INTERNET TECHNOLOGIES (IT) CONCENTRATION FOR COMPUTER SCIENCE MAJORS

Computer Science, Bachelor of Science in Computer Science - Internet Technologies Concentration Requirements

The internet technologies (iT) concentration supplements the Computer Science (CS) curriculum by focusing on the concepts and technologies needed to implement modern web applications. The concentration is designed to supplement the CS core curriculum by introducing the programming aspects as well as the theoretical concepts needed to build the infrastructure for web systems such as search engines, social networking sites, etc. The iT concentration provides extensive hands-on, project-based experience for students.
