 3 hrs.		
CMST 1110	PUBLIC SPEAKING FUNDS	
or CMST 2120	ARGUMENTATION AND DEBATE	
Quantitative Literacy – 3 hrs.		
MATH 1120	INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING	
or MATH 1130	QUANTITATIVE LITERACY	
or MATH 1140	QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS	
or MATH 1300	COLLEGE ALGEBRA WITH SUPPORT	
Data Literacy – 3 hrs.		
Select one from the following:		
STAT 1100	DATA LITERACY AND VISUALIZATION	
STAT 1530	ELEMENTARY STATISTICS	
Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.		
Breadth of Knowledge		13
Social Science – 3 hrs.		
Humanities – 3 hrs.		
Natural & Physical Science (must complete a lab) – 4 hrs.		

Arts – 3 hrs.	
Individual and Social Responsibility	6
Cultural Knowledge – 3 hrs.	
Civic Knowledge and Engagement – 3 hrs.	
MAJOR REQUIREMENTS - 47 Hours Required	
**Course will satisfy UNO's General Education requirement

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

**Transfer credit or placement exam scores may change suggested plan of study

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

**Transfer credit or placement exam scores may change suggested plan of study

Music Performance Percussion Concentration

Music Performance, Bachelor of Music - Percussion Concentration Requirements

Code	Title	Credits
GENERAL EDUCATION REQUIREMENTS - 34 Hours Required		
Minimum of "C-" required		
Fundamental Skills		15
Writing – 6 hrs.		
ENGL 1150	ENGLISH COMPOSITION I	
ENGL 1160	COLLEGE RESEARCH AND INFORMATION LITERACY	
Oral Communication – 3 hrs.		
CMST 1110	PUBLIC SPEAKING FUNDS	
or CMST 2120	ARGUMENTATION AND DEBATE	
Quantitative Literacy – 3 hrs.		
MATH 1120	INTRODUCTION TO MATHEMATICAL AND COMPUTATIONAL THINKING	

or MATH 1130	QUANTITATIVE LITERACY
or MATH 1140	QUANTITATIVE REASONING FOR HEALTHCARE PROFESSIONALS
or MATH 1300	COLLEGE ALGEBRA WITH SUPPORT

Data Literacy – 3 hrs.

Select one from the following:

STAT 1100	DATA LITERACY AND VISUALIZATION
STAT 1530	ELEMENTARY STATISTICS

Until Fall 2028, students can satisfy this requirement with an approved data literacy course, or any approved natural or social science general education course.

Breadth of Knowledge 13

Social Science – 3 hrs.

Humanities – 3 hrs.

Natural & Physical Science (must complete a lab) – 4 hrs.

Arts – 3 hrs.

Individual and Social Responsibility 6

Cultural Knowledge – 3 hrs.

Civic Knowledge and Engagement – 3 hrs.

MAJOR REQUIREMENTS – 30 Hours Required

**Course will satisfy UNO's General Education requirement

^Course requires pre-requisite(s)

All of the following: 30

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

This plan is not a contract and curriculum is subject to change

Additional Information About this Plan:

University Degree Requirements: The minimum number of hours for a UNO undergraduate degree is 120 credit hours. Please review the requirements for your specific program to determine all requirements for the program. In order to graduate on-time (four years for an undergraduate degree), you need to take 30 hours each year.

Placement Exams: For Math, English, Foreign Language, a placement exam may be required. More information on these exams can be found at <https://www.unomaha.edu/enrollment-management/testing-center/placement-exams/information.php>

****Transfer credit or placement exam scores may change suggested plan of study**

School of the Arts

School of the Arts

The School of the Arts is one of three schools in the College of Communication, Fine Arts and Media. It comprises Art & Art History, Theatre, and Writer's Workshop. Formed in 2015 the School is located in the award-winning Weber Fine Arts Building which houses along with traditional lecture and seminar rooms and computer labs, dedicated studio spaces for art-making, acting, directing, and theatrical design. Weber's Black Box Theater and Art Gallery and unit programming make Weber and the School campus's theatrical and artistic hub.

