MATHEMATICS MINOR

Mathematics, Minor Requirements

All coursework must be completed with a grade of C- or better. At least one MATH course 3000-level or higher or STAT course 3800 level or higher must be completed at UNO to establish residency. A minor in mathematics may be obtained by successful completion of 18-19 credits in mathematics courses consisting of:

Code	Title	Credits
MATH 1950	CALCULUS I	5
MATH 1960	CALCULUS II	4
Any two MATH/STAT courses at the 1970 level or above [1,2]		6-7
One additional MATH/STAT course at the 3000 level or above [1,2]		3

[1] MATH 2200, MATH 3200, and STAT 3000 do not count towards the Mathematics Minor.

[2] ECEN 305 will count towards the Mathematics Minor for Engineering majors.

If planned correctly, some disciplines require few, if any, additional math courses beyond what is required for the major. Please contact your academic advisor to discuss how a Mathematics Minor could be integrated into your degree plans.
