A minor in Neuroscience requires 15 credit hours. Students are able to complete the minor with combination of online and in-person coursework. All coursework will need to be completed with a grade of C- or better. No coursework in the minor will be allowed to double-count with a major or minor in Psychology or Biology.

Students are required to complete NEUR 1520 and NEUR 1540, plus 9 credit hours in selected 4000-level Neuroscience electives.