The units in the School of the Arts offer several degree programs. Art & Art History is a fully accredited member of the National Association of Schools of Art and Design (NASAD). In the Studio Arts area, students can earn a Bachelor of Arts or a Bachelor of Fine Arts in 2D, 3D, Media Arts, Illustration, or Graphic Design. Studio Art students can also earn a K-12 certification. Art History majors can concentrate in Academic Art History or Arts Management. Theatre offers a Bachelor of Arts degree with concentrations in Acting/Directing, Musical Theatre, Stage Management, Design, and Technology. Students in Writer's Workshop (Creative Writing) can earn a BFA or an MFA in Creative Writing. Writer's Workshop offers concentrations in Poetry, Fiction, Creative Nonfiction, and Screenwriting.

For students who are not majors in the School of the Arts, there are many opportunities to minor in one of its subject areas. The School has minors in Studio Art, Art History, Theatre, Musical Theatre, Arts Entrepreneurship, and Creative Writing.

The specific requirements for the School of the Arts degrees are listed under each unit: Art & Art History, Theatre and Writer's Workshop. In addition to the major requirements students must complete UNO's General Education program.

Art and Art History

Art & Art History educates artists, scholars and teachers by fostering creative expression, visual literacy, and critical thinking through practice and research. By developing mastery of various disciplines in art, students are prepared to become leaders in their chosen careers and make positive contributions to the world. Art & Art History is fully accredited by the National Association of Schools of Art and Design (NASAD).

Contact Information

For more information, contact Art & Art History at 402.554.2420.

Website (<http://www.unomaha.edu/college-of-communication-fine-arts-and-media/art-and-art-history/>)

Admissions

Any student enrolled in the College of Communication, Fine Arts and Media may declare a major in Art & Art History. Students working on their BASA must pass a portfolio review (ART 2000), which is normally conducted after a student has completed the Studio Core I courses, or the equivalents.

Degrees Offered

- Art History, Bachelor of Arts (p. 472)
- Studio Art, Bachelor of Arts (p. 477)
- Studio Art, Bachelor of Fine Arts (p. 487)

Minors Offered

- Art History Minor (p. 477)
- Studio Art Minor (p. 490)
- Arts Entrepreneurship Minor (p. 502)

Art History

Art History is an interdisciplinary field that studies the most significant artists and artworks in human history and emphasizes the role of visual culture from the past to the present. Students majoring in Art History at UNO can prepare for advanced graduate study in art history as well as careers in museum studies or art administration.

- Museum curator
- Gallerist
- Exhibit Installation technician
- Art conservationist/restorer
- Art law/anti-forgery specialist
- Interior designer
- Art/estate appraiser

Studio Art

The programs in studio art provide a comprehensive art education that prepares students with the technical skills, historical context, and theoretical knowledge to create meaningful artistic contributions. Visual imagery created through painting, drawing, printmaking, book arts, ceramics, sculpture, graphic design, media arts, or game design are emphasized in this program. Additionally, students can also pursue teacher certification to apply their artistic skills in the K-12 classroom.

2D

- Artist
- Fashion illustrator
- Comic illustrator
- Storyboarder
- Medical illustrator
- Art therapist
- Concept artist
- Art educator

3D

- Sculptor
- Art educator

- Special effects artist
- 3D animator

Graphic Design

- Corporate graphic designer
- Web designer
- Marketing/advertising artist
- UX/UI designer

Illustration

- Graphic Novelist
- Preproduction for Animation (storyboard artist, concept artist, production management)
- Editorial Illustrator
- Children's Illustrator
- Webcomic artist
- Comic colorist, inker or penciler
- Creative business owner

Media Arts (Intermedia and Digital Art/ Game Design)

- Concept/character artist
- Photographer
- Animator
- Digital Artist
- Game art director
- Video Artist

Art Education

- Elementary art educator
- Secondary art educator
- Tutor

Art History, Bachelor of Arts

Art History studies the artistic traditions of different cultures and time periods, artists and their creative processes, and approaches to analyzing and interpreting art. The curriculum consists of survey and period courses and topical courses such as Technical Art History, Gods, Gladiators, & Gore: Antiquity on the Big Screen, and LatinX Art. There are two concentrations in the Art History major. The Academic Art History concentration prepares students for graduate school and has enhanced language and history requirements. For gallery, museum, and arts non-profit career preparation, the Arts Management concentration includes leadership, fundraising, public relations, and collections management courses.
